Hi Casey,

I've asked the builder to let me know when he expects to have the drainage report ready to present to the Board and he sent me the following this morning...

Good Morning Ted-

I think realistically the drainage/ stormwater would be completed and ready for early October. G&H is backed up right now and I am working to get specifics standards that we are going to be required to meet so they aren't guessing and can have things correct the first go-round.

Given the above, will the Board please continue this matter to Oct. 9th? I'll let one of the neighbors know and ask him to let the other know. Please let me know, given the passage of time, if the Board would like me to tune in this Thursday to ask for the continuance in person.

Thanks for the help!

Ted
