ANNUAL REPORT OF THE TOWN COUNCIL

The Town Council is the holder of all general, corporate, legislative, and appropriations powers of the Town of Franklin. On behalf of the Town Council I submit our annual report for the fiscal year 7/1/2016 to 6/30/2017.

Economic Development

The Town Council voted to sell land on Pond Street to a developer who is building 96 Condominiums.

Zoning for economic development included voting to create a zone for Breweries, Distilleries and Wineries with tasting rooms, a Rural Business zone, storage facilities from C2 to Industrial and a portion of land off of Dean Avenue to R5. Additionally, we voted to zone for marijuana manufacturing and sales that also included a 2% local tax.

Facilities

Facilities improvements included new space at the recreation complex on Beaver Street, the Senior Center, as well as the renovation and expansion of the Franklin Public Library.

Recreation and Open Space

The Town exercised its first refusal option to purchase 12 acres of land on Washington Street. The Town accepted 20 acres of land next to the Keller Sullivan School and a parcel of land on Prospect Street.

We voted \$100,000 for weed control at the DelCarte pond.

We voted to appropriate funds for the expansion of field space at Beaver Street Recreation complex and two new turf fields and a new track at the High School.

Downtown

The long term downtown construction project was completed in 2016 and a new parking plan for downtown was finalized. Parking meters were removed to allow more access to downtown businesses.

The new Horace Mann statue at the corner of Emmons Street and West Central Street was completed and dedicated.

Other

The Council voted to transfer 17 acres of land behind the High School to the Affordable Housing Trust. The Trust will use the land for construction of new senior housing.

Abatements for qualified citizens were increased from \$750 to \$1,000 and the senior tax workout amount increased from \$9 to \$10 per hour. We also adopted a Veterans Assistance Fund to help assist veterans in need of fuel, food, or transportation assistance.

The Council appropriated \$600,000 for a new fire truck.

The Council voted to request legislation to establish an Agricultural Commission.

Alcohol regulations were amended to require all employees of an establishment to have TIPS training.

Finally, we continued improvements to the Town Common by increasing the seasonal lights for the Holiday display and also voted to replace the stage.

It is a pleasure to serve my fellow citizens and to submit this annual report on behalf of the Franklin Town Council for your review.

Respectfully submitted,,

Matthew T. Kelly
Chairman, Franklin Town Council

ANNUAL REPORT OF THE TOWN ADMINISTRATOR

The Town Administration works with the Town Council together to support the quality of life of our residents. We are diligent in balancing the budget and keeping an eye on the Town's future needs and maintaining its assets.

Accomplishments in FY 17 include:

Renovation and expansion projects for the Library and Senior Center are completed.

The defective playground at DelCarte Recreation Area was replaced with a new modern playground at no cost to the Town.

We continue to support the Cultural District and are in the process of forming a Cultural District Committee. We've begun the process of creating an Agricultural Commission in an effort to support the area farms.

We've begun the process for upgrading the streetlights to LED.

We worked with the purchaser of Glen Meadow Apartments and with the addition of the 287 apartments to our Subsidized Housing Inventory, we are now over 10%

with 11.89% of our housing stock considered affordable by State law.

We continue to update the Town's website and information technology. Agendas and Minutes of all boards and committees are now web-based and can be found on the boards and committees' pages on our website. You can follow us on Facebook, Twitter, and You Tube for up to the minute information and happenings. Visit our website at www.franklinma.gov.

Personnel

New Human Resources Director, Karen Bratt replaced retired HR Director, Stephanie McNeill Lutz.

New Assistant Treasurer Collector, Kerri Bertone was appointed in September of 2016.

Other

The Town Administrator's Office is the Passport Acceptance Facility in Franklin. You can apply for your passport here by appointment on Monday, Wednesday or Friday.

Our goal is to deliver high quality customer service while keeping costs under control. There will be difficult challenges to our budget in the coming year; but you can be assured that the Town Administration and Town Council will work together to solve budgetary issues.

It is my pleasure to submit the annual report of the Town Administrator for your review, and please feel free to write, e-mail, or stop by with any questions, concerns, or comments.

Respectfully submitted,

Jeffrey Nutting,
Town Administrator

**ANNUAL REPORT OF TOWN ATTORNEY
MARK G. CEREL**

The Town has an in-house attorney, Mark G. Cerel. Attorney Cerel has an office in the Town Administration offices and works three days a week. In addition, he attends regular Council sessions and meetings of Town boards and commissions on an as-needed basis. His responsibilities include providing legal advice to the Town Administrator and other Town officials, review and drafting of legal documents, and representation of the Town in negotiations and litigation other than labor-related matters. Having an in-house attorney has enabled Town officials to obtain prompt legal review and advice; it has also expedited various Town projects which require legal input.

During the past year, Attorney Cerel has continued to be successful not only in resolving actual litigation but also in resolving disputes prior to litigation on terms favorable

to the Town; he has also continued to draft proposed legislation and to be involved in contract and real estate negotiations. In addition, he has continued to work with the staff to review and update the Town's zoning and general bylaws.

An in-house attorney plays an essential role in limiting the Town's legal exposure. He assists in resolving matters before they result in legal action and he provides the Town with a strong legal presence that discourages people from filing frivolous lawsuits.

The Town Attorney represents the Town and is only available to consult with individual residents if the Town Administrator's prior approval is obtained.

Respectfully submitted,

Mark Cerel
Town Attorney

**ANNUAL REPORT OF THE
TOWN CLERK'S OFFICE**

The Town Clerk's Office is dedicated to providing friendly, professional service to all citizens. I am extremely proud of how well my staff performs and responds to the demands of the office. Please stop by and say hello!

This past year has been another exciting one! New online software has made the web-based process a convenient way for the public to request and purchase birth, death and marriage certificates. This improvement has also been a great success for our dog owners who need to license a new dog or who must renew their yearly dog license. These document requests and payment options are available online anytime of the day, 7 days a week. To use this service, visit the town website at franklinma.gov and follow to the Town Clerk's Department.

Welcome to our New Residents

We continue with our welcome letters to all new residents. Along with a census form, we also send voter registration applications at this time to encourage voter participation: We invite all new residents to stop by the Clerk’s office it’s a nice way to meet their Town officials and be introduced to the Municipal Building and the many services that are offered here in Town. If you’d like a Voter Registration Form sent to you; just call 508-520-4900 or email (tburr@franklinma.gov) you may also register online at (www.registertovotema.com).

Businesses

A total of 232 businesses were opened or renewed in Franklin during 2016. We wish them the best of luck. All non-incorporate/DBA businesses, according to MGL, shall register with the Town Clerk prior to commencing business. This certificate is valid for four years at a charge of \$40.00. Banks will send their customers to us before

allowing them to open a business account. This helps us to keep our records updated. We follow up with telephone calls as a reminder!

**Underground Storage Tanks/
Hazardous Material**

Underground storage of gasoline permits are a total of 15 and 17 hazardous material permits. No new certificates have been filed with this office by the Fire Department during 2016.

Planning /Appeal Board Applications

All applications and decisions are permanent record and may be researched at any time through the Town Clerk’s office. Elsewhere in this report you will find our index of applicants/decisions during the year 2016.

Code of Franklin

The Town of Franklin Code Book is maintained and updated through this office, both in hard copy, and on the web at www.franklinma.gov.

This book contains all the rules, regulations, by-laws and acts of the Town.

Town Clerk Directory

Our *Directory of Town, State and County Officials booklet* is available here in the Clerk’s office. This booklet has been a very useful tool to employers, committees, managers and residents. Other publications available in the Clerk’s office are Subdivision and Zoning Regulations and Maps, Resident Listing Books.

Record Retention Schedule

I have continued to keep our records in the best possible order as mandated through the Secretary of State’s office. All of our books are bound, microfilmed and stored in the Town Clerk’s vault each year. This is the history of Franklin and its’ residents and I take pride in maintaining a filing system that continues the safety of each volume.

Vital Records

Certified records of birth, deaths and marriage records are available through the Clerk’s office. They are copied on safety paper at a charge of \$10.00 for the first copy and \$5.00 per additional.

As a note, when you need a copy of your birth record, remember that it is always filed in the town where your mother was living at the time of your birth, the hospital community and the Office of Vital Records in Boston, MA. You can now order online on the town clerks web page through Unipay.

Dog Licensing

We have over 3,843 dogs in Franklin. Dogs are licensed mainly to be sure that they are up to date on their rabies vaccinations. Dogs should be licensed at 3 months and older. Licenses are \$20.00 (altered) \$25.00 (non altered) due by April 1st of each year with a late fine of \$30.00 added to the tag fee after April 1st. Residents with (4) or

more dogs need to acquire a kennel license through ZBA.

Conclusion

I'm sure you will agree that our office is certainly a very busy one! We find so often that people will call our office first for information when needing assistance and we always welcome their calls and will try to assist them or send them in the right direction. It's nice to know that people feel comfortable calling or visiting the Clerk's office for assistance.

I would like to thank my staff,

Nancy Danello, Assistant Town Clerk, Michelle Marek, Assistant Election Administrator and Susan Merullo, Administrative Assistant for their dedication and commitment. I would also like to thank the department managers and their staff for their support throughout the past year.

Respectfully submitted,

Teresa M. Burr

(1) The Town Administrator, or his/her designee, is hereby designated as the person authorized to collect and to deposit or to cause the same to be collected into the Parking Permit Fund the sum of \$120 for a six-month permit issued to downtown employees.

(2) Parking permits shall be issued only to persons employed within 1/2 mile of the downtown municipal facility(ies).

(3) Parking permits shall be issued by the Police Department.

C. Commuter Rail Municipal Parking Permits. The Town Administrator, or his/her designee, is hereby authorized and directed to collect and deposit (or to cause to be deposited) into the Parking Permit Fund the sum \$120 for each quarterly permit issued to commercial rail users selected through a quarterly lottery (with Town residents given preference) administered by the Police Department. In the event during any one quarterly period, if not all permits are sold, permits may also be issued for less than the quarterly (three-month) period as determined by the Town Administrator or his/her designee. In no event shall permits be issued inconsistent with the established quarterly time schedule. In such cases the fee of \$120 shall be prorated accordingly.

[Added 3-4-1992 by Bylaw Amendment 92-228; amended 5-7-2003 by Bylaw Amendment 03-515]

D. Prohibited parking of certain commercial vehicles in residential districts.

[Added 6-2-1999 by Bylaw Amendment 99-409; amended 3-3-2004 by Bylaw Amendment 04-541]

(1) It shall be unlawful for any resident or any owner, agent, operator, or person in charge of any bus, semi-trailer, trailer, motor truck, tractor, and/or truck tractor or any vehicle having a commercial registration plate and a gross vehicle weight of more than 15,000 pounds to park, store, or keep such motor vehicle on any residential property, or on any public street, avenue, alley, or other thoroughfare, or any right-of-way in any

residential zoning district for a period in excess of one hour unless engaged in legitimate loading or unloading activities or related to work actually being performed upon a resident's property.

(2) It shall be unlawful for any resident in any residential zoning district to park on, cause to be parked on, or allow to be parked on his or her residential property more than one vehicle of 15,000 pounds or less gross vehicle weight which is used for commercial purposes unless garaged entirely within a building. For the purposes of this section "commercial purposes" shall mean having a commercial registration plate or commercial lettering or signage.

(3) The Town Administrator or his designee may issue an exemption from the preceding sections to any resident upon the Administrator's determination that enforcement against the resident creates a hardship and that the requested parking will not cause excessive noise or otherwise create a nuisance; in issuing an exemption, the Administrator may impose such conditions as he believes are necessary to protect the public interest.

(4) The Police Department and the Building Commissioner or designee shall each have authority to enforce the provisions of the section.

(5) The penalty for violations of the provisions of this section shall be a fine of \$100 for each offense, each day to constitute a separate offense. This bylaw amendment shall become effective in accordance with the provisions of the Franklin Home Rule Charter. Dated: Aug. 10, 2016, Voted: Passed, Yes: 6, No: 2, Abstain: 0, Absent: 1, Teresa M. Burr, Town Clerk.

A ZONING BY-LAW TO AMEND THE CODE
OF THE TOWN OF FRANKLIN AT
CHAPTER 185, SECTION 4, DISTRICTS
ENUMERATED**

Chapter 185 of the Code of the Town of Franklin is hereby amended by adding the following text at §185-4. Districts Enumerated:

A. For the purposes of this chapter, the Town of Franklin is hereby divided into the following types of districts:
Rural Residential I (RRI) Rural Residential II (RRII)
Single-Family Residential III (SFRIII) Single-Family Residential IV (SFRIV) General Residential V (GRV)
Residential VI (RVI)
Residential VII (RVII) Commercial I (CI) Commercial II (CII) Business (B)
Industrial (I)

Limited Industrial (LI) Neighborhood Commercial (NC) Office (O)
Downtown Commercial (DC) Rural Business (RB)

B. In addition, there are eight overlay districts: the Flood Hazards District as established in §185-24, the Water Resource District as established in §185-40, the Wireless Communications Services District as established in §185-44, the Biotechnology Use Overlay District as established in §185-42, the Adult Use Overlay District as established in §185-47, the Senior Village Overlay District as established in §185-48, the Sign District Map as established §185-20 and the Medical Marijuana Use Overlay District as established in §185-49.

Use for specific uses as they relate to each zoning district.)

(1) The Rural Residential Districts (RRI, RRII) are intended primarily for single-family residential uses in a rural and semi-rural environment. Agricultural uses are generally permitted. Generally, commercial and industrial uses are not permitted.

(2) The Single-Family Residential Districts (SFRIII, SFRIV) are intended primarily for single-family residential uses in a semi-rural and suburban environment. Two-family residential uses may be permitted in some areas. Generally commercial and industrial uses are not permitted; however, limited commercial uses may be permitted in some areas.

(3) The General Residential V District (GRV) is intended primarily for single-family and two-family residential uses in a suburban downtown environment. Multifamily and apartment uses may also be permitted. In addition, certain commercial uses may be permitted, but most nonresidential uses are not allowed.

(4) The Residential VI District (RVI) is intended primarily for multifamily and apartment residential uses in a suburban environment. Limited commercial uses may be permitted. See §185-38. Multifamily and flexible development zoning bylaw for further requirements of the Residential VI District.

(5) The Residential VII District (RVII) is intended primarily for single-family residential uses in a semi-rural environment. Multiple, single-family dwelling units may be permitted. Preservation of open space is encouraged and most nonresidential uses are not allowed. Please see §185-50. Residential VII for further requirements of the RVII District.

(6) The Commercial I District (CI) is intended primarily for office, retail, service, trade, restaurant, and other commercial uses in a downtown environment. Limited industrial uses may be permitted. Single-family, two-family and multifamily and apartment residential uses may also be allowed.

(7) The Commercial II District (CII) is intended primarily for office, retail, service, trade, restaurant, and

other commercial uses and limited industrial uses in a suburban commercial environment. Single-family and two-family residential uses may also be permitted.

(8) The Business District (B) is intended primarily for nonresidential uses such as office, retail, service, trade, restaurant, and other commercial uses with some limited industrial uses in a suburban commercial environment.

(9) The Office District(O)is intended primarily for office parks, business uses, limited commercial and light industrial uses. Industrial uses such as warehouse and manufacturing are not permitted except as an accessory use. Residential uses are not permitted.

(10) The Industrial District (I) is intended primarily for light and medium industrial uses, warehouse and distribution uses, and business uses. Some commercial uses may be permitted but residential uses are not permitted.

(11) The Limited Industrial District (LI) is intended primarily for light industrial service trade and limited business uses. In addition, accessory office and retail uses may be permitted. Residential uses are not allowed.

(12) The Neighborhood Commercial District (NC) is intended primarily for low-intensity commercial uses located in or within close proximity to primarily residential neighborhoods providing retail and personal services which serve the surrounding neighborhood. Industrial uses are not allowed. The District is further classified by its neighbor- and pedestrian-friendly design concepts including low luminescent lighting fixtures, visibly obscured parking areas, densely planted property borders, nonintrusive architecture and pedestrian scaled signage with external illumination.

(13) The Downtown Commercial District (DC) is intended as a mixed use, transit-oriented commercial district which combines first floor commercial uses with upper floor office or multi-unit residential uses. An emphasis is placed on commercial uses like restaurants and retail that support an economically rich downtown environment.

(14) The Rural Business District (RB) is intended primarily for low-intensity commercial uses located in or within close proximity to primarily residential neighborhoods, providing retail and agricultural services to the surrounding community. The district is further classified by rural neighborhood design concepts consistent with the character of the community, complementary in scale and appearance with the surrounding neighborhood, with low luminescent lighting fixtures, densely planted property borders, and pedestrian scaled signage with external illumination.

The foregoing Zoning By-law amendment shall take effect in accordance with the Franklin Home Rule Charter and Massachusetts General Law Chapter 40A, Section 5.

 BYLAW AMENDMENT 16-774
 NEW CHAPTER 130, PLASTIC CHECKOUT
 BAG PROHIBITION BYLAW
 A BYLAW TO AMEND THE CODE OF THE TOWN
 OF FRANKLIN BY ADDING A NEW CHAPTER:
 CHAPTER 130 PLASTIC CHECKOUT BAG
 PROHIBITION.**

BE IT ENACTED BY THE FRANKLIN TOWN COUNCIL THAT Chapter 130, Plastic Checkout Bag Prohibition is added in its entirety as follows to the Code of the Town of Franklin.

Chapter 130 Plastic Checkout Bag Prohibition
 §130-1 Purpose and Intent.

Plastic bags are an environmental nuisance, adversely affect public health, and impair the overall quality of life for the Town’s residents and visitors.

Because plastic bags are lightweight, they easily become airborne even when properly disposed of, littering waterways, state and private forests, bodies of water, roadsides and sidewalks. They clog storm drainage systems, contribute to aquatic and terrestrial pollution, and detract from the natural beauty of the Town for visitors and residents alike.

Plastic bags photodegrade, disintegrating into minute particles which absorb toxins and pose a threat to riparian and aquatic environments, contaminating the food chain, as well as water and soil. They are also detrimental to wildlife, killing tens of thousands of birds, aquatic and terrestrial organisms each year through ingestion and entanglement.

The vast majority of plastic bags are not recycled and recycling is not available through our Town’s recycling program. Their disposal adds to the Town’s waste

management expense, both through the cost of disposing the bags through private firms and due to their contamination of the single-stream recycling system.

Plastic bag ordinances have proven to be effective in reducing plastic bag consumption and litter and are part of a growing global movement towards sustainability. Statewide, all the proposed bans have been passed and are in the process of being enforced.

The Town is committed to protecting the environment and the public health, safety, and welfare of its citizens. The goal of this bylaw is to reduce the common use of plastic checkout bags and to encourage the use of reusable bags by consumers, thereby reducing local land and aquatic pollution, advancing solid waste reduction, maintain the Town’s exterior beauty and improving the quality of life for the citizens of the Town.

§130-2 Bylaw Definitions.

Checkout Bag: A carryout bag provided by a store to a customer at the point of sale. Checkout bags shall not include bags, whether plastic or not, in which loose produce or products are placed by the consumer to deliver such items to the point of sale or checkout area of the store.

Grocery Store: A retail establishment where more than fifty percent (50%) of the gross floor area is devoted to the sale of food products for home preparation and consumption, which typically also offers home care and personal care products.

Plastic Checkout Bag: Thin-film, single-use plastic bags typically with plastic handles, with a thickness of 4.0 mils or less, intended for single-use transport of purchased products.

Retail Store: An establishment that offers the sale and display of merchandise within a building.

Reusable Checkout Bag: A bag, with handles, that is specifically designed for multiple use and is made of thick plastic, cloth, fabric or other durable materials.

§130-3 Use Regulations.

No retail or grocery store within the Town of Franklin shall provide a plastic checkout bag to any customer.

Customers are encouraged to bring their own reusable or biodegradable shopping bags to stores. Retail or grocery stores are strongly encouraged to make reusable checkout bags available for sale to customers at a reasonable price.

Thin-film plastic bags used to contain dry cleaning, newspapers, produce, meat, fresh produce, bulk foods, wet items and other similar merchandise, typically without handle, are still permissible.

§130-4 Violations and Enforcement.

Any retail or grocery store violating the prohibition contained in Section 130-3 of this bylaw shall be subject to a fine as follows:

- First Offense: Warning
- Second Offense: \$ 50.00
- Third and Subsequent Offenses: \$100.00

Each day that a violation continues shall be treated as a separate offense.

This bylaw may be enforced by the Town Administrator or his designee, the Franklin Police Department, the Building Commissioner and Building Inspectors, and the Board of Health Director and Agent(s).

§130-5 Effective Date.

This bylaw shall take effect on and after July 1, 2017.

**TOWN OF FRANKLIN
BYLAW AMENDMENT 16-776
CHAPTER 82, MUNICIPAL SERVICE FEES
A BYLAW TO AMEND THE CODE OF THE TOWN
OF FRANKLIN AT CHAPTER 82**

BE IT ENACTED BY THE FRANKLIN TOWN COUNCIL that Chapter 82 of the Code of the Town of Franklin is amended by striking the existing language in its entirety and replacing it as follows:

- Chapter 82
- MUNICIPAL SERVICE FEES
- § 82-1. Policy on service fees.
- § 82-2. Late Fee.
- § 82-3. Enforcement action service fees.
- § 82-4. Community support program.
- § 82-5. Service fee definitions.
- § 82-6. Schedule of service fees.

§ 82-1. Policy on service fees. It shall be the policy of the Town of Franklin to provide service fee rates that best estimate and reflect the cost to the Town of providing service.

§ 82-2. Late fee. All fees must be paid within 30 days of receipt. Late payments will be charged fourteen-percent interest per annum from the due date and the license or permit will be held in abeyance until fee and penalties are paid in full.

§ 82-3. Fees enforcement action. Service fees shall be charged triple the permit or license fee rate for activity begun before first obtaining a permit or license within the time required by the applicable code. Service fees are not a substitute for any other enforcement remedy available to the Town and in no way limit or preclude the Town from pursuing such other available remedies.

§ 82-4. Community assistance program. Under the Community Assistance Program, qualifying residents are

eligible to receive discounted rates for certain town services. Participating town departments shall establish application and eligibility verification processes using tax returns as verification of income, dependents or other information to verify eligibility. The program is available to residential households for the following town services:

A. Water, sewer and trash discount credits. Residential water, sewer and trash customers are eligible to receive a twenty-percent credit, per quarter, on their water, sewer and trash bills. Where a bill has been issued prior to an eligibility determination, no abatement will be made unless the amount to be abated amounts to \$10 or more. Discounts are not eligible on penalties for late payment.

B. Recreation Department program discount. Residents of Franklin are eligible for up to a 100% discount on registration or program fees for qualifying residents who meet certain income eligibility guidelines.

§ 82-5. Service fee definitions.

A. Definitions. As used in this section, the following terms shall have the meanings indicated:

i. Sewer inflow/infiltration removal fee:

Fee charged to allow continuation of new sewer connections or increases in existing connections to the sewer system. Funds raised through this fee shall be dedicated to the sewer fund, to be used to assist in the removal of inflow and infiltration from the sewer system. Said fee shall be in addition to any applicable sewer entry, connection or main tap fees. Existing single-family residential structures or existing sewer system users, for which building permits were issued prior to October 24, 2001, shall be exempt from this sewer inflow/infiltration removal fee. Fees for users proposing to increase their flow, whether through increased discharge from the existing use or a change in use shall be calculated on the basis of the increased discharge amount, provided the existing use had not been inactive for more than two years prior to the date of the sewer permit application. Said fee shall be based on average daily flow capacity used, as calculated in accordance with Title V of the State Sanitary Code guidelines.

ii. Sewer main tap fee:

Fee charged to extend the sewer main from the Town sewer distribution system. The fee is designed to recover the Town's cost of labor to inspect sewer line installations, engineering review and the application process. The fee shall not cover materials or labor to tap the sewer main, which shall be the cost and responsibility of the owner to arrange with a private contractor; the Town will not provide such services. This fee is in addition to the required sewer service connection fee for individual services. Such a fee shall be payable prior to the time of issuance of a building permit or application for services, if a building permit is not required.

iii. Sewer system entry fee:

Fee charged to recover the Town's share of the costs of building replacement capacity at the sewage treatment plant, as well as the lines and pump stations leading to the plant which are necessitated by the new user's connection to the system. The fee shall be placed in the Town's sewer enterprise fund for construction, operating and equipment costs to improve, maintain and develop the municipal wastewater system capacity. Such fee shall be payable for each new service at time of issuance of a building permit. Any person who is legally responsible for paying a betterment assessment for the extension of sewer to their property shall be credited the amount of the paid or to be paid assessment towards the sewer system entry fee, up to but not exceeding the full amount of this fee.

iv. Sewer service renewal fee:

Fee charged to upgrade or replace an existing service. The fee is designed to recover the expenses for the Town to process the application, perform the engineering reviews, and inspect the sewer service installation. This fee is in addition to the cost of materials or labor to install sewer lines and tap the sewer main, which shall be the cost and responsibility of the owner to arrange with a private contractor; the Town will not provide such services. The fee shall be payable at the time of issuance of renewal.

v. Sprinkler/hydrant fee:

Fee charged for availability of water capacity to sprinkler systems, standpipes and private fire hydrants within commercial or industrial properties.

vi. Water main tap fee:

Fee charged to extend the water main from the Town water distribution system. The fee is designed to recover the Town's cost of labor to inspect waterline installations, engineering review and the application process. The fee shall not cover materials or labor to tap the main, which shall be the cost and responsibility of the owner to arrange with a private contractor, the Town will not provide such services. This fee is in addition to the required water service connection fee for individual services. Such a fee shall be payable prior to the time of issuance of a building permit or application for services, if a permit is not required.

vii. Water reconnection fee:

Fee charged to reconnect after service has been disconnected for nonpayment of bill within 60 days of issue.

viii. Water service renewal fee:

Fee charged to upgrade or replace an existing service. The fee is designed to recover the expenses for the Town to process the application, perform the engineering reviews, and inspect the waterline and water meter installation.

This fee is in addition to the cost of materials or labor to install waterlines and tap the water main, which shall be the cost and responsibility of the owner to arrange with a private contractor; the Town will not provide such services. The fee shall be payable at the time of issuance of renewal.

ix. Water system entry fee:

Fee charged for capital improvements necessitated by connecting a new user to the water system. The fee shall be deposited in the Town's water enterprise fund for construction, operating and equipment costs to make improvements to the municipal water supply system including water mains. Such fee shall be payable for each new service at time of issuance of a building permit.

§ 82-6. Schedule of service fees.

**TOWN OF FRANKLIN
BYLAW AMENDMENT 16-777
CHAPTER 151, SOLID WASTE AND RECYCLING
A BYLAW TO AMEND THE CODE OF THE TOWN
OF FRANKLIN AT CHAPTER 151.**

BE IT ENACTED BY THE FRANKLIN TOWN COUNCIL THAT Chapter 151, Section 17 of the Code of the Town of Franklin is amended by striking Chapter 151-17 in its entirety:
§151-17. Lifeline rates.

A. The rate for curbside trash collection may be discounted by a lifeline rate of 25% per quarter to residential accounts where the household income does not exceed the current maximum income eligibility guidelines for the for the Low Income Home Energy Assistance Program (LIHEAP) as determined by the United States Department of Health and Human Services, Administration for Children and Families.

B. Eligibility for the Lifeline Program may be certified for a one-year period by:

- (1) Presenting written evidence to the Town of participation in LIHEAP; or
- (2) By certification by a Town department or other

public agency that the applicant income does not exceed those current income limits based on household size.

This bylaw amendment shall become effective on and after January 1, 2017.

**TOWN OF FRANKLIN
BYLAW AMENDMENT 16-778
CHAPTER 160, TAXPAYERS, DELINQUENT
A BYLAW TO AMEND THE CODE OF THE TOWN
OF FRANKLIN AT CHAPTER 160.**

BE IT ENACTED BY THE FRANKLIN TOWN COUNCIL that Chapter 160 of the Code of the Town of Franklin is amended as follows:
Chapter 160. Taxpayers, Delinquent

§160-1. Statutory provisions.

A. The Town of Franklin may deny any application for or revoke or suspend any local license or permit, including renewals and transfers, issued by any board, officer or department for any person, corporation or business enterprise who has neglected or refused to pay any local taxes, fees, assessments, betterments or any other municipal charges or with respect to any activity, event or other matter which is the subject of such license or permit and which activity, event or matter is carried out or exercised or is to be carried out or exercised on or about real estate whose owner has neglected or refused to pay any local taxes, fees, assessments, betterments or any other municipal charges.

(1) The Tax Collector or other municipal official responsible for records of all municipal taxes, assessments, betterments and other municipal charges, hereinafter referred to as the "Tax Collector," shall annually, and may periodically, furnish to each department, board, commission or division, hereinafter referred to as the "licensing authority," that issues licenses or permits, including renewals and transfers, a list of any person, corporation or business enterprise, hereinafter referred to as the "party," that has neglected or refused to pay any local taxes, fees, assessments, betterments or other municipal charges, for not less than a twelve-month period and that such party has not filed in good faith a pending application for an abatement of such tax or a pending petition before the Appellate Tax Board.

(2) The licensing authority may deny, revoke or suspend any license or permit, including renewals and transfers of any party whose name appears on said list furnished to the licensing authority by the Tax Collector or with respect to any activity, event or other matter

which is the subject of such license or permit and which activity, event or matter is carried out or exercised or is to be carried out or exercised on or about real estate owned by any party whose name appears on said list furnished to the licensing authority by the tax collector; provided, however, that written notice is given to the party and the Tax Collector as required by applicable provisions of law and the party is given a hearing, to be held not earlier than 14 days after said notice. Said list shall be prima facie evidence for denial, revocation or suspension of said license or permit to any party. The Tax Collector shall have the right to intervene in any hearing made by the licensing authority with respect to such license denial, revocation or suspension. Any findings made by the licensing authority with respect to such license denial, revocation or suspension shall be made only for the purposes of such a proceeding and shall not be relevant to or introduced in any other proceeding at law, except for any appeal from such license denial, revocation or suspension. Any license or permit denied, suspended or revoked under this section shall not be reissued or renewed until the licensing authority receives a certificate issued by the Tax Collector that the party is in good standing with respect to any and all local taxes, fees, assessments, betterments or other municipal charges, payable to the municipality as the date of issuance of said certificate

(3) Any party shall be given an opportunity to enter into a payment agreement, thereby allowing the licensing authority to issue a certificate indicating said limitations to the license or permit; the validity of said license shall be conditioned upon the satisfactory compliance with said agreement. Failure to comply with said agreement shall be grounds for the suspension or revocation of said license or permit; provided, however, that the holder be given notice and a hearing as required by applicable provisions of law.

(4) The Town Council may waive such denial, suspension or revocation if it finds that there is no direct or indirect business interest by the property owner, its officers or stockholders, if any, or members of his immediate family, as defined in MGL c. 268, § 1,[1] in the business or activity conducted in or on said property.

[1] Editor's Note: See MGL c. 268A,

§ 1.

B. This section shall not apply to the following licenses and permits:

- (1) Open burning, MGL c. 48, § 13.
- (2) Bicycle permits, MGL c. 85, § 11A.
Sales of articles for charitable purposes,

MGL c. 101, § 33.

(3) Children work permits, MGL c. 149, § 69.

(4) Clubs or associations dispensing food or beverage license, MGL c. 140, § 21E.

(5) Dog licenses, MGL c. 140, § 137.

(6) Fishing, hunting and trapping licenses, MGL c. 131, § 12.

(7) Marriage licenses, MGL c. 207, § 28.

(8) Theatrical events and public exhibition permits,

MGL c. 140, § 181.

C. A city or town may exclude any local license or permit from this section by bylaw or ordinance.

This bylaw amendment shall become effective upon passage in accordance with the provisions of the Franklin Home Rule Charter.

**TOWN OF FRANKLIN
RESOLUTION 16-53
SETTLEMENT OF CLAIM RELATING TO TOWN-OWNED
TAX TITLE LAND ON PLAIN STREET**

WHEREAS, Town acquired by tax title a parcel of unimproved land located on the southerly side of Plain Street containing approximately four and a half acres, and

WHEREAS, Town had a plan prepared which subdivided said parcel into Lot 1 containing 56,528 square feet more or less and Parcel A containing 3.17 acres, more or less, and

WHEREAS, Town Council, by Resolution 06-71, authorized the conveyance of Lot 1 to the Franklin Housing Authority to construct and operate a public housing facility and, the Town Administrator, acting pursuant to said resolution, conveyed Lot 1 to the Franklin Housing Authority by deed dated October 15, 2014 and recorded at Norfolk County Registry of Deeds in Book 33476 at Page 315, and

WHEREAS, Town has retained ownership of "Parcel A", the remaining land, but has not and is not making use of said land for any municipal purpose, and

WHEREAS, an individual named Hampton Bagdasarian ("Bagdasarian") has come forward claiming that Town's tax taking was defective by reason of lack of notice to an individual named Kirkor Stepanian, one of the original property owners of the parcel and that, as a result, Bagdasarian, as the sole heir of Kirkor Stepanian, has an ownership interest in said parcel, and

WHEREAS, Bagdasarian, through his attorney, has entered into negotiations with attorneys for Town and the Franklin Housing Authority to resolve his claim by giving him title to "Parcel A" and providing him with monetary compensation, and

WHEREAS, Franklin Town Council, by Resolution 16-42, has already authorized payment of monetary compensation to Bagdasarian of sixty-two thousand, five hundred dollars in settlement of his claim, and by Resolution 16-52 has authorized an additional eighteen thousand dollars to resolve outstanding back taxes, and

WHEREAS, the attorneys for Bagdasarian, Town and the Franklin Housing Authority are in general agreement upon the terms and conditions of a proposed final settlement which are contained in the document captioned "Settlement Agreement", a copy of which is attached hereto as "Exhibit 1", but are still negotiating final details.

NOW THEREFORE, the Town of Franklin, acting by and through its Town Council:

1. Authorizes the final settlement of the above-described matter upon the terms and conditions contained in the document captioned "Settlement Agreement", a copy of which is attached hereto as "Exhibit 1" including, without limitation, Land Court's partial vacating of judgment as relates to "Parcel A", only, and authorizes the Town Administrator to execute said document once it is finalized; the Town Administrator is specifically authorized to agree to revision(s) to "Exhibit 1" which he deems either to be necessary to protect Town's interests or not to be substantive.
2. Authorizes the Town Administrator to execute any other documents and to take any and all other action, which he deems necessary or to be in Town's best interests, to implement the terms and conditions of "Settlement Agreement" and/or the final settlement of the above-described matter.

**TOWN OF FRANKLIN
RESOLUTION 16-59
AUTHORIZATION FOR DISPOSITION (SALE) OF
TOWN-OWNED LAND ON GROVE STREET
(PORTION OF FORMER NU-STYLE PROPERTY)**

WHEREAS, Town owns a parcel of land on Grove Street shown on a plan of land captioned "Plan of Land Grove Street and Old Grove Street Franklin, Massachusetts for Town of Franklin 355 East Central Street Franklin, Massachusetts December 7, 2015 Scale 1"=20" prepared by United Consultants, Inc. and recorded at Norfolk County Registry of Deeds in Plan Book 647 at Page 20, and

WHEREAS, Town Council, by Resolution 16-11, has previously declared Lot 2 shown on said plan to be surplus and available for disposition except for a twenty-foot wide sewer easement abutting Grove Street, shown on said plan, and

WHEREAS, pursuant to G.L. Chapter 30B, Section 16, Town previously obtained an appraisal and subsequently issued a Request for Proposal (RFP), on or about May 11, 2016, which RFP contained a minimum bid price of eighteen thousand dollars, and

WHEREAS, one prospective purchaser Jeffrey Jordan has submitted a responsive proposal to the RFP and the Town Council has evaluated said proposal.

