

MUNICIPAL POINT OF CONTACT

As required by Section 4 of Chapter 43D of Massachusetts General Laws, the Town of Franklin has appointed a single point of contact to serve as the primary municipal liaison for all issues relating to Chapter 43D and priority development sites. The Municipal Point of Contact will assist developers/applicants to sort out the priority development site process and related requirements. Casual, early pre-permit discussions with the Municipal Point of Contact is highly recommended.

Municipal Point of Contact for All Priority Development Site Issues
