A special meeting of the Historical Commission to discuss:

- The demolition request for 129 Union St.
- The suggested purchase of additional PastPerfect museum management software

The demolition request for 129 Union St.

We reviewed the documentation and photographs of the structures at 129 Union St., in response to a demolition delay request forwarded to us by Building Commissioner David Roche. Given the current dilapidated state of the structures in question, we determined that they are not of historic value to the town.

The suggested purchase of additional PastPerfect museum management software

We discussed the need to purchase an upgrade release of this software, to take advantage of features added to this software since we first purchased it. All approved this proposal.