NOW, THEREFORE, BE IT RESOLVED THAT THE TOWN OF FRANKLIN ACTING BY AND THROUGH ITS TOWN COUNCIL:

1. Determines that the proposal of Jeffrey Jordan to pay the Town of Franklin the sum of Nineteen Thousand Dollars (\$19,000) for Lot 2 shown on the above-referenced plan, as more fully described in his proposal dated June 9, 2016, a copy of which is attached hereto as "Exhibit A", subject to the existing twenty-foot wide reserved easement for public sewer abutting Grove Street, shown on said plan, is advantageous to the Town and accepts same, subject to the provisions of the following paragraphs.
2. Votes to dispose of the subject property by selling it to Jeffrey Jordan for the sum of Nineteen Thousand Dollars (\$19,000), subject to the twenty-foot wide reserved easement to maintain existing public sewer shown on above-referenced plan of land, conditioned upon Jeffrey Jordan's execution, within sixty days, of a purchase and sales agreement containing terms and language consistent with Town's RFP and otherwise satisfactory to Town, to ensure Town's timely receipt of the full purchase price; without limiting the foregoing, the agreement shall provide for Town's sale of Lot #2 shown on above-referenced plan to Jeffrey Jordan for nineteen thousand dollars, subject to the twenty-foot wide existing sewer easement abutting Grove Street, shown on said plan.
3. Directs the Town Administrator, with the assistance of the Town Attorney, to prepare and execute a purchase and sales agreement, deed and such other documents as he determines to be necessary to effectuate the sale of the subject property by Town to Jeffrey Jordan.

This Resolution shall become effective according to the rules and regulations of the Town of Franklin Home Rule Charter.

RESOLUTION 16-61
CONFIRMATORY ORDER OF TAKING –
UNIMPROVED LAND OFF LINCOLN STREET LOCATED IN
ROLLING BROOK ESTATES RESIDENTIAL SUBDIVISION**

WHEREAS, by virtue of Massachusetts General Laws Chapter 40, Section 14, the Town of Franklin, acting by and through its Town Council, is authorized to take by eminent domain under Massachusetts General Laws Chapter 79, lands, easements and other interests in land for municipal purposes; and

WHEREAS, the acquisition of land shown as Parcel B on definitive subdivision plan for Rolling Brook Estates recorded at Norfolk Registry of Deeds in Plan Book 651, Page 93, together with access easements shown on said plan, off Lincoln Street, Franklin, Massachusetts, is recommended by the Town Administrator; and

WHEREAS, the owners of said parcel of unimproved land, Nitor Development, Inc. conveyed said parcel, together with access easements, to the Town of Franklin by "Quitclaim Deed and Grant of Easements" dated September 13, 2016 and recorded on September 28, 2016 at Norfolk Registry of Deeds in Book 34509, Pg. 107, and

WHEREAS, the taking by eminent domain of said parcel of unimproved land, together with access easements, off Lincoln Street, Franklin, Massachusetts, will vest in the Town of Franklin clear title to said land; and

WHEREAS, no land damages are anticipated; and

WHEREAS, the taking by eminent domain of said parcel off Lincoln Street, Franklin, Massachusetts, together with access easements, for municipal purposes, is in the best interests of the Town of Franklin.

NOW, THEREFORE, BE IT ORDERED THAT:

1. The Town Council of the Town of Franklin, by virtue of and in exercise of and in part the execution of the power and authority conferred by said statutes, hereby adjudges that public necessity and convenience require the taking by eminent domain of the parcel of land, together with access easements, off Lincoln Street, Franklin, Massachusetts, described below, for municipal purposes.

2. The Town of Franklin, acting by and through the Town Council, by virtue of and in the exercise of the power and authority conferred by said statutes and in accordance with the provisions of Massachusetts General Laws Chapter 79, and all and every other power and authority it does possess, DOES HEREBY TAKE BY EMINENT DOMAIN the fee in the following described parcel of land for municipal purposes.

Description of Property

A certain parcel of unimproved land located off Lincoln Street,

together with access easements, described in an instrument from Nitor Development, Inc. dated September 13, 2016 captioned "Quitclaim Deed and Grant of Easements" and recorded on September 28, 2016 at Norfolk Registry of Deeds in Book 34509, Pg. 107, containing 934,064 square feet, according to said instrument, together with access easements described in said instrument.

3. The Town Treasurer and Town Comptroller are directed and the Town Administrator is directed and authorized to do all things and to execute all documents necessary for the prompt payment of the amount of damages awarded in this Order of Taking so that the same shall be payable within sixty (60) days after the right to damages becomes vested in the persons from whom the above described land was taken. The Town Administrator is further directed to direct the Town Attorney for and on behalf of the Town Council to give notice of this taking and pertinent information to every person entitled thereto in accordance with the provisions of Massachusetts General Laws Chapter 79, Sections 7B, 7C, 7F, 7G, 8A and 8B.

4. This Order of Taking confirms and makes clear the Town of Franklin's title to the above-described parcel of land which was conveyed to the Town of Franklin by above-described instrument from Nitor Development, Inc. dated September 13, 2016 and recorded on September 28, 2016 at Norfolk Registry of Deeds in Book 34509, Pg. 107.

WHEREAS, William C. Roode and Jeanne M. Roode, now or formerly of 1849 Woodard Road, Webster, State of New York, are titleholders of record (hereinafter: "Landowners") of a parcel of land consisting of approximately 12.5 acres located on Washington Street described in a deed recorded in Book 5501 at Page 521, said land also being shown on Franklin Board of Assessors Maps, Map 349, Parcel 6 (hereinafter "Parcel"), and

WHEREAS, Landowners have placed Parcel under the provisions of G.L. Chapter 61 as forest lands, and

WHEREAS, G.L. Chapter 61, Section 8 provides that, in the event of an intended sale, a municipality has a first refusal option to meet a bona fide offer to purchase the land placed under the statute, and

WHEREAS, Landowners gave written notice to the Town of Franklin of their intention to sell land including Parcel which was received by Town on January 9, 2017, and

WHEREAS, the Franklin Town Council has this date: March 22, 2017, held a public hearing in accordance with the provisions of G.L. Chapter 61, Section 8, and

WHEREAS, Franklin Town Council following the close of said public hearing is voting to acquire Parcel and to exercise Town's first refusal option for a total acquisition price, including expenses of two hundred twelve thousand five hundred dollars (\$212,500), for municipal purposes and to appropriate said sum,

NOW THEREFORE, the Franklin Town Council, being duly authorized to act on behalf of the Town, ORDERS that:

1. The Town of Franklin does hereby exercise its first refusal option to purchase a parcel of land consisting of approximately 12.5 acres located on Washington Street, described in a deed recorded in Book 5501 at Page 521, said land also being shown on Franklin Board of Assessors Maps, Map 349, Parcel 6, for the purchase price of two hundred, twelve thousand five hundred dollars (\$212,500.00), said sum to be appropriated from free cash.
2. Directs that a copy of this order be mailed to William C. Roode and Jeanne M. Roode, landowners, by certified mail as notice of Town's exercise, together with a copy of Town's proposed purchase and sales agreement described in the next paragraph and that an attested copy of this order also be recorded at Norfolk County Registry of Deeds, all as provided in G.L. Chapter 61, Section 8.
3. Approves the proposed purchase and sales agreement for Town's purchase of Parcel from Landowners and directs that a copy accompany the notice to Landowners of Town's exercise of its first refusal option, as provided in G.L. Chapter 61A, Section 8.

4. Authorizes and directs the Town Administrator, in consultation with the Town Attorney, to negotiate any revision(s) to the terms and conditions of the purchase and sales agreement with Landowners, as he determines to be in Town's interest and to execute said agreement and further authorizes the Town Administrator to execute any other documents and to take any and all other action necessary to consummate Town's purchase of Parcel.

This Resolution shall become effective according to the rules and regulations of the Town of Franklin Home Rule Charter.

**TOWN OF FRANKLIN
RESOLUTION 17-39
GRANT OF RESERVED EASEMENT ON FORMER
TOWN-OWNED LAND ON POND STREET TO
CHARLES RIVER POLLUTION CONTROL DISTRICT**

WHEREAS The Town of Franklin desires to upgrade its streetlighting system to LED lighting
NOW THEREFORE BE IT ORDERED by the Town Council of the Town of Franklin that:

WHEREAS, Town, until recently, owned two parcels of unimproved land on the westerly side of Pond Street, title reference: Norfolk County Registry of Deeds Book 1281, Page 108, and

(i) the sum of \$650,000 is appropriated to pay costs of making energy efficiency improvements to the town's streetlighting system, including associated design and engineering services, the conversion of standard lighting devices to LED devices, fixture upgrades and the payment of all other costs incidental and related thereto, and that to meet this appropriation, the Town Treasurer, with the approval of the Town Administrator, is authorized to borrow said amount under and pursuant to M.G.L. c. 44, §7(1), or pursuant to any other enabling authority, and to issue bonds or notes of the town therefor. Any premium received upon the sale of any bonds or notes approved by this vote, less any such premium applied to the payment of the costs of issuance of such bonds or notes, may be applied to the payment of costs approved by this vote in accordance with Chapter 44, Section 20 of the General Laws, thereby reducing the amount authorized to be borrowed to pay such costs by a like amount.

WHEREAS, Town permitted Charles River Pollution Control District to install and maintain sewer pipes and related structures on said property, and

WHEREAS, the location of said sewer installation is delineated on a plan of land prepared in connection with Town's sale of said property, said plan being captioned "Conveyance Plan of Land off Pond Street Lots 3 & 4 Map 258 Town of Franklin, Norfolk County, Commonwealth of Massachusetts" dated April 3, 2017, revised through May 5, 2017, and recorded at Norfolk County Registry of Deeds in Plan Book 658 at Page 62, and

WHEREAS, it has been determined that a portion of said sewer installation enjoys the benefit of an easement recorded at said Registry of Deeds in Book 8366 at Page 90, but that another portion does not, and

(ii) the Town Administrator is authorized to take any other action necessary or convenient to carry out the project and this Order; and

WHEREAS, Town conveyed said property on May 22, 2017 to Baystone Franklin, LLC by deed with reserved easements, covenants and restrictions executed on May 22, 2017 and recorded that date at said Registry of Deeds in Book 35129 at Page 16, and

WHEREAS, one of the easements which Town reserved in said instrument was a twenty-foot wide sewer easement for the portion of the District sewer installation which does not presently enjoy the benefit of an easement, said easement having been reserved therein for subsequent grant to District,

NOW THEREFORE, BE IT RESOLVED THAT the Town Council of the Town of Franklin hereby grants to Charles River Pollution Control District the twenty-foot wide sewer easement reserved by Town in its deed to Baystone Franklin LLC dated May 22, 2017 and recorded at Norfolk County Registry of Deeds in Book 35129 at Page 16, shown on the above-described plan of land recorded at said Registry of Deeds in Plan Book 658 at Page 62, further shown on said plan, beginning at a point in the south-central portion of said parcel and thence running northerly to the northerly boundary of said parcel, designated in two places on said plan as "Charles River Pollution Control District 20' wide sewer easement 17,292 sq. ft. +/- (0.397 acre +/-)", together with all of Town's reserved rights, as set out in said deed, as more fully set out and upon the terms and conditions in the easement instrument attached hereto as "Exhibit 1" and the Town Council hereby authorizes the Town Administrator to execute said easement instrument on its behalf.

State Primary and Presidential Election

State Primary – September 8, 2016

Ballots Cast: 871

Presidential Election – November 8, 2016

Ballots Cast: 18,358 – voter turnout 83%

For the first time in history, the state of Massachusetts Instituted early voting for state and federal elections. This historic event took place in the fall for the Presidential Election. The Town clerk’s office welcomed this opportunity and Opened for early voting for two weeks prior to the Election with extended evening hours during the week and an additional half day on Saturday. This was a huge success!

Franklin voters took advantage in large numbers. Of the 22,233 registered voters, 7,266 came through the Town Clerk’s office during the early voting period and 9,987 voted on Election Day. Numerous voters expressed appreciation over how well the early voting process went also, the convenience of the available hours. The Franklin Town Clerk’s office is proud to have received The Gold Standard Award from the Secretary of State for going above and beyond and providing excellent service to the voters of the town of Franklin Massachusetts during the early voting period.

I attribute this success to my dedicated staff and the many election workers who worked long hours and days in the Clerks’ office

GOLF CARTS

I would like thank Maplegate Country Club For their generosity of lending us the use of their golf carts on election day. These carts have made it so convenient for those Voters who need or wish to ride from the parking lot up to the school entrance.

CENSUS

Our annual street listing is accomplished though the Census by mail using the State Computer program. Out of the 12,206 head of households we had a percentage of 87% return (1,604 non-respondents) . We continue to follow up with telephone calls and second mailings. Please remember that this helps on Election day to assure that you are on the voting list and in the correct precinct. This is a mandate for all communities passed down through the State.

QUESTION 1: LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 3, 2016?

SUMMARY

This proposed law would allow the state Gaming Commission to issue one additional category 2 license, which would permit operation of a gaming establishment with no table games and not more than 1,250 slot machines. The proposed law would authorize the Commission to request applications for the additional license to be granted to a gaming establishment located on property that is (i) at least four acres in size; (ii) adjacent to and within 1,500 feet of a race track, including the track's additional facilities, such as the track, grounds, paddocks, barns, auditorium, amphitheatre, and bleachers; (iii) where a horse racing meeting may physically be held; (iv) where a horse racing meeting shall have been hosted; and (v) not separated from the race track by a highway or railway.

A YES VOTE would permit the state Gaming Commission to license one additional slot-machine gaming establishment at a location that meets certain conditions specified in the law.

A NO VOTE would make no change in current laws regarding gaming.

QUESTION 2: LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 3, 2016?

SUMMARY

This proposed law would allow the state Board of Elementary and Secondary Education to approve up to 12 new charter schools or enrollment expansions in existing charter schools each year. Approvals under this law could expand statewide charter school enrollment by up to 1% of the total statewide public school enrollment each year. New charters and enrollment expansions approved under this law would be exempt from existing limits on the number of charter schools, the number of students enrolled in them, and the amount of local school districts' spending allocated to them.

If the Board received more than 12 applications in a single year from qualified applicants, then the proposed law would require it to give priority to proposed charter schools or enrollment expansions in districts where student performance on statewide assessments is in the bottom 25% of all districts in the previous two years and where demonstrated parent demand for additional public school options is greatest.

New charter schools and enrollment expansions approved under this proposed law would be subject to the same approval standards as other charter schools, and to recruitment, retention, and multilingual outreach requirements that currently apply to some charter schools. Schools authorized under this law would be subject to annual performance reviews according to standards established by the Board.

The proposed law would take effect on January 1, 2017.

A YES VOTE would allow for up to 12 approvals each year of either new charter schools or expanded enrollments in existing charter schools, but not to exceed 1% of the statewide public school enrollment.

A NO VOTE would make no change in current laws relative to charter schools.

QUESTION 3: LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 3, 2016?

SUMMARY

This proposed law would prohibit any farm owner or operator from knowingly confining any breeding pig, calf raised for veal, or egg-laying hen in a way that prevents the animal from lying down, standing up, fully extending its limbs, or turning around freely. The proposed law would also prohibit any business owner or operator in Massachusetts from selling whole eggs intended for human consumption or any uncooked cut of veal or pork if the business owner or operator knows or should know that the hen, breeding pig, or veal calf that produced these products was confined in a manner prohibited by the proposed law. The proposed law would exempt sales of food products that combine veal or pork with other products, including soups, sandwiches, pizzas, hotdogs, or similar processed or prepared food items.

The proposed law's confinement prohibitions would not apply during transportation; state and county fair exhibitions; 4-H programs; slaughter in compliance with applicable laws and regulations; medical research; veterinary exams, testing, treatment and operation if performed under the direct supervision of a licensed veterinarian; five days prior to a pregnant pig's expected date of giving birth; any day that pig is nursing piglets; and for temporary periods for animal husbandry purposes not to exceed six hours in any twenty-four hour period.

The proposed law would create a civil penalty of up to \$1,000 for each violation and would give the Attorney General the exclusive authority to enforce the law, and to issue regulations to implement it. As a defense to enforcement proceedings, the proposed law would allow a business owner or operator to rely in good faith upon a written certification or guarantee of compliance by a supplier.

The proposed law would be in addition to any other animal welfare laws and would not prohibit stricter local laws.

The proposed law would take effect on January 1, 2022. The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would prohibit any confinement of pigs, calves, and hens that prevents them from lying down, standing up, fully extending their limbs, or turning around freely.

A NO VOTE would make no change in current laws relative to the keeping of farm animals.

QUESTION 4: LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives on or before May 3, 2016?

SUMMARY

The proposed law would permit the possession, use, distribution, and cultivation of marijuana in limited amounts by persons age 21 and older and would remove criminal penalties for such activities. It would provide for the regulation of commerce in marijuana, marijuana accessories, and marijuana products and for the taxation of proceeds from sales of these items.

The proposed law would authorize persons at least 21 years old to possess up to one ounce of marijuana outside of their residences; possess up to ten ounces of marijuana inside their residences; grow up to six marijuana plants in their residences; give one ounce or less of marijuana to a person at least 21 years old without payment; possess, produce or transfer hemp; or make or transfer items related to marijuana use, storage, cultivation, or processing.

The measure would create a Cannabis Control Commission of three members appointed by the state Treasurer which would generally administer the law governing marijuana use and distribution, promulgate regulations, and be responsible for the licensing of marijuana commercial establishments. The proposed law would also create a Cannabis Advisory Board of fifteen members appointed by the Governor. The Cannabis Control Commission would adopt regulations governing licensing qualifications; security; record keeping; health and safety standards; packaging and labeling; testing; advertising and displays; required inspections; and such other matters as the Commission considers appropriate. The records of the Commission would be public records.

The proposed law would authorize cities and towns to adopt reasonable restrictions on the time, place, and manner of operating marijuana businesses and to limit the number of marijuana establishments in their communities. A city or town could hold a local vote to determine whether to permit the selling of marijuana and marijuana products for consumption on the premises at commercial establishments.

The proceeds of retail sales of marijuana and marijuana products would be subject to the state sales tax and an additional excise tax of 3.75%. A city or town could impose a separate tax of up to 2%. Revenue received from the additional state excise tax or from license application fees and civil penalties for violations of this law would be deposited in a Marijuana Regulation Fund and would be used subject to appropriation for administration of the proposed law.

Marijuana-related activities authorized under this proposed law could not be a basis for adverse orders in child welfare cases absent clear and convincing evidence that such activities had created an unreasonable danger to the safety of a minor child.

The proposed law would not affect existing law regarding medical marijuana treatment centers or the operation of motor vehicles while under the influence. It would permit property owners to prohibit the use, sale, or production of marijuana on their premises (with an exception that landlords cannot prohibit consumption by tenants of marijuana by means other than by smoking); and would permit employers to prohibit the consumption of marijuana by employees in the workplace. State and local governments could continue to restrict uses in public buildings or at or near schools. Supplying marijuana to persons under age 21 would be unlawful.

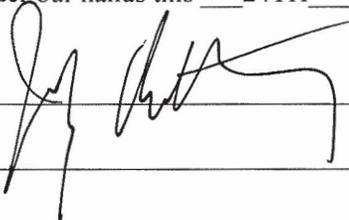

The proposed law would take effect on December 15, 2016.

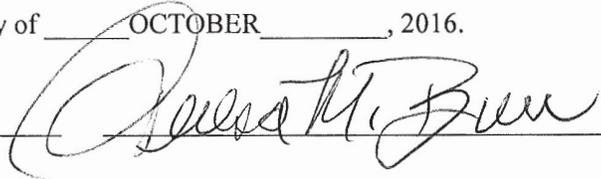

A YES VOTE would allow persons 21 and older to possess, use, and transfer marijuana and products containing marijuana concentrate (including edible products) and to cultivate marijuana, all in limited amounts, and would provide for the regulation and taxation of commercial sale of marijuana and marijuana products.

A NO VOTE would make no change in current laws relative to marijuana.

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said voting.

Given under our hands this 24TH day of OCTOBER, 2016.

ANNUAL REPORT OF THE FRANKLIN DEMOCRATIC TOWN COMMITTEE

On behalf of the Franklin Democratic Town Committee, I am pleased to submit this report about the activities and accomplishments of our group over the past year. Our many activities during the year include:

Caucus:

Registered Democrats in Franklin held their caucus at the Union Street Grill on Saturday, March 13th, 2016 to elect 14 delegates and 3 alternates to the 2017 Massachusetts Democratic Convention. Delegates were divided equally between men and women.

These delegates attended the convention at the DCU Center in Worcester, MA on Saturday, June 3rd, 2017 where they deliberated on the Party Platform, and heard from all three Democratic candidates for governor.

Leadership:

The Franklin Democratic Town Committee has a new leadership team in place starting in October of this year – Chair is Tonya Price, Vice-Chair is Trevor Clement, Secretary is Maria Lucier, with Henry Maddox remaining as Treasurer, and Max Morrongiello remaining both as Outreach and Affirmative Action Officer and webmaster.

Scholarship:

The Carol Pizzi Memorial Scholarship was established by the Franklin Democratic Town committee in honor of its long time Vice-Chair who served the Franklin community in a variety of ways as a mentor, civic volunteer and loyal Democrat for decades. This \$1,000 award is given to a Franklin High School senior who has demonstrated academic success and a commitment to public service through participation in the political process, community service projects, volunteer efforts and/or extracurricular activities.

We are proud to announce that our 2017 Franklin Democratic Town Committee scholarship in Memory of Carol Pizzi has been awarded to Alycia Felli

Alycia Felli will be attending the Paris Institute of Political Studies in France.

We congratulate Alycia Felli, and wish her success in her studies this fall

Thanks to all the FHS graduates that applied - it was not easy to select just one awardee! Congrats to FHS Class of 2017, and best of luck in your endeavors!

4th of July:

Our 4th of July booth at the festivities on the Town Common provided another opportunity for community interaction, while allowing us to raise funds for our scholarship and other activities. We had over 21 volunteers helping in all aspects related to the booth operation.

We are glad that Franklin continues to celebrate in this manner, and the Democratic Town Committee is honored to participate in the commemoration. We would also like to thank Paul Kortick and Joe Carmignani for taking over the reins of the fourth of July Coalition.

About us:

The purpose of Franklin Democratic Town Committee is to promote the objectives and interests of the Democratic Party. The FDTC supports and advocates democratic policies that ensure equality of opportunity, enrich our children, foster economic security, and guarantee a vibrant and clean environment for Franklin. The Franklin Democratic Committee celebrates the diversity of Franklin, the Commonwealth and country, and we oppose discrimination in any form it takes.

As Democrats, we are proud to stand as the Party of, and the Party for, all people, without regard to race, gender, religion, language, national origin, age, disability, sexual orientation, economic circumstance or other characteristics. We have been, and will be, the Party that is the defender of individual rights, while remaining the strong champion for the common good.

Meetings:

The Democratic Town Committee meets on the third Monday of each month at 7 p.m. Our meeting location starting in November will be the Franklin Public Library. For more information on the Democratic Town Committee, please contact Tonya Price at chair@franklindemocrats.com or visit our website at www.franklindemocrats.com.

Respectfully submitted,

Franklin Democratic Town Committee,
Tonya Price, Chairperson

ANNUAL REPORT OF THE 2016 ADVISORY COMMITTEE

The Council Advisory Committee annual report for 2016 is as follows.

The Advisory Committee held four meetings during the year, and its work consisted, largely, of updating and reviewing past initiatives with reviewing two significant proposals.

The first involved a thirty-four unit condominium development which was primarily a matter-of-right with some minor revisions and was fully supported by the Committee and the Council. It is now before the Planning Board.

The second proposal was for a sub-division of approximately 37 units of upscale housing under a private homeownership/condominium form of ownership. Said development which fit the parameters of a newly established Zoning district, Zone 7. The proposal was fully supported by the Advisory Committee and endorsed by same, sending a recommendation of support to the Council. However, the council failed to support a two-thirds majority (6) needed for approval of the Zoning change.

It was then, and remains, the position of the Committee, that development that benefits the community at large, which the foregoing development did, that it is incumbent of the Councilors to make decisions based on that standard and not to succumb to either political posturing or influence. Which, in my opinion, and other members, concur, caused the failure of this legislation to pass. This opinion, certainly in no way is to either disregard or ignore valid argument in opposition, or to recognize the independence of the Council and it's obligations to the electorate, but rather to seek decisions that positively impact the community at large and particularly have a positive economic and esthetic impact.

Indeed, the assessment of the Committee of that action left many members wondering whether to continue serving. If the opinions and charge of the committee, as defined by the Council, is not being recognized.

The Advisory Committee has agreed to serve until the November election and will then decide whether to continue.

Certain past discussions and topics which the Committee has addressed, and the Council and Administration have implemented: some ongoing, others concluded are: Cook's Farm, train station, downtown revitalization, fast-tracking development, South Franklin Historic Meeting House, rezoning, the Community-Business concept, old town hall development, Thompson Press development proposal, the recycle center (Town Dump), removal of temp classrooms at Davis Thayer, improvements to Davis Thayer, the Gate Way concept as well as numerous

meetings and discussions to encourage and support commercial development in our central business district. Commercial Development in South Franklin, and proposing the town move to acquire the land on 140/495, which currently houses a salt barn and storage site, and has significant potential and value to the community and was, at one time, acknowledged by the state as such.

Our role is to create and/or add to the discussion, and to that end, I am obliged to the Committee and those members of the Council, staff and administration for their support and contribution; to the many municipal employees who are second to none; and the many volunteers and residents who help make our community a special place.

Thank you all in behalf of the Committee.

ANNUAL REPORT OF THE BOARD OF ASSESSORS

Triennial Revaluation

The revaluation of all real and personal property in the Town of Franklin was completed Fall 2016 in preparation for Actual Fiscal Year 2017 3rd quarter tax bills. Following is a brief review of that achievement.

Data Collection

Fifteen years have now passed since we installed the real estate valuation and assessment administration software developed by Patriot Properties, Inc. Because our start-up data was from a different form of valuation system and most of our data had not been refreshed in nearly ten years, it was necessary to complete a town-wide data recollection program prior to finalizing the FY 2005 valuations. Patriot Properties was hired for this task. Over the past 12 years, our appraisal staff has performed the on-going property exterior measuring and interior inspecting for all real estate classes. Such reviews are done for the Department of Revenue (DOR) required cyclical program, as well as for building permitted changes, pre-appraisal and abatement verifications.

Field Review

In addition to individual property on-site review, field reviews are required periodically to check for obvious data accuracy and consistency. This drive-by review provides another level of assurance that when valuation schedules are applied, the results will be "Fair and Equitable".

Commercial/Industrial/Apartment Valuations

Annually there are analyses of sales data as well as income & expense market data. The Board contracted Patriot to work with our Director to establish an income approach to value for each property. All requirements of the Massachusetts Department of Revenue were met through final approval of the FY 2017 valuations.

Sales Analysis

The majority of the sales analysis was completed by September 2016, and the interpretation of sales continued through the next two stages of valuation. The town-wide program resulted in a valuation system that was applied uniformly throughout the town, while reflecting all the adjustments warranted individually and by neighborhood, to result in "Full and Fair Cash Values" as per Massachusetts General Law.

Value Generation

A system of valuation was established based on valid property sales and where applicable the income approach to value. These schedules concluded from the market were then uniformly applied to all taxable and exempt real property.

Final Value Review

Final reviews were completed in preparation for the DOR review. These include studies of various computer-generated reports to check for value consistency, final field checks required, and for DOR documentation and its analyses.

DOR Review & Final Approval

Any on-site and statistical reviews by the DOR took place from April to September 2016. The appraisal staff provided files, generated property records, answered questions and addressed any concerns. At the conclusion of the DOR review, we were granted approval authorizing public disclosure.

Public Disclosure

The DOR approved valuations were available for disclosure to the property owners. While the administrative staff provided property record cards and general data reviews, the appraisers conducted informal hearings on valuations.

Personal Property

Business assets and those of utilities are reviewed for valuation as taxable Personal Property. For sixteen fiscal years we have engaged the specialized services of Real Estate Research Consultants (RRC) in the discovery and valuation of these accounts. These services have served

us well, resulting in DOR approval and consistently defensible valuations. Also, considerable new growth has been certified annually. Additionally, the RRC Personal Property Software installed in our office has benefited us. The personal property valuation formulas are very straightforward, and the administrative capabilities have met our needs.

Classification Hearing & Tax Commitment

Following some discussion and a few presentations relative to single versus split tax rates, the Council approved a single tax rate at \$14.58 per \$1,000 of taxable value as calculated by the Board for all property classes. The tax commitment and mailing were timely for an actual 3rd quarter tax bill.

Abatement Reviews

Upon mailing of the tax bills and on or before the due date of the first actual bill, property owners have an opportunity to file an Abatement Application on the basis of overvaluation or misclassification. 80 abatements applications were filed of 11,529 taxable accounts, or 7/10ths of 1%. Generally those with merit were resolved through our conducting a complete on-site exterior measuring and interior inspection. Usually a valuation discrepancy is the result of a data error or as a result of an inspection appointment not being arranged and thus the property data having been "estimated".

Technology Improvements

In addition to our state-of-the-art software for the valuation and administration of both real and personal property, Cartographic Associates, Inc. (CAI) of Littleton, NH has continued to maintain the digital/GIS-mapping program it first completed for us for FY 2005. Following aerial photography and planimetric (physical features) mapping, CAI constructed cadastral tax maps (depicting parcels) through the use of over 5,000 plans and over 15,000 deeds. These new maps are continuously in our process of reconciliation with our property records for consistency in both parcel inventory and land area. With the support of Town Administrator Jeff Nutting and the Town Council, we have capacity in our Patriot software to link and utilize the maps with our assessment file. In addition, for the past twelve years we have provided our tax maps on the web for the benefit of both the Town staff and the general public.

Appraisal & Administrative Staffing

The use of automation has minimized the former heavy burden of traditional data processing. Due to this and numerous other office improvements, the Town approved our Staff Restructuring Plan. We have adjusted our administrative support staff to Board Secretary Anne Covell who is responsible for continuing to improve our service to the public at the counter and by phone. She focuses her efforts on providing and reviewing public records, Motor Vehicle Excise Tax Commitments and Abatements, Exemption Applications, the general and specific support to the Appraisal Staff and any other assignments as required. She continues to train in various

administrative duties and computer applications. We thank Anne for her diligence in 37 years of service to the Board. The Appraisers have made special efforts in the development and implementation of usable written instructions for the assessing office procedures and for MUNIS financial software applications. These instructions were developed consistent with all Mass. General Law and DOR requirements.

Appraisers

We thank Kevin W. Doyle, Director of Assessing for his diligence especially as Director beginning following his first two years here. He has overseen the completion of all our work these past sixteen fiscal years, six full revaluations and ten interim years of market adjustments. We are also pleased with the support work of Appraiser Peter Mooney since August 2004 and of Appraiser David Ruberti since July 2005. Our Director received his Massachusetts Accredited Assessor (MAA) in 1990. Within the past ten years both Appraisers completed their designation required education and experience, being granted their MAA designations and maintaining the periodic recertification required.

Town Revenue Enhancements

In addition to meeting all state requirements as well as daily office oversight, the Director and Appraisers have achieved many additional improvements to benefit the Town taxpayers. One such is the efficiencies built into the Motor Vehicle Excise Tax Commitment and Abatement processes in conjunction with the new MUNIS tax software installation. These excise taxes represent about 4.9 million dollars in locally raised annual revenue, or about 6.5% of locally raised tax revenue. We assure the citizens that like real and personal property, taxes on these are assessed and abated appropriately and uniformly for the maximum benefit of all. Registry of Motor Vehicles' automation aided the Director and Appraisers to further enhance revenue in assessing dealer and repair plate registrations. As well, with the automation improvements of the Environmental Police, this professional staff successfully developed a new annual revenue stream in the identification and assessment of excise taxes on boats principally situated in the Town of Franklin.

On-site Periodic Property Reviews

Because we have initiated the cyclical property re-measurement and re-inspection program acceptable to the Massachusetts DOR, we continue to make various public information efforts to assure property owners have advance information about this on-going program. Briefly, please note that the purpose of these property visits is to verify that the correct data is being used in the determination of valuations to achieve "full and fair cash value" in accordance with Mass. General Law Chapter 59. The Board appreciates the general public's cooperation in its efforts to serve all property owners in all property types to assure fair and uniform values.

Your Elected Board of Assessors

Before entering the performance of his/her duties, each Assessor upon election has taken the oath of office specific to assessors. Massachusetts General Law has provided that because the DOR Commissioner of Revenue has regulatory oversight of assessing in every city and town, the Commissioner likewise determines the training requirements for the assessors and any assistants. At this time, the Commissioner has determined Course 101, including the Classification Training Workshop, meets the minimum requirements. All three assessors have completed these and have been certified as such by the Commissioner of Revenue.

The Board looks forward to continuing education opportunities offered by the MA DOR and the professional associations, the Massachusetts Association of Assessing Officers (MAAO) and the International Association of Assessing Officers (IAAO). The assessors have attended seminars and workshops to broaden and reinforce their understanding of property tax law.

In particular, the Board has focused on current and possible future tax relief and deferral options for Franklin's elder citizens. To that goal following meetings of the Town Senior Outreach Committee, last fall the Board, its Staff and the Office of the Council on Aging continued a broad-based effort to reach seniors. This resulted in successfully providing tax relief (exemption) information to additional seniors who owned and occupied their homes.

Also, with the valued assistance of new Veterans' Agent Dale Kurtz, special efforts were made to identify veterans and their surviving spouses entitled to state exemptions, much of it reimbursable to the Town. We look forward to continuing to work with him in supporting our veterans. All these efforts are consistent with the Board of Assessors commitment to meet its challenges as key Town Financial Team members to the benefit of all the citizens of the Town of Franklin.

As we write, the Board of Assessors and its Staff are preparing to finalize the Real and Personal Property Appraisal files for the Fiscal Year 2018 Interim Year Update subject to DOR review and Final Certification.

W. Ken Norman, Chairman of the Board
Christopher K. Feeley, Assessor, Clerk

**ANNUAL REPORT OF THE
FRANKLIN COMMUNITY
CABLE ACCESS, INC.
for Our Operating Year 2016
dba Franklin•TV (www.franklin.tv)**

Franklin•TV is an IRS 501(c)(3) nonprofit corporation. We operate the local access TV studios for Franklin. We produce local TV programs on three channels:

Franklin All Access TV

Our Public Access Channel (Comcast 8, Verizon 26).

Franklin Pride TV

Our Educational Channel (Comcast 96, Verizon 28).

Franklin Town Hall TV

Our Government Channel (Comcast 11, Verizon 29).

We are Franklin’s local TV channels on Comcast and Verizon, but we do not provide cable TV service.

Background

The Town of Franklin is the *Local Franchise Authority* (LFA) that maintains agreements with Comcast and Verizon. Franklin•TV’s funding comes from a 4.8% access fee that cable subscribers pay per the LFA agreements. Thus, F•TV is not funded by taxes. We operate at no cost to the town of Franklin. F•TV pays a PILOT fee (Payment In Lieu Of Taxes) to the Town of Franklin by agreement. We are the first nonprofit organization that pays for town services.

As an IRS 501(c)(3) charitable organization we also may receive grants and donations from contributors.

Local Programming Produced in 2016

During our 2016 operating year we generated:

- 217 Public Access Programs
- 95 School/Sports Programs
- 19 School/Civic Events Programs
- 96 Government Meetings
- 427 Locally Produced Programs**

All of these programs were produced, recorded and edited by our staff on behalf of Franklin residents, organizations, agencies and local government.

Our extensive production support reaches beyond the customary charter of other public access studios to lend

equipment and provide technical training. This additional commitment of professional support enables us to provide a broader range of programs

Community Bulletin Board Service

In addition to programming, Franklin•TV offers free community announcements on our Bulletin Board for all three P/E/G channels. Nonprofit organizations who wish to promote their meetings, special events and activities are welcome to contact us.

A Broadcasting Opportunity, WFPR-FM

In February of 2014, Franklin•TV was awarded a construction permit by the FCC for a 100 Watt,

noncommercial educational FM radio station. WFPR, (Franklin Public Radio) broadcasting on 102.9 FM.

