Dear Applicant:

Please be advised that at its meeting on Tuesday December 7, 2021 the Design Review Commission, upon motion duly made and seconded, voted **3-0-0 to Approve** the sign package as submitted with the stipulation that the sign panel going in the pylon uses an opaque white background to limit light transmittance.

This decision is subject to applicant obtaining a building permit prior to erecting approved plans, as well as all other Board approvals or permits as are required.

If you have any questions concerning this determination, please contact me through the Department of Community Planning at (508) 520-4907.

Sincerely,

*James Bartro*
