PRESENTATIONS/DISCUSSIONS: ► ***National Grid – Ann Malley*** ► Ms. Ann Malley, Program Manager for National Grid, stated Franklin has three substations. The Beaver Street substation has six feeders, the Peck Street substation has two feeders, and the Union Street substation has three feeders. The feeder that they have received calls on and the one that seems to be posing the most questions is from the Beaver Pond substation. It has approximately 2,900 customers. It goes up to Pond Street, Daniels, and Lincoln Streets. All the feeders are like circuits in a home. She explained that various conditions can cause fuses to blow. She said that branches cause most power outages during storms. She noted that squirrels and other animals can also cause havoc in the equipment. She said that National Grid is trying to maintain better reliability. Tree trimming is done on a five-year cycle; each circuit is trimmed every five years. All tree trimming was just recently completed for the Beaver Street circuit. She explained that tree trimming does not involve removing or cutting trees, just trimming. Based on maintenance specifications, a 6 ft. clearance is maintained to the side of the lines, and a 10 ft. clearance is maintained above and below the lines. As trimming is completed, trees and limbs that must be removed are noted. Then they meet with the Town to review trees and limbs that need to be cut and with property owners if the trees are on private property. She explained that they are looking to replace open wire with tree wire or spacer cable; they are going to try to do some quick fixes. Longer projects will take longer to get on their schedule. She reviewed that when a tree contacts a wire it can cause flickering of the lights. After the third touch, the power will most likely go out. A truck patrols to find the tree branches, and then they are removed. She explained their grid modernization project and stated that it will reduce the number of homes that lose power due to trees touching wires; the project starts in April 2021 and should be done by the end of the year. ► Town Council members asked questions and thanked the linesmen who work to restore power. ► Ms. Malley reviewed that they have the ability to switch feeds at times during storms. She stated that National Grid is not responsible or negligent when a tree comes down. She explained that if the wind is over 45 mph, the workers cannot go up in the bucket trucks. She reviewed numerous scenarios of causes of power outages and the process to restore power. She reviewed the protocol for tree trimming and the five-year cycle. She stated that the

Town and customers can call if there are trees of concern and they will come out and look. She explained the process for poor performing feeders to be fixed. She noted that the Beaver Street feeder is not the worst feeder for National Grid regarding power outages. ► Mr. Hellen stated that residents often say they do not want a tree on their property trimmed or cut down. He stated that DPW Director Brutus Cantoreggi sends out numerous letters to homeowners who have trees that pose a danger to the wires. ► Ms. Malley stated that during a storm, residents should call National Grid's customer service line to report a power outage. She reviewed a new way to stay informed during a power outage through text. ► Ms. Pellegrini suggested this information be provided in the next Town newsletter. ► Ms. Jane Callaway-Tripp, 607 Maple Street, stated she has lived in the same house for almost 50 years. She understands power outages occur during major storms. However, she lost power recently when the wind was not even 30 mph, and there was no storm. She expressed concern that the administrators told her that as she lives in a highly wooded area, she should expect power outages; she stated that is unacceptable. There were more trees in the area years ago before all the subdivisions were installed. She thinks all the equipment should be updated. She stated that as National Grid's new project is set to start in April, what happens during this winter's power outages as people will not have heat, will lose food, will get frozen pipes, and will not have access to necessary home medical equipment. It seems like there are many excuses being made. Something needs to be done; the problem needs to be rectified. She asked when the last time system equipment upgrades were made, and she asked for a list of the equipment that has been replaced in the past 10 years. ► Chair Mercer stated that all Town Council members have received emails with concerns similar to Ms. Callaway-Tripp's regarding power outages. He stated that Ms. Malley will return to National Grid with the Town's message. He stated they are taking some steps; they have finished the tree trimming and will be doing more. ► Ms. Malley reiterated that they are going to replace some of the wires in the short-term to do some quick fixes. She reviewed National Grid's process for replacing failed or end-of-life equipment. ► Mr. Ira Yellin, 5 Cooper Drive, stated he agreed with all Ms. Callaway-Tripp's comments and concerns. He stated if National Grid now knows this is an issue, and they are not taking action within a reasonable amount of time, maybe that is negligence by National Grid. ► Ms. Amali De Zoysa, 1 Janie Avenue, expressed concern that the work by National Grid is not going to start until April. She is concerned with having to go through another winter with the possibility of power outages and not getting power back for a few days which has been the case in the past. She asked if National Grid can fix this problem sooner and make this area a priority. ► Ms. Malley stated quick fixes such as trimming and replacing some of the wires will be started immediately. The modernization project will start in April. ► Chair Mercer asked how the public finds out that improvements have been made. ► Ms. Malley said that she will update the Fire Chief and the Town Administrator when updates are done. ► Mr. Jacqueline Maciel, 95 Elm Street, stated that when he loses power, he has no heat, no water, and no way to access data for his smartphone. He recommended another substation be installed for this end of Town. ► Ms. Kristie Goulet, 205 Bent Street, said she lost power seven times this year; she supports anything they can do to expedite this. ► Ms. Jyoti Sachdeva, 234 Daniels Street, stated that she cannot use her stove when she loses power, and this is difficult for her family. ► Chair Mercer thanked Ms. Malley for her presentation.