After completing approvals and clearances for our new radio tower located at the top of Forge Hill, Franklin Public Radio began broadcast operations and went on the air for the first time at 10:29 AM on February 2nd 2017.

Our WFPR tower is also home to Franklin's Police and Fire Radio Communications systems. The town relocated their services this spring, saving the cost of renting antenna space on a nearby cellular tower.

WFPR is a public broadcasting extension of F•TV's media services to Franklin and surrounding towns. WFPR provides opportunities for local citizens to have a voice by producing their own radio programs or participating as volunteers to make our radio station successful as a local community resource.

Scholarships

In June, as part of our continuing commitment to Franklin students, Franklin•TV awarded two \$1,000 scholarships to graduating seniors:

Tatyana Youssef of Franklin High
Emily Scannell of Tri-County High

Our congratulations and best wishes go out to them in their academic endeavors.

Our Charter Operations

We continue to see increasing requests from various town agencies and civic organizations to provide TV coverage for local events. We cover Franklin events that are cultural or institutional in nature and of general interest.

We are always interested in training volunteers who would like to learn the craft of video production. Trained volunteers and interns work alongside our roster of free-lance and staff professionals to shoot and edit the institutional programs that we cover.

Citizen Access

Residents who produce their own access programs are the owners of these programs. As such, these producers hold their own copyright and may copy and distribute these programs freely, provided that the programs are cablecast on the Franklin system.

Per our Public Access charter, we do not provide equipment for covering private or personal events or for purposes other than generating Access Programs to be shown over the Franklin cable system

Information about our weekly programming can be found on our web site: www.franklin.tv.

While visiting our website, also read our informative F.A.Q. on P/E/G TV studios, their operation, history and charter. We also recommend browsing our past newsletter archives to learn more about Franklin•TV, our

growth and development, and the civic events that we cover throughout the year.

Finally, in closing, *"Thanks for watching!"*

ANNUAL REPORT OF THE CHARLES RIVER POLLUTION CONTROL DISTRICT

During Fiscal Year 2017, the Charles River Pollution Control District's (District) regional advanced wastewater treatment facility received and treated approximately 1,540 million gallons (4.2 million gallons per day) of raw wastewater, including 5.1 million gallons of septage from the District's member and customer towns before discharge to the Charles River.

In 2012, CDM Smith and staff from the District prepared a 20-year capital improvement plan (CIP) to improve the wastewater treatment facility to meet more stringent NPDES permitting requirements and provide a more reliable wastewater treatment facility at its current capacity of 5.7 million gallons per day. The CIP was divided into three phases (A, B and C).

Phase A, completed in December 2013, included the replacement of both primary clarifier mechanisms, addition of two screenings washer/compactors, primary scum handling upgrades, and plant lighting and security improvements. Phase B, the capping of the on-site residuals landfill, was completed in August 2013. Phase C, which was completed this summer, focused on improving phosphorus removal, replacing the disinfection system, and extending the life of the facility for an additional 20 years.

The District funded Phases A and B with a 20-year SRF loan of approximately \$3.2M for costs associated with bidding, construction, and resident engineering. Phase C costs will be funded through separate 20-year SRF loans of approximately \$23.6M, which includes bidding, construction, and resident engineering. Ineligible costs (i.e. the design for Phase C) for SRF loans were funded by a General Obligation Bond of \$1.95M.

In regards to the District's infiltration and inflow program, in the spring of 2016 the District conducted a

closed-circuit television camera (CCTV) inspection of 13,000 linear feet of two of its interceptors. In FY 2018, the District plans to repair 32 manholes and 5 pipe joints in the subarea that was investigated over the past few years to eliminate infiltration and inflow into the sewer system.

In late 2015, the District entered into a Power Purchase Agreement to receive net-metering credits from a solar array in Carver, Massachusetts. The array has been online since December 2015 and to-date the District has received approximately \$94,000 in net-metering credits.

The District's Fiscal Year 2018 budget is 2.3% higher than the previous years' budget. The District's FY 2018 budget for operations and maintenance is \$3,506,510, while the capital projects budget is \$2,456,510. Franklin's share of the operation and maintenance and capital projects budgets are estimated to be \$2,114,980 and \$1,536,700, respectively.

The District created a new website, please check it out at <https://www.charlesriverpcd.org/>.

ANNUAL REPORT OF THE COMMUNITY GARDEN COMMITTEE FOR FY 2017

The mission of the Community Garden is to provide Franklin residents with a place to meet, learn, and grow, by providing a healthy space in which we can share the joy of growing organic fruits, vegetables, herbs, and flowers.

Photo by Gardener Kelly Sabini

In partnership with the Town of Franklin, the Recreation Department and the nonprofit Friends of Franklin Community Gardens,

Your Community Garden Committee:

- Identifies appropriate locations
- Coordinates design and construction of new gardens
- Develops and enforces rules and regulations for the gardens
- Oversees the plot lottery, gardener registration and plot distribution

We pledge to continue:

- Supporting our community in growing local food
- Providing locally harvested food to those in need
- Promoting increased social interaction through gardening within our community
- Developing an educational garden for all ages

The King Street Community Garden continues to thrive in its sixth season! This year we have 51 beds available for planting, all but one of which are currently leased to community members and local non-profits, including St. Vincent De Paul, HMEA, and the Franklin Food Pantry. The Community Garden welcomes interested gardeners of

all skill levels, and many volunteer opportunities are available.

Over the past fiscal year, the Community Garden Committee has primarily focused on planning for the upcoming rebuild. Originally built in the spring of 2011, our raised beds have served us well but now need to be reconstructed in order to continue their useful life. Earlier this year, the Town Council agreed to grant us a budget for the rebuilding project, so in October 2017, we will be bringing the community together once again to demolish the old beds and rebuild with non-toxic, pressure-treated lumber that will stand up to our New England weather for many years to come. We are now in the final stages of planning for the rebuild, which involves meeting on-site with the Department of Public Works to finalize bed design and place our order for the necessary materials to be delivered to the worksite.

Photo by Gardener Kelly Sabini

We are also still in the process of recruiting new members for our Committee. The Community Garden Committee has only four current members, and without new members, the Committee will be unable to continue its work to efficiently run the King Street Garden and plan educational programming for the community. Although there has been some interest, we have not yet succeeded in confirming additional Committee members, but we are redoubling our efforts and hope to have new members in place prior to the 2018 season.

We look forward to many more harvests to come! If you would like to join us as a gardener for the 2018 season, help with the rebuilding project, or just want more info about getting involved with the Community Garden Committee, please contact us at franklincommunitygardens@gmail.com.

The Community Garden Committee meets the First Monday of the month at Town Hall. Check the Town of Franklin Meeting Calendar for details.

If you are interested in serving on the committee, please contact any committee member or visit the Town Clerk's office.

ANNUAL REPORT OF THE CONSERVATION COMMISSION

The Franklin Conservation Commission is responsible for promoting and protecting the natural resources of Franklin and protecting the town's watershed resources. A large part of the Commission's attention is directed to administering Massachusetts and Franklin wetland protection laws and regulations. Those laws and regulations require Commission permits to work in or within 100 feet of a wetland, in the 100 year flood hazard zone or within 200 feet of a perennial stream.

The Commission comprises seven volunteer residents appointed for three year terms by the Town Administrator. The current members of the Commission have diverse professional experience related to environmental science, biology, engineering, and project management. Because of their different backgrounds, each commissioner is able to offer a different perspective during the review of applications for a wetland permit that ultimately benefits Franklin.

Franklin has continuously been well represented at the annual conference of the Massachusetts Association of Conservation Commissions in March, with Commissioners attending classes and workshops and talking with other Commissioners from across the state as well as lawyers, ecologists and engineers active in conservation.

The Commission continues to participate in the Keystone Project, which is organized and run by UMASS. The Keystone Project is designed to stimulate forest landowners and community opinion leaders to be

advocates of sound forest conservation, and to help inform the land management and conservation decisions of their friends, neighbors, organizations, and communities.

The Commission continues to work on the DelCarte Area (aka the Franklin Reservoirs) off of Pleasant Street. There are a series of seven “structures” (six dams that had been originally used for cranberry farming and a stone wall that beavers had dammed) along Miller brook thru the 100+ acre DelCarte Area. The Commission retained the services of ESS, Inc. to undertake an ecological study to ascertain the flora and fauna viability in the pond and develop a long term management plan. This study, completed in the winter of 2015-6 has for the first time given the town a comprehensive understanding of exactly “what is there” and has developed a management plan to help keep the area viable as a true recreational jewel. The first phase of the Plan’s recommendations, the treatment of invasive plant species was undertaken in the spring of 2017. In addition, a contract with Mass Audubon has been signed to develop a master plan for the area as a whole.

Notice of pond treatment at DelCarte

The Commission has also initiated a comprehensive study of the beaver population and associated issues within the pond area to come up with best practices to prevent irreparable damage to the pond ecosystem and surrounding private properties.

During the summer of 2016, a detailed DelCarte Guide was developed by Mike Perrin, a University of Vermont student working as an intern in the Conservation Department. This Guide was given to the Franklin Schools to help facilitate “outdoor classrooms” at DelCarte.

Since the last annual report, the Conservation Commission has received 103 permit applications to work within areas under their permitting jurisdiction. These applications range from the removal of dead trees in a wetland buffer zone to a multi thousand square foot commercial development to a new charter school. The Commission also issued 32 certificates of completion for various projects and granted extensions to allow projects to finish.

In late April, the Commission conducted the second in what they hope will be many annual clean-up days at the DelCarte Recreation area. The event was also attended by a number of citizen volunteers who lent valuable assistance and manpower in helping to maintain this valuable town resource.

Under the direction of the Commission, the 2016 Open Space and Recreation Plan (OSRP) was updated and submitted to the State Dept. of Conservation and Natural Resources and final approval was obtained.

The Commission would like to draw the attention of the Town’s residents to the many protected natural areas in the Town and the opportunities for passive recreation they enable:

- The DelCarte Area, with parking off of Pleasant Street, has improved walking trails through woodlands along a series of ponds. Two canoe launches and an above-water boardwalk that completely connect the trail system have been installed;

- The Town Forest has good access points off of both Summer Street and Russet Hill Road with a network of walking trails thru woodlands and across Uncas Brook. In early 2016, the town applied for a Recreational Trails Grant to improve the trail system within the forest and the parking lot on Summer St. The grant awards will not be made by the State until the fall of 2016;

Beaver lodge at DelCarte

There is a network of walking trails that cross Shepards Brook and go through fields and woods behind the Dacey Recreation Area off Lincoln Street;

Other trail areas include:

- Indian Rock has good access off of both King Phillip Road and Lost Horse Trail with walking trails through woodlands near two large vernal pools and to the top of historic Indian Rock; The trails in this area were improved in the spring as part of an eagle scout project;

- The Metacomet Land Trust owns several pieces of protected land, notably the walking trails off of Bridle Path and The Lady Bug Trail near JFK school;

- The Franklin State Forest is accessible off of Grove Street and Forge Hill Road and boasts an extensive network of walking and ORV trails;

- The SNETT trail goes all the way to Douglas. There is a Town parking lot off of Grove Street. The Trail section from Prospect Street into Bellingham has been reconstructed by the Dept. of Conservation and Recreation;

- The expansive marsh near Interstate 495 exit #17 is the US Army Corps of Engineers Natural Valley Flood Storage Project, preserved to protect against downstream flooding in the Charles River basin. That marsh is along Mine Brook, the largest stream in town, draining about half of Franklin, starting at the extreme south end of Franklin, passing underneath Washington Street, Beaver Street, 495, Grove Street, West Central Street, 495 again, Beech Street, and Pond Street before finally meeting the Charles River on the Medway border;

- Other significant streams in Franklin include Shepards Brook, Miller Brook, Uncas Brook and Bubbling Brook. Lake Populatic is part of the Charles River, the other navigable ponds in Franklin are Spring (Green’s) Pond, Beaver Pond, and Uncas Pond, the last two of which are listed as Great Ponds by Mass DEP.

The Commission would also like the town residents to be aware of the potential tax savings of M.G. L. Chapter 61

(forest land), 61A (agricultural land) and 61B (recreational land). Such programs are designed to benefit the land owner via reducing the tax burden as well as to preserving and maintaining the quality and quantity of environmentally sensitive and natural areas within the commonwealth.

**ANNUAL REPORT OF THE
DESIGN REVIEW COMMISSION**

The Design Review Commission (DRC) is a Committee comprised of 5 regular members and 2 alternate members. All are residents and volunteers who are appointed by the Town. The Committee represents Citizen’s interests and strives to ensure new developments and sign installations enhance the appearance of the Town while meeting Town codes and bylaws. The DRC has approval authority on signage, and recommendation input to the Planning Board on Site Plans as to landscaping and lighting, and Building Plans as to exterior design, colors and materials. The DRC has addressed numerous projects and sign applications this past fiscal year. The Commission is currently composed of Mark Fitzgerald, Chair, Chris Baryluk, Vice Chair, Nancy Coleman, Claudine Silverman and Samuel Williams as well as associate members, Doug Newton and James Bartro.

During FY17 the DRC reviewed and addressed several Site Plans as to landscaping and lighting and exterior Building Plans as to elevations, design, colors and materials. Reviews included projects such as the Brookview Development, Fairfield Residential, Cadillac Properties, West Central Plaza and Adirondack Club, as well as several other smaller projects. In addition sign applications were received, hearings held and decisions issued for 36 signs during the past fiscal year.

Meetings are held at the Franklin Municipal Building, 355 East Central Street, Room 205, at 7:00 p.m. on two Tuesdays during each month, with the exception of December when it normally holds one meeting. Meeting times, dates and agendas are posted at the Town Clerk’s Office.

**ANNUAL REPORT OF THE
FINANCE COMMITTEE**

Year in Review - 2017

Our fiscal year, which started July 1, 2016, began with a proposal to raise and appropriate \$162,350 to continue full day kindergarten given state grant money was not received as expected. The committee approved unanimously a motion to recommend passage to the Town Council. We also were informed by the Town Treasurer the “Municipal Modernization Bill” was passed and will have a positive impact on various operations within the town.

During the year the committee met 8 times. Three of those meetings were focused on the Fiscal 2018 budget process, with the end result being the approval of a projected \$120.5 million operating budget for the town. The budget allows for the town to provide services at the same level as FY 2017.

The long term financial plan projected continues to project financial challenges over the next 5 years. While our town continues to provide excellent services with little increase in resources, our reserve levels continue to be challenging. A concerning indicator is shown in the Franklin Public Schools need to draw on their reserves at an unsustainable pace. Housing units are projected to grow and the impact on the school budget is currently unknown and will need to be monitored on a regular basis.

The town continued our prudent practice of reserving funds to our OPEB Trust Fund, Fire Truck and Recreational Fields Stabilization funds.

Our town continues to invest in our public spaces, appropriating \$0.5 million for general road and sidewalk maintenance. Additionally, snow removal exceeded the budget by \$85K and the committee voted unanimously to fund the deficit from Free Cash.

I’d like to take the opportunity to thank my fellow committee members for their ongoing dedication to continued improvements and the financial well being of our town.

Michael Dufour

**ANNUAL REPORT OF THE
FRANKLIN FIRE DEPARTMENT
FISCAL YEAR 2017**

Fire Headquarters
40 West Central Street
Franklin, Massachusetts 02038

(508) 528-2323

<http://www.franklinma.gov/fire-department>

The Department

The Franklin Fire Department is divided into two divisions: Operations and Maintenance, which is the largest and responsible for dispatch, emergency medical services, fire suppression and hazardous materials response. Administration and Support Services is responsible for personnel, budget and finance, training, code compliance and coordinating the Town's emergency preparedness.

Our Mission

The mission of the Franklin Fire Department is to:

Have a positive impact in the lives of citizens and visitors of Franklin in their time of crisis by providing compassionate, contemporary, community driven services.

Safeguard human life from the perils of fire, sudden illness, injury or other emergency medical condition, natural and man-made disasters as well as preserve the environment and property from ensuing destruction.

Be responsible for a safe, productive and pleasant work environment for our employees, and provide them opportunities to gain new skills and advance their personal career goals.

Operational Objectives

- Initiating advanced life support to patients within 10 minutes of receiving the telephone call at our communications center.
- To access, extricate, treat and transport and transport trauma patients to a level one trauma medical facility within one hour of the occurrence of the injury.
- Interrupt the progression of fires in structures within 10 minutes of open flame ignition.
- To insure response readiness remains greater than 70%.
- Provide safety and survival skills for all school students in grade K through 5 consistent with the Student Awareness Fire Education (SAFE) initiative of the Commonwealth.
- Provide educational opportunities for department members to insure optimal performance and safety.
- To develop and maintain "best practice" to insure personnel and citizen safety.
- Insure fire safety through timely, consistent code compliance services to all external customers.
- Provide all department services in a manner that satisfies the needs of our customers.
- Process emergency notifications in our dispatch center within 120 seconds of receiving the initial call for 99% of all calls.

Message from the Fire Chief

Fiscal Year 2017 ended as the busiest year in department history, with 4,150 emergency responses. Fortunately, the community did not suffer any fire related deaths this year, although there were several tragic incidents which resulted in the loss of life. Department members suffer two loss time work related injuries during the fiscal year. The department continued to see the impacts of opioid related incidents throughout the community. We applaud the work of the SAFE Coalition, Norfolk County Sheriff Michael Bellotti and District Attorney Michael Morrissey for their continued support and resources to provide family assistance during times of crisis.

The department enjoyed the award of two grant initiatives during the Fiscal Year. The first was in the amount of \$ 65,000 from the Commonwealth of Massachusetts to provide department personnel with hearing protection. With the Support of Representative Jeff Roy, Senators Karen Spilka and Richard Ross the department was able to purchase hearing protection which also allows for wireless communications with the two-way radio system. These devices will greatly reduce the effects of hearing loss for firefighters. The next grant was from the FEMA in the amount of \$ 219,000 will be used to replace the department's cache of Self Contained Breathing Apparatus.

We continue to see the number of calls for service that occur back-to-back or simultaneously grow at an alarming rate. Back-to-back or simultaneous calls are where the department receives another emergency call for service while managing a call for services (two at a time). In Fiscal Year 2017, this caused 200 ambulance responses from other Towns into Franklin. The increasing use of out-of-town resources causes delay in our ability to provide timely transport to the hospital emergency room. Franklin's average response time is 5 minutes, 44 seconds; the average response time for an out-of town ambulance is 12 minutes, 33 seconds – this time difference can have a great impact on the quality of patient outcomes for people with medical emergencies.

The trend of call distribution is compounded by the increasing calls for services. As previously noted, the department responded to 4,150 emergency responses in Fiscal Year 2017, an increase of nearly 9% from Fiscal year 2017.

We believe the trend is in response to an upturn in our economy. This year saw increased occupancy rates in the Town's Industrial Parks as well as opening of new businesses and facilities. All of these combine to bring more people into the community and increase the demands for our services. We will continue to monitor all of these trends and work with the community to develop strategies to maintain acceptable levels of emergency services within the Town.

Di Ana Baker

The department experienced the sudden loss of Dispatcher Di Ana Baker. Di had been a department dispatcher since 2000. Her energy, vibrancy and willingness to assist the community will be greatly missed.

This year saw the retirement of three long term employees, Firefighter Robert Tucci; Firefighter Richard Leitch and Firefighter Leo Gallagher. Firefighter Tucci began his career with the department in 1988 and assisted in many department roles. Bob's career with the department was cut short as a result of a line of duty injury. Firefighter Leitch was with the department for 23 years at the time of his retirement. He was also forced to end his career early due to a long term illness. Firefighter Gallagher retired from the department in December 2016 after nearly 18 years of service. We thank them all for

their years of their dedication and service to the Town and wish them the best in retirement.

This year we welcomed new members Becki Carloni, Kathryn Forest and AJ Morris. All come to the department with a wide variety of experiences that strengthens our ability to provide services to the citizens of Franklin and we look forward to their long productive careers with the department.

In addition to emergency response, the department also continued to try to expand its fire prevention education activities, providing safety and survival education to the most vulnerable population to fire – our children and seniors. Through the dedicated efforts of SAFE Officer Keith Darling, the department reached over 7,600 individuals with safety related programming. This included 100% of all Elementary Students, summer YMCA Camps and various Boy and Girl Scout programs and tours as well as a various activities at the Senior Center. This year the department continued to offer home visit for our senior citizens and include 48 visits. The focus of these visits is to insure there are working smoke and carbon monoxide detectors, remove trip hazards as well as provide safety education. Firefighters Kevin Marshal, Bill Blanchard and Christian Mills provide dedicated assistance in completing this important service to our citizens.

In closing, I would like to recognize our employees, who are among the best fire service professional in the Commonwealth of Massachusetts! They continue to work tirelessly to protect life and property within Franklin. In addition to their on-duty responses, our employees commit countless hours in continuing education and training targeted to maintain and improved upon their emergency skills. Additionally, they continue to press forward in attempt to provide the highest level of service to the community based upon advancement in the fire-rescue field and advancements in technology. They continue to be the chief reason for maintaining our current level of success and level of services we provide our citizens of Franklin.

Respectfully submitted

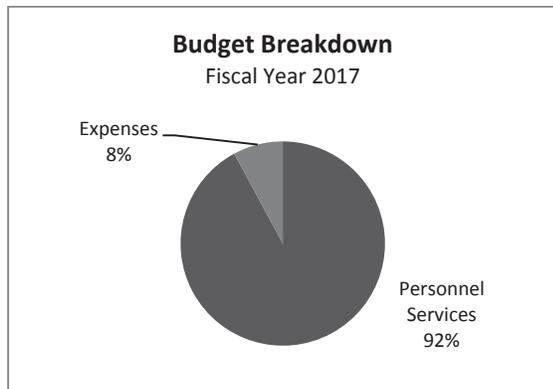

Gary B. McCarraher, Fire Chief

Fire Emergencies

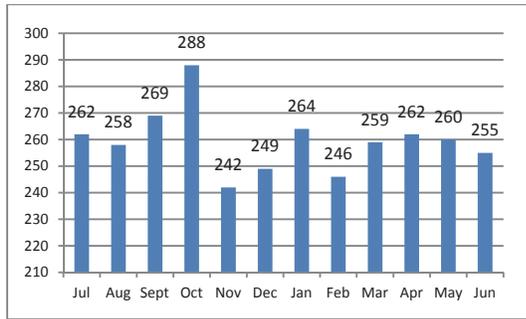

This year, the department responded to 1,257 incidents that involved damage due to fire and other non medical emergencies, nearly the same as the previous year. The incidence of fire within buildings maintained steady at 18 building fires from the previous year. This is minor but welcomed decline from our typical 24 to 36 building fire per year.

Of all emergency incidents experienced within the Town, the majority (63%) occurred at residential property. Commercial property accounted for 27% of the department's fire damage, with special properties (e.g. roadways and outdoor areas) accounting for 7% of the fire problem.

Medical Emergencies

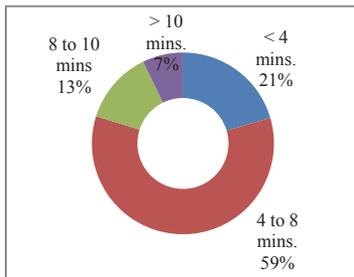

Requests for medical aid continue to be the largest service delivery for the department. In Fiscal Year 2018, medical emergencies accounted for 70% of the department's emergency responses. The department provided transport and medical assistance to a total of 1,874 patients. On average, the department responded to more than 259 medical calls per month, up from the average of 163 per month in 2005. Additionally, we served another 224 citizens with non transport services. The department generated \$ 1.2 million in revenue for the General Fund through third party billing for ambulance services.

Medical Emergency Response by Month

Response times

In Franklin, over 45% of all requests for emergency aid occur during the routine business day. This is a sharp increase after a three year decline of incidents during these hours. The time frame from 4 PM to Midnight is the second busiest time period with the department experiencing more than 36% of the emergency call volume during this time. The least busy hour of the day was 3:00 AM with the busiest hour of the day between 11 AM to noon. The department's emergency incidents were distributed in a fairly equal fashion through the days of the week. Saturdays were the least busy day with slightly more than 13.7% of the call volume with Tuesdays being the busiest with 14.8% of the call volume each day; the remaining days of the week experienced 14%.

Emergency Responses Time Breakdown All Emergencies

This year the department met the response time standards established by the National Fire Protection Association. Response time measured includes the time from the call is received by 911, processed, with Fire-rescue resources arriving on-scene. The department responds within 10 minutes to 92% of all emergencies; medical emergencies 94.8% of all calls and to 100% for all building fires.

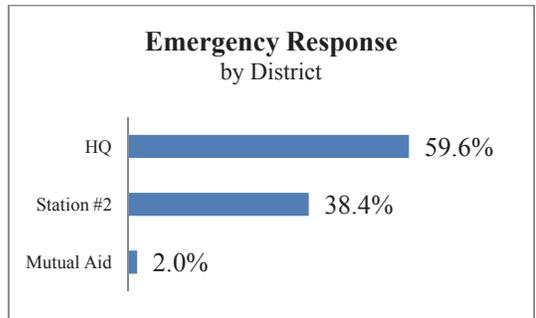

Headquarters – 40 West Central Street

Station #2 – 600 King Street

This year emergency responses between our station locations continued the trend of past years. The Headquarters facility responded to the majority of our emergency responses. The King Street Station however continues to respond to a significant number of emergency responses and adds significantly to our ability to respond to requests for emergency aid in a timely fashion.

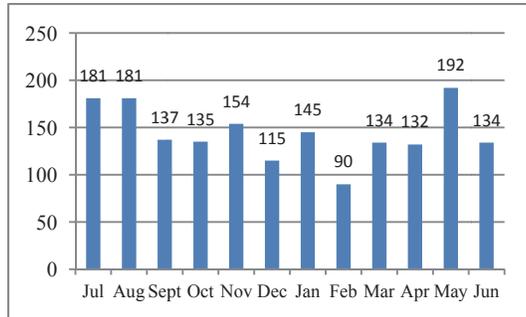

Response by Station

Code Compliance and Inspections

This was another busy year for Captain Baker and Fire Prevention. The annual inspection of the all Liquor License holders, 17 Schools, Day Care facilities, Summer Camps and Multi-family houses along with the daily inspections of homes for resale and new construction, service calls, telephone inquiries, LP gas tanks inspection,

oil burner inspection, oil tank removals and plans review is almost too much to be handled by one person.

Fire Inspections by Month

We continue to increase the number of commercial business inspections along with helping businesses to formulate evacuation plans for their employees. In turn, this has shown an increase in the number of requests for conducted fire drills by this department in occupied business facilities. It is a good sign that employers are concerned with the safety of their employees.

We would like to thank the Building Commissioner Gus Brown and his staff for their assistance over the past year.

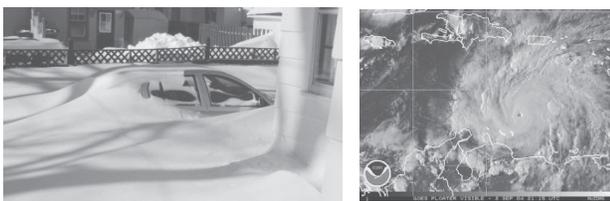

Emergency Preparedness

The department continues to be the lead agency for the Town's emergency preparedness to natural and man-made disasters. This year we were fortunate in not experiencing any serious natural disasters. The Town's emergency management team met regularly over the year to insure preparedness in the event of large scale emergency and began addressing new threat identified within the Town.

As in previous years, we strongly encourage citizens to register their cell phones into the Reverse 911 network so they can receive up-to-date information, even in the event of a power outage. Registration is easy, log onto the Town's web page, click on the Reverse 911 and follow the instructions.

Communicable Disease

As mandated by the State Department of Public Health, local health departments must report, investigate and track all communicable disease occurrences in their jurisdictions. The Franklin Health Department has had a long-term contract with the former VNA and Hospice of Greater Milford, now called Salmon Health Care, to assist with the investigation and follow up of reportable communicable diseases that occur in the community. During the 2016-2017 fiscal year, the VNA provided comprehensive investigation and follow up of 239 confirmed or suspect cases. The VNA also provides TB screening/testing and some home visits as well.

The following list depicts the reportable illness activity for fiscal year 2016-2017 in number of official confirmed cases:

Human Granulocytic Anaplasmosis	3
Group B Streptococcus	2
Hepatitis C	12
Lyme Disease	91
Salmonellosis	4
Cryptosporidiosis	1
Pertussis	1
Influenza	78

Flu Clinics

In fiscal year 2016-2017, the VNA/Salmon Health Care held one seasonal flu clinic immunizing 93 residents. The wide spread availability of flu vaccine has reduced attendance at our public clinics in recent years.

Licenses and Permits

The following is a comprehensive list of all permits/licenses issued by the Franklin Health Department during fiscal year 2016-2017. Most licensed/permitted activities require at least annual inspections as part of the permitting process.

During 2016-2017, the Franklin Health Department receipts for permits/licenses totaled \$62,102.50.

Staff

The current Health Department staff is as follows:
 David E. McKearney, R.S. Public Health Director;
 Virginia M. McNeil, Health Agent;
 Elizabeth Hoey, Environmental Health Inspector,
 (14) hours;
 Mary Ellen Ficco, Administrative Assistant, (16) hours.

The Franklin Health Department wishes to once again thank the Town Administrator and all department heads

and staff for their continuing assistance and support of the Health Department throughout the year.

Board of Health

The three-member elected Board of Health is the policy making arm for the Health Department. The board members assist in the drafting of public health bylaws and regulations, and review all site plans for compliance with local and state public health regulations. The board presides over administrative hearings in all matters concerning Health Department licensed and permitted activities. Board members are available for consultation on issues relative to the public health as well.

Bruce Hunchard, Board of Health Chairman
 Philip Brunelli, Vice Chairman
 Donald Ranieri, Jr. Board Clerk

Hours of Operation

The Franklin Health Department office is open Monday, Tuesday and Thursday from 8:00AM to 4:00PM, Wednesday from 8:00AM to 6:00PM and Friday from 8:00AM to 1:00PM
 Health Department inspection staff is available to meet with customers from 8:00-9:15AM and again from 3:15-4:00PM each day, or other hours by appointment as necessary.

**ANNUAL REPORT OF THE
FRANKLIN HISTORICAL COMMISSION.**

The Franklin Historical Commission is a volunteer committee appointed by the Town Administrator and ratified by the Town Council. We are dedicated to maintaining, staffing, and operating the Franklin Historical Museum, and to preserving the historical assets of the Town of Franklin. Meetings are held the 2nd Tuesday of the month at 6:30PM at the museum and are open to the public.

We have up to 7 full-time Commission members with voting privileges along with non-voting associate members.

Members

- Mary Olsson, Chair
- Phyllis Malcolm, Treasurer
- Bob Percy, Recording Secretary
- Colette Ferguson
- Connie Lawson
- Richard Remillard
- Jeremy Ball
- Associate Members
- Mary O'Neill Kai Olsson Alice Vendetti

Anyone interested in becoming an associate member of the Historical Commission is encouraged to contact us.

FRANKLIN HISTORICAL MUSEUM

The Franklin Historical Museum has been in our present location for 7 years now. The museum occupies the old Town Hall Building at 80 West Central Street, just a half block before the fire station, and across the street from the new Horace Mann Square. We continue to work to engage the community and area residents so they rely on the museum and find it a place to explore and celebrate the Town's heritage, achievements, and unique place in history.

Mission Statement

The Franklin Historical Museum is a center for community engagement, committed to facilitating the exploration of Franklin through a local, regional, and national lens, to a multigenerational audience.

WE ARE OPEN: Saturdays 10AM to 1PM; Sundays 1PM to 4PM; Thursdays 5PM to 8PM. During winter months (early December thru end of March) we are closed on Thursday evenings.

Museum Hosts

Commission members and volunteers keep the museum open by giving of their time to host at the Museum during our open hours. Our hosts answer questions and share their knowledge of Franklin's history. To become a host volunteer, contact any member of the commission.

Events this past year:

Town of Franklin Birthday Party

On March 2nd we celebrated the founding of the town by inviting local town residents who share the same birthday with the town. Those birthday celebrants attending were entered into a drawing for a \$100 'picture of Ben'. And, as with any birthday celebration, cake was served.

Horace Mann Day

Each year we recognize Franklin's most famous son, Horace Mann, born May 4, 1796. Mann, known as the Father of Education, was a lawyer, statesman, abolitionist, and a great humanitarian. We are proud to celebrate his birthday each year and remember his noble accomplishments.

This year's celebration was highlighted by the dedication of an oversized statue of Horace Mann across the street in the newly designated Horace Mann Square. Congratulations to all those who helped facilitate this great tribute to Franklin's favorite son.

Hi-definition Photographs on display

A major addition to the Museum in 2017 was the iC4K Display Screen, invented and produced by Almont Green Studios of Medway. This display screen allows visitors to view and browse through large format digitized photographs of Franklin's past.

Abraham Megerdichian - Metal Sculptures

Robert Megerdichian, son of former Franklin resident and metal sculptor Abraham Megerdichian loaned many of his

father's sculptures to the Museum and gave two memorable presentations on his father's passion for producing detailed and finely crafted miniature cars, animals, musical instruments, and countless other miniature sculptures.

Wedding Dress Display and Speakers

Returning this year was another exquisite wedding dress display, the product of many volunteer hours. To complement the display were two separate event presentations on wedding dresses.

Franklin Downtown Partnership Events

The Commission enjoys being part in the annual events planned by the Downtown Partnership which include the Strawberry Stroll, October's Harvest Festival, and the Holiday Stroll. The Holiday Stroll, in early December, is always a fun evening attended by Mrs. Claus reading to many wide eyed children.

Social Media

The Museum's presence in social media is growing. In a typical week in February on our Facebook page there were 37 page views, 665 people reached, and 1,106 post engagements.

Wall Calendars

In 2017 we produced calendars of vintage Franklin photographs and key dates. Stop by and pick up your 2018 Franklin Calendar, available at the Museum Gift Shop for a nominal fee.

Area Historical Commissions and Societies Hosted at Franklin Museum

For a second year, the Franklin Historical Museum hosted area Historical Commissions for a meet and greet and informal discussion. It was well attended by the surrounding towns of Wrentham, Bellingham, Norfolk, Plainville, Millis, Foxborough, Medway, and Blackstone. We also enjoyed gathering at Plainville's An Unlikely Story bookstore this year. It is always a pleasure to meet with our counterparts from neighboring towns.

School Participation

We encourage elementary, middle, and high school student visits to the museum to learn about Franklin throughout the course of the year. So many stories to tell! Learning about our town's history is a wonderful gateway to history as a whole. Teachers are encouraged to contact us to make arrangements to bring their class in for a visit and hosted tour.

Demolition Requests

Under the demolition bylaw passed by the Town Council, the Historical Commission reviews any demolition request of a property built in 1930 or before. We make every attempt to encourage the preservation of any building of historical significance. We have the option to delay the demolition of a building for up to a year so that suitable alternatives can be considered.

The following properties were approved for demolition:

899 Upper Union St.	1850
36 Plain St.	1810

This speaks to the ongoing issue of the disappearance of the Town's historical assets.

Friends of the Franklin Historical Museum (FFHM)

The Friends, which is the fundraising arm of the museum, work to bring special events and programs to the museum. Donations to this organization are always welcome! Because the Friends is a 501 (c) 3 non-profit organization, all donations are tax deductible.

We also encourage people to donate items that pertain to the town's history (such as artifacts, photographs, and written records) at the Museum during our regular hours of operation. These donations to the Friends are also tax deductible.

Thanks goes to members of the community who have helped enrich and deepen our understanding of the town's history, and we look forward to working on additional projects in the future. We are grateful for your support and look forward to another exciting year!

Respectfully submitted,

ANNUAL REPORT OF THE FRANKLIN HOUSING AUTHORITY

Board Members

The following Officers were duly elected at the annual organizational meeting of the Franklin Housing Authority held on April 10, 2017.

