

## PLANNING & COMMUNITY DEVELOPMENT

TOWN of FRANKLIN

### CONSTRUCTION INSPECTION SERVICES

Under the provisions of Section §185-45.L.(1), of the Town of Franklin Zoning By-laws, the Town Has hired BETA Group, Inc. to perform independent inspection services for On-Site Construction inspections. Actual and reasonable costs for inspection services shall be paid by the applicant before or at the time of the pre-construction meeting. Should additional inspections be required beyond the original scope of work, the applicant shall be required to submit fees prior to the issuance of a final certificate of completion.

Upon Endorsement of your plan, please send a copy to Matt Crowley, PE and he will generate an estimate for the cost of inspection services; if at all possible, please send an electronic copy via email. Once reviewed and signed by the Town, the estimate for services will be mailed and/or emailed to you with a request for payment. After receiving the request for payment, a time for you pre-construction meeting will be arranged with you by BETA Group, Inc. Please have appropriate representatives for your project present at this meeting.