SUBCOMMITTEE REPORTS:

- a. **Capital Budget Subcommittee.** ► None.
- b. **Budget Subcommittee.** ► Mr. Kelly stated the subcommittee met tonight to discuss upcoming legislation for action agenda items.
- c. **Economic Development Subcommittee.** ► Ms. Hamblen stated their last listening session was postponed; it will be combined with the next listening session scheduled for December 9, 2020, at 6:30 PM.

This supplemental appropriation of approximately \$150,000 is for the Recreation

Department and Town Clerk's office. He reviewed the budget stabilization transfer of approximately \$853,000. He stated that these actions have saved the Town an override. ► Mr. Hellen agreed with Mr. Kelly's summation. He stated the Town Clerk's budget needed to deal with the multiple elections; the Recreation Department anticipated in June that there would be far fewer programs than actually occurred. He noted the Finance Committee voted unanimously for this. ► Town Council members asked questions. ► Mr. Hellen stated that none of the personnel costs associated with the election qualified under the CARES Act. ► **VOTE: Yes-8, No-0, Absent-0.**

- b. SECOND by Kelly. Discussion:** ► Mr. Hellen stated this vote is to appropriate \$853,842 into the Budget Stabilization Fund which is a government term for a rainy-day fund. Currently, there is nothing in this account. He thanked the Town Council and the Finance Committee for their support. He stated the amount includes \$285,558 received this year for the hotel/motel tax; he noted this is a fraction of what is normally received due to COVID. ► **VOTE: Yes-8, No-0, Absent-0.**

SECOND by Kelly. Discussion:** ► Director of Planning and Community Development Bryan Taberner stated that this zoning bylaw amendment and Zoning Bylaw Amendment 20-862 were both recommended for approval by the Planning Board at their last meeting. ► Ms. Hamblen stated this is one of the items worked on by the EDC to clean up lot lines. ► **VOTE: Yes-8, No-0, Absent-0.**

- f. SECOND by Kelly. Discussion:** Mr. Hellen stated this will be a great tool for the community. A bylaw has to be created which sets the terms of the CPC. He noted 188 communities in Massachusetts have a CPC so there is much information available. After the bylaw is passed, committee members will be appointed. He noted tax collection for this will not start until FY22. The stated provides the matching funds after the local tax is collected. ► Town Council members asked questions. ► Mr. Bissanti expressed concern that the bylaw amendment flies in the face of the ballot question. ► Mr. Hellen explained that what was voted on at the polls was not a bylaw; it was a ballot question to ask the community if they wanted to raise the surcharge two percent under those conditions to pay for CPA. He explained this is a simple requirement that every community has to do to form a committee. He noted the vote on the ballot question was about 60 percent in favor; this is the next phase after the ballot question was approved. ► Mr. Cerel explained that a bylaw to

form a committee is mandatory. ► Mr. Hellen reviewed the process for a resident to be considered for appointment to the CPC. He said there are boards that are required to be on the committee. For the at-large vacancies, postings will be put out to find interested volunteers. He stated that he will have a fully transparent and open process. This is just like any other committee appointment in Town. ► Ms. Pellegrini expressed concern about the number of board and at-large members and discussed concerns about the acceptance of the Community Preservation Act. ► Mr. Cerel explained the Community Preservation Act was accepted by the Town Council when the question was put on the ballot and the voters passed the question. ► Mr. Bissanti agreed that there was redundancy in having both Conservation Commission and Agricultural Commission members. ► Mr. Hellen reminded the Town Council that they appropriate the money and have final say; the CPC makes recommendations. ► Mr. Cerel stated there may be no more than nine members on the CPC. ► Chair Mercer agreed it makes sense to remove the Agricultural Commission member and have four at-large members. ► Mr. Hellen noted that in many Towns there is a member from an Open Space Committee. ► Ms. Jane Callaway-Tripp, 607 Maple Street, stated that residents voted on the CPA question the way it was written on the ballot which did not include the Agricultural Commission but did allow four at-large members. ► Chair Mercer stated the residents voted to approve the CPA. The Town Council is now forming the CPC. He reviewed that the law mandates that five members be from boards; the Town Council would like four at-large members. ► Ms. Theresa Shea stated agreement with Ms. Pellegrini's comments. She disagreed that the Agricultural Commission is in charge of open space. She stated that Franklin used to have an Open Space Committee; it was disbanded because Conservation Commission felt that what needed to be done would be done through Conservation and other Town departments. ► Chair Mercer stated that there is a consensus of the Town Council that the Agricultural Commission member will be eliminated, and there will be four at-large members. As well, there will be changes in the terms as discussed. These items will be changed at the second reading. ► Mr. Alan Earls, 23 Marvin Avenue, agreed that four at-large members of the community would be good. ► **MOTION to Add the Amendments as stated, by Jones. SECOND by Dellorco. No discussion. ► VOTE (to add the amendments): Yes-8, No-0, Absent-0. ► VOTE (to move the bylaw): Yes-8, No-0, Absent-0.**