George A. Danello, Chairman
Christopher K. Feeley, Vice Chairperson
Mark A. Teehan, Treasurer
Peter L. Brunelli, Assistant Treasurer
Diane Padula-O'Neill, Commissioner

FHA Staff

Lisa Audette, Executive Director
Candice Day, Administrative Assistant
Carole Blanchard, Office Assistant
Michael Gilligan, Maintenance Supervisor
Frank McAvoy, Maintenance Laborer
James Brunelli, Groundskeeper/Laborer
Anne Ayotte, Service Coordinator

Franklin Housing Authority was honored to be recognized by the Franklin Senior Center for our “Outstanding Contributions to Franklin Elders” in June of 2017. The collaboration between the Senior Center and the Housing Authority make both departments stronger and better equipped for the challenges the elder population faces. Sincere thanks to Director Karen Alves and her staff for all of the services you offer Franklin Seniors.

Modernization of the Franklin Housing Authority Properties

A Contract for Financial Assistance from the Department of Housing & Community Development (DHCD) for the purpose of repairing components of the aged agency for their fiscal year ending June 30, 2017 was awarded to the FHA. Several projects were completed using this very timely and important funding including roofs, flooring, asphalt repairs and drain pipe replacement. In addition, a project for asbestos abatement was completed. Completed projects for this fiscal year exceeded \$340,000.

High Leverage Asset Preservation Program (HILAPP)

The Department of Housing and Community Development has offered a modernization program for Housing Authorities that are able to acquire funding through another source other than DHCD. In collaboration with the Municipal Affordable Housing Trust (MAHT), whose mission is to foster the availability of low income homes within the Town, FHA was able to obtain a grant through this program due to funds pledged by MAHT. This project is slated for the rehabilitation of 40 units of senior/disabled housing. The project proposes to include window replacement, flooring, bathroom & kitchen upgrades, storm doors and possibly roofs if funding is adequate. The HILAPP project is currently in the design phase and construction is expected to begin in early 2018. Many, many thanks to Chairman, Christopher Vericker and all the Members of Franklin’s Municipal Affordable Housing Trust for their generous contribution that qualified Franklin Housing Authority for this project grant.

FHA Property

The Franklin Housing Authority manages 161 units of State Aided Elderly/Disabled Housing, 33 units of low income Family Housing and an two 8-unit Group Homes. Additionally, the Housing Authority is responsible for a four-bedroom congregate facility. This program provides a shared living environment for its residents who maintain private bedrooms. Congregate housing was established for residents who are self-reliant, however may need limited support.

Franklin Housing Authority also owns two single family homes and one duplex in Franklin. These properties are reserved for lease to low-income persons and afford these families the opportunity to live in a residential neighborhood.

Our new Group Home falls under Chapter 689 and was completed late in 2016. This house is reserved for clients of the Department of Development Services and is located

on Plain Street. We were please to dedicate this house to two long time FHA supporters. Mildred Murphy was the Executive Director of FHA for 21 years ending her career in 1995. Along her side was a dedicated woman who shared Mildred’s goal to create additional low income housing within Franklin. Commissioner Grace Rosa held a position on the FHA Board for 25 years and resigned in 1995 as well. Together, these two determined ladies, along with the other Members of the FHA Boar, succeeded in creating an additional 98 units of Public Housing within Franklin during their tenure. We are honored to call our new building the Murphy-Rosa House.

Bi-County Collaborative

The students of Bi-County Collaborative have completed their fourth year in assisting with grounds and janitorial services at FHA during their school year. These wonderful students work hard to sharpen their skills that could be used in their future employment opportunities. While doing so, their assistance supports our maintenance department staff in helping with the work load. Sincere thanks to Bi-County Collaborative for this ideal program.

Special Events Noted with Appreciation

Rotary Club members served their annual spaghetti dinner to FHA residents and area seniors complete with all the fixings. John R. Padula was the head Chef and also provided some entertainment along with his brother Tony Dale. Rotary members cooked, served, entertained and picked up after. Rotarians always comment that the smiles and the kind words of appreciation received make their time and efforts very rewarding.

Special Thanks

The Board of Commissioners, Staff and Residents of the Franklin Housing Authority wish to express their thanks and appreciation to the following:

- The Clergy, a continuous support and comfort in the time of need and always.
- Franklin Senior Association Members:
Suzanne Wade, President
Linda Doonan, Vice President
Joyce Hutchinson, Treasurer
Evelyn Pelletier, Secretary
This Association plans pizza parties, holiday gatherings, morning coffee and donuts, card parties and many more events for the enjoyment of all Franklin Seniors.
- Chairman Bob Vallee and all of the Franklin Town Council Members, Town Administrator, Jeffrey Nutting and Deputy Director Jamie Hellen and their staff for their continued support and assistance.
- Franklin’s Municipal Affordable Housing Trust for their generous donation in support of our senior housing units. Also tanks for having the same goal as FHA in providing affordable housing to people of lower income.
- Council on Aging, Veterans Agent, SHINE

Program and Food Pantry for assisting residents with health care concerns and working with the Authority to recognize needs and provide activities, nourishment and specialized services.

- Franklin Police Department, Police Chief Lynch and the entire Franklin Police Department for continuous concern, attention and response to the needs of the Authority and its Residents.
- Franklin Fire and Rescue, Chief Gary McCarraher and his Department are always professional and respectful when assisting our residents during a medical time of need.
- Senator Karen Spilka, Senator Richard Ross, Representative Jeffery Roy for their relentless support of the Housing Programs and Bills with the best interest of our residents at heart.
- Governor Baker for his support of Massachusetts public housing.
- Norfolk County Sherriff's Department and Sherriff Michael Bellotti for including FHA in their inmate community service program and professionalism during evictions.
- Dean Bank and its' President and CEO Kevin R. Goffe for the generous donation to our Senior Community Hall for the benefit of our residents.
- Bi County Collaborative for the work the students do at the FHA to assist us with upkeep and for maintaining our Little Free Library.
- Saint Mary's Church, Friends of Franklin and Saint Vincent de Paul for supporting our residents during exceptional times of need.

Through the years, the community and the housing authority are finding ways to improve the quality of life for our area seniors, disabled persons and low-income families. With the support of the Commissioners and the community, the Franklin Housing Authority continues to be a great, safe and affordable community living opportunity.

ANNUAL REPORT OF THE HUMAN RESOURCE DEPARTMENT

The primary function of all departments of the Town of Franklin is Customer Service. To support this, we work to hire and retain the best employees possible. The Human Resources Department provides Customer Service primarily to applicants, active and former employees and retirees.

During this fiscal year turn-over of staff has been high as we continued to see a transition in staff. Baby boomers retired and some employees have moved on to new positions outside Franklin.

Three (3) Clerical staff, two (2) Custodians, four (4) Dispatchers, two (2) DPW workers, two Patrol Officers, four (4) Firefighters, and three (3) members of the professional staff resigned or retired. We were very sad to have one of our Full-Time Fire Dispatchers pass on unexpectedly.

We were fortunate to be able to hire well qualified individuals as clerks (2), custodians (3), DPW workers (2), Dispatchers (4), Firefighters (5), experienced Patrol Officers (3), professional and support staff for various departments (4) as well as a new Youth Services Librarian. Hiring includes a transition of management in the Human Resources Department. As the fiscal year ends we are also finalized the hiring over thirty (30) high school and college students to work in temporary jobs or the summer in DPW or Public Facilities, working with full time staff to cut grass, pick up trash, move furniture, and clean classrooms. They learn a bit about what it takes to care for the Town schools, public buildings, and grounds, and provide a valuable service.

There are many conversations about benefits with new hires, and questions continue throughout an employee's time with the Town, as their lives change, and contact continues into retirement.

In addition to the mandatory participation in Norfolk Retirement System, the Town offers:

- Life Insurance
- Health Insurance
- Dental Insurance
- Section 125 Flexible Spending Accounts
- Short and Long Term Disability plans
- Section 457 Savings Plans

Health Insurance continues to be a major focus of planning, budgeting and communication. Federal Health Care Reform, also known as the Affordable Care Act (ACA) has had a significant impact on our health insurance program and premiums as it includes per capita fees for a national study commissions. Uncertainties about what will happen on the Federal level causes many to ask what they can expect for coverage in the future, but that is not something we can predict. Other than wages and salaries, it represents one of the largest single costs to the Town. The reporting requirements for this new mandate are extensive and complex. We work closely with the Comptroller's Office to be sure records for each individual are correct, as they become a part of reporting to the IRS.

All employees, other than Police and Fire, are covered by Workers' Compensation, a federally mandated program. Our goal is to prevent accidents and lost time from work, and to protect individuals from financial loss when there is an incident. This "no fault" insurance is designed to provide income security and medical coverage for individuals injured on the job. Since July 2011, the program has been insured with MIIA. Human Resources continues to ensure that incident reports are filed timely with Worker's Compensation. We are now able to file

claims “on line” to get them set up quickly so employees are treated and claims processed quickly. Employees who have needed to use the services report a strong and positive experience working with claims managers. We also work with managers and employees across the Town to support safe work practices, so that the frequency and length of workers’ compensation and 111F absences are held to a minimum. The number and severity of incidents has been reduced significantly and we appreciate the work of all employees who practice safe work habits. Our goal is to get each employee back to their job as quickly as they can perform their tasks safely. There is no benefit to anyone who needs to be out for a work related injury.

The Town of Franklin Safety Committee monitors practices and policies, with an eye to reducing hazards at the worksite. In the future, this committee will be under the arm of the Deputy Town Administrator.

We provide benefits that are competitive with the market to attract and keep the right workforce and provide those quality benefits at the lowest cost possible.

We review all benefit programs on a regular basis to be sure they comply with Federal and State laws. We continue to work to comply with all new reports and regulations. Over the coming year this will continue to add complexity as we coordinate changes at the Federal level with state regulations, or locally negotiated agreements.

We provide benefits that are competitive with the market to attract and keep the right workforce and provide those quality benefits at the lowest cost possible.

In addition to active employees we are responsible for over 550 retirees and spouses of retirees of the Town of Franklin and Franklin Public Schools who have health and/or life insurance as a result of their long-term employment with the Town.

All retirees from the Town and School Department are cared for in the Human Resources Department. Retirees contact our office with changes to their health insurance programs as they move around the country and become eligible for Medicare. We enjoy hearing about their activities after they have left employ with the town. As retirees are a very mobile population, it is our goal and mission to assist all retirees and their covered spouses with any questions they might have which includes the processing of all of their enrollment, coverage and address changes on a daily basis. They receive mailings each year as health insurance plans and rates changes.

As we begin the next year our goals include:

- Complete the successful transition for the new Human Resources Manager. A new perspective will bring new opportunities to deliver services.
- Seek opportunities to streamline processes and reduce paper processes while remaining in compliance with state and federal requirements.

- Work with all departments to maintain a safe work environment, to reduce lost time from on the job injuries.
- Review return to work options for employees who have been out on Workers’ Compensation or 111F.
- Review best practices in the public sector and find opportunities for skill development to offer to municipal employees.
- Continue to monitor changes arising from National Health Care Reform.
- Identify the various workload activities, and ensure proper documentation and training.
- Partner with School HR activities to find service improvements and cost-efficiencies.
- Deliver high quality customer service to employees, retirees, and citizens.
- Constantly monitor full range of benefit options. Focus on the Health Insurance Program.
- Identify information which can be best communicated electronically and keep web site current.
- Provide excellent service to and resolve administrative issues arising from municipal health insurance program.
- Facilitate managers using job descriptions and performance evaluations to strengthen organizational and employee performance.
- Support managers and employees in employee relations activities.

We appreciate our employees and retirees and look forward to another year of providing timely and useful service to them.

It has been my pleasure to serve the Town as Human Resources Director, and wish all well in the coming years.

Respectfully submitted

Stephanie Lutz
Human Resources Director.

INSURANCE ADVISORY COMMITTEE

Each of the municipal and school unions, as well as retired employees has a seat on the Town of Franklin Insurance Advisory Committee. It provides recommendations to the Town Administrator on health and dental plans. Meetings are an opportunity for employees from the unions to learn about insurance products, industry trends, and to help identify ways to meet employee needs within the framework of the Affordable Care Act, Massachusetts General Law, a changing health care environment, and available financial resources.

With the Affordable Care Act continuing to evolve or be replaced, we anticipate changes, administrative challenges, and premium increases in the coming years.

After several meetings to discuss claims trend and customer service questions, the various plans were modified modestly and renewed with Tufts with less than a 1% increase to HMO premium, the plan that covers 95% of our non-Medicare eligible employees. This saved employees and the Town significantly. We will monitor claims and medical trends to share with the IAC in the coming year and continue to work to provide the best benefit possible at the best rate available..

The Town continued a Health Reimbursement Arrangement to help offset hospital in patient costs. We are happy to report that few of our employees required an overnight stay in the hospital.

The Town provides dental benefits on an employee paid basis. The Committee again selected Guardian Life Insurance as the provider for its dental plan with no increase to premiums. Approximately 300 employees have elected this benefit.

The Flexible Spending Account vendor was retained. This vendor provides debit cards for employees to use for immediately payment. Employees can avoid an additional out of pocket expense by using the cards. The plan runs on a September 1 through August 31 calendar to more closely coordinate with the Health Insurance Plan and with the school year. We hope the participation in this plan will grow as employees recognize the tax savings available to them, and become more experienced in planning for medical and dependent care costs. Since this program exists on a pre- tax basis, changes at the federal level may cause plan changes. We will monitor any activity about Sec. 125 of the Tax Code to ensure we remain in compliance.

Participants on the IAC consistently brought good questions to the process and have been very effective in exploring alternatives, and making recommendations. We appreciate their willingness to do what it takes to manage the benefits and costs. The insurance environment continues to evolve and it seems inevitable that costs will continue to rise. In the coming year we hope we will be able to reach out through the IAC committee to other employees so that there is wider understanding of benefit plans.

Stephanie Lutz
Human Resource Director

**ANNUAL REPORT OF THE
OTHER POST RETIREMENT BENEFITS
(OPEB) TRUST COMMITTEE
2017**

The OPEB Trust was established to help meet the town's obligation of funding current and future retiree's health Insurance. The town provides health Insurance for both

active and retired employees by generally paying 68 percent of the active and retiree's health insurance plan while the employee pays 32 percent of the cost. There are a few employees and retirees that share the cost a 50/50 split and some retired teachers that are "grandfathered" that the town pays 85 or 90 percent of the cost.

When retiree reaches age 65 they enroll in Medicare and town provides a supplement plan at the same ratio as mentioned above.

Every two years we have an actuarial study to determine our unfunded obligation

As of 6/30/2017 the unfunded liability was \$72 million dollars. As of 6/30/17 the amount of funds set aside in the trust \$3,325,974. Currently the town appropriates approximately 10% of its annual Free Cash plus as an annual appropriation in the budget of \$500,000. We have asked the Town council to increase the annual appropriation by \$50,000 per year.

These efforts are a good faith attempt to meet our obligation without compromising all the other the services provided to the citizens of Franklin. Once our unfunded pension obligation is paid off in 2032 we should be able to commit several million dollars a year to meeting our underfunded OPEB obligation.

Respectfully submitted,

Jeffrey D. Nutting
Chair OPEB trust

**ANNUAL REPORT OF THE
RECREATION DEPARTMENT
275 Beaver Street
Franklin, MA 02038**

<http://www.franklinma.gov/recreation-department>

The Recreation Department is located at 275 Beaver Street, Franklin MA 02038. The Recreation Department offers Franklin residents a variety of programs and activities for youths and adults, as well as coordination of youth sports organizations field use. The department operates and schedules activities for Chilson Beach at Beaver Pond, Fletcher Field, Dennis Pisani Field, Henry "Ski" Faenza Tot Lot (Nason Street Tot Lot), King Street Memorial Field, Dacey Community Field, and Meadowlark Lane Athletic Fields. The department is also responsible for scheduling the use of all school athletic fields during the summer months, when school is not in session. Our department works closely with the various town youth sports organizations and Athletic Director Tom Angelo to schedule all youth sports activities around the high school team practices and games.

Chilson Beach

Chilson Beach was open from June 25-August 19, 2016 with a swim at your own risk policy. No lifeguards were

on duty. However, we staffed the beach with gate guards to check for residency as the beach remains Franklin residents only. The pond was home to canoeing, kayaking, swimming, fishing, and hiking. On the turf field at Beaver Pond, we continue to permit soccer, field hockey, flag football, pop warner football and boy's lacrosse. The turf field was used for the Franklin Recreation Department's NFL Flag football, Franklin Pop Warner football, Franklin Youth Soccer, and Franklin youth boys lacrosse, as well as yoga for senior citizens, tai chi, boot camp, and many other recreational activities. A portable recycled plastic walkway is on site for handicap accessibility to the water edge and playground area. The Franklin High School soccer, lacrosse and field hockey programs play all of their home games on the turf field as well. At the time of this publication, the turf field was being resurfaced.

Recreation Programs

Summer Camp

An eight week summer camp was held at King Street Memorial Field from June 22-August 14, 2016. The program hours were Monday-Friday from 8:30 am to 3:30 pm daily. Activities included: organized games, arts and crafts, water activities, sports, and weekly field trips. The 8 weeks featured camp shirt tie dye on Tuesdays, field trips on Wednesdays, a giant slip and slide/water slide every Thursday, and Pizza day Fridays. The program grew this summer to over 1,322 registrants.

The Franklin Summer Camp Directors this year were Paul O'Donoghue and MaryBeth Byrne. The Franklin Summer Camp staff included: Allison O'Donoghue, Nicole Williamson, Amy Trottier, Jakob Herlitz, Nicole Ellin, Emily Allard, Aiden Gilbert, Jacob Davis, Erin Connelly, Kyle Collins, Dominic Girdini, Holly Shumway, Megan Rogers, Beth Neal, Caroline Maguire, Joe Corsi, Colin Berg, Alanna Lynch, Katherine Donoghue, and Julia Hogan

Youth Basketball Program

The Youth Basketball program continues to grow and now involves over 1,250 children, 139 teams, 217 coaches, and utilizes every school gymnasium in town. The Recreation Department expanded its basketball program to include High School aged kids in 2012, and has grown to offer this intramural basketball program 3 seasons a year (Spring, Fall and Winter). This intramural program gives kids in grades 9-12 a chance to continue playing pick up basketball on Saturday nights. The program utilizes school gyms at Parmenter, Davis Thayer, Horace Mann Middle School, Remington Elementary, J.F. Kennedy School, Keller Sullivan Middle School, and Franklin High School auxiliary gym.

This year the youth basketball program ran from November 9th-March 1st on Saturdays. The FYBL is divided into ten divisions: Kindergarten (co-ed), 1st & 2nd Grade Boys, 1st & 2nd Grade Girls, 3rd & 4th Grade Boys, 3rd & 4th Grade Girls, 5th & 6th Grade Boys & 5th & 6th

Grade Girls, 7th & 8th Grade Boys, 7th & 8th Grade Girls and High School Intramural division.

This year, our coordinators were Dave Angermeier 3rd & 4th Boys, Rich Atwood 3rd & 4th Girls, Bob Pingeton 5th & 6th Girls, Mark Eccher 5th & 6th Boys, Rick Power 7th & 8th Girls, Tim Saunders 7th & 8th Boys, and Mike Vinson High School Intramural League. It is because of these individuals and the volunteer coaches, that this program is a success. The K-4th grade leagues are set up as a non-competitive learning experience for the children with the focus on fundamental basketball skills. Grades 5th-8th grade basketball leagues start to teach the kids different rules, zone defense, pressing, and traits of competitive basketball. Ten players are drafted to each team and games are played weekly on Saturdays. Participation trophies are awarded to all Kindergarten through 4th grade players, and a "break-up" pizza party is held for all K-2nd grade players after the final game of the season.

Pee Wee Baseball

The Pee Wee Baseball program is an introductory baseball program for children ages 4-6 years old. It was created in 1999 by Director, Ryan Jette. Since then, the program has grown to over 280 kids in the spring tee ball program. Taking his lifelong baseball coaching experience coupled with past employment with Major League Baseball International, Ryan created a beginners baseball program that teaches kids the proper techniques of hitting, fielding, base running and throwing. This fun league features 4 practice sessions and 10 controlled games. The use of tees, soft bats and spongy balls make this program a safe and enjoyable start children ages 4-6 years old. Tax workout volunteer Paul Haggstrom will be on site to help set up and organize the scrimmages, and support the volunteer coaching staff.

Opening day march through town

Kid Care Babysitting

The Recreation Department continues to offer this 6-hour training program for kids ages 11-16 years old. Head instructor Kelley Brooks teaches kids the business of babysitting while coordinating lectures on childcare, fire and police safety, nutrition, and diapering. Classes were offered monthly throughout the year and over 100 kids were introduced to the business of babysitting.

Kid Care Babysitting

Caring for Kids for Over 16 Years!

NFL Flag Football

The Recreation Department teamed up with the NFL to bring this non-contact flag football league to kids aged 6-14 years old. 502 kids signed up to play each Tuesday & Thursday evening at the Beaver Pond Turf Field. Reversible NFL game jerseys, playbooks, belt/flag setup and access to the NFL Kids website gives kids the opportunity to follow their favorite player or team. Players learned the fundamentals of throwing, catching, running and teamwork. Punt, pass, and kick competition will allow kids to showcase their skills in a competition against area youths. This program continues to be one of the best programs the Recreation Department runs.

Tennis Program

The youth tennis instructional program was offered at the Franklin High School tennis courts. The two six-week program was under the supervision of Kim Carney. Classes during the winter were run at the Adirondack Club and classes run in the summer were run at FHS

tennis courts. Tuesday evenings through Thursday evenings for all skill levels.

Over 108 children and adults participated in our tennis program.

Golf Lessons

The Recreation Department expanded the golf lessons offered into the summer months, by offering a full or half day camp in the summer. The Recreation Department, in conjunction with Golf Professional, Mark Copithorne, offered Adult and Junior Golf instruction at the New England Country Club in South Bellingham. The lessons covered all aspects of the game of golf (putting, chipping, bunkers, irons, and woods). Registrants met one day a week for 6 weeks to practice their skills. Lessons were offered during the summer and fall season for over 289 residents attending. Express 2 day lessons were offered over April Vacation. Participants enjoyed playing the course following the six-week lesson to see what they learned.

Girls Lacrosse

The Recreation Department has been running the Girls lacrosse program since 2005. The program has grown from 28 girls to over 280 girls. In 2017, our teams participated in the Founders League. This league provided better competition for our growing players. There were 3 teams at the 1st-2nd grade division. There were 3 teams at the 3rd & 4th Grade division. There were 3 teams at the 5th & 6th Grade level. And there were 2 teams at the 7th & 8th Grade level. All levels had successful seasons and played in 8 regular season games. Franklin Girls Lacrosse is one of the largest girls' lacrosse programs in the area.

ArtVenture Afterschool Studios

After being without an art program for nearly two years, the Recreation Department recently hired a new art instructor, Anne Marie Tracey in March. 100+ children from Pre-k to Middle School have signed up to take one of the many diverse art programs. ArtVenture Afterschool Studio, Artventure Preschool Studios, Art Inspired by Cake Bar, and Art Summer Camp. All art programs are held at the Recreation Department.

Preschool Programs

Our Preschool classes are held in the mornings from 9:00am to 11:30am. The Recreation Department has four certified preschool instructors on staff. Gretchen

McAuley & Lisa Freiwald are the two science instructors. Approximately 228 children sign up for the year round preschool science programs. Little Engineers, Mad Scientist, The Amazing Body, Travel Through Space, Science for Seedlings, and the Science, Engineering and Math Camps just to name a few. The science classes are taught once a week for seven weeks. Kelley Brooks and Nicole Nesbit are our other two certified preschool instructors. Kelley and Nicole teach our First Friends programs; Exploration Station, First Friends, First Friends Lunch Bunch and More Fun with Friends. They hold class's everyday, Monday through Friday and yearly roughly 440 children sign up to take their programs.

Girls Field Hockey

Franklin Recreation offers girls youth field hockey in many formats throughout the year. The fall (August-October) are usually the months that the field hockey leagues run (K-2 grade in house, 3-8 grade travel league). School vacations (Feb-Apr), Summer (Jun-Aug) are usually the times Lisa Cropper runs camps and introductory clinics. We work closely with the FHS program Head Coach Lisa Cropper to coordinate clinics, field usage, games. The K-2 division, an in house program features practice sessions and some in house small sided games. The 3rd & 4th grade team will play some scrimmages/games against area teams (probably 4-6 games). The 5th & 6th and the 7th & 8th grade teams will play in the Walpole League with 8 games vs. surrounding towns. 200+ girls comprise eight teams for the fall Field Hockey League.

NHL Street Hockey

2017 Street Hockey champs

This summer, our street hockey program was very popular with over 120 kids and 8 NHL teams represented. We hold a skills clinic for the first four sessions to evaluate the player skills. Then, we break them up into equal teams so that games will be fair and fun for all. Teams play twice a week, Monday and Wednesday's. Jack Geromini is the league coordinator with the help of FHS hockey team players. Our Street Hockey program participates at Fletcher Field basketball courts.

Recreation Advisory Board

The Recreation Advisory Board's purpose is to assist other town agencies in meeting the recreational needs of the community. The Board works closely with the Director of Recreation, the Town Administrator, the Department of Public Works Grounds Division, and the Athletic Director. The Recreation Advisory Board also advises the Town Administrator, Finance Committee, and Town Council regarding the expenditure of monies from the Fletcher Fund. The Recreation Advisory Board meets monthly to discuss issues pertaining to youth recreation, development of additional playing fields, field dedications, and spring/fall field allocations.

During the past year, the Recreation Advisory Board worked on the following:

1. Advised Public Works regarding safety concerns of fencing at Dacey Field, Fletcher Field and recommended replacement fencing.
2. Completed the conflict of interest law examination and submitted to Town Clerk.
3. Reviewed and commented on the 2015 Open Space and Recreation Plan.
4. On-going discussions with Public Works on our successful trash and recycling program for public facilities.
5. Reviewed and accepted all field permit applications with assistance from Director of Recreation.
6. Monitor capital projects at DelCarte Recreation Area.
7. Advised Director of Recreation on Fletcher Tot Lot components.

Goals of the Recreation Advisory Board

- Development of multi-purpose facilities in various locations of town.
- Continued partnership with the Department of Public Works Grounds and Maintenance Division, and their efforts to maintain all town and school fields.
- Bring all recreational facilities into compliance with Americans with Disabilities Act, making facilities accessible to all users.

Members of the Recreation Advisory Board are: Chairman; Wayne Simarrian, Larry Pollard, Mark Echer, Kinjal Patel, and Robert Dellorco.

Ex-officio members include: Jeff Boudreau, FYBO, Bjorn Dragsbaek, FYSA, A.J. Grant Pop Warner Football, Gail Hamilton, Franklin Girls Softball, Pete Davis, Franklin Boys Lacrosse, and Tom Angelo, FHS Athletics.

ANNUAL REPORT OF THE MUNICIPAL AFFORDABLE HOUSING TRUST

The Municipal Affordable Housing Trust Fund was formed to create, preserve, acquire, finance, refinance, renovate or construct property within the town of Franklin so that such property will be substantially available as residential property for low and moderate income persons and to further provide mechanisms to ensure such use.

This past year, the Trust continued its program of purchasing homes, rehabilitating them, and selling them as affordable. This year, 172 King Street was added to the program and was sold to an income and asset qualified household and added to the Town's subsidized housing inventory.

Two affordable houses, 9 Leanne Way and 32 Brandywine Road, were resold to income and asset qualified households, therefore keeping them in the affordable housing inventory.

The addition of 287 Glen Meadow Apartments to the Subsidized Housing Inventory puts the Town comfortably situated at 11.89% of its housing stock as affordable by State law. This number is significant because it allows the Town the ability to challenge 40B projects that it feels are not in the best interests of the Town and its neighborhoods.

The Town Council voted to give the Trust 17 acres of land behind the High School and Eaton Place to be used for new senior housing. The Trust voted to issue a Request for Proposal to build the additional senior housing. The RFP was awarded to JNJuhl & Associates whose plan would be to produce 50 to 60 units of senior housing. The project is expected to take several years to complete.

We look forward to the coming year with hopes for the continued production of affordable housing in the Town of Franklin.

It is our pleasure to submit this report for your review.

ANNUAL REPORT OF THE FRANKLIN SENIOR CENTER FOR FY 2017

The Franklin Senior Center

The Franklin Senior Center is located at 10 Daniel McCahill Street and is open Monday through Friday from 8:30 a.m. to 4:00 p.m. The Center provides programs,

services and activities along with outreach, information and referral to serve the needs of older adults, people with disabilities and their families. Social services assistance is available to all adult residents in Franklin.

The Senior Center offers health screening and wellness, nutrition, social service coordination, socialization, recreation, transportation, educational programs, a supportive day program, respite care and volunteer and intergenerational opportunities.

The Center's mission is to enhance the independence and quality of life for Franklin's older adults by:

- Identifying the needs of this population and creating programs that meet those needs.
- Offering the knowledge, tools and opportunities to promote mental, social and physical well-being.
- Advocating for relevant programs and services in our community.
- Serving as a community focal point for aging issues and as liaison to local, state and Federal resources for older adults.

Highlights

Construction on the expansion of the Senior Center's second floor and repurposing of rooms on the first floor was completed in March of 2017. Over the course of the construction, some rooms were unavailable and several activities were temporarily cancelled. The parking lot was also expanded to accommodate increased usage and a street sign was posted on the additional space commemorating it in memory of Stella Jeon, a much loved COA member.

Dedication of Stella Jeon Way (left to right): Alice Bonner, Secretary of Elder Affairs, Franklin Town Council Members, Tom Mercer, Debbie Pellegri, Glenn Jones, Matt Kelly, Andy Bissanti, Judith Pfeffer; State Representative, Jeff Roy, and State Senator, Richard Ross.

The newly expanded Senior Center boasts a large multi-purpose room, new conference room and game room, and a larger gift shop, cafe and craft room. There is also a room with fitness equipment and the newly dedicated Stella Jeon Assistive Training Center for those with low vision. The Senior Center received a 2-year grant from the Massachusetts Association of Councils on Aging to establish the Assistive Training Center, which provides training on equipment and services to help those who are blind or have low vision.

As part of this program, the Center offered the Essential Skills course taught by the Carroll Center for the Blind. This 7-week course teaches independent living skills for those who are legally blind and low vision. Classes were taught by a Certified Vision Rehab Therapist and an Occupational Therapist.

The Center completed its first year of a consortium grant (with 5 other towns) to provide elder mental health services through a licensed mental health clinician, who offered short-term interventions, assessments, crisis interventions and referrals for older adults facing mental health challenges. This grant was provided by the Executive Office of Elder Affairs and the Massachusetts Association of Councils on Aging. The clinician saw 20 older adults in Franklin and provided 1,231 units of service.

The Center also collaborated with Riverside Community Services to host a series of classes for Yoga with Cognitive Behavioral Therapy. We introduced Reiki, Staged Reading classes, Cornhole, Line Dancing, Pool Instruction and offered a mobile shredding event.

Caregiver Support

The Senior Center provided the following programs to support caregivers and their loved ones:

- **Supportive Day Program**, “The Sunshine Club” offers a structured, stimulating day program for frail elders, and respite for their caregivers. Program participants enjoy fun activities, socialization, and gentle exercise and share a meal.
- **Companion Caregivers**, an affordable, in-home service that provides a trained, vetted companion for frail elders and respite to their caregivers.
- **Caregivers Support Group** meets biweekly and is facilitated by two moderators who have completed a training program with the Alzheimer’s Association.
- **Memory Café** is a place for those with Alzheimer’s or a related dementia and their care partners to socialize.
- **Lectures on Caregiving** included *Conversations About Dementia*, presented by the Alzheimer’s Association.

Health & Wellness Programs

Healthy Aging is a process that promotes healthy activities and behaviors with a goal of reducing disease and disability. The Franklin Senior Center wholly encourages Healthy Aging through our Health and Wellness Programs.

The Center provided chronic disease self-management, fall prevention, physical activity, healthy eating, social connection and community engagement through the following activities:

- **Health Clinics:** Blood Pressure, Blood Sugar, Podiatry, Flu Vaccinations, and Vision & Hearing screenings.
- **Evidence-based programs:** Developed through rigorous research, these programs provide clear benefits with measurable outcomes. This past year

we offered two programs, *Chronic Pain Management* and *Healthy Eating for Successful Living*.

- **Fall Prevention:** This year our Wellness Nurse offered a 6- week Balance Class to address balance instability and muscle strength. Home Safety Assessments evaluate elders’ homes to determine if the risk for dangerous falls can be reduced. Based on this evaluation, installation of grab bars and adaptive devices are provided free of charge.
- **Fitness:** Cardio Tone & Stretch, Zumba, Yoga, Tai Chi, Chair Exercise, Walking Club, Bocce, Chair Volleyball, Line Dancing and Meditation were offered.
- **Support:** Low Vision, Weight Loss, and Caregivers Support Groups; individual consultations with our Health & Wellness Nurse.
- **Education:** Monthly presentations such as *Coping with Grief & Loss*, *How to Eliminate Clutter & Find Peace*, *How to Enjoy the Holidays without Stress*, *Smiles for a Lifetime (with oral cancer screening)*, and *Five Wishes, an Advanced Directive*.

Outreach/Social Service Coordination

Assistance in obtaining housing, employment, home care services, tax abatements, long-term care placement, prescription drug programs, as well as food stamps, fuel assistance, Mass Health, and Supplemental Security Insurance by the Center’s Social Service Coordinator. The Coordinator assisted Franklin’s adult residents regardless of age, and made home visits to homebound residents.

The Senior Center also offered a monthly legal clinic, and the SHINE (Serving the Health Insurance Needs of Elders) program, which provided assistance with health insurance questions and problems for 153 elders last year.

AARP provided free income tax preparation at the Center along with our volunteer. Assistance was provided for 143 individuals last year. We also provided assistance in completing Circuit Breaker Tax Credit returns for 47 elderly residents, resulting in \$45,120 in senior tax relief.

Nutrition

The Center’s Café offers a nutritious, affordable meal, along with the opportunity to make new friends. The Café is staffed with volunteers who are sociable and welcoming, which makes it a great place to enjoy friendly conversation and good company. The Center also hosts monthly social events with live entertainment and a 3-course meal. Last year, 18,154 meals were served in the Café.

Transportation

Franklin provides para-transit services for elders and those with disabilities through GATRA, the Greater Attleboro Taunton Regional Transit Authority. GATRA provides accessible transportation through Dial-A-Ride, which provides door-to-door service, within Franklin or out-of-town within a 15 mile radius. GATRA also offers

the Franklin Area Bus, a fixed-route bus through town, which is available to all residents regardless of age.

Long distance transportation for medical appointments to Boston and other destinations is also available through GATRA. GATRA transportation can be scheduled by calling 1- 800-698-7676. GATRA also offers a service called the Tri-Town Connector, which takes riders from Franklin to Patriots Place Marketplace and Medical Centers in Foxboro.

Franklin Council on Aging members (left to right), Ken Norman, Chair, Lester Quan, Bob Crowley, Ron Higginbottom, Lyn O'Brien, Mary Hick, Barbara Deely, Gail Chirdon, Suzanne Wade, seated.

Educational Programs

This year, the *Stella Jeon, Dean College Lecture Series* featured a lecture on *Social Movements* by Professor Kristin Holister and a lecture by Daniel Kozar, Director of Theater, about Stephen Sondheim along with a viewing of the play *Into the Woods*, by Sondheim at the Dean College Theater.

The Senior Center also hosted a lecture by Professor Gary Highlander entitled “The Declaration of Independence” and an elder law presentation entitled, *Taking Control of Your Future* sponsored by the Massachusetts Bar Association.

