MINUTES OF MEETING

1. Speedway – 251 East Central Street – Replacement Sign

Heather Dudko from National Sign Corporation, representing Speedway, stated they would like to replace the manual reader board with digital. They will take out the old unit and put in a new cabinet within the existing framework. She stated the red digits are about 18" totaling about 7 sq. ft. Chairman Fitzgerald stated that all other diesel signs in town are green with red lettering. He gave her the option to change to green for the sake of uniformity. He noted that if those are the corporate colors, it is not a problem. Ms. Dudko stated she would ask about that. Chairman Fitzgerald stated the sign package submitted is not a problem; however, what is a problem is that the station is currently in non-compliance due to the TV screens in the pumps with the extremely loud voice-overs. Ms. Dudko stated she is under the impression someone from Speedway has spoken to the Building Inspector, but she does not what the issue is or where it stands right now. She stated that if this cannot be approved until the issue is resolved, that is fine.

Motion: To **Table** the package until resolution of display screens on the pumps and the associated audio. Motioned by M. Fitzgerald. Seconded by C. Fitzgerald. Voted (4-0-0).

Other Business: None.

Motion to adjourn by M. Fitzgerald. Seconded by Baryluk. Voted (4-0-0).

Adjourned at 7:10 PM.

Respectfully submitted,
