

# Town of Franklin

HEALTH DEPARTMENT

355 East Central Street

Franklin, Massachusetts 02038-1352

## Policy for 21-E Environmental Site Assessment Requests

21-E requests must be made in writing and the party/'s requesting the site assessment must be clearly identified. The information must contain exact detail of all investigations requested: (Hazardous waste spills, wells, septic, UST'S etc...). A plot of the parcel in question with a radius typically 500ft is needed. (**NOTE:** the larger the radius the more time it takes for the investigation). The turnaround time is approximately 1-2 weeks. The Board of Health does not guarantee the accuracy of the information; we are only as good as our historical records allow. The Massachusetts DEP, the Federal EPA and other relevant State/Town agencies should be contacted. Also an LSP (licensed Site Professional) can do a more complete inspection/testing of the property in question. The site assessment fee is \$100.00 checks are made out to the: Town of Franklin.

### Statement of Liability:

*While every effort will be made to ensure the information contained in this request is accurate and up to date, the Franklin Massachusetts Board of Health, its agents and members are not liable for any loss or damage arising directly or indirectly from the possession, publication, use or reliance on this information.*