The Center provided instruction and educational programs in many areas of interest including the following:

- *Computer, Tablet & Smart Phone Instruction*
- *Line Dancing*
- *Italian & Spanish Conversation Group*
- *Current Events Discussion Group*
- *Genealogy Workshops*
- *Painting Instruction*
- *Woodcarving Instruction*
- *Knitting & Quilting Instruction*
- *Arts & Crafts Instruction*
- *Writers Group – Senior Scribblers*
- *Staged Reading*
- *Book Discussion Group*
- *Cribbage Instruction*
- *Mah Jong Instruction*
- *Smart Driver Classes*
- *Art Appreciation Classes*
- *Chess Instruction*
- *Ted Talks*

Social and Recreational Programming

Prolonged social isolation can increase the risks of functional decline and death of older adults according to the AARP. The Senior Center encourages social engagement by offering a variety of social and recreational opportunities, such as: cards, board games, arts & crafts, bingo, pool/billiards, movies, educational programs, a chorale group, and day trips. This past year, we offered trips to the Norfolk County Correctional Center and the Dedham Courthouse. We also host an annual Veteran’s Breakfast, a Nonagenarian Luncheon and a Tea Party with the Senior Scibblers.

Friends of Franklin Elders

The Friends of Franklin Elders, Inc. (FOFE) is a private, non-profit organization, which was founded to assist the Franklin Senior Center with funding. The Friends supplemented town funding for the Senior Center by funding programs, services, and equipment. FOFE generously supported salaries for our Grill Cook and Health & Wellness Nurse, along with funding our Volunteer Luncheon, Veteran’s Breakfast, and entertainment for our social events. The FOFE also purchased two Kiosk Carts for a makeshift Gift Shop when we were undergoing construction.

The Friends also publish our monthly newsletter, *The Franklin Connection*. In collaboration with the Benjamin Franklin Charter School, FOFE provides gifts to 40 homebound elderly residents during the holiday season.

Tax Work-Off Program

The Tax Work-Off Program in Franklin provides senior homeowners aged 60 and over with a credit of up to \$1,000.00 off their real estate taxes for working in various town departments at the minimum wage. These earnings are deducted from their real estate taxes, providing much needed tax relief to elders, while supplying the town with skilled workers. In 2016, 90 participants worked for a total of 8,188 hours at a total cost of \$79,978. Senior workers were placed in the Library, Treasurer/Collector’s office, the Recreation Department, the DPW, the Assessors’ office, the Planning Department, Building/Inspection office, the Senior Center and several schools.

Conversations at the Veteran’s Day Breakfast.

Volunteers

Volunteers are essential to the daily working of the Senior Center. They generously offer their time to provide assistance in our gift shop, café, Supportive Day Program, as instructors, and in many other capacities. Last year, 127 dedicated volunteers contributed 6,748 hours of service to the Senior Center.

Our volunteers are recognized for their commitment to service at our annual Volunteer Recognition Luncheon, which is generously funded by the Friends of Franklin Elders. The Council on Aging recognizes a local organization that has helped elders in our community with a Community Service Award. The Franklin Housing Authority was awarded this year for their efforts on behalf of elderly and disabled citizens.

Children from the Early Child Development Program enjoy a sing-along with the Silvertones Choral Group.

Intergenerational Activities

Intergenerational activities provide a bridge for both young and old to connect and learn from each other's different perspectives. These activities enrich both participants and help stem age-related stereotypes. That both groups thoroughly enjoy the interactions is evident by the hearty laughter they share when they meet.

Students from the Horace Mann Middle School offered biweekly instruction for elders in using tablets and smartphones. They also shared a Poetry Day at the Center, reciting poetry and sharing information about the authors.

National Honor Society students at Franklin High School hosted their annual *Spring Fling* for seniors with a free luncheon, entertainment by talented students, and generous raffle prizes which the students solicit from local merchants. Xavarian High School students interned at the Senior Center, providing assistance as needed and our Supportive Day Program enjoyed monthly visits with students from the Early Child Development Program.

Amenities

Some further conveniences offered at the Senior Center include:

- Hairdresser/Barber/Manicurist
- Ben's Bounty, Gift Shop

- Computer Lab
- Free Medical Equipment Loans
- Franklin Connection Newsletter
- Free Use of Fitness Equipment
- Low Vision Video Magnifiers
- Free Movies
- Pool Table
- Library

Funding

The Center's total funding from all sources was \$386,166 last year. When broken down, this includes 48% from the Town's General Fund, 32% from the Town's Revolving Funds, 11% from the state's Elder Affairs grant, 6% from the Friends of Franklin Elders and 3% from the MA Association of Councils on Aging.

In Appreciation

The Franklin Council on Aging and Senior Center staff wish to recognize the efforts of Barbara Deely who retired from the Council this past year. She served on the Council on Aging for ten years as a capable Secretary, always willing to contribute in any way to further the goals of the COA.

Respectfully Submitted,

Karen Alves,
Senior Center Director

ANNUAL REPORT OF THE FRANKLIN DISABILITIES COMMISSION 2017

OUR ROLE;

The Franklin Disabilities Commission serves and advocates for Town residents who have disabilities. The Commission meets the first Thursday of the month September to December and then March to August. Meetings are held at Central Park Terrace community room, starting at 7pm.

Current Members;

Mary O'Neill: Chairman
Karen Gordon: Vice-Chairman
Deborah Bean: Clerk Martha Murray Lorraine
Mclaughlin Michael Furilla
Randy Jay
*Gus Brown- ADA Coordinator

Contact Information;

Meeting minutes are posted to the Franklin Town Web site by Mr. Nutting's office. The Commission can be contacted by leaving a message with Maxine Kinehart, Administrative Assistant to Mr. Nutting.

FY 2017

The Commission welcomed new member, Randy Jay. In July, Commission Mike Furilla was recognized and presented with an award for his 25 years of dedicated

service on the Commission advocating for persons with disabilities.

Commission members met with Lisa Audette of the Franklin Housing Authority to gather information regarding housing for people with disabilities. Lisa explained in depth the locations, lead agencies and application process related to obtaining public housing in Franklin. The Commission will work on creating a summary and links to the FHA page in hopes of assisting residents with disabilities to navigate through this complicated process.

Commission is waiting for the DPW to assist in installing the wheelchair swing at Fletcher Field playground which was donated through the kindness of Random Smiles.

“Wheelchair Swing Platform”, user can lower ramp to enter, and lock in place by pulling a chain.

Source <http://www.flaghouse.com/Sensorv-Solutions/Vestibular/Swings/Wheelchair-Swing-Platform---Large.axd>

The Commission worked to resolve accessibility difficulties at the downtown branch of the Rockland Trust bank. There is no automatic door opener, which makes it very difficult for some individuals to enter the bank. The bank is in compliance with ADA regulations and is not willing to install an automatic door opener at this time. Residents experiencing difficulties entering the bank are welcome to call the bank to request assistance to enter the bank.

The Commission has discussed plans to compile a directory of local restaurants highlighting their accessibility in regards to parking, entering the restaurant, seating and bathroom accommodations.

We at the Commission encourage guests to attend any of our meetings, or contact us through the town

ANNUAL REPORT OF THE METACOMET EMERGENCY COMMUNICATIONS CENTER

The towns of Franklin, Norfolk, Plainville and Wrentham have been planning a regional dispatch center since 2011. We are pleased to report construction has begun! The Metacomet Emergency Communications Center, or MECC, will be located in the new Norfolk Police Station.

The four town administrators, police and fire chiefs, Senator Richard Ross, Representatives Shawn Dooley and Jeffrey Roy, Norfolk selectmen, several Franklin councilors and Frank Pozniak, Executive Director of the State 911 Department, were among others on hand during a ground-breaking ceremony held on June 27, 2017. The State 911 Department has been instrumental to the fruition of the center, providing grant monies for the project.

Construction on the building is expected to last 12 months, with the build out of the center to be completed by the Fall of 2018. We anticipate dispatching our first call in late 2018.

Once complete the MECC will operate state of the art systems and equipment to handle the dispatching of police, fire and EMS calls for service for the four communities. We will serve a combined population of just under 66,000 residents (2015 census data) covering 76.7 square miles.

The State 911 Department is currently migrating the Massachusetts Enhanced 911 system to a Next Generation 911 (NG911) system, that among other features, will provide better location information of 911 callers, and future text-to-911, video and telematics capabilities. The MECC will utilize this new NG911 system.

The MECC will staff highly skilled, trained, professional telecommunicators ready to assist, day or night. Rest assured we stand ready to help you in your time of need.

Gary M Premo
Executive Director

ANNUAL REPORT OF THE DEPARTMENT OF PLANNING AND COMMUNITY DEVELOPMENT

The Department of Planning & Community Development (DPCD) maintains a professional staff that provides the Town of Franklin with a wide array of planning services. DPCD's mission is to plan and implement comprehensive policies and initiatives that work to fulfill the land use-related goals of the people of Franklin. We make every effort to maintain the character of the community while enhancing its economic, cultural and social vitality. DPCD's activities and services include, but are not limited to comprehensive planning, economic development, subdivision plan, site plan and conservation plan review, open space and wetlands preservation, historic preservation, zoning by-law and subdivision regulation development, downtown revitalization, brownfields redevelopment, affordable housing, public transportation, transit oriented development, and sustainable development including use of smart growth

and low impact development concepts. The Department regularly identifies and sources funding for various community development projects and activities. DPCD balances its approach to these initiatives through long-term planning and public participation.

Department Personnel

The DPCD's staffing reflects the diverse skills needed to complete the many activities and roles the Department participates. DPCD's staff consists of the following:

Bryan Taberner, Director
Amy Love, Town Planner
George Russell, Conservation Agent
Todd Miller, Planner
John Allen, Program Coordinator
Kathy Celorier, Conservation Secretary and Administrative Assistant

Support of Town Boards, Commissions and Committees

DPCD personnel provide staff support to several boards, commissions and committees, including the Planning Board, Conservation Commission, Design Review Commission, Technical Review Committee, and the Cultural District Committee. Approximately 60 to 65 percent of the Department's total staff hours are utilized on Planning Board and Conservation Commission related issues. In addition, DPCD staff occasionally provides professional technical assistance to other public entities including Town Council, Zoning Board of Appeals, Town Council's Economic Development Sub-committee, and various ad hoc committees including the Town's Master Plan Committee.

Site Permitting and Guidance

DPCD is not a permit granting authority; its function during the permitting process is to integrate laws, regulations and plans with the Town's goals to ensure that the best interests of the Town and its residents are served. DPCD personnel organize and attend meetings, provide technical assistance, offer professional opinions, and guide developers, businesses and residents through the Town's various permitting processes.

Conservation

DPCD provides support to the Conservation Commission, as provided by MGL Chapter 131, Section 40. Conservation Staff, specifically the Town's Conservation Agent, is responsible for speaking for the Conservation Commission when they are not present (see separate Conservation Commission Report). Although not a permit authority, the Conservation Agent does have limited police powers to regulate already approved Conservation Commission activities, stop unauthorized activities, and promote and protect the natural resources of Franklin and its wetlands, streams, brooks, ponds, lakes and watersheds. In addition, Conservation staff provides administrative support and reviews applications being presented to the Conservation Commission, as well as provides professional support to other Town Boards and Departments.

Comprehensive Planning and Zoning

DPCD is responsible for traditional land-use related activities including updating the Town's plans, and amending and creating zoning bylaws. A description of zoning and land use issues worked on by DPCD during the 2017 fiscal year is summarized below.

Open Space and Recreation Plan. DPCD played a major role in updating the 2008 Open Space and Recreation Plan (OSRP). In FY16 DPCD submitted the Draft OSRP to the Massachusetts Department of Conservation & Natural Resources, and the document received preliminary approval. DPCD completed the document and the final OSRP was submitted to the State in FY17.

Zoning Bylaw Amendments. During the 2017 fiscal year DPCD worked on amendment of several sections of Franklin's Zoning Bylaw; a total of seventeen individual zoning bylaw amendments were developed and voted on by Town Council. Zoning Bylaw Amendments 16-768 through 16-773 created a new "Rural Business" zoning district, added a definition for "Country Store" to Section 185-3, and amended the Zoning Map by rezoning a parcel on Washington Street from Rural Residential I to the new Rural Business district. Zoning Amendment 16-753 amended Franklin's Zoning Map by changing several parcels on West Central Street from Single Family Residential IV to General Residential V. Zoning Bylaw Amendments 17-779 through 17-783 amended Section 185-5 and related sections to identify where and under what circumstances a non-medical marijuana facility can be sited in Franklin. Zoning Amendment 17-786 changed the location storage facilities can be sited. Towards the end of FY17 Town Council approved Zoning Amendments 17-788 and 17-792, which combined allows by Planning Board special permit the production of beer, wine and spirits, with an optional Tasting Room.

Subdivision Regulation Amendments. Amendments were made to the Planning Board's Subdivision Regulations, Chapter 300 of Franklin's Town Code, including an amendment to Section 300-10.D regarding the proposed grades of road right of ways.

Planning and Implementation of Community Development and Economic Development Projects

Each year the DPCD works on many community and economic development initiatives. The Department develops strategies, proposes policies, bylaw changes and Town Council resolutions, manages projects, and seeks grants in efforts to balance Franklin's community livability and its economic viability. DPCD encourages responsible community development that meets the goals and objectives of the Town's various planning documents, and the State's Sustainable Development and Smart Growth Principles. Some of DPCD's more important recently completed or ongoing projects and initiatives are summarized below.

Regional Planning. DPCD attends meetings and works on various regional planning issues with a variety of regional

organizations, including Metropolitan Area Planning Council, the Southwest Advisory Planning Committee, I-495/MetroWest Corridor Partnership, and the I-95/495 South Regional Technology Economic Target Area's Coordinating Council. In addition, the DPCD occasionally supports the initiatives of other regional organizations including the Franklin Bellingham Rail Trail Committee, Friends of the SNETT, the MetroWest Tourism and Visitors Bureau, and a workforce development advisory committee established by Employment and Training Resources in Framingham. DPCD also provides support for the Charles River Meadowlands, an effort among citizens and officials from the Towns of Bellingham, Medway and Franklin, to work together and to work with Federal and State officials, to improve management and access of the Federally-owned meadowlands, and adjacent public lands.

Downtown Revitalization. For several years the Town has made revitalization of Downtown Franklin a major focus and has worked to improve the Downtown in a variety of ways. The revitalization of Downtown Franklin must be carefully planned to ensure that improvements positively impact the entire community. During the 2017 fiscal year DPCD worked on several projects related to implementation of the *Franklin Center Plan*, which was developed in 2002 and 2003 to provide Town officials with a vision and basic strategy for revitalization of Downtown Franklin. One component of the Franklin Center Plan is Cultural Uses. The issue of *Cultural Economic Development* has been a focus for DPCD in recent years, including working with the MetroWest Tourism and Visitors Bureau on a variety of cultural economic development marketing activities. DPCD provides assistance to the Franklin Cultural District Steering Committee, a group of individuals and organizations attempting to create a State designated *Franklin Cultural District* in Downtown Franklin. A cultural district is a specific geographical area that has a concentration of cultural facilities, activities, and assets. It needs to be walkable, easily accessible, easily identifiable to visitors and residents, and serve as a center for cultural, artistic and economic activity. The goals of a Cultural District are to encourage business and job development, attract artists and cultural enterprises, establish the district as a tourist destination, preserve and reuse historic buildings, enhance property values, and foster local cultural economic development.

During recent years DPCD prepared marketing materials, coordinated efforts with local stakeholders, and performed outreach and educational activities, including setting up booths and displays at various events.

The Cultural District Steering Committee has accomplished much; this group of hard working arts and culture advocates has: assisted DPCD with the Cultural District application process including development of a strong cultural district Partnership; worked hard to support art and culture programming; and even organized the annual Franklin Cultural Festival. Lovers of the arts in Franklin owe them a great deal for their passion and

hard work. The Massachusetts Cultural Council (MCC) has guidelines and requirements for communities looking to establish a state-designated cultural district. Most importantly, the Town needs to define and map the proposed District. DPCD worked with the Steering Committee and many other organizations and individuals to identify the boundaries of the proposed Franklin Cultural District. In May 2017 DPCD formally submitted the proposed District map to MCC for review. Over the last few years a strong Partnership has formed in support of creating a state-designated cultural district in the Downtown area. This informal Partnership includes many of Franklin's organizations and businesses, including: Franklin's School Department, Historic Commission, Public Library, Cultural Council, and Senior Center/COA; Franklin TV; Franklin Downtown Partnership; Dean College; Franklin Art Association; Franklin Performing Arts Company; the Circle of Friends Coffeehouse; and Franklin School for the Performing Arts. Now that a Partnership has been formed, the To move forward with the Cultural District Application process the Town is required to develop formal organizational structure to manage the District and to assure the District will remain a priority in the future. In June 2017 Franklin Town Council passed two resolutions that created the Franklin Cultural Committee; formally expressed Franklin's interest in establishing a state-designated cultural district; endorsed state-sponsored cultural district goals; and endorsed submission of a Cultural District application.

Chapter 61 Properties. During FY17 DPCD staff, headed up by Conservation Agent George Russell, assessed privately-owned parcels within Franklin that are known as Chapter 61 parcels. Chapters 61, 61A and 61B of Massachusetts General Law outline three programs that require municipalities to reduce assessments of farm, forest and open space lands, provided the owners make a commitment to keep their lands in one or more of those uses. Should the owner of any of these parcels decide to remove them from their current tax status and offer them for sale, the town would have the right of first refusal.

The parcels were evaluated in order to gain a greater understanding of which may be more prudent for the town to acquire, and to ensure that the Town gains the greatest benefit from its open space and recreation funds by objectively reviewing proposed land acquisition projects using established criteria.

Town Properties. DPCD regularly works with the Administration and other town departments to assess and develop recommendations for Town-owned parcels of land, including Tax Title Properties and lands of low value. Each year recommendations are developed for a number of these properties, and the work is submitted to the Town Administrator and Town Council for consideration.

DPCD works regularly on a wide range of *economic development* projects and programs, and is one of DPCD's top priorities, second only to providing excellent administrative and technical assistance to the Town's boards, commissions and committees.

Potential benefits to the Town from successful implementation of DPCD's business retainage and attraction initiatives are significant. Efforts focus on increasing the value of Franklin's commercial and industrial tax base, filling the Town's empty and underutilized industrially zoned buildings, and attracting the right mix of companies to the community.

One seminar focused on helping individuals start and grow businesses with

During FY17, DPCD in conjunction with South Eastern Economic Development (SEED) Corporation, introduced the Franklin Business Loan Program, which provides financing for new and established businesses using Small Business Administration (SBA) loan programs. DPCD has a good relationship with SEED Corp, which provides loans for a little as \$1,000 and as much as \$5,500,000. In addition, DPCD hosted three Small Business Administration (SBA) seminars in FY17. As part of efforts to market the Town of Franklin, DPCD staff develops press releases, advertisements for industry periodicals, and economic development marketing brochures, and in FY17 completed a new site selection web page - franklinmasiteselector.com, and rolled out the web tool at an economic development event at Hawthorn Suites. DPCD regularly communicates with realtors, property owners and businesses to make them aware of State and Federal technical assistance programs and financial resources that can be made available to further their development, and to raise awareness of DPCD as a resource for local businesses. DPCD works regularly Massachusetts Office of Business Development, MassDevelopment and other agencies in efforts to attract the right mix of companies to Franklin's industrial and commercial areas.

Redevelopment Projects. Redevelopment of town-owned properties is a regular DPCD activity. In recent years much progress has been made with two important Town-owned properties. Redevelopment of the former Municipal Building property at *150 Emmons Street* was completed in FY17. The development project includes a small park and serves as gateway to Downtown Franklin. The Town's so-called Pond Street Property, former sewer beds, was sold to a developer in FY16. During FY17 the new owner began construction of a condominium housing development. A third Town-owned property, the Town's so-called "*Nu-Style*" Property on Grove Street, has been the subject of environmental assessment and remedial activities since 2006. The results of testing showed that to fully assess the property's soil and groundwater contamination, a dilapidated former manufacturing building on site needs to be removed. During FY16 and FY17 DPCD was unsuccessful in obtaining Federal EPA Brownfields grant funding that would have provided over fifty percent of the funding necessary to complete the environmental assessment and remedial activities. At the end of FY16 the Town advertised a request for proposals for purchase of the southern parcel, and the property was sold in 2017. The remainder of the Town's Nu-style property, mostly north of Mine Brook requires additional assessment and likely remediation. During FY18 DPCD

will facilitate redevelopment planning activities and investigate alternative ways to return the site to productive use.

DPCD will continue to undertake a wide range of community and economic development projects, programs, and planning initiatives that will keep the Town of Franklin's goals and objectives current and representative of residents' needs and desires. DPCD is proud of its accomplishments and welcomes public input on all of its efforts to improve the quality of life for the residents of Franklin.

ANNUAL REPORT OF THE PLANNING BOARD

The Planning Board, as established by MGL. Ch. 41 sec.70, is responsible for "...making plans for the development of the municipality, with special reference to proper housing of its inhabitants." The Board is charged with administering the State's Subdivision Control Law (MGL. 41 Ch.81K) and the local subdivision rules and regulations (Chapter 300). The Board makes recommendations to the Town Council on Zoning By-Law amendments and may at its own discretion adopt new subdivision regulations. The Board is also designated as the permitting authority for various site plan and special permit submittals under the Town's Zoning Bylaw (Ch. 185). The Board receives recommendations from the Design Review Commission on building design, elevation, and signage for commercial site plan permits, and from the Conservation Commission on wetland related issues, and works closely with the Planning & Community Development and Public Works Departments.

In FY2017, the Planning Board reviewed and issued decisions for several projects throughout the year. One major project the Planning Board approved was Pond St, a 96 condo unit development. The Site Plan and Special Permit proposes a redevelopment, which shall include the removal of the existing structures, storm debris, and remaining sewer plant materials and the construction of a new ninety-six (96) unit townhome condominium development with associated paved access drive, landscaping, lighting, utilities and stormwater infrastructure. The proposed redevelopment shall also include 17+ acres of permanently preserved opened space. The largest projects before the Planning Board during FY17 was the proposed Benjamin Franklin Charter School and 300,000 sq/ft warehouse building with office space, both located at 100 Financial Way. The Planning Board reviewed and approved a Site Plan for re-location of the existing Aubuchon Hardware store.

ANNUAL REPORT OF THE NORFOLK COUNTY ADVISORY BOARD

The Planning Board approved two new Definitive Subdivisions, Acorn Hill Estates and Maple Preserve Estates. Both were for single family homes to be built on a new roadway that end in a cul-de-sac. The Planning Board voted to endorse (6) six 81-P plans, and accepted seven (7) Form H - Certificate of Completions. Acceptance of a Form H indicates all work has been completed according to Site Plans or Subdivision Plans previously approved by the Planning Board. Examples of completed Site Plans include 150 Emmons St, Horace Mann Square and 485 East Central Street, Magnolia Heights. The table below is a summary of Planning Board Activity during the 2017 Fiscal Year.

Decisions-Approvals	Total FY 2017

The Planning Board held public hearings on several proposed Zoning Bylaw changes including establishing and adopting a Neighborhood Commercial Zoning district, updated the existing Medical Marijuana Zoning District to include recreational use, and adopted a zoning by-law for Brewery, Distillery, and Winery. With these changes, the Planning Board is hoping to better attract businesses to the zoning districts. The Board continues to help property owners make the desired changes and improvements to their properties while fostering responsible growth and development in the Town of Franklin.

The Planning Board typically meets twice a month on Mondays at 7:00 PM in the Municipal Building. All Board meetings are open to the public, and are televised via Community Cable Access.

Planning Board Membership

The Planning Board consists of five members and one associate member. The associate member participates in all hearings but only votes on Special Permits if one of the members is unable to act. The Board members are elected and serve 4-year terms. Below is a list of current Planning Board members:

Anthony Padula, Chairman
 Joseph Halligan, Vice Chairman
 John Carroll, Clerk
 Gregory Rondeau
 William David Rick Power, Associate Member

Anthony Padula, Chairman

The Norfolk County Advisory Board is composed of a representative from each Norfolk County Municipality. The executive authority (Selectman, Mayor, Manager, etc.) of each municipality appoints its own representative annually. Each municipality and their representative's vote on the Advisory Board is weighted in accordance with the valuation of the assessment of the combined land values in that community.

The Advisory Board receives its authority from Massachusetts General Laws Chapter 35, Section 28. A special legislative act for Norfolk County, Chapter 73 of the Acts of 1989, allows the individual municipality's executive authority greater flexibility in their appointment to the Advisory Board.

The Advisory Board has a staff of one person, the Financial Coordinator, who acts in the capacity of an executive secretary. The Financial Coordinator also serves as an assistant to the County Director of Operations.

The Advisory Board meets approximately six times per year, usually at the Norfolk County Agricultural High School in Walpole. The principal responsibilities of the Advisory Board are to review and approve County finances.

The Advisory Board also receives reports and makes recommendations on other matters affecting the county and its municipalities. The Norfolk County Advisory Board is also a resource for member communities. Both public officials and citizens are encouraged to contact the Advisory Board on any relevant matter or concern.

ANNUAL REPORT OF THE NORFOLK COUNTY REGISTRY OF DEEDS

to the Town of Franklin
William P. O'Donnell, Register
649 High Street, Dedham, MA 02026

The Registry of Deeds is the principal office for real property records in Norfolk County. The Registry receives and records hundreds of thousands of documents annually. It houses more than 6 million land documents dating back to 1793. The Registry is a primary and indispensable resource for title examiners, mortgage lenders, municipalities, homeowners, title examiners, genealogists and others with a need for land record information.

The Registry operates under the supervision of the elected Register, William P. O'Donnell who has held the position since 2002. In continuous operation for nearly two hundred and twenty-four years, the Registry's mission has remained the same: to maintain and provide for accurate, reliable and accessible land records to all residents and businesses of Norfolk County.

Fiscal Year (FY) 2017 Registry Achievements July 1, 2016 – June 30, 2017

- Register William P. O'Donnell and his staff continue their direct outreach to town halls, senior centers, businesses and civic groups across Norfolk County. The Register held office hours at the Franklin Municipal Building on June 1st
- The Registry of Deeds recently renovated walk-in Customer Service and Copy Center continues to provide residents and businesses with quality service. This year alone, the Center handled more than 5,000 requests. These included filings of Homesteads, accessing your deed, confirming that documents affecting your property have been duly recorded and help with obtaining a mortgage discharge notice. You can contact the Customer Service and Copy Center at 781-461-6101. Hours of operations are 8:30am to 4:30pm, Monday through Friday.
- During FY 2017, we collected more than \$52.7 million in county revenue.
- This year saw a record number of email filers.
- In FY 2017, we hit a milestone of recording our 35,000 Registry of Deeds book. For the sake of security and redundancy, we record our documents 3 different ways: hard copy, electronically and by microfiche.
- 12,934 Homesteads applications were filed at the Registry countywide during FY 2017. The law, Chapter 188 (M.G.L.), provides limited protection of one's home against unsecured creditor claims.

- In 2016, the Registry of Deeds unveiled its Transcription Project. The initiative, the first in New England, makes land recorded documents written by scribes of the 18th and 19th centuries in the old cursive hand writing style much easier to read by converting the words into easy to read electronic text.
- The internet library of images, accessible to the public through the Registry of Deeds' online research system at www.norfolkdeeds.org continues to expand. Today all documents dating back to the first ones recorded in 1793 - are available for viewing.
- Many technological, office and capital improvements were implemented, including upgrading the cyber security protections of our registry computers, server and network infrastructure. The Registry's website www.norfolkdeeds.org
- is routinely updating its latest resources such as real estate statistics, answers to frequently asked questions, along with detailing the latest consumer programs.
- The Registry of Deeds Consumer Notification Service hit a milestone with its 600th subscriber. This consumer/public safety program, started last year, allows any county resident to opt in to this free notification service and be alerted when any document – fraudulent or otherwise – is recorded against their name. For more information, please see our website at: www.norfolkdeeds.org.
- Register O'Donnell hosted several free computer seminars at the Registry to provide hands-on-training to the public, including trade groups, public officials, real estate professionals, genealogists on how to access land record information using the Registry's new website technology.
- The Registry expanded its community outreach commitment by working with the Veterans Administration of Boston on our 'Suits for Success' program and supporting the new Home Refurbishing program to assist those who are in need of household items, including furniture. Our Toys for Tots' Drive has over the years collected 1,500 presents. Our Annual Holiday Food Drive continues to assist in supporting Food Pantry's throughout Norfolk County.
- The Registries of Deeds had several legislative accomplishments in 2016 such as county registries extending their tech fund to year 2020 to offset their hi-tech expenditures and clarifying Freedom of Information Act requests so that registries remain cost efficient and productive.

**Franklin Real Estate Activity Report
July 1, 2016 – June 30, 2017**

During FY 2017, Franklin real estate activity saw increases in both total sales volume and average sales price.

There was a 7% increase in documents recorded at the Norfolk County Registry of Deeds for Franklin in FY 2017, resulting in an increase of 488 documents from 6,863 to 7,351.

The total volume of real estate sales in Franklin during FY 2017 was \$408,902,302, a 16% increase from FY 2016. The average sale price of homes and commercial property was also up 14% in Franklin. The average sale was \$731,488.

The number of mortgages recorded (1,685) on Franklin properties in FY 2017 was up 14% from the previous year. However, total mortgage indebtedness decreased 33% to \$1,073,069,240 during the same period.

There were 19 foreclosure deeds filed in Franklin during FY 2017, representing a 73% increase from the previous fiscal year when there were 11 foreclosure deeds filed.

Homestead activity increased 5% in Franklin during FY 2017 with 636 homesteads filed compared to 604 in FY 2016.

Finally, our objective at the Registry will always be to maintain, secure, accurate and accessible land records for the residents and businesses of Norfolk County. It is a privilege to serve you.

**ANNUAL REPORT OF THE FRANKLIN
POLICE DEPARTMENT
FISCAL YEAR 2017**

Report from the Office of the Chief of Police

I hereby submit the Annual Report of the Franklin Police Department.

It has been just over a year since I was sworn in as the 11th Police Chief in the history of the Town of Franklin. I can't believe how fast the year went by. We have been very busy accomplishing the goals we set for FY17.

This past year, the department reestablished a third Lieutenants position allowing the structure of the organization to return to three divisions (Operations, Administrative Services & Specialized Services) with each division commanded by a Lieutenant.

The department was successful in increasing communications with the public by establishing an improved relationship with local print and cable news media. We also substantially increased our use of social media and our website to keep the residents informed of our programs and department news.

In December, the department launched the Domestic Violence Coordinating Unit to provide follow-up and specialized services to victims of domestic violence and other family related issues in an effort to break the cycle of violence. The unit has completed 45 follow-ups since its inception.

In June of 2016, the department completed our Evidence Storage Room project that included the entire reconstruction of the facility. During the process we did a complete inventory, purged evidence no longer needed and established professional procedures to ensure the proper collection, storage, return and destruction of evidence in the future.

The department improved customer service and added community policing programs in the following areas:

1. Increased hours available to residents to obtain firearms licenses and decreased time it takes to obtain an original or renewal license.

2. Established on-line appointment scheduling for firearms licenses, car seat installations, fingerprinting services and solicitor permits.
3. Reestablished Halloween Festival for children at the police station. Over 1,200 children and parents attended in October.
4. Held a visit to the police station by Santa Clause for kids and their parents in December.
5. Started collaboration with the Franklin Life Long Learning Institute to assist both agencies in offering community / public safety based programs such as the Rape Aggression Defense (RAD) course for woman, the Citizens Police Academy and the Home Alone Safety for Kids course.

Franklin witnessed 39 drug overdose incidents in the first 8 months of 2017, one of which was fatal. In 2016 there had been 58 overdose cases with 9 fatalities. In 2015 there had been 42 overdose cases with 4 fatalities. Although the number of overdose incidents in 2017 is projected to be similar to the number recorded in 2016, we have witnessed a significant decrease in the number of opioid related fatalities. We attribute this to an increase in addiction awareness and the increased availability of the opioid reversing medication Naloxone.

We have created goals for FY18 that support our mission and we wanted to share these with you.

We will be pursuing certification and eventually accreditation through the Massachusetts Police Accreditation Commission Inc.

Accreditation/certification is a self-initiated evaluation process by which police departments strive to meet and maintain standards that have been established for the profession, by the profession. These carefully selected standards reflect critical areas of police management, operations and technical support activities. They cover areas such as policy development, emergency response planning, training, communications, property and evidence handling, use of force, vehicular pursuit, prisoner transportation, and holding facilities

The program not only sets standards for the law enforcement profession, but also for the delivery of police services to citizens. Members of the Accreditation Team have attended training and started the process in January, 2016. This endeavour is expected to take several years due to the enormity of the project.

Continuing our collaboration with the SAFE Coalition, we are seeking to create a Substance Use Disorder Outreach Program that will deploy multi disciplined resources to conduct home visits with individuals who recently suffered a narcotics related overdose. The goal is to provide them with resources, referrals, assistance and support in their efforts to get well.

Another major development we will be working on is the departments projected inclusion in a regional communications initiative known as the Metacomet Emergency Communications Center (MECC) in the next 12-18 months. The MECC will provide dispatch and other communications services to eight public safety agencies to include the police and fire departments of Franklin, Wrentham, Norfolk and Plainville. Needless to say, this will be a significant change in our current operations. We are working hard to prepare the department for this change and to ensure that service delivery and customer service are positively impacted by this initiative.

On August 1, 2017, the department suffered a major loss with the sudden passing of Canine Axe. He faithfully executed his duties, and protected his handler, Officer Michael Gilboy for three years. On behalf of the entire department I want to thank all those who sent messages, cards and other forms of condolences to the department.

If you have a question, concern or wish to speak to me, please do not hesitate to call my office at 508-440-2710. I encourage you to call and look forward to speaking with you.

I would like to take this opportunity to thank the residents of Franklin, town officials, especially Town Administrator Jeff Nutting, and members of the Town Council for their support over the past 13 months.

In conclusion, I would like to acknowledge the tireless effort and dedication of the men and woman of the Franklin Police Department. Our employees are the only reason we are able to continually succeed in providing excellent and professional law enforcement and community related services to you. They are the embodiment of “doing more with less” and have been doing so for years. I’m very proud of the men and woman of the Franklin Police Department and I know you are also.

Respectfully,

Thomas J. Lynch, Chief of Police

We will accomplish this goal by providing our employees with the tools, training and knowledge to meet and exceed all present and future needs of the Town of Franklin within the scope of law enforcement services.

We will continuously work in collaboration with the community to identify and address those areas requiring improvement. We will strive to adapt thus ensuring we continue to provide the level of service deserved by the community we serve.

Operations Division

The Operations Division is the largest and most visible division within the police department consisting of several units, the largest being patrol. There are currently five (5) Sergeants, twenty four (24) Patrol Officers and one (1) Parking Control Officer assigned to the division led by Lieutenant James West. Officers assigned to the division are responsible for answering calls for service, responding to emergencies and enforcing motor vehicle laws. Operations division personnel also respond to motor vehicle accidents, alarms, disturbances and any other call from a citizen needing assistance.

During this past fiscal year patrol officers conducted 4,187 motor vehicle violation stops resulting in the issuance of 2,124 citations.

Officers responded to 845 motor vehicle accidents, 99 with injuries and 746 without. The department handled 254 arrests and 277 criminal complaints. Below is a summary of what the Operations Division personnel encountered during fiscal year 2017.

The Operations Division has several specialized units to include the Canine (K9) Unit, Accident Reconstruction Unit, and the Traffic Enforcement Unit.

The K9 Unit is comprised of Officer Michael Gilboy and his canine partner. The K9 Unit performs a variety of tasks to include building and area searches for suspects, searches for missing / lost persons, and narcotics investigations.

The Accident Reconstruction Unit is comprised of three highly trained officers (Sgt. Michael Campanelli, Detective Rick Grover and Ptl. David Gove). The objective of the Accident Reconstruction Unit is to conduct in-depth investigations and analyses of major traffic collisions. During this past fiscal year the Accident Reconstruction Unit investigated two fatal accidents and several accidents that resulted in serious injury.

The division also has four (4) Drug Recognition Experts (DRE). They are Detective Joseph MacLean, Ptl. Steve Hamilton, Ptl. David Mellor and Ptl. Michael Colecchi. These DREs are highly trained in identifying when someone is under the influence of drugs. These experts have taken two weeks of classes and take an extensive test as part of their training. Afterwards, they travel to Arizona where they participate in field studies.

