

The Franklin Recreation Department is seeking energetic, responsible, and reliable applicants for part-time, seasonal program instructor and coaching positions. Instructors and coaches help plan and implement daily recreational activities that promote a fun, engaging, and positive environment for program participants of all ages.

Seasonal jobs are very competitive - the number of applicants usually exceeds the number of positions available each year, particularly with the larger, well-known programs. **Please note - due to the number of positions available, unfortunately, not all applicants will receive an interview.**

First preference will be given to applicants who will be available to work through the entire season. A limited number of positions will also be available at various times during the year.