Specialized Services Division Community Service Unit

The Community Services Unit is in the Specialized Services Division. Community Services used to be known as the Safety Division or "Safety". Over the last year The Community Service Unit handled parking, elderly affairs and specific traffic complaints. The unit is currently taking on some new areas of responsibility for the coming year. By far the unit's main mission, which will remain unchanged this year, is support of the Franklin Public Schools, Tri County Regional Vocational Technical School District and the Ben Franklin Charter School.

During the school year officers assigned to the unit assist and consult with principals, adjustment councilors and central office almost daily on various questions or issues. Community Service Officers have developed an excellent relationship with the schools over the years and assist them whenever they request it. Officers have given all school staff violent intruder training over the last two years. They also conducted 24 lockdown drills during the last school year. The Franklin Police is proud to still teach DARE to all 5th grade students. Community Service Officers taught twenty two fifth grade classes for 10 weeks during the DARE Course last year. Officers offer rides to school for Auction at all of the elementary PCC fundraisers to help raise money for the schools. The community Service Unit still installs car seats for all Franklin Residents free of charge.

During the summer The Community Service Unit runs a DARE Camp for students in all three middle school grades. The Unit also conducts Liquor compliance checks at all licensed establishments in Franklin. They

also attend the weekly concerts on the common. The Community Service Unit has taken on a new duty of following up all domestic violence related incidents. A Community Service Officer has handled this for several months. In late summer the department assigned 3 patrol division officers to also assist with domestic violence related incident follow up.

Officer James Mucciarone
Officer Paul Guarino

Lt. Mark Manocchio
Specialized Services Division

Criminal Investigations Unit

The Criminal Investigations Unit consists of five Detective Investigators, one Task Force Officer and one Court Prosecutor. The division is led by Lieutenant Mark Manocchio. The detectives are responsible for the day to day investigations required of the Franklin Police Department. Detective cases can be received in a number of different ways by the police department. Examples would be a patrol call for service in which the responding officer forwards a detailed narrative for follow-up investigation; other police sources, phone calls, letters, direct conversation and/or anonymous information from any number of sources which provide information directly to detectives.

There are two detective patrolmen assigned to high impact and drug investigations. Their work hours are fluid and are dictated by the nature of the investigation(s) they are involved in. These two detectives work cooperatively on a regular basis with other local, state and federal law enforcement agencies thus allowing for mutual sharing and cooperation, and a broader range of enforcement by breaking down the jurisdictional barriers which limit effective law enforcement work.

The court prosecutor is responsible for the administration of criminal court cases and works hand in hand with the Assistant District Attorneys assigned to the court on a daily basis ensuring that the resolution of criminal cases are in the best interests of the Town of Franklin and the victims of crime.

ANNUAL REPORT OF THE FRANKLIN PUBLIC LIBRARY

Positioning the Library for the Future

Welcome back to our renovated Library

This has been a defining year for the Library, one of growth and improvements. The goal of providing meaningful library experiences in a comfortable, functional, inviting and accessible facility is within grasp. In a few months, the Library renovation and expansion project will be completed. We are thrilled to welcome the community back to a renovated facility with the following new features and highlights:

- ✚ Youth wing with beautiful age appropriate spaces for children, middle schoolers, and teens
- ✚ Community meeting room
- ✚ Group study rooms/Conference room
- ✚ Quiet Study
- ✚ Majestic reading room
- ✚ 24 hour book return
- ✚ Lounge seating
- ✚ Archive room to house all local history materials
- ✚ A business center
- ✚ 14 Internet workstations
- ✚ Wireless printing
- ✚ Color copier with scan and fax capabilities
- ✚ Multimedia computers
- ✚ Self service station

The Library is profoundly grateful to the Town Council and Finance Committee for funding the renovation expansion project, the Chair of the Building Committee and members of the Building Committee for working tirelessly to see this project to completion, the Friends of the Franklin Library and the Franklin Library Association for generously contributing to the project, the Town Administrator and Library Board for continued guidance, our capable staff and dedicated volunteers, and library patrons who inspire us every day to make the Library an integral part of community.

Expanded Services

Staffing

In FY 2018, major service points will be increased from the current two to four. As a result, the Library will be adding 74 man hours per week to its operating schedule to provide adequate staff coverage in these critical operating areas. This will be accomplished by a) increasing the hours of all current part time staff, and b) adding four additional part time library staff at 19 hours/week.

New collections

Franklin residents will have increased choices of materials in all formats and timely learning resources to further knowledge, discovery, and growth for all in the community, for all purposes. In addition, a 'collection of things' i.e. rug doctor, American doll collection, Arduino, will be part of the circulating collection.

Online services will be strengthened. Residents will continue to enjoy convenient access to the Library's vast collection of digital resources, e-books, audio books, electronic databases, music and magazines from anywhere at anytime.

Library Hours

Weekly hours will be maintained at 63 hours and the Library will continue to operate six days a week with Sunday hours from September through June.

Technology

In FY 2018, patrons and staff will have access to the latest technologies and a vast array of productivity tools. These tools comprise software for recording music, video editing, WIFI hotspots, Microsoft Photoshop and Google card board, to name a few. A self service station with many features will empower patrons to take control over their library functions and activities. Patrons will be able to check in and or check out their own library materials,

pay their library fines, receive recommendations on good reads, see library programs, events, and information on new services. These cost-efficient technologies will improve customer service and increase staff productivity.

Programs

The Library will offer a broad mix of programs and new initiatives designed to complement the expertise of staff, Town Departments, individuals in the community, and community organizations and businesses. Some new initiatives include STEM and STEAM programming, family and teen yoga, robotics club, community outreach services, book discussion groups, immigration services, literacy services for all ages, GED/HiSET preparation and testing, test proctoring services and after-school activities and support for all students; to name a few

Franklin Public Library Mission

Franklin Public Library is the center of learning, knowledge, discovery, growth and entertainment for a diverse and inclusive community.

Values & Guiding Principles

Access

We are open and free to all and provide equal access to an extensive range of information and resources.

Service

We commit ourselves to excellence, bring the highest possible level of responsiveness and flexibility to library services and functions and strive to provide positive library experiences for our patrons.

Knowledge

We are inspired by the transformative power of information and encourage the continuous pursuit of knowledge, discovery and life-long learning.

Growth

We are open to creative ideas and embrace innovative ways to adapt the Library to the changing needs of the community.

Stewardship

We are committed to the prudent management of our resources, strong, ongoing financial planning, sustainability and environmentally sensitive systems that support the attainment of our mission.

Community

We celebrate cultural diversity, establish connections, and create a welcoming environment that encourages individual study, partnerships and social commitment.

Passion

We honor and preserve our unique history and traditions and are ardent in providing full library services to all our patrons

FY 2018 Goals

Goals 1: Franklin Public Library serves as an anchor of the community, a facilitator of public discourse and civic engagement, and the place where ideas are created, discovered and shared.

Goal 2: The Library functions as a community advocate with programs and services that celebrate its unique history and heritage and promotes an appreciation and understanding of the heritage of others.

Goal 3: The Library provides Franklin residents with state-of-the-art technology and high-speed access to the digital and online world and assistance in navigating new technology, exploring new formats and experimenting with innovative devices.

Goal 4: The Library will awaken and nurture the community's love of reading and passion for learning and personal growth.

Goal 5: Visitors to the Library will have meaningful experiences in a comfortable, functional, inviting and accessible facility.

Goal 6: The Library continues to seek financial opportunities and innovative funding streams to attain the long-term fiscal viability of the Institution.

Respectfully submitted,

Felicia Oti,
Library Director

ANNUAL REPORT OF THE DEPARTMENT OF PUBLIC WORKS

The Department of Public Works provides a wide range of services to the residents of Franklin. It is organized into seven (7) Divisions:

1. Administration
2. Engineering
3. Highway and Grounds (including Highway Maintenance and Construction, Central Motors, Snow & Ice Control, Parks, Town and School Grounds Maintenance and Forestry/Insect Control)
4. Water (including ground water withdrawals, water treatment and distribution)
5. Sewer
6. Solid Waste and Recycling (including the operation of the Beaver St. Recycling Center)
7. Street Lighting

DPW Administrative Division

The major functions of the Administrative Division includes developing capital projects, long range planning, intergovernmental relations and compliance, grant writing, processing various private construction permits, drain layer licenses, purchasing, budgeting, accounting and payroll, and multiple forms of utility billing.

Capital Projects

The Administrative Division, in conjunction with Engineering and the operating divisions, develop major capital projects.

- The HPP reconstruction of the downtown corridor was completed. After many years of hope, planning, outreach, delays, construction this work did improve traffic flow through the downtown area and create an area that expands pedestrian access and is business friendly.

The DPW will continue to design and construct long-range projects over the next three to four years. Progress

on specific capital construction projects is outlined in subsequent portions of this report.

It is important to note that many of these projects are performed by existing staff members and save significant amounts of money by avoiding the need to contract out these services. The process of planning, designing, permitting and construction oversight of these projects is an arduous task that requires a great level of coordination and cooperation between DPW divisions and other state, municipal and federal departments.

Grant Writing

The Town received an \$118,000.00 grant to improve stormwater water infiltration at various locations from Mass DEP and figure out ways to work with other communities to save money.

The Town partnered with the Charles River Watershed Association, which received a \$30,000 grant to conduct rain garden trainings for the residents of Franklin.

Permits and Long Range Planning

The Town of Franklin, along with the towns of Bellingham and Milford, were the only three communities in the Commonwealth of Massachusetts placed under a Residual Designation Authority (RDA) by the Environmental Protection Agency (EPA) to mitigate phosphorus loading into the Charles River Basin. It is estimated the Town of Franklin may need to spend upwards of \$135 million to implement all the measures that EPA feels would be required to meet phosphorus reductions. DPW staff members have been working with the Towns of Bellingham and Milford, and State and Federal officials in conjunction with private land owners and business representatives to oppose this action based upon the unnecessary economic hardship it would create for the community. EPA did issue a final permit that we will be evaluating.

The Town of Franklin also continues to oppose the implementation of the National Pollutant Discharge Elimination System (NPDES) Phase II and pending Phase II Storm Water Permit for Municipal Separate Storm Sewer Systems (MS4) as required by the EPA. Phase II required the Town to highly regulate and monitor storm water throughout the Town at a significantly increased cost. Phase II is projected to include increased regulatory requirements and cost even more. The Department will continue to refine and improve adopted regulations and practices to improve the storm water in Franklin while minimizing the associated costs.

The Town of Franklin led a coalition of 16 other communities and challenged EPA in Federal Court. In May, EPA agreed with the Town of Franklin and the implementation of the new Phase II permit was stayed until the courts hear and decides our challenge! This was a very unusual action by EPA and good for us!

Long range planning is critical in the area of Public Works and must be accomplished consistently in order to ensure that the Town water, sewer and roadway infrastructure can support the needs of our residents. With the success of the 20/20 Plan, the Town Council authorized additional funding for waterline replacement and the improvement of roadways. Details on specific locations can be found in other parts of this report. With that funding already allocated, the Town Council continued with additional funding for the waterline replacement and road reconstruction of the Northgate Rd neighborhood, Cleveland Ave neighborhood, Cottage St area, Squire St areas, sections of Maple St, Ruggles St area, sections of Partridge & Elm Streets, Skyline Dr. neighborhood, Oak St Extension, Marvin Ave area and the Stanford Rd area.

The DPW has continued to work with both the DEP and the Massachusetts Department of Recreation and Conservation to facilitate the final closing and capping of the Beaver Street Landfill Site.

The Town of Franklin has continued to work with other area Towns and conservation groups towards insuring that regional water supplies are protected.

Solid Waste and Recycling Collection Program

The single stream automated solid waste and recycling program continues to be a very successful program in reducing costs, improving recycling rates and providing greater convenience for users. Additional landscaping improvements have been made to the Beaver St. Recycling Center to make the facility more attractive and customer friendly.

Hails and Farewells

Ms. Sandy Wedge, a longtime member of our Admin Staff, left this year to pursue other ventures and will be sorely missed! Also, Joshua Shaw from our Highway Department moved along to a new career.

With losses there are also gains. Ms. Jamie Brown came over to our Admin. Department from the Treasurer's Office and has been a welcome addition!

Thanks

As the Director, I owe many thanks to my entire staff as they make this whole department work and serve all residents in a timely manner. Everyone is committed to providing extraordinary service to the Town in the most cost-effective manner possible.

The Town Engineer Mr. Mike Maglio, Budget & Administration Manager Ms. Kathy Mooradd, Director of Operations Mr. Deacon Perrotta, Highway and Grounds Superintendent Mr. Carlos Rebelo, and Water and Sewer Superintendent Laurie Ruzala, Assistant Town Engineer Jay Mello, GIS Coordinator and the Happiest person in DPW: Kate Sjoberg are all dedicated professionals that

put in so much extra time and effort to make this Department a success. The Town and I are very fortunate to have such talented individuals to work with.

I would also like to thank Amy Blakesley, Jamie Brown, Paula Juarez, Lynne Marchand, and Pam Vickery who support the Administration Division. These individuals respond quickly and with courtesy to thousands of requests for assistance and information throughout the year.

Continued thanks go to Mr. Christopher White, the Town's Solid Waste Coordinator. Even though his position is a part time one, he gives his heart and soul and spends much of his personal time to insure that the solid waste and recycling program is a success. Ms. Jen Gouthro has done a wonderful job at the Beaver Street Recycling Center.

I would especially like to thank the "Crew" and the mechanics that work out of the DPW garage. These are the gentlemen that are not always seen, but provide the day-to-day services that are all too often taken for granted. They pump, treat and deliver safe drinking water; they care for parks and ball fields, and they maintain the roadways, repair and sustain all Town and school vehicles and handle all our waste. They are always available, day and night, and work long hours to assist in any emergency situation whether it is snow removal, water breaks, sewer backups, wind, lightning storms and flooding, among many others. They are all extremely professional and dedicated to their jobs. I cannot thank them enough.

Respectfully submitted,

Robert A. Cantoreggi II

"Gettin' It Done"

Engineering Division

During the 2017 fiscal year the Engineering Division managed a very active Capital Improvement Project schedule to the town's infrastructure. Capital Improvement Projects substantially completed this past year include:

- Northgate Neighborhood Roadway Improvements including: Coronation Drive, Parliament Drive, Regent Circle, Northgate Road, Royal Court, Brian Road, Annabel Lane, and Sophia Circle
- Maple Street Roadway Improvements
- Pleasant Street and Chestnut Street sidewalk construction.
- Summer Street and Dale St Roadway Improvements
- Betten Court, Corrine Road, and Harborwood Drive Roadway Improvements

- Municipal Parking Lot Improvements to the Town Hall, Senior Center, Police Station, and the new Recreation Department building.
- Marvin Ave Roadway settlement
- Pleasant Street Mill and Overlay
- Elm Street and Partridge Street Waterline Improvements.

In addition to managing engineering consultants that provide designs for Town projects, the Engineering Division completed in-house design drawings and specifications for the following projects:

- Elm Street and Partridge Street Waterline Improvements
- Maple Street Roadway Improvements
- Pleasant Street Mill and Overlay
- Squire Street Neighborhood Roadway Improvements.

Capital Improvement Projects currently under construction or out for bids include:

- The Lower Cottage Street Neighborhood Roadway Improvements including: Worsted Street, Saxon Street, A Street, Landry Street, Metcalf Street, Joy Street, Geb Street, and a portion of Cottage Street.
- Queen Street and Squire Street Neighborhood Roadway Improvements
- Alpine Place and Ruggles Street Neighborhood Waterline and Drainage Improvements.

At the end of the fiscal year, the division included the following full-time staff.

- Michael Maglio, P.E., Town Engineer
- Jay Mello, P.E., Assistant Town Engineer
- Warren Groth, Engineering Assistant
- Bill Weners, Construction Inspector
- Kate Sjoberg, GIS Manager

The Engineering Division also has its own experienced seasonal Resident Engineer Staff that inspects and monitors Capital Improvement Projects resulting in a significant cost savings to the Town of Franklin.

The Division has also been hiring engineering college students from Franklin as summer interns. The program provides the students with practical real-world experience while providing value to our operation.

In addition to the public projects highlighted above, the division was involved in many other projects and provided engineering services to other Town departments, boards, and entities. These services include mapping, surveying, and preparation of conceptual designs, property research, cost estimating, developing charts/graphs, and review of contracts.

The Engineering Division provides technical reviews of all proposed new private commercial projects and residential subdivisions and submits recommendations to

the Town Council, Planning Board, Conservation Commission and Board of Appeals.

The Town's Geographic Information System (GIS) also falls under the Engineering Division. A geographic information system is a computerized system designed to collect, store, manipulate, analyze, manage and visually present geographic spatial data. The Town of Franklin retains a GIS that is used to meet the needs of departments, boards, committees, professionals and citizens. The GIS Division updates and maintains numerous spatial databases and is committed to expanding the information available to the public in a simple and economical approach.

Respectfully submitted,

Michael Maglio, P.E.
Town Engineer

Highway and Grounds Division

The Highway and Grounds Division major functions are:

- General Highway
- General Grounds
- Central Motors
- Tree Program
- Snow and Ice program

Annual Maintenance Works

Centerlines of roads, crosswalks and stop lines were painted as needed. All school parking lots were painted. Highway crews installed and/or repaired street signs as necessary. Traffic signals were repaired and maintained. All streets in the town were swept. Brush cutting was performed in the town right-of-way. Catch basins were cleaned throughout town and reconstructed as needed. Crews repaired and/or rebuilt sidewalks, patched potholes and other road imperfections in addition to grading and repairing gravel roads. Also manages Right-of-Way vegetative roadside weed spraying.

The Highway and Grounds Division responded to calls from residents 24 hours a day concerning drainage, brush, road repair, etc. and assisted other town departments when called upon.

General Grounds Work

The Highway and Grounds Department maintains the following fields and Town properties: Fletcher Field, Theron Metcalf Field, King Street Memorial Park, Nason Street Park, Sculpture Park, Delcarte Park, Police Station, Fire Stations 1 & 2, Senior Center, Museum, Recreational Department, Red Brick School House, Municipal Building, Chilson Beach, Dacey Field Complex, Meadowlark Field, Keller Sullivan School, Remington Jefferson School, Kennedy School, Parmenter School, High School, Horace Mann School, Town Common and three synthetic fields located at the High School and Beaver Pond.

The Highway and Grounds Department works closely with the School Administration to provide a clean safe environment for students on school grounds.

The Highway and Grounds Division perform numerous maintenance practices on school grounds including:

- Weekly mowing and trimming
- Pruning trees and shrubbery
- Weeding and mulching planting beds
- Playground maintenance
- Fertilizing athletic fields
- Insect and weed control
- Maintenance on the High School synthetic field
- Trash and recycling
- Irrigation installation and repairs
- Field preparation for all High School sports programs
- Parking lot asphalt repairs
- Snow removal
- Fence Repairs
- Sidewalk repairs
- Annual Road sweeping
- Right-of-Way Brush Cutting
- Catch Basin Cleaning

Town Parks and Field Improvements

The Highway and Grounds Department renovated four baseball fields, with the financial assistance from Franklin Youth Baseball. These fields were located at Fletcher Field, King St. Memorial Park and Remington Jefferson School. Also, with the financial assists of Franklin youth baseball two new baseball dugouts were installed at Fletcher Field. With the cooperation and financial assistance from Franklin Youth Soccer a new wood guardrail was installed at the Remington Jefferson soccer field. Also, a number of Soccer Fields throughout town were renovated.

After three long years of waiting the high school fields were open for play this past spring season. It has been a huge success and we look forward to maintaining these beautiful fields for high school sports and the residents of Franklin.

I want to give a special thanks to Ryan Jette and all the Franklin Youth Leagues for all their cooperation and support throughout the years.

Central Motors/Equipment Maintenance

Central Motors has a permanent staffing level with only three mechanics. They perform tire repair and replacement, scheduled maintenance and specialized maintenance and repair. The 100+ pieces of DPW equipment which they maintain includes heavy duty trucks, pickups, cars, street sweepers, riding lawn mowers, backhoes, loaders, pumps, sewer jet machines, and miscellaneous other pieces of equipment. In addition to the DPW equipment, they maintain 19 vehicles for the Fire Department, 27 Police Department vehicles, 2 Assessors Department vehicles, Building Department vehicles, Board of Health vehicles, Council on Aging bus, 9 school vans and all school equipment such as trucks, blowers, etc., as well as assisting many other departments throughout the town.

Tree Program

The Division trimmed and pruned trees, removed decayed trees or trees deemed to be safety hazards. The Parks and Ground Department also responded to residents calls on all tree safety concerns. The DPW also planted a number of trees at Town Parks and Schools.

Protects all Shade Trees under M.G.L. Chapter 187.

Snow and Ice Removal Operations – FY17

- The winter season was above average for snow accumulation, a total of 61 inches were recorded.
- Snow and ice operations started on 12/05/16 with a 1” sleet and snow event.
- The first snow plow event started on 12/17/16
- There were a total of 19 snow and ice events with the last one ending 4/01-2017
- The Members of the Highway and Grounds Division, Mechanics, Water/Sewer Divisions and 68 contractors are involved to keep roads clear of snow and ice during major storms.

Miscellaneous

Election Set-Up: The Highway and Grounds Department works with other DPW departments and the Town Clerk to prepare for elections at the New High School Gym for every election in the Town of Franklin.

Flags: Crews raised and lowered flags in the downtown for State and National holidays and funerals of veterans.

4th of July: The Highway and Grounds Department along with other DPW departments works annually with the 4th of July Coalition

Town Beautification and Events: Crews assisted the Beautification Committee in placing the planters, assisted the Holiday Committee by erecting the annual Christian and Jewish decorations at the Town Common and assumed responsibility for the installation and removal of

the Bandstand on the Town Common for the Concerts on the Common events and assisted with the annual Strawberry Festival. The town also installed more permanent Holiday lights on the town common.

Thanks: I wanted to give a special thanks to my two foremen, mechanics and crew for all their hard work and effort. Additionally, I would like to thank my fellow managers for all their support. Finally, I would like to thank the clerks for their support in handling the never ending calls from residents asking for assistance.

I would also like to give thanks to the whole DPW Department for their time, effort and skills during snow operation. This is truly a professional department that is dedicated to making the roads safe in Franklin during the snow season.

Respectfully submitted,

Carlos Rebelo
Highway and Grounds Superintendent

Water & Sewer Division

The Water & Sewer Division had an active year. The Water & Sewer Division is responsible for the supply of water for all purposes to residents, commercial establishments and industries in Franklin, adhering to all State and Federal regulations, and maintains adequate water supply and pressures for fire protection. This Division is also responsible for the collection of wastewater from residential, commercial and industrial sources and transmission of such wastewater to the Charles River Water Pollution Control Facility.

Other responsibilities of the Water & Sewer Division are capital planning, yearly budgeting, ordering and maintaining an adequate inventory of supplies, developing plans and specifications to meet the needs of the Division, including review of plans and specifications prepared by outside consultants.

Total water production in calendar year 2016 was 949,306,000 gallons which is an average daily demand of 2.63 million gallons per day. The maximum day demand of 4.005 million gallons in one day took place on June 19, 2016. Thanks to the conservation efforts made by the residents of Franklin, we were able to maintain a consistent average daily demand in calendar year 2016 despite a considerable drought.

Water & Sewer Personnel

Department personnel consist of a Superintendent, a ten man water section and a five man sewer section. Also, six summer employees were on board to supplement our regular crews with maintenance duties.

The Department also relies on automation to provide 24 hour supervisory control over both water and sewer facilities. The Department is continually updating the

Supervisory Control and Data Acquisition (SCADA) system to provide a more comprehensive and thorough overview of daily water and sewer operations.

Precipitation

Precipitation records compiled at the DPW Garage on Public Works Way totaled 40.81 inches of rain and 44.8 inches of snow from January 1, 2016 to December 31, 2016.

**2016 Monthly Precipitation Totals

Water Facilities

The Franklin water system includes twelve wells; six water storage tanks located at Bald Hill (Tia Place), Franklin Industrial Park, Forge Hill Road, Hillside Road (two), and Pleasant Street; eight booster stations located at Berkshire Drive, Franklin Industrial Park, Iroquois Road, Jefferson Road, Lyons Street, Pleasant Street, Washington Street and Susan’s Way. The town also operates a state of the art Ultra Filtration treatment plant at Public Works Way.

In addition, the Town of Franklin is in a cooperative program for the operation of monitoring river and pond levels in the Charles River at Medway, Miscoe Brook in Franklin and Kingsbury Pond in Franklin by the U.S. Geological Survey, Water Resources Division. A gauging station, which monitors the flow of the Charles River, is located on Bent Street and at Dix Brook on South Street.

Sewer Facilities

The sewer collection system includes twenty-three pump stations located at Ainsley Drive, Anthony Road, Bridle Path, Charles River Drive, Dawn Marie Circle, East Central Street, Franklin Industrial Park, Grove Street (two), Jackson Circle, Jefferson Road, Kenwood Circle, Miller Street, Milliken Avenue, Monterey Drive, Oxford Drive, Palomino Drive, Public Works Way, Red Gate Lane, Sahlin Circle, Squibnocket Road, and Washington Street.

Water & Sewer Statistics

Miles of water mains	160
Number of fire hydrants	±2,000
Number of water services	9,328
Miles of gravity sewer	±127
Miles of force main sewer	±9
Number of sewer manholes	±3,307
Number of sewer connections	7,499

Water Pump Station Operators

Our Pump Station Operators monitor the daily operation of ten water well pumping stations with chemical feed facilities, one water treatment plant, eight water booster stations and six water storage tanks. Included in the daily operations are the monitoring of chemical feed systems and the maintenance of all pumps, electric motors, and standby power supplies.

Water Pump Station Operators record all daily pumping records and chemicals fed into the water distribution system. These records are submitted to the Massachusetts Department of Environmental Protection (MassDEP) on a monthly basis. Our Operators also sample Franklin’s water for bacteria once a week, for a total of over 65 samples each month. The samples are tested by a state-approved laboratory for reporting to MassDEP. The pH of the water system is monitored daily. Fluoride, which is continuously added to the Town’s water distribution system, is sampled and tested daily to ensure that the amount of fluoride added to the water is within acceptable limits set by the Department of Public Health as mandated by the Center of Disease Control.

Sewer Pump Station Operators

The Sewer Pump Station Operators keep pumping and maintenance records and monitor and maintain the daily operations of twenty-three sewer pump stations. This includes performing maintenance and repair on all sewer pumps, grinders, electric motors air compressors, and standby power supplies to ensure that these facilities are kept in good operating condition. The Sewer Pumping Station Operators are responsible for maintaining flows in all transmission mains and unclogging these mains with sewer jet machines whenever the need arises.

Water & Sewer Maintenance Crews

Water & Sewer Maintenance crews are responsible for the maintenance and repair of all water and sewer infrastructure. The crew’s responsibilities include the maintenance and repair of water mains, water gate valves, water service shut-offs and fire hydrants. The staff also maintains and repairs gravity sewers, sewer manholes, and sewer easements. The Water & Sewer Maintenance Crews are responsible for maintaining records of all existing water and sewer services for private contractors, utility companies, engineering firms, and the general public.

Our crews continued to perform the annual hydrant flushing program to help ensure high quality water and

reliable fire hydrants. Our staff flushed approximately 2,000 fire hydrants. As a result of this flushing program, the maintenance crews repaired twenty fire hydrants. Our Water & Sewer Maintenance crews are also responsible for the repair of sewer manholes and the jetting of numerous sewer and drain lines ensuring operability of the drain and sewer system.

Crews repaired eleven leaks in conjunction with our leak detection program; four fire hydrants, and seven water services. Our leak detection program surveys over 160 miles of water main annually. This feat is accomplished using the latest electronic leak detector using audio frequencies created by underground leakage. Digital leak noise correlators were used when needed to pinpoint leak locations. The survey resulted in finding one leak in approximately every 14.5 miles of main surveyed.

Field crews were also instrumental in testing new water mains on Cottage Street Extension, Geb Street, Metcalf Street, Landry Street, A Street, Saxon Street, Worsted Street, Joy Street, East Central Street (Jordan Road to Wrentham), Squire Street, Garden Street, Orchard Street, and Maple Street from Main Street to Alexandria Drive. Testing ensures that water mains were installed properly by pressure testing and water quality is acceptable by chlorinating and testing mains prior to putting them into normal operation in the distribution system.

Water & Sewer crews responded to over 540 service calls including but not limited to water and sewer mark outs, water leaks, frozen services, plugged sewers, trench repairs.

Lastly, and most importantly our crews repaired four main breaks and twenty four service leaks not related to the leak detection survey last year. As expected these events happen at the least opportune times. Late night, early morning, week-ends, during snow storms or below freezing temperatures seem to beckon these emergency situations. In all circumstances our Water & Sewer Maintenance crews answer the bell and perform excellent work under the most severe conditions and complete them in a timely and most importantly safe manner.

Water & Sewer Activities

Project and plan reviews conducted by the Water & Sewer Department included;

- Elm Street and Partridge Street water main
- Alpine Place, Alpine Row, Ruggles Street, and Corbin Street water main
- Phase 5 Sewer Rehabilitation

Our crews were also responsible for installing over 700 feet of new water main on Queen Street. This in-house project improved fire protection through the installation of larger diameter water main and new fire hydrants and improved water reliability by replacing water main that was prone to breaks.

The Water & Sewer Department strongly believes in educating its' work force. The Department holds memberships in the New England Water Works Association, Massachusetts Water Works Association, Plymouth County Water Works Association, New England Water Pollution Control Association and the American Water Works Association. All these resources are used to help train and educate our employees.

As a result of a "Team Effort" demonstrated by all the Water & Sewer Department employees, we are able to provide excellent customer service.

I would like to extend a special thank you to the DPW administrative staff and each member of our crew including Foreman Dave Allard, Foreman Tom Grundstrom, Crew Leader Steve Carlucci, Scott Smith, Jay Simons, Peter Freitas, Buddy Lowell, Steve Nunnery, J.P. MacNeil, Jake Standley, B.J. Santo Domingo, Kevin Bariteau, Scott Matthews and Michael Ciallella for all their hard work and dedication to the Department throughout the year.

Respectfully submitted,

Laurie J. Ruzala, P.E.
Water & Sewer Superintendent

Solid Waste Division

The responsibilities of the Solid Waste Division include oversight of the waste and recycling contracts, waste reduction initiatives, and management of the Beaver Street Recycling Center.

The Automated Cart System continues to drive cost effective enhancements such as:

- Ease of auditing and accounting
- Increase of business recycling via carts
- Expansion of recycling at fields, Common, Dog Park and other municipal areas
- Manage trash more effectively at common areas including fields
- Increase usage of Recycling Center
- Meet State recycling regulations

Recycling initiatives include recycling receptacles next to all trash at municipal areas such as Town Common, Downtown, parks, recreation facilities and fields.

The Beaver Street Recycling facility continues to see increased usage and enhancements including:

- Site improvements
- Expansion of HHW to include oil based paints, stains, thinners
- Mattresses, box springs and carpet recycling
- Composting with ability to recoup costs
- Cardboard compactor
- Styrofoam recycling
- Dedicated computer and printer recycling
- Printer toner and ink cartridges

- Rigid plastic recycling
- Standardized policies and procedures
 - Single use batteries

Annually over 6,000 pounds of Household Hazardous Waste is processed at the center, most of which previously went in the trash, land or wastewater stream. The 40 foot Styrofoam container filled is recycled at least once a month. Value enhancements at the Recycling Center include: Oil based paint, lacquer, thinners and chemicals; Mattresses, carpet and box springs.

The Recycling Center will continue to be a focus for additional recycling initiatives and improvements as required for disposal of many categories of waste.

Fiscal year 2017 Curbside collection of trash, recycling and yard waste was provided by Waste Management.

Environmental Affairs Coordinator

ANNUAL REPORT OF THE PURCHASING DEPARTMENT

GOALS

- *The office function involves assisting other departments to ensure the highest quality of services and supplies for the best price and in compliance with applicable procurement laws.*

PURCHASING UPDATE

The Office assisted with a number of exciting new projects this year, all of which will have a positive effect on the operations of the Town. The Town has started and completed numerous worthwhile projects, of most significant are the Library Renovation Project and various roadway improvement projects.

Over the past year the Town has worked closely with the architecture firm in Lerner, Ladd, and Bartels (LLB) to design and oversee the library renovation project. LLB has been involved in most areas of the renovation project. As the project winds down, we are hopeful that the end product will be a renovated library facility is a project the Town can be proud of.

LEGAL PROCUREMENT CHANGES

The Purchasing Office continues to oversee the implementation of the recent changes in the Massachusetts procurement laws. With the passage of the "Municipal Modernization Act," in August of 2016, a significant amount of changes

have been made to the procurement procedures in Massachusetts municipalities. This office has worked hard to implement said changes and thus ensure compliance with these recent changes. It is our hope that these recent changes in the procurement laws will improve the efficiency and effectiveness of public procurement.

OBJECTIVES

Promote fair, prompt and courteous consideration to all suppliers. Observe the highest ethics in all transactions and correspondence.

Respectively submitted:

John Bugbee

ANNUAL REPORT OF THE VETERANS' SERVICE OFFICER

The Veterans' Service Officer (VSO) serves veterans and their dependents in recognition of their service to our nation. Responsibilities of the VSO include educating veterans and their dependents about the benefits available to them, dispensing state sponsored veterans' benefits under M.G.L. Chapter 115 and assisting veterans and their dependents or survivors in obtaining state and federal benefits or entitlements which they have earned.

In addition to my responsibilities to the veterans of Franklin, I serve as the Veterans' Service Advocate for Norfolk County and as the VSO for the Town of Avon. Norfolk County is the only county in the Commonwealth to have an individual dedicated to Veterans' Services. Through an agreement between the Town and the County, I am able to continue to support the VSO's in the 28 cities and towns of Norfolk County while primarily servicing the Franklin veterans' community.

It is very important that veterans and widows identify themselves on the town census. This information enables the VSO to identify services available to them.

As our veterans and their dependents/survivors age, there are more demands for benefits provided by the Commonwealth's Department of Veterans' Services and the U. S. Department of Veterans' Affairs. During the past year, there has been an increase in Franklin in the number of veterans who have more recently completed their military service.

Fiscal Year 2017 Office contacts for the VSO were:

Walk-Ins	389
Appointments	196
Incoming Calls	1,026
Outgoing Calls	691
Actionable Email	200

Total contacts: 2,502

The VSO participated in many civic events during the year at schools and civic groups. The VSO is always willing to attend an event to speak about veterans, veterans' benefits, the military experience or to support a patriotic event. The VSO also works with Boy Scouts who are interested in finding Eagle Scout community service projects.

In 2017, the VSO office moved within the Senior Center and is now in a larger space which is more accommodating to our veterans and families.

Franklin Veterans' Council

The Franklin Veterans' Council meets on the Third Thursday of the month, usually at the Franklin Elks on Pond Street. Dates, times and meeting locations are posted on the town Veterans' Services web page. All veterans and any interested individual or organization are welcome. This group serves as a communications outlet for veteran and military related events and activities in the community as well as an opportunity for veterans to obtain information about state and federal benefits and changes. The Council is chaired by the VSO.

Veterans' Day Luncheon

The Franklin Veterans' Day Luncheon was held on Friday, November 11, 2016 at the Franklin Elks Lodge #2136. Franklin High School students Alexa Kataros and Emma Newton led us in the National Anthem and provided musical interludes during the program. American Legion Post 75 presented the colors and we were led in the Pledge of Allegiance by John Hefe, Post Junior Vice Commander. George Ferguson, American Legion Post 75, provided our invocation. State Representative Jeffrey Roy provided brief remarks for the audience. The luncheon was highlighted by the presentation of Vietnam War 50th Anniversary Commemorative Pins to 68 Vietnam era veterans. The pins were presented by Franklin Chief of Police, Thomas Lynch and Franklin Fire Chief, Gary McCarraher. Frank Coughlin read the names of each veteran. Bob Gardner, 1stLT, U. S. Army and Judy Hynes, LTJG, U. S. Navy provided comments on their experiences during the Vietnam War.

Pins being presented to Veterans

This recognition was made possible by The Franklin Veterans' Council's partnership in the Department of Defense Vietnam War 50th Commemoration Program.

Memorial Day Breakfast

Our deceased veterans were remembered at The Franklin Memorial Day Breakfast on Friday, May 26, 2017 at the Franklin Senior Center. Franklin High School student Alexa Kataros accompanied by Mr. Michael Sansoni, Franklin Music Teacher, led us in the National Anthem and provided musical interludes during the program. American Legion Post 75 presented the colors. Bob Gardner, Franklin veteran, provided our invocation. We remembered the 45 veterans listed on our War Memorials who died during our nation's conflicts and the 48 Franklin veterans who passed since our last Memorial Day. Matthew Dao, Franklin High School Student, played "Taps" after our moment of silent remembrance.

State Representative Jeffrey Roy joined us and made a few brief remarks.

Joe Byron, Founder and Chief Executive of Honor Flight New England was a special guest at our breakfast. Bob Catalano, a recent Honor Flight participant, gave a most inspiring account of his Honor Flight experience.

If you know a World War II or Korean War veteran, have them register for Honor Flight. There is no cost to the veteran other than their own transportation to and from the airport. The flight and the activities for the day are all provided by Honor Flight New England. Contact the Franklin Veterans' Officer for details and applications.

The Korean Consulate General provides the Ambassador for Peace Medal to those veterans who served in Korea from 25 June 1950 to 27 July 1953. Franklin veteran Victor Pisini served in Korea as a Lieutenant in the U. S. Army. Victor shared a few words about his experience during that time. Six Franklin veterans were then presented with the Ambassador for Peace Medal. If you know a Korean War veteran who served any time from 25 June 1950 to 27 July 1953, please contact the Franklin Veterans' Officer to obtain an application for this medal.

Korean Consulate Ambassador for Peace Medals

The Town of Franklin lost one service member during the Korean War, Sergeant Harry Bean. Rose Turco led the dedication of the Harry Bean Memorial Street sign which is located at the corner of Oak Street and Concord Street. Poppies for each guest were provided by VFW Post 3402.

Chair of Honor

The Chair of Honor rotated through the Franklin Elementary Schools during the school year. The VSO visited each school with the Chair and talked to the students about the meaning of the Chair and why it is an important reminder of the sacrifices our military members and their families make for each of us. The Chair will be in town facilities throughout the year.

Community Support

Veterans’ Services thanks these faithful supporters:

- The Franklin Garden Club for the care and maintenance of the Veterans’ Memorial on the town common.
- Elks Lodge #2136, BPOE, for their continued support of Franklin’s veterans including the sponsorship of the Veterans’ Day Luncheon, the veterans’ fuel assistance program and for hosting the Franklin Veterans’ Council. Elks Lodge #2136 conducts numerous events during the year in support of our veterans in local VA facilities.
- VFW Post 3402 for their assistance with the placement of flags on the graves of our deceased veterans for Memorial Day, their donation of poppies and their ongoing support and attention to Franklin’s veterans.
- American Legion, Edward L. Grant, Post 75 for their support of our veterans and their participation in our Veterans’ Day and Memorial Day events. Post 75 visits local private medical and VA facilities to support and recognize our veterans.
- The Friends of Franklin Elders for their support of the Memorial Day Breakfast at the Senior Center.

- The staff of the Franklin Senior Center for their daily support of the VSO and for their valued support of the Memorial Day Breakfast.
- Franklin High School music department for the support of our events.
- The citizens of Franklin for your support of our veterans and active duty service members.

Although, federal and state definitions of veterans are very specific as to time and component served for qualification for benefits, I hold to this definition of a veteran:

A veteran is someone – whether active duty, retired, National Guard or Reserve – who at one point in their life wrote a blank check made payable to the Government of the United States of America for an amount of “up to and including my life.”

I am honored to serve Franklin’s veterans and their families.

Respectfully submitted,

Dale L. Kurtz
Veterans’ Service Officer

**ANNUAL REPORT OF THE
TREASURER-COLLECTOR**

Fiscal 2017 has been another very busy year in the Treasurer-Collector’s office.

The fiscal year ended with higher investment interest rates (MMDT –1.25%). On the borrowing side, low rates had a positive effect. In May of 2017 we issued a 1 year Bond Anticipation Note (BAN) for \$12,200,000. It included \$8.2 million for Library planning and design and \$4 million for water repairs and associated roadway repairs. Jeffries LLC was the winning bidder on the BAN with a weighted average interest cost of .9852%. At the same time we issued a 5 month BAN for \$4.66 million for continued FHS construction. Jeffries LLC was the winning bidder on the BAN with a weighted average interest cost of .9576%.

Prior to the sale, Standard and Poor’s Ratings Services, a municipal credit rating agency, affirmed the Town’s AA+ bond rating. They also assigned its 'SP-1+' short-term rating to Franklin’s series 2017 A and B general obligation (GO) bond anticipation notes (BANs), payable on Oct. 19, 2017 and May 18, 2018.

Standard and Poor's stated "*The stable outlook reflects what we view as the town's very strong liquidity position and strong budgetary flexibility. In addition, we believe Franklin's very strong economy and access to the Boston MSA lends stability to the town's tax base. Consequently, we do not expect to change the rating within the outlook's two-year time frame.*"

On May 17th we held a Land of Low Value Auction at which time 7 of the 21 properties were sold. On May 31st we held a second auction for the remaining 14 properties and there were no takers. The 14 properties were then deeded to the Town of Franklin.

During FY 2017, \$155,604.45 was collected in back property taxes, interest and fees. Seven property owners paid off all outstanding taxes and redeemed their properties out of tax title. We continue to pursue delinquent taxes through the foreclosure process and there are currently 18 properties in Land Court. Since 2001 we have foreclosed on 70 properties. Some properties will eventually be auctioned off and the rest will remain as town property.

There were 1,001 Municipal Lien Certificates issued by the Treasurer-Collector's office generating revenue of \$50,050.00. Also collected was \$3,737.00 in fees for duplicate bills and files that we supplied to tax services and escrow agents. During FY17, the Treasurer-Collector's office printed and mailed 43,786 Real Estate Tax bills; 2,110 Personal Property Tax bills; 34,192 Motor Vehicle Excise Tax bills; and 41,441 Utility bills. The following Demands were also printed and mailed; 521 Real Estate Tax, 101 Personal Property Tax, and 6,575 Motor Vehicle Excise Tax. There were 2,324 Motor Vehicle warrants issued in FY17. There were 30 Betterment releases (water, sewer and road) generating revenue of \$120. We also collected \$104,500 for backflow testing and \$65,700 for Sprinkler/Hydrant charges.

The Treasurer also acts as the town's parking clerk. Our deputy collector, Kelley & Ryan Associates of Hopedale, handles the billing and collection of parking tickets. During FY17 we collected \$28,460 for parking violations.

I would like to thank all town departments for the timely and accurate turnover of fees to the Treasurer-Collector's office. I also would like to thank the first-class staff of the Treasurer-Collector's office for their continued hard work. I would like to thank Jill Worner for 28 years of dedicated service to this office and hope that she enjoys her well-deserved retirement. Finally, I thank the citizens of Franklin for their continued support.

Respectfully submitted,

James P. Dacey
Treasurer-Collector

ANNUAL REPORT OF THE TOWN COMPTROLLER

In accordance with Chapter 41, Section 61, of the Massachusetts General Laws, I hereby submit the annual report of the Town Comptroller for fiscal year July 1, 2016 to June 30, 2017.

All invoices and payrolls presented during the fiscal year by various departments were examined for accuracy and legality before being submitted to the Town Administrator for approval and to the Treasurer-Collector for payment.

The accounting records for the Town are maintained under the Uniform Municipal Accounting System (UMAS) as promulgated by the State.

Following are statements that reflect the town's general fund and enterprise funds, expenditures and revenues as of June 30, 2017.

The Town's auditing firm, Melanson Heath, found the town's 2016 financial statements and systems to be in good order. The **audited** financial statements for year ending **June 30, 2016** are included.

I will be retiring in early January of 2018. Working for the Town of Franklin over the past fifteen years has been a great experience. I have been extremely fortunate to

work with some awesome individuals over the years. I cannot thank my staff enough, past and present, for the outstanding work and dedication they have brought to their duties, this office and to the Town of Franklin as a whole. I had the extreme good fortune to have two phenomenal Assistants during my tenure, Karen Pitasi and Linda Darling. I couldn't have asked for better Payroll Administrators in Elaine Pacheco and Liz Cassidy. Both Norma Collins and John Bugbee were and are great assets to the Town in their Procurement roles. The wonderful accounting staff: Ginny McNeil, Laurie Dumas, Kathy Werner, Lisa Cook and Janet Hawley.

There are no words to describe the great relationship with the Treasurer/Collector Jim Dacey.

I also need to thank all departments for their ongoing assistance, especially Human Resources, Treasurer/Collector, Assessing and the School Business Office. You all will be remembered fondly.

One last thank you to the best boss in my thirty-two year career - Jeff Nutting. You always made me want to do my best.

Respectfully submitted,

Susan L. Gagner
Town Comptroller

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Franklin, Massachusetts, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

The Town's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion

on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Franklin, Massachusetts, as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the Schedule of OPEB Funding Progress, the Schedule of Proportionate Share of Net Pension Liability, and the Schedule of Pension Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board*, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

Other Information

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 22, 2017 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Franklin we offer readers this narrative overview and analysis of the financial activities of the Town of Franklin for the fiscal year ended June 30, 2016.

A. OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of our finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all assets, liabilities, and deferred outflows/inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The Statement of Activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities include general government, public safety, education, public works, health and human services, and culture and recreation. The business-type activities include sewer, water and solid waste activities.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide

financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

An annual appropriated budget is adopted for the general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Proprietary funds. Proprietary funds are maintained as follows:

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Specifically, enterprise funds are used to account for sewer, water and solid waste operations.

Proprietary funds provide the same type of information as the business-type activities reported in the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the sewer, water and solid waste operations. The sewer and water funds are considered major funds.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which is required to be disclosed by accounting principles generally accepted in the United States of America.

B. FINANCIAL HIGHLIGHTS

- As of the close of the current fiscal year, the total of assets exceeded liabilities by \$166,406,967 (i.e., net position), a change of \$(3,879,531) in comparison to the prior year.
- As of the close of the current fiscal year, governmental activities reported unrestricted net position of \$(68,835,656), a change of \$(6,233,182), in comparison to the prior year.
- As of the close of the current fiscal year, governmental funds reported combined ending fund balances of \$25,530,491, a change of \$(2,471,457) in comparison to the prior year. This change is primarily due to activity associated with the ongoing High School construction project and the library construction project.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$11,144,911, a change of \$1,458,061 in comparison to the prior year.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, total net position was \$166,406,967, a change of \$(3,879,531) from the prior year.

The largest portion of net position \$212,108,255 reflects our investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure); less any related debt used to acquire those assets that is still outstanding. These capital

assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of net position \$12,021,596 represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position is a deficit of \$(57,722,884), resulting from unfunded OPEB and net pension liabilities (see Notes 20 and 21).

Governmental activities. Governmental activities for the year resulted in a change in net position of \$(4,636,285). Key elements of this change are as follows:

General fund revenues and transfers in excess of expenditures and transfers out	\$ 910,020
Nonmajor governmental funds change in funds balance, net of capital additions	(469,210)
Depreciation expense in excess of principal debt service expense	(2,705,195)
Capital additions funded by operating cash	4,435,084
Increase in net OPEB obligation	(5,491,999)
Change in net pension liability	(1,111,395)
MSBA grants recognized in prior years	(825,933)
Change in deferred outflows	4,714,029
Change in deferred inflows	(4,125,738)
Other	<u>34,052</u>
Total	<u>\$ (4,636,285)</u>

Business-type activities. Business-type activities for the year resulted in a change in net position of \$756,754. Key elements of this change are as follows:

Sewer operations	\$ 214,684
Water operations	511,456
Solid waste operations	<u>30,614</u>
Total	<u>\$ 756,754</u>

D. FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such infor-

mation is useful in assessing financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, governmental funds reported combined ending fund balances of \$25,530,491, a change of \$(2,471,457) in comparison to the prior year. Key elements of this change are as follows:

General fund revenues and other financing sources in excess of expenditures and transfers out	\$ 910,020
High School construction expenditures in excess of revenues and other financing sources	(1,553,769)
Library construction expenditures in excess of revenues	(1,358,498)
Special revenue fund revenues and transfers in excess of expenditures and transfers out	(446,397)
Nonmajor capital projects fund expenditures and transfers out in excess of revenues	388,522
Trust fund expenditures and transfers out in excess of revenues	<u>(411,335)</u>
Total	<u>\$ (2,471,457)</u>

The general fund is the chief operating fund. At the end of the current fiscal year, unassigned fund balance of the general fund was \$11,144,911, while total fund balance was \$17,141,502. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Refer to the table below.

<u>General Fund</u>	<u>6/30/16</u>	<u>6/30/15</u>	<u>Change</u>	<u>% of Total General Fund Expenditures</u>
Unassigned fund balance ⁽¹⁾	\$ 11,144,911	\$ 9,686,850	\$ 1,458,061	10.4%
Total fund balance	\$ 17,141,502	\$ 16,231,482	\$ 910,020	16.0%

⁽¹⁾ Includes \$5,104,493 in general stabilization and \$1,342,956 in budget stabilization funds.

The total fund balance of the general fund changed by \$910,020 during the current fiscal year. Key factors in this change are as follows:

Use of free cash, overlay surplus, and other reserves as a funding source	\$ (2,968,096)
Add back transfers to stabilization funds	<u>300,000</u>
Subtotal	(2,668,096)
Revenues in excess of budget	1,931,319
Expenditures less than budget	2,067,506
Other	<u>(420,709)</u>
Total	<u>\$ 910,020</u>

Included in the total general fund balance are the Town's stabilization accounts with the following balances:

	<u>6/30/16</u>	<u>6/30/15</u>	<u>Change</u>
General stabilization	\$ 5,104,493	\$ 4,915,019	\$ 189,474

Proprietary funds. Proprietary funds provide the same type of information found in the business-type activities reported in the government-wide financial statements, but in more detail.

Unrestricted net position of the enterprise funds at the end of the year amounted to \$11,112,772, a change of \$(2,453,451) in comparison to the prior year. Other factors concerning the finances of proprietary funds have already been addressed in the entity-wide discussion of business-type activities.

E. GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget and the final amended budget resulted in an overall change in appropriations of \$3,304,795. Major reasons for this change include:

\$ 600,000	appropriated to fund purchase land and renovation of improved property for the Recreation Department; funded by overlay surplus.
10,000	appropriated to fund records organization, management, and disposal for the Assessors Department; funded by overlay surplus.
22,086	appropriated for the construction of sidewalks; funded by free cash
100,000	appropriated for the fire truck stabilization fund; funded by free cash.
200,000	appropriated for the athletic fields capital improvement stabilization fund; funded by free cash.
1,838,009	appropriated for the 2016 capital improvement plan; funded by free cash and a transfer from the ambulance receipts reserved fund
41,700	appropriated for improvements to the recreation fields; funded by a transfer from the A. B. Fletcher Trust fund

(continued)

(continued)

41,700	appropriated for improvements to the recreation fields; funded by a transfer from the A. B. Fletcher Trust fund
60,000	appropriated for the downtown improvement project; funded by free cash
200,000	appropriated for road construction and maintenance; funded by free cash.
200,000	appropriated for the Other Post-Employment Benefits Trust fund; funded by free cash.
33,000	appropriated for the Beaver Street survey and sidewalk study; funded by free cash.
<u>\$ 3,304,795</u>	Total supplemental appropriations

F. CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. Total investment in capital assets for governmental and business-type activities at year-end amounted to \$297,557,539 (net of accumulated depreciation), a change of \$2,205,394 from the prior year. This investment in capital assets includes land, construction in progress, buildings and improvements, machinery and equipment, and infrastructure.

Major capital asset events during the current fiscal year include ongoing construction costs for the new high school, various building improvements, conservation land purchases, sewer and water system improvements, various street improvements, and the acquisition of vehicles, and equipment for various Town departments.

Additional information on capital assets can be found in the Notes to the Financial Statements.

Credit rating. During the fiscal year, the Town's Standard & Poor's credit rating remained unchanged at AA+.

Long-term debt. At the end of the current fiscal year, total bonded debt outstanding was \$79,194,920, all of which was backed by the full faith and credit of the government.

Additional information on long-term debt can be found in the Notes to Financial Statements.

G. STABILIZATION FUNDS

In the late 1990s, the Town settled a legal case and received over six million dollars. The funds were paid to the Town over several years. All funds received from the settlement were voted into the general Stabilization Fund, resulting in a balance

of over \$9,000,000 in the account. The Stabilization Fund, plus interest, may be appropriated at any Town Council meeting for any municipal purpose. The Town always maintained a “traditional” general fund stabilization account.

At that point, the Town created two new stabilization accounts to set aside funds for known future costs. The Town voted to appropriate \$1,100,000 to pay for the Town’s share of Town state-funded road projects and to replace a culvert. The second was a Debt Stabilization account to take the “peak” off the debt schedule the Town adopted in accordance with our fiscal policy on debt. The Debt Stabilization account served its intended purpose and no funds currently remain in the account. In FY11, the Town Council voted to increase the Public Works Stabilization account for future related projects.

The Town Council voted in FY 2004, 2007 and 2008 to use general stabilization funds to balance the annual operating budget. However, once the fund reached the minimum amount established by the Town Council’s fiscal policy (\$4.5 million or 5% of general operating budget), no other funds were used until FY2013, when the Town Council voted to use \$350,000 for the annual operating budget.

In FY12, the Town Council voted to establish three additional stabilization funds for future Town appropriations. These funds include the Senior Center Capital Improvements Stabilization Fund, the Athletic Field Capital Improvements Stabilization Fund, and the Fire Truck Stabilization Fund, all of which are reported as “Other Stabilization” in the table below.

In FY13, the Town Council voted to establish a Budget Stabilization Fund for the purpose of stabilizing future Town budgets. This new fund is reported in a separate column in the table below.

The table below sets forth stabilization fund balances at year-end for the last nine fiscal years (in thousands):

TOWN OF FRANKLIN, MASSACHUSETTS

Notes to Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Franklin (the Town) conform to generally accepted accounting principles (GAAP) as applicable to governmental units. The following is a summary of the more significant policies:

A. Reporting Entity

The Town is a municipal corporation governed by an elected Town Council. As required by generally accepted accounting principles, these financial statements present the government and applicable component units for which the government is considered to be financially accountable. In fiscal year 2016, it was determined that no entities met the required GASB 14 (as amended) criteria of component units.

B. Government-wide and Fund Financial Statements

Government-wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide Financial Statements

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as is the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes and excises.

Fund Financial Statements

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The Town reports the following major governmental funds:

- The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *High School Construction Fund* accounts for activity associated with the construction of the new high school.
- The *Library Construction Fund* accounts for activity associated with the reconstruction of the library.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The government reports the following major proprietary funds:

- Sewer Fund
- Water Fund

The *Other Post-Employment Benefits Trust Fund* is used to account for monies the Town is setting aside to fund its future post-retirement health insurance obligations.

The *Private-Purpose Trust Fund* is used to account for trust arrangements, other than those properly reported in the pension trust fund or permanent fund, under which principal and investment income exclusively benefit individuals, private organizations, or other governments.

The *Agency Funds* account for fiduciary assets held by the Town in a custodial capacity as an agent on behalf of others. Agency funds report only assets and liabilities, and therefore, have no measurement focus.

D. Cash and Short-Term Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a consolidation of cash. Cash balances are invested to the extent available, and interest earnings are recognized in the General Fund. Certain special revenue, proprietary, and fiduciary funds segregate cash, and investment earnings become a part of those funds.

Deposits with financial institutions consist primarily of demand deposits, certificates of deposits, and savings accounts. A cash and investment pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the combined financial statements under the caption "cash and short-term investments". The interest earnings attributable to each fund type are included under investment income.

For purpose of the statement of cash flows, the proprietary funds consider investments with original maturities of three months or less to be short-term investments.

E. Investments

State and local statutes place certain limitations on the nature of deposits and investments available. Deposits in any financial institution may not exceed certain levels within the financial institution. Non-fiduciary fund investments can be made in securities issued by or unconditionally guaranteed by the U.S. Government or agencies that have a maturity of one year or less from the date of purchase and repurchase agreements guaranteed by such securities with maturity dates of no more than 90 days from the date of purchase.

Investments for the stabilization funds and trust funds consist of bank certificates of deposit, U.S. Treasury notes and agencies, corporate bonds, and mutual funds. Investments are carried at market value except certificates of deposit which are reported at cost.

F. Property Tax Limitations

Legislation known as "Proposition 2½" has limited the amount of revenue that can be derived from property taxes. The prior fiscal year's tax levy limit is used as a base and cannot increase by more than 2.5 percent (excluding new growth), unless an override is voted. The actual fiscal year 2016 tax levy reflected an excess capacity of \$35,822.

G. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial individual cost of more than \$15,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40
Building improvements	20
Infrastructure	30 - 50
Vehicles	5
Office equipment	5
Computer equipment	5

H. Compensated Absences

It is the Town's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vested sick and vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

I. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt, and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position.

J. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance". Fund equity for all other reporting is classified as "net position".

Fund Balance - Generally, fund balance represents the difference between current assets and current liabilities. The Town reserves those portions of fund balance that are legally segregated for a specific future use or which do not represent available, spendable resources and therefore, are not available for appropriation or expenditure. Unassigned fund balance indicates that portion of fund balance that is available for appropriation in future periods.

The Town's fund balance classification policies and procedures are as follows:

- 1) Nonspendable funds are either unspendable in the current form (i.e., prepaid items) or can never be spent (i.e., perpetual care).
- 2) Restricted funds are used solely for the purpose in which the fund was established. In the case of special revenue funds, these funds are created by statute or otherwise have external constraints on how the funds can be expended.
- 3) Committed funds are reported and expended as a result of motions passed by the highest decision making authority in the government (i.e., the Town Council).
- 4) Assigned funds are used for specific purposes as established by management. These funds, which include encumbrances, have been assigned for specific goods and services ordered but not yet paid for. This account also includes fund balance (free cash) voted to be used in the subsequent fiscal year.
- 5) Unassigned funds are available to be spent in future periods.

When an expenditure is incurred that would qualify for payment from multiple fund balance types, the Town uses the following order to liquidate liabilities: restricted, committed, assigned and unassigned.

Net Position - Net position represents the difference between assets/deferred outflows and liabilities/deferred inflows. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The remaining net position is reported as unrestricted.

K. Use of Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures for contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of the revenues and expenditures/expenses during the fiscal year. Actual results could vary from estimates that were used.

2. Stewardship, Compliance, and Accountability

A. Budgetary Information

The Town Administrator presents, on behalf of the Finance Committee, an operating and capital budget for the proposed expenditures of the fiscal year commencing the following July 1. The budget, as enacted by Town Council, establishes the legal level of control and specifies that certain appropriations are to be funded by particular revenues. The original budget is amended during the fiscal year at Town Council meetings as required by changing conditions.

Departments are limited to the line items as voted. Certain items may exceed the line item budget as approved if it is for an emergency and for the safety of the general public. These items are limited by the Massachusetts General Laws and must be raised in the next year's tax rate.

Formal budgetary integration is employed as a management control device during the year for the General Fund. Effective budgetary control is achieved for all other funds through provisions of the Massachusetts General Laws.

At year end, appropriation balances lapse, except for certain unexpended capital items and encumbrances which will be honored during the subsequent year.

B. Budgetary Basis

The General Fund final appropriation appearing on the "Budget and Actual" page of the fund financial statements represents the final amended budget after all supplemental appropriations.

C. Budget/GAAP Reconciliation

The budgetary data for the general fund is based upon accounting principles that differ from generally accepted accounting principles (GAAP). Therefore, in addition to the GAAP basis financial statements, the results of operations of the general fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison to budgetary data.

The following is a summary of adjustments made to the actual revenues and other sources, and expenditures and other uses, to conform to the budgetary basis of accounting.

<u>General Fund</u>	<u>Revenues and Other Financing Sources</u>	<u>Expenditures and Other Financing Uses</u>
Revenues/Expenditures (GAAP Basis)	\$ 109,274,081	\$ 106,935,579

D. Deficit Fund Equity

The following funds had deficits as of June 30, 2016:

School grants	\$ (200,427)
Town grants	(661,391)
High School construction fund	(4,350,406)
Library construction fund	<u>(1,364,998)</u>
	<u>\$ (6,577,222)</u>

The temporary deficits in these funds will be eliminated through future inter-governmental revenues and bond proceeds.

3. Cash and Short-Term Investments

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the Town's deposits may not be returned. Massachusetts General Law Chapter 44, Section 55, limits the Town's deposits "in a bank or

trust company or banking company to an amount not exceeding sixty percent of the capital and surplus of such bank or trust company or banking company, unless satisfactory security is given to it by such bank or trust company or banking company for such excess.”

As of June 30, 2016, \$26,476,757 of the Town’s bank balance of \$40,228,852 was exposed to custodial credit risk as uninsured or uncollateralized. These funds are primarily held in four highly rated banks according to the Veribanc Report. All of the banks are rated GREEN/***.

4. **Investments**

A. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. For short-term investments that were purchased using surplus revenues, Massachusetts General Law, Chapter 44, Section 55, limits the Town’s investments to the top rating issued by at least one nationally recognized statistical rating organization (NRSROs).

Presented below (in thousands) is the actual rating as of year-end for each investment of the Town. (All federal agency securities have an implied credit rating of AAA):

<u>Investment Type</u>	6/30/2016 <u>Balance</u>	<u>Rating as of Year-end</u>					Not <u>Rated</u>
		<u>Aaa</u>	<u>A1</u>	<u>A2</u>	<u>Baa1</u>

B. Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Per the Town’s investment policy, the Treasurer will review the financial institution’s financial statements and the background of the Advisor. Further, all securities held by a third-party custodian will be held in the Town’s name and tax identification number.

As of June 30, 2016, the Town did not have any investments exposed to custodial credit risk.

C. Concentration of Credit Risk

The Town will minimize concentration of credit risk by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized. Town investments in any one issuer (other than U.S. Treasury securities and mutual funds) that represent 5% or more of total investments are as follows (in thousands):

Bristol County Savings Bank certificate of deposit	\$ 1,000
Dean Bank certificate of deposit	1,006
East Boston Savings Bank certificate of deposit	2,014
Federal Home Loan Mortgage	<u>1,901</u>
Total	<u>\$ 5,921</u>

D. Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Town's investment policy states the Town will manage interest rate risk by managing duration in the account.

Information about the sensitivity of the fair values of the Town's investments to market interest rate fluctuations is as follows (in thousands):

<u>Investment Type</u>	<u>Investment Maturities (in Years)</u>				
	<u>6/30/2016 Balance</u>	<u>Less Than 1</u>	<u>1-5</u>	<u>6-10</u>	<u>More Than 10</u>
U.S. Treasury notes	\$ 3,210	\$ -	\$ 1,700	\$ 1,510	\$ -

Certificates of deposit	<u>5,302</u>	<u>4,296</u>	<u>1,006</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 14,045</u>	<u>\$ 4,695</u>	<u>\$ 6,939</u>	<u>\$ 2,411</u>	<u>\$ -</u>

E. Foreign Currency Risk

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair value of an investment. The Town's policy for foreign currency risk states the Town will not invest in any investment exposed to foreign currency risk.

F. Fair Value

The Town categorizes its fair value measurements within the fair value hierarchy established by Governmental Accounting Standards Board Statement No. 72 *Fair Value Measurement and Application* (GASB 72). The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Town has the following fair value measurements as of June 30, 2016:

<u>Description</u>	<u>Fair Value Measurements Using:</u>		
	<u>Quoted prices in active markets for identical assets (Level 1)</u>	<u>Significant observable inputs (Level 2)</u>	<u>Significant unobservable inputs (Level 3)</u>

External investment pool	\$ 1,972	\$ -	Monthly	30 days

5. Taxes Receivable

Real estate and personal property taxes are levied and based on values assessed on January 1st of every year. Assessed values are established by the Board of Assessor’s for 100% of the estimated fair market value. Taxes are due on a quarterly basis and are subject to penalties and interest if they are not paid by the respective due date. Real estate and personal property taxes levied are recorded as receivables in the fiscal year they relate to.

Fourteen days after the due date for the final tax bill for real estate taxes, a demand notice may be sent to the delinquent taxpayer. Fourteen days after the demand notice has been sent the tax collector may proceed to file a lien

against the delinquent taxpayers' property. The Town has an ultimate right to foreclose on property for unpaid taxes. Personal property taxes cannot be secured through the lien process.

Taxes receivable at June 30, 2016 consist of the following:

12. Advance Refunding

Fiscal Year 2016

On June 15, 2016, the Town issued general obligation bonds in the amount of \$7,310,000 with an interest rate of 4.00% to advance refund \$7,760,000 of bonds with interest rates ranging from 3.50% to 4.50%. The bonds mature on March 1, 2020 through March 1, 2028 and are not callable. The general obligation bonds were issued at 1.6370% and, after paying issuance costs of \$80,250, the net proceeds were \$8,476,185. The net proceeds from the issuance of the general obligation bonds were used to purchase U.S. government securities and those securities were deposited in an irrevocable trust with an escrow agent to provide debt service payments until the bonds are called on March 1, 2019. The advance refunding met the requirements of an in-substance debt defeasance and the term bonds were removed from the Town's financial statements.

As a result of the advance refunding, the Town reduced its total debt service cash flow requirements by \$733,115, which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$667,666.

Defeased debt still outstanding at June 30, 2016 is \$7,760,000.

Fiscal Year 2015

On February 25, 2015, the Town issued general obligation bonds in the amount of \$6,920,000 with interest rates ranging from 2.00% to 4.00% to advance refund \$7,185,000 of bonds with interest rates ranging from 3.75% to 5.00%. The bonds mature on March 15, 2017 through March 15, 2026 and are not callable. The general obligation bonds were issued at 1.871776% and, after paying issuance costs of \$74,100, the net proceeds were \$7,662,987. The net proceeds from the issuance of the general obligation bonds were used to purchase U.S. government securities and those securities were deposited in an irrevocable trust with an escrow agent to provide debt service payments until the bonds are called on March 1, 2019. The advance refunding met the requirements of an in-substance debt defeasance and the term bonds were removed from the Town's financial statements.

As a result of the advance refunding, the Town reduced its total debt service cash flow requirements by \$486,020, which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$444,162.

Defeased debt still outstanding at June 30, 2016 is \$1,885,000.

13. Deferred Inflows of Resources

Deferred inflows of resources are the acquisition of net assets by the Town that are applicable to future reporting periods. Deferred inflows of resources have a negative effect on net position, similar to liabilities.

The following is a summary of deferred inflow of resources balances as of June 30, 2016:

	<u>Entity-wide Basis</u>		<u>Fund Basis</u>
	<u>Governmental Activities</u>	<u>Business-type Activities</u>	<u>Governmental Funds General Fund</u>
Unavailable revenues	\$ -	\$ -	\$ 2,339,279
Taxes collected in advance	9,973	-	9,973
Pension related:			
Changes in assumptions	3,457,032	27,508	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	668,706	5,321	-
Total	<u>\$ 4,135,711</u>	<u>\$ 32,829</u>	<u>\$ 2,349,252</u>

14. **Restricted Net Position**

The accompanying entity-wide financial statements report restricted net position when external constraints from grantors or contributors are placed on net position.

Permanent fund restricted net position is segregated between nonexpendable and expendable. The nonexpendable portion represents the original restricted principal contribution, and the expendable represents accumulated earnings which are available to be spent based on donor restrictions.

15. **Governmental Funds - Balances**

Fund balances are segregated to account for resources that are either not available for expenditure in the future or are legally set aside for a specific future use.

The Town has implemented GASB Statement No. 54 (GASB 54), *Fund Balance Reporting and Governmental Fund Type Definitions*, which enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying existing governmental fund type definitions.

The following types of fund balances are reported at June 30, 2016:

Nonspendable - Represents amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. This fund balance classification includes general fund pre-paid expenditures and nonmajor governmental fund reserves for the principal portion of permanent trust funds.

Restricted - Represents amounts that are restricted to specific purposes by constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation. This fund balance classification includes capital projects funded by grants and bond issuances, various special revenue funds, and the income portion of permanent trust funds.

Committed - Represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision-making authority (Town Council). This fund balance classification includes general fund non-lapsing capital appropriations approved by Town Council, capital improvement stabilization funds (now reported as part of the general fund per GASB 54), and various special revenue and expendable trust funds.

Assigned - Represents amounts that are constrained by the Town's intent to use these resources for a specific purpose. This fund balance classification includes general fund encumbrances that have been established by various

Town departments for the expenditure of current year budgetary financial resources upon vendor performance in the subsequent budgetary period.

Unassigned – Represents amounts that are available to be spent in future periods. This fund balance classification also includes general and budgetary stabilization funds set aside by Town Council vote for future use (now reported as part of the general fund per GASB 54) and temporary deficits in other governmental funds.

Following is a breakdown of the Town's fund balances at June 30, 2016:

	General Fund	High School Construction Fund	Library Construction Fund	Nonmajor Governmental Funds	Total Governmental Funds

16. Interfund Transfers

The government reports interfund transfers between many of its funds. The sum of all transfers presented in the table below agrees with the sum of interfund transfers presented in the governmental and proprietary fund financial statements. The following is an analysis of interfund transfers made in fiscal year 2016:

<u>Governmental Funds:</u>	<u>Transfers In</u>	<u>Transfers Out</u>

17. General Fund Unassigned Fund Balance

The unassigned general fund balances reported on the balance sheet is stated in accordance with generally accepted accounting principles (GAAP), which differed in certain respects from the Massachusetts Uniform Municipal Accounting System (UMAS). The following paragraphs summarize the major differences.

Massachusetts General Laws include provisions to allow municipalities to over-expend certain appropriations if they are incurred in an emergency situation and for the safety of the public. The most common example involves the “snow & ice” appropriation. However, all such over-expenditures must be funded in the subsequent year’s tax rate.

The accompanying financial statements include an estimate for future potential tax refunds, which is not recognized under UMAS.

The following summarizes the specific differences between GAAP basis and budgetary basis of reporting the general fund unassigned fund balance:

GAAP basis balance	\$ 11,144,911
Stabilization fund	(6,447,449)
Tax refund estimate	<u>187,669</u>
Statutory (UMAS) Balance	<u>\$ 4,885,131</u>

18. Subsequent Events

The Town entered into a purchase and sale agreement to sell land with building and improvements located along the westerly side of Pond Street to Baystone Franklin, LLC for \$1,560,000

19. Commitments and Contingencies

Outstanding Legal Issues - On an ongoing basis, there are typically pending legal issues in which the Town is involved. The Town's management is of the opinion that the potential future settlement of these issues would not materially affect its financial statements taken as a whole.

Grants - Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

Abatements - There are several cases pending before the Appellate Tax Board in regard to alleged discrepancies in property assessments. According to Town Counsel, the probable outcome of these cases at the present time is indeterminable, although the Town expects such amounts, if any, to be immaterial.

20. Post-Employment Healthcare and Life Insurance Benefits

Other Post-Employment Benefits

The Town implemented GASB Statement 45, *Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions*. Statement 45 requires governments to account for other post-employment benefits (OPEB), primarily healthcare, on an accrual basis rather than on a

pay-as-you-go basis. The effect is the recognition of an actuarially required contribution as an expense on the Statement of Activities when a future retiree earns their post-employment benefits, rather than when they use their post-employment benefit. To the extent that an entity does not fund their actuarially required contribution, a post-employment benefit liability is recognized on the Statement of Net Position over time.

A. Plan Description

In addition to providing the pension benefits described, the Town provides post-employment healthcare and life insurance benefits for retired employees through the Town's plan. The benefits, benefit levels, employee contributions and employer contributions are governed by Chapter 32 of the Massachusetts General Laws. As of June 30, 2015, the actuarial valuation date, approximately 568 retirees and 978 active employees meet the eligibility requirements. The plan does not issue a separate financial report.

B. Benefits Provided

The Town provides medical, prescription drug, mental health/substance abuse and life insurance to retirees and their covered dependents. All active employees who retire from the Town and meet the eligibility criteria will receive these benefits.

C. Funding Policy

Post-1990 retirees contribute between 32% and 50% of the cost of the health plan and pre-1990 retirees contribute between 16% and 32%, as determined by the Town. The Town contributes the remainder of the health plan costs on a pay-as-you-go basis.

D. Annual OPEB Costs and Net OPEB Obligation

The Town's fiscal 2016 annual OPEB expense is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost per year and amortize the unfunded actuarial liability over a period of thirty years. The following table shows the components of the Town's annual OPEB cost for the year ending June 30, 2016, the amount actually contributed to the plan, and the change in the Town's net OPEB obligation based on an actuarial valuation as of June 30, 2015.

Normal Cost	\$ 4,425,239
Amortization of unfunded actuarially accrued liability	<u>3,522,201</u>
Annual Required Contribution (ARC)	7,947,440
Interest on net OPEB obligation	1,934,047
Adjustment to ARC	<u>(1,534,482)</u>
Annual OPEB cost	8,347,005
Expected benefit payments (pay as you go)	(2,206,531)
Contributions to OPEB Trust	<u>(622,000)</u>
Increase in net OPEB obligation	5,518,474
Net OPEB obligation - beginning of year	<u>42,978,822</u>
Net OPEB obligation - end of year	<u>\$ 48,497,296</u>

The Town's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the prior three years were as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
2016	\$ 8,347,005	34%	\$ 48,497,296
2015	\$ 7,888,765	34%	\$ 42,978,822
2014	\$ 7,793,356	30%	\$ 37,735,879

The Town's net OPEB obligation as of June 30, 2016 is recorded as a long-term liability on the Statement of Net Position.

E. Funded Status and Funding Progress

The funded status of the plan as of June 30, 2015, the date of the most recent actuarial valuation was as follows:

Actuarial accrued liability (AAL)	\$ 93,975,598
Actuarial value of plan assets	<u>1,455,552</u>
Unfunded actuarial accrued liability (UAAL)	<u>\$ 92,520,046</u>
Funded ratio (actuarial value of plan assets/AAL)	<u>1.5%</u>
Covered payroll (active plan members)	<u>\$ 57,381,408</u>
UAAL as a percentage of covered payroll	<u>161.2%</u>

Actuarial valuations of an ongoing plan involve estimates of the value of reported amount and assumptions about the probability of occurrence of events far into the future. Examples included assumptions about future

employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of OPEB Funding Progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

F. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the plan as understood by the Town and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the Town and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2015 actuarial valuation, the projected unit credit cost method was used. The actuarial value of assets was \$1,455,552. The actuarial assumptions included a 4.0% investment rate of return and an initial annual healthcare cost trend rate of 6.0% which decreases to a 4.5% long-term rate for all healthcare benefits after four years. The amortization costs for the initial UAAL is a level percentage of payroll for a period of 30 years, on a closed basis. This has been calculated assuming the amortization payment increases at a rate of 4.0%.

G. Actuarial Methods and Assumptions

In April 2015, the Town voted to accept the provisions of M.G.L. Chapter 32B, Section 20 to establish an Other Post-Employment Benefits Liability Trust Fund (OPEB Trust) to being accumulating assets to reduce the unfunded portion of its actuarially accrued OPEB liability.

As of June 30, 2016 total assets in the OPEB Trust were \$2,172,234. OPEB Trust assets and activity are reported in the Fiduciary Funds financial statement on pages 24-25 of this report.

21. Norfolk County Retirement System

The Town follows the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, with respect to the employees' retirement funds.

A. Plan Description

Substantially all employees of the Town (except teachers and administrators under contract employed by the School Department) are members of the Norfolk County Retirement System (the System), a cost sharing, multiple-employer public employee retirement system (PERS). Eligible employees must participate in the System. The pension plan provides pension benefits, deferred allowances, and death and disability benefits. Chapter 32 of the Massachusetts General Laws establishes the authority of the System, contribution percentages and benefits paid. The System Retirement Board does not have the authority to amend benefit provisions. Additional information is disclosed in the System's annual financial reports publically available from the System located at 480 Neponset Street, Canton, Massachusetts 02021.

Participant Retirement Benefits

The System provides for retirement allowance benefits up to a maximum of 80% of a member's highest three-year average annual rate of regular compensation for those hired prior to April 2, 2012 and the highest five-year average annual rate of regular compensation for those first becoming members of the Massachusetts System on or after that date. However, per Chapter 176 of the Acts of 2011, for members who retire on or after April 2, 2012, if in the 5 years of creditable service immediately preceding retirement, the difference in the annual rate of regular compensation between any 2 consecutive years exceeds 100 percent, the normal yearly amount of the retirement allowance shall be based on the average annual rate of regular compensation received by the member during the period of 5 consecutive years preceding retirement. Benefit payments are based upon a member's age, length of creditable service, level of compensation and group classification.

A retirement allowance may be received at any age, upon attaining 20 years of service. The plan also provides for retirement at age 55 if the participant was a member prior to January 1, 1978, with no minimum vesting requirements. If the participant was a member on or after January 1, 1978 and a member of Groups 1 or 2, then a retirement allowance may be received if the participant (1) has at least 10 years of creditable service, (2) is age 55, (3) voluntarily left Town employment on or after that date, and (4) left accumulated annuity deductions in the fund. Members of Group 4, have no minimum vesting requirements, however, must be at least age 55. Groups 2 and 4 require that participants perform the duties of the Group position for at least 12 months immediately prior to retirement.

A participant who became a member on or after April 2, 2012 is eligible for a retirement allowance upon 10 years creditable service and reaching ages 60 or 55 for Groups 1 and 2, respectively. Participants in Group 4 must be at least age 55. Groups 2 and 4 require that participants perform the duties of the Group position for at least 12 months immediately prior to retirement.

A retirement allowance consists of two parts: an annuity and a pension. A member's accumulated total deductions and a portion of the interest they generate constitute the annuity. The difference between the total retirement allowance and the annuity is the pension. The average retirement benefit is approximately 80-85% pension and 15-20% annuity.

Participant Refunds

Employees who resign from service and who are not eligible to receive a retirement allowance are entitled to request a refund of their accumulated total deductions. Members voluntarily withdrawing with at least 10 years of service or involuntarily withdrawing, receive 100% of the regular interest that has accrued on those accumulated total deductions. Members voluntarily withdrawing with less than 10 years of service get credited interest each year at a rate of 3%.

Participants Contributions

Participants contribute a set percentage of their gross regular compensation annually. Employee contribution percentages are specified in Chapter 32 of the Massachusetts General Laws. The employee's individual contribution percentage is determined by their date of entry into the system. In addition, all employees hired on or after January 1, 1979 contribute an additional 2% on all gross regular compensation over the rate of \$30,000 per year. The percentages are as follows:

Before January 1, 1975	5%
January 1, 1975 - December 31, 1983	7%
January 1, 1984 - June 30, 1996	8%
Beginning July 1, 1996	9%

For those members entering a Massachusetts System on or after April 2, 2012 in Group 1, the contribution rate will be reduced to 6% when at least 30 years of creditable service has been attained.

Employer Contributions

Employers are required to contribute at actuarially determined rates as accepted by the Public Employee Retirement Administration Commission (PERAC).

The Town's contribution to the System for the year ended June 30, 2016 was \$3,947,535, which was equal to its annual required contribution.

B. Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the System

and additions to/deductions from System's fiduciary net position have been determined on the same basis as they are reported by System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

C. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the Town reported a liability of \$41,346,324 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2016. The Town's proportion of the net pension liability was based on an actuarially determined projection of the Town's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers. At December 31, 2015, the Town's proportion was 7.611443%.

For the year ended June 30, 2016, the Town recognized pension expense of \$4,347,868. In addition, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 837,762	\$ -
Changes of assumptions	-	3,484,540
Net difference between projected and actual earnings on pension plan investments	5,574,912	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	<u>-</u>	<u>674,027</u>
Total	<u>\$ 6,412,674</u>	<u>\$ 4,158,567</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2017	\$ 625,296
2018	625,296
2019	625,296
2020	<u>378,219</u>
Total	<u>\$ 2,254,107</u>

D. Actuarial Assumptions:

The total pension liability was determined by an actuarial valuation as of January 1, 2016, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	4.00%
Projected salary increases	3.5% to 5.5%
Investment rate of return	8.00%
Cost of living increases	3% of the first \$15,000 of retirement

Mortality rates were based on the RP-2014 Blue Collar Mortality Table adjusted with Scale MP-2014.

The long-term expected rate of return on pension plan investments was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range (expected returns, net of pension plan investment expense and inflation) is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return net of investment expenses by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major class are summarized in the following table:

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Domestic equity	32.0%	9.4%
International equities	17.5%	9.7%
Fixed income	19.0%	3.4%
Real estate	9.0%	7.7%
Private equity	8.5%	13.6%
Hedge funds	9.0%	7.9%
Real assets	5.0%	7.9%
Total	<u>100.00%</u>	

E. Discount Rate

The discount rate used to measure the total pension liability as of December 31, 2015 was 8.00%. The projection of cash flows used to determine the discount rate assumed that the plan member contributions will be made at the current contribution rate and that employer contributions will be made at contractually required rates, actuarially determined. Under Chapter 32 of the MGL, employers are required to make the necessary contributions such that the pension plan reaches full funding status by

2040. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

F. Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Town’s proportionate share of the System’s net pension liability calculated using the discount rate of 8.00%, as well as what the Town’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (7.00%) or 1 percentage-point higher (9.00%) than the current rate:

<u>Fiscal Year Ended</u>	<u>1% Decrease (7.00%)</u>	<u>Current Discount Rate (8.00%)</u>	<u>1% Increase (9.00%)</u>

G. Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the separately issued System financial report.

22. Massachusetts Teachers’ Retirement System (MTRS)

A. Plan Description

The Massachusetts Teachers’ Retirement System (MTRS) is a public employee retirement system (PERS) that administers a cost-sharing multi-employer defined benefit plan, as defined in Governmental Accounting Standards Board (GASB) Statement No. 67, Financial Reporting for Pension Plans. MTRS is managed by the Commonwealth on behalf of municipal teachers and municipal teacher retirees. The Commonwealth is a nonemployer contributor and is responsible for all contributions and future benefit requirements of the MTRS. The MTRS covers certified teachers in cities (except Boston), towns, regional school districts, charter schools, educational collaboratives, and Quincy College. The MTRS is part of the Commonwealth’s reporting entity and does not issue a stand-alone audited financial report.

Management of MTRS is vested in the Massachusetts Teachers’ Retirement Board (MTRB), which consists of seven members—two elected by

the MTRS members, one who is chosen by the six other MTRB members, the State Treasurer (or their designee), the State Auditor (or their designee), a member appointed by the Governor, and the Commissioner of Education (or their designee), who serves ex-officio as the Chairman of the MTRB.

B. Benefits Provided

MTRS provides retirement, disability, survivor, and death benefits to members and their beneficiaries. Massachusetts General Laws (MGL) establishes uniform benefit and contribution requirements for all contributory PERS. These requirements provide for superannuation retirement allowance benefits up to a maximum of 80% of a member's highest three-year average annual rate of regular compensation. For employees hired after April 1, 2012, retirement allowances are calculated on the basis of the last five years or any five consecutive years, whichever is greater in terms of compensation. Benefit payments are based upon a member's age, length of creditable service, and group creditable service, and group classification. The authority for amending these provisions rests with the Legislature.

Members become vested after ten years of creditable service. A superannuation retirement allowance may be received upon the completion of twenty years of creditable service or upon reaching the age of 55 with ten years of service. Normal retirement for most employees occurs at age 65. Most employees who joined the system after April 1, 2012 cannot retire prior to age 60.

The MTRS' funding policies have been established by Chapter 32 of the MGL. The Legislature has the authority to amend these policies. The annuity portion of the MTRS retirement allowance is funded by employees, who contribute a percentage of their regular compensation. Costs of administering the plan are funded out of plan assets.

C. Contributions

Member contributions for MTRS vary depending on the most recent date of membership:

<u>Hire Date</u>	<u>% of Compensation</u>
Prior to 1975	5% of regular compensation
1975 - 1983	7% of regular compensation
1984 to 6/30/1996	8% of regular compensation
7/1/1996 to present	9% of regular compensation
7/1/2001 to present	11% of regular compensation (for teachers hired after 7/1/01 and those accepting provisions of Chapter 114 of the Acts of 2000)
1979 to present	An additional 2% of regular compensation in excess of \$30,000

D. Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of January 1, 2015 rolled forward to June 30, 2015. This valuation used the following assumptions:

- (a) 7.50% investment rate of return, (b) 3.50% interest rate credited to the annuity savings fund and (c) 3.00% cost of living increase per year.
- Salary increases are based on analyses of past experience but range from 4.00% to 7.50% depending on length of service.
- Mortality rates were as follows:
 - Pre-retirement - reflects RP-2014 Employees table projected generationally with Scale BB and a base year of 2014 (gender distinct).
 - Post-retirement - reflects RP-2014 Healthy Annuitant table projected generationally with Scale BB and a base year of 2014 (gender distinct).
 - Disability – assumed to be in accordance with RP-2014 Healthy Annuitant table projected generationally with Scale BB set forward 4 years.

Investment assets of the MTRS are with the Pension Reserves Investment Trust (PRIT) Fund. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage. Best estimates of geometric rates of return for each major asset class included in the PRIT Fund's target asset allocation as of June 30, 2015 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global equity	40.0%	6.90%
Core fixed income	13.0%	2.40%
Private equity	10.0%	8.50%
Real estate	10.0%	6.50%
Value added fixed income	10.0%	5.80%
Hedge funds	9.0%	5.80%
Portfolio completion strategies	4.0%	5.50%
Timber/natural resources	4.0%	6.60%
Total	<u>100.0%</u>	

E. Discount Rate

The discount rate used to measure the total pension liability was 8.0%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and the Commonwealth's contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rates. Based on those assumptions, the net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

F. Sensitivity Analysis

The following illustrates the sensitivity of the collective net pension liability to changes in the discount rate. In particular, the table presents the MTRS collective net pension liability assuming it was calculated using a single discount rate that is one-percentage-point lower or one-percentage-point higher than the current discount rate (amounts in thousands):

<u>Fiscal Year</u> <u>Ended</u>	<u>1% Decrease</u> <u>to 6.50%</u>	<u>Current Discount</u> <u>Rate 7.50%</u>	<u>1% Increase</u> <u>to 8.50%</u>
June 30, 2015	\$ 25,449,000	\$ 20,489,643	\$ 16,221,000

G. Special Funding Situation

The Commonwealth is a nonemployer contributor and is required by statute to make all actuarially determined employer contributions on behalf of the member employers. Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 68, Accounting and Financial Reporting for Pensions (GASB 68), and the Commonwealth is a nonemployer contributing entity in MTRS. Since the employers do not contribute directly to MTRS, there is no net pension liability to recognize for each employer.

H. Commonwealth Proportions Associated with the Town

In fiscal year 2015 (the most recent measurement period), the Commonwealth's proportionate share of the MTRS' collective net pension liability and pension expense associated with the Town was \$121,095,209 and \$9,821,899 respectively, based on a proportionate share of 0.591007%. As required by GASB 68, the Town has recognized its portion of the collective pension expense as both a revenue and expense in the government-wide Statement of Activities.

23. Beginning Net Position Reclassification

The beginning (July 1, 2015) net position of the Town has been reclassified as follows:

	Fund Equity 6/30/15 (as previously <u>reported</u>)	<u>Reclassification</u>	Fund Equity 6/30/15 (as restated)
Nonmajor governmental funds	\$ 14,567,103	\$ 6,500	\$ 14,573,603
Library construction fund	<u>-</u>	<u>(6,500)</u>	<u>(6,500)</u>
Total	<u>\$ 14,567,103</u>	<u>\$ -</u>	<u>\$ 14,567,103</u>

24. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the Town carries commercial insurance. There were no significant reductions in insurance coverage from the previous year and have been no material settlements in excess of coverage in any of the past three fiscal years.

ANNUAL REPORT OF THE
FRANKLIN PUBLIC SCHOOLS

Franklin School Committee 2016-2017

Back Row: Vanessa Bilello, Dr. Anne Bergen-Vice Chair, MaryJane Scofield, Denise Schultz

Front Row: Cynthia Douglas, Dr. Kevin O'Malley-Chair, Dr. John Jewell

The 2016-2017 school year welcomed many changes to the district. As Superintendent, Dr. Maureen Sabolinski announced her intention to retire in June 2017, the School Committee launched a search for a replacement. After a series of focus groups and online surveys, the School Committee developed a leadership profile and began the interview process. In April, the School Committee hired, Holliston Assistant Superintendent Dr. Sara Ahern.

Academically the district continued to achieve in a wide range of areas. Franklin High School, Kennedy Elementary and Oak Street were all noted to be Level 1 schools based on MCAS scores. The district performed above average in PARCC and mathematics achievement soared K-12. Once again Franklin High School received notice from the College Board that the school was named to the Advanced Placement Honor Roll for not only increasing AP scores but for expanding access and opportunities to students with disabilities and who live in poverty.

In athletics we welcomed a new Director of Athletics, Tom Angelo. Again all our teams continued to excel especially the Boys' Varsity Basketball team who played in the state finals. In music we welcomed a new K-12 Director in Ms. Diane Plouffe. Our music students won many medals in the state music competitions and our art students were cited for excellence in the Boston Globe Scholastic Art Competition.

The final phase of the FHS building project came to a close with the opening of the new baseball and softball fields. As the year ended we said to goodbye to the Class of 2017 who distinguished themselves in academics, athletics, and the arts and in the community.

Thank you and much appreciation to our parents, volunteers, all our booster clubs, the Franklin Education Foundation (FEF) and the Parent Communication Councils (PCC) for your support in the many fundraisers that offer opportunities to our students. You help us offer many enriching opportunities to students and faculty.

Kristen Dumas

∞ Vision Statement ∞

The Franklin Public Schools will foster within its students the knowledge and skills to find and achieve satisfaction in life as productive global citizens.

∞ Mission Statement ∞

The Franklin Public Schools, in collaboration with the community, will cultivate each student's intellectual, social, emotional and physical potential through rigorous academic inquiry and informed problem solving skills within a safe, nurturing and respectful environment.

∞ Core Values ∞

Student Achievement

All students are entitled to academic excellence, appropriate facilities and quality materials and instruction.

Social / Civic Expectations

Students will become engaged, responsible citizens who respect the dignity and diversity of all individuals and cultures.

School Climate

Through our words and our actions, we create a culture of civility, thoughtfulness, appreciation and approachability.

School / Community Relationships

An active commitment among family, community and schools is vital to student learning.

Community Resources for Learning

We partner with all members of the community to exchange ideas, solve problems and build a comprehensive educational experience.

The FY2018 proposed school district budget is driven by three key factors:

Personnel Salaries and Contractual Obligations:

The FY2018 proposed budget includes funding for all known collective bargaining increases as well as a projection for those currently being negotiated. The overall salary recommendation does not include costs for employees who are expected to be absent for the year due to an unpaid leave of absence. The net increase in personnel costs amounts to \$2,010,329, of which, \$614,445 is attributable to the reduction in the application of one-time revolving funds in FY18 as they are no longer available based on FY2017 projected spending.

Similar to prior years, human resources continue to be our most valuable asset as indicated by the fact that eighty-six percent of the FY2018 budget is comprised of salaries and health benefits. The remaining fourteen percent accounts for payment for students attending out-of-district placements, transportation, and other expenses, mainly supplies and contracted services.

Health Care Benefits:

For FY2018, health care premiums are expected to increase. Preliminary renewal rates approached a 16% increase, however, the Town and School administration and the Insurance Advisory Committee continued to explore ways to reduce health care costs while at the same time improve overall health and wellness of employees. With plan design changes currently being considered, we remain hopeful that premium increases will be 1%. At this time Franklin's Insurance Advisory Committee continues to work towards this goal and recognizes the significant cost savings that the Town and its employees have realized over the past several years. We are encouraged by this level of collaboration

And we continue to explore additional cost containment measures.

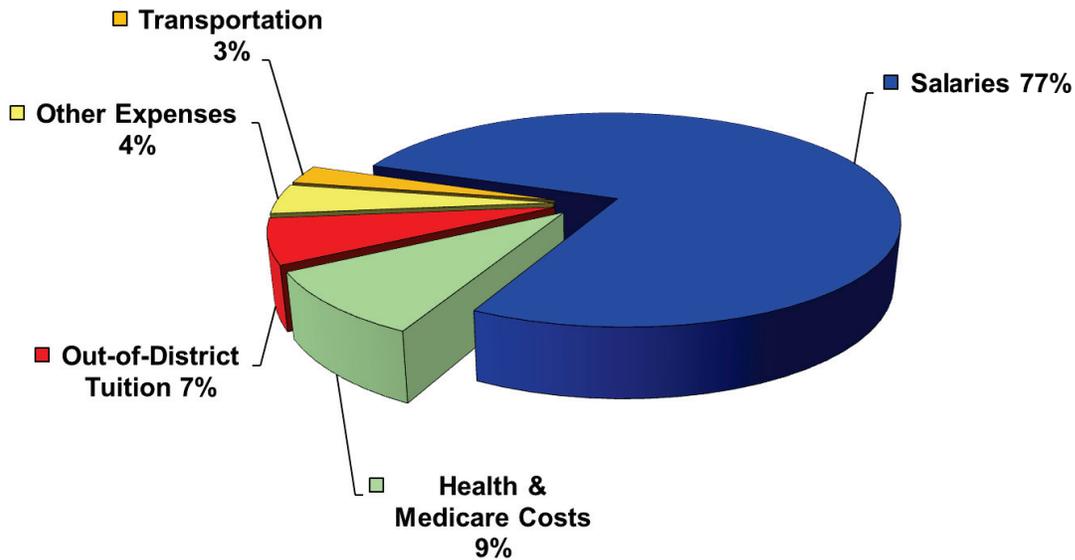

Special Education Costs:

The FY2018 budget includes an increase in transportation costs for students with disabilities who require placement in an out-of-district setting in order to serve their unique special needs. The transportation cost increase of \$200,000 is consistent with the increase in the number of students who are placed out-of-district.

	Total	60,175,000	1,762,649

Administration

Total: \$1,434,681

Accounts for salaries and expenses for central office departments such as Superintendent, Assistant Superintendent, human resource, finance and data processing. Legal fees are also included here as well as any expenses incurred by or for the school committee. This budget category reflects an increase of \$27,030 due to increased costs of district-wide data processing/software fees as well as contractual obligations.

Instructional leadership

Total: \$4,100,580

Accounts for salaries and expenses for building and district level leaders such as principals, assistant principals, curriculum leaders and expenses for the Office of Pupil Services. This budget category reflects an increase of \$64,979 primarily due contractual obligations for instructional leaders.

Classroom and Specialist Teachers

Total: \$32,932,130

Accounts for salaries for all certified teachers with primary responsibility for teaching designated curriculum to established classes or students in a group instruction setting. This account also includes expenses for providing individualized instruction to students to supplement the services delivered by the student's classroom teachers. This budget category reflects an increase of \$1,698,573 due to projected contractual obligations. Additionally, the use of one-time school choice revolving funds in FY18 is reduced by \$550,000 over FY17 producing a larger increase in this category.

Other teaching services (library, therapeutic, substitutes, paraprofessionals) Total: \$4,270,783

Accounts for salaries for all certified and non-certified professionals who provide services as a substitute teacher, paraprofessional, or therapist. Such individuals are responsible for providing assistance to teachers/specialists in the preparation of instructional materials or classroom instruction. This budget category reflects an increase of \$17,127 due to contractual obligations.

Professional development

Total: \$816,055

Accounts for professional development expenses for professional staff as directed by the Office of Teaching and Learning. Expenses include teachers being trained to implement new curriculum or instructional practices, teachers targeted for training and support to remedy performance weaknesses, mentor teachers, curriculum coaches, and others who provide in-district professional development. Also includes contractual obligations for course reimbursement. This budget category reflects a decrease of \$94,476 primarily due to the availability of grant funding to offset contracted professional development.

Instructional materials, technology and equipment

Total: \$971,716

Expenses include technology and related software/media/materials, workbooks, materials, and

accessories, such as CD-ROMs and videos, provided as an integrated package as well as printed manuals used to support direct instructional activities. Also included are reference materials for use in school libraries, lease/purchase of equipment used to produce instructional material, and general supplies and materials such as paper, pens, pencils, crayons, chalk, paint, toner, calculators etc. This budget category reflects a decrease of \$50,070 due to reductions in principals' discretionary accounts due to declining enrollment at the elementary level.

Guidance and psychological services

Total: \$2,159,858

Accounts for salaries and expenses for guidance counselors, school adjustment counselors, psychologists and school adjustment counselors as well as any psychological evaluation, counseling and other services provided by licensed mental health professionals. Also includes any clerical staff as well as related supplies and materials. This budget category reflects an increase of \$144,600 due to contractual obligations.

Pupil services

Total: \$2,984,937

Accounts for salaries of school nurses and related supplies as well as expenses for the school physician. All salaries, stipends, and expenses for transportation of students, extracurricular activities and athletics are included as well. This budget category reflects a decrease of \$305,319 primarily due to an increase in the one-time use of revolving funds offsetting the transportation services account and the athletic account.

Maintenance (technology only)

Total: \$783,626

Includes salaries and expenses of technology specialists and technicians to support the school district's networking and telecommunications infrastructure. This budget category reflects an increase of \$59,216 due to contractual obligations.

Employee benefits and fixed charges

Total: \$5,675,675

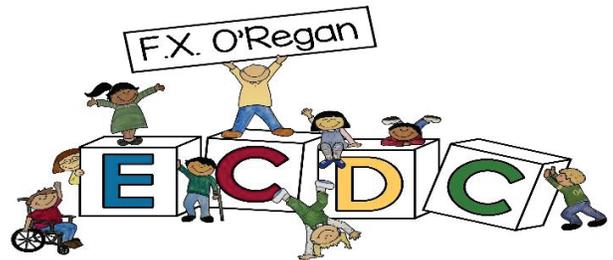

Accounts for all employer contributions to Medicare based on payroll expenses. Also includes all employer share cost for healthcare and life insurance premiums for active school employees. This budget category reflects an increase of \$73,624 as a result of an anticipated increase in healthcare premiums over current projected expenses.

Programs with other school districts (tuition)

Total: \$3,998,521

Includes costs for tuitions for students with special needs to access the curriculum through other public school

districts in Massachusetts, out-of-state schools, and non-public schools. Also includes any payments of assessments to member collaboratives for administrative and instructional services in accordance with collaborative agreements. This budget category reflects an increase of \$80,928 with the application of \$2.9M in Circuit Breaker funds. The administration and school committee have allocated additional one-time Circuit Breaker funds to offset this increase for FY2018. This represents a detour from the School Committee's philosophy regarding use of revolving funds, however, it is an estimate based on projected placements at this time and actual use of Circuit Breaker funding will be as needed during the course of the year. The information included in the budget proposal book details the resources being requested to continue to provide an educational program for our students, consistent with Franklin's Vision and Mission Statements based on our core values.

appropriate learning in an environment that encourages diversity, cooperation and understanding.

ECDC has maintained the highly respected accreditation from the National Association for the Education of Young Children (NAEYC), demonstrating a commitment to high quality, standards-based programming. Our building and our curriculum have been designed to meet the complex needs of students with and without disabilities on their way to developmental readiness for kindergarten.

Our Curriculum

ECDC has developed a curriculum based on the high standards established by *The National Association for the Education of Young Children* (NAEYC) and reflected in the *Massachusetts Frameworks*. These two tools have formed the foundation for a comprehensive curriculum which addresses the following developmental domains that make up each “whole child”: Cognitive, Fine Motor, Gross Motor, Prewriting, Self-help, Speech and Language and Social Emotional.

- The Davis Thayer PCC raises funds to provide numerous cultural, academic, and science programs to enrich the educational program for our students. Additionally, they provide family events throughout the school year.
- We continue to strengthen our partnership with Dean College to support educational programs for both Dean and Davis Thayer.
- Annual academic projects, such as the 4th grade Wax Museum and the grade 5th grade Invention

Convention are presented to the school and parent communities.

- Family Fun Fridays are held monthly to educate parents about current curricular expectations in Math and English Language Arts and to familiarize parents with curriculum-based games that can be played at home.
- The music department organizes and presents various student concerts during the school year. Our art department hosts Art Shows each year both at DT and FHS. Our PE department invites parents to volunteer for our before school fitness program all year long and join our field day activities each spring.

School Achievement Profile:

Davis Thayer did not meet our gap-narrowing goals during the 2015-2016 school year. Our school’s overall performance relative to other schools in the same grade span was at the 65th percentile. A percentile score of 75 or higher equals “on target” for meeting gap narrowing goals. For the full DESE Davis Thayer report card, please refer to the following link:

<http://profiles.doe.mass.edu/accountability/report/school.aspx?linkid=31&orgcode=01010035&orgtypecode=6&>

We continue to refine our planning and instruction to successfully provide personalized learning experiences for all students through the following practices: intervention/enrichment blocks, common planning time at least once each week per grade level, regular grade level collaboration with literacy and math specialists, co-teaching in grades kindergarten, first, and second, and team-teaching in grades three, four, and five, and regular support to students qualifying for Title I and/or English language development services.

School Facts from this past year:

- Remington Middle School is recognized as one of ten Spotlight Schools in Massachusetts, and one of forty in New England, by the New England League of Middle Schools (NELMS).
- Brian Wildeman, RMS Principal, welcomed students back to school for the third year in a row by dancing on the front walkway.
- RMS has reinstated an Advisory program. All students participate in Advisory within small groups for 30 minutes every other day. The theme for Advisory is Make a Difference. At the beginning of the year every student received a Make a Difference bracelet and to kick-off Advisory each student was given a t-shirt with the REMDAWG acronym printed on it.
- Tulani Husband-Verbeek has continued the Friday Scholars Program, which rewards students with a free book for being recognized for their achievement/effort in the classroom connected to the REMDAWG acronym.
- RMS students have participated in virtual author visits via Skype, with three renowned Young Adult Authors.
- RMS students Ryan O'Rourke and Elaine Pu received an Honorable Mention at the Massachusetts State 2017 Scholastic Art Competition.
- 70 students make up "Future Teachers", a group that tutors and mentors Jefferson Elementary students in the classroom.
- The Remington Best Buddies Club received just over \$2000 in grant funding via The Friends of Best Buddies. This funding will allow for a number of activities that would allow buddies an opportunity for social interaction in smaller groups outside of school in addition to allowing for peer modeling of appropriate social interactions. Events this year are: Pizza party, ice cream social, field trip to PINZ (bowling), and small group outings to local restaurants.
- The RMS Science and Social Studies departments hosted the 7th Annual Science Fair and STEM night!
- Student Council recently donated several hundred pounds of candy to Operation Giveback, and collected over 500 toys and \$200 for gift cards for children in need.
- 188 RMS band, chorus and orchestra students performed a beautiful concert in December.
- On January 28th Remington music students will travel to Grafton High School in Grafton, MA for the Central District Music Festival auditions.

FRANKLIN HIGH SCHOOL HONOR GRADUATES

**HELEN HUANG,
VALEDICTORIAN**

Franklin High School
Class of 2017

**Will Attend:
Harvard University**

Helen Huang is an exceptional student who stands out among her peers as someone who readily seeks out challenges and meets them with success. Helen has taken advantage of every Advanced Placement course available to her that would fit in her schedule, totaling twelve. Showcasing her success in AP Biology and AP Chemistry, Helen earned perfect scores of 800 on both the Biology and Chemistry SAT Subject Tests.

In addition to her outstanding scholarship, Helen is a well-rounded individual who excels beyond academics. Since 2014, Helen has worked at MTV's Inner Circle Group Job as New England's high school ambassador where she has analyzed and interpreted trends among millennials to relay to MTV directors. Helen has been a student of the piano for over 9 years and has earned 1. place at the Bay State Piano Competition. Helen has also been an active member of FHS extracurricular groups including Student Government, Student Council, Science National Honor Society, Student Leadership Club, and SciCafe. During the 2014-2015 school year, as a varsity member of the Mock Trial club, she earned recognition for "Best Cross Examination." She was also a member of the swim team where she received the Hockomock All Star Honorable Mention and, in 2015, qualified for both Massachusetts Sectional and State competitions in two events.

Helen is extremely personable and known for maintaining a friendly, optimistic, and compassionate demeanor. She is always thinking of others and going out of her way to thank someone for any assistance they gave her. Over the course of four years, she volunteered more than 150 hours at the high school and in her community at organizations such as the Franklin Public Library, Girls Incorporated, and Big Brother Big Sister. Helen was recently recognized for her dedication to her community and leadership on social issues and was awarded the Frederick Douglass & Susan B. Anthony Award.

Above all, Helen is a lifelong learner. Helen's pursuit of knowledge and experience earned her admission to over ten colleges and programs, including Yale, Massachusetts Institute of Technology, Brown, Cornell's Meing Scholar program, Carnegie Mellon, Boston University's Trustee Scholar program, University of California at Berkeley, Boston College's Honors program, University of Massachusetts's Honors program, Colby College's Presidential Scholar program, and Northeastern University's Honors program. Helen will be attending Harvard University in the fall.

FRANKLIN HIGH SCHOOL HONOR GRADUATES

**FFION TITMUSS,
SALUTATORIAN**

Franklin High School
Class of 2017

**Will Attend:
Northeastern University**

Ffion Titmuss is a remarkable student who has earned an impressive list of honors, awards, and academic accomplishments. During her high school years, Ffion filled her schedule with all Honors courses and a total of ten Advanced Placement Courses. Ffion's challenging course load is indicative of her genuine passion for learning. In her junior year, Ffion's academic excellence and outstanding character earned her recognition as the Harvard Book Award recipient. More recently, Ffion showcased her skills in poetry and performance and earned a top 7 finish at the Massachusetts State Finalist Poetry Out Loud Competition. Furthermore, because of her impressive standardized testing scores, Ffion was recognized as a National Merit Scholarship Finalist, an accomplishment received by less than 1% of the 1.6 million entrants.

In addition to her outstanding academic career, Ffion has demonstrated her variety of interests, talents, and commitment to service through her extracurricular involvement. She is a member of four National Honor Societies: Franklin High School Chapter of the National Honor Society, Spanish National Honor Society, Science National Honor Society, and Tri-M National Honor Society.

Her induction into these societies speaks volumes about her well-roundedness and ability to perform at a high level in a variety of areas. Ffion's strong leadership skills are evident through her active roles within the FHS community. She was the President of Science Olympiad, Co-Founder of the Happiness Club, Co-Captain of the Math Team, Co-Captain of Literary Guild, Co-Vice President the Sexuality and Gender Awareness Club, and a Peer Mentor. As a highly skilled cellist, Ffion played for the Franklin Repertory and Claflin Hill Youth Symphony Orchestras.

Ffion's generous and thoughtful spirit is visible through her daily actions. She has been a music mentor for middle school students since her freshman year and has shared her passion for music with younger students as the Lead Mentor. Whether it is tutoring students in need of academic assistance, leading clubs, or volunteering her time, Ffion is always willing to help others.

Above all, Ffion balanced her curriculum and extracurricular work with grace and maturity beyond her years. Her passion for learning and dedication to her community has earned her admission to many colleges and programs including Binghamton University's Honors College, Boston University, University of Delaware's Honors Program, and the University of Florida. Ffion will be attending Northeastern University's Honors Program in the fall to pursue a double major in Biology and Spanish.