TOWN ADMINISTRATOR'S REPORT: ► Mr. Hellen stated there are 104 COVID-19 cases. They are aware of some clusters in the community. This is commensurate with the trend in other communities. He stated that beginning November 1, 2020, there will be a lower rate on the electric bill. He stated that only 5.6 percent of the Town opted out of the program. He stated the Fire Department has a Grants Committee; they have received approximately \$250,000 in grants in the 15 months that Chief McLaughlin has been here.

FUTURE AGENDA ITEMS: ► Mr. Bissanti stated he would like to explore the possibility of a Citizens' Committee. ► Mr. Kelly stated Representative Jeff Roy works hard for Franklin.

COUNCIL COMMENTS: ► Mr. Chandler stated he continues to receive questions regarding the phishing scam. He wants the public to know their questions will get answered. ► Ms. Hamblen noted there will be a Winter Farmers' Market. She stated they are looking for volunteers to participate in the Town's beautification day on November 21st. ► Ms. Pellegrini stated that residents are still asking questions about the missing \$525,000. She stated that at the last Town Council meeting she asked for this to be an agenda item; however, it turned into an executive session. This is not giving the people any answers. Hopefully, after the executive session, we will be able to talk about it. She stated that she is unhappy about how this was handled. ► Mr. Dellorco agreed with Ms. Pellegrini. He stated he received phone calls regarding a former councilor picking up three plows and getting harassed from a bill of sale. ► Mr. Hellen stated he is not aware of this and requested additional information. ► Chair Mercer stated there would be a public response to the item brought up by Mr. Chandler and Ms. Pellegrini at the next Town Council meeting. He gave a shout-out to the High School Field Hockey Team. He wished everyone a Happy Thanksgiving.

EXECUTIVE SESSION:

Purpose: *a. To investigate charges of criminal misconduct or to consider the filing of criminal complaints.
b. Discussing Strategy with respect to litigation, because an open meeting may have a detrimental effect on the litigation position of the Board.*

► Chair Mercer stated the Town Council needs to meet in an Executive closed session for the following purposes: a. To investigate charges of criminal misconduct or to consider the filing of criminal complaints, and b. Discussing Strategy with respect to litigation, because an open meeting may have a detrimental effect on the litigation position of the Board. He declared that an open meeting may have a detrimental effect on the litigation position of the public body. The open session will not reconvene at the conclusion of the Executive session.

► **MOTION to Move** that the Franklin Town Council go into Executive Session by **Jones. SECOND** by **Kelly. No discussion.** ► **ROLL CALL VOTE:** Bissanti-YES; Chandler-YES; Dellorco-YES; Hamblen-YES; Jones-YES; Kelly-YES; Mercer-YES; Pellegrini-YES. ► **VOTE: Yes-8, No-0, Absent-0.**

► **The open session of the Town Council Meeting adjourned at 9:48 PM.**

Re: 2021 Annual Alcohol License Renewals

We are asking the Town Council to approve the 2021 Alcohol License renewals. There are currently a few businesses still in need of inspection and a few fees are still due. See the attached list. Note, these licenses will not be issued until fees are received and all inspections have been passed.

I would like to note there are a few Restaurants who will not be renewing their alcohol licenses this coming year:

Spruce Pond Creamery-	Common Victualer Beer & Wine License
British Beer Company-	Common Victualer All Alcohol License
Uptown Pub-	Common Victualer All Alcohol License

Finally, we would like to thank the Council for approving the temporary bylaw amendment to reduce Section 12 license fees by 25%. We have received great feedback and appreciation from the businesses.

We are happy to answer any questions you may have.

2021 Annual Alcoholic Beverages Licenses Renewal

All establishments but four have passed inspections by the Building Department, Board of Health and Fire Department. We have noted those establishments as well as those establishments that have fees or taxes due to the town.

MOTION to approve the renewal of alcoholic beverages licenses listed on the attached Renewal List for the year 2021 with the issuance of licenses that have inspections, fees or taxes outstanding to be withheld (physically held in the Town Administrator’s Office) until all items are resolved.

I am asking the Council to adopt Zoning Bylaw Amendments 20-861 and 20-862. These bylaw amendments are part of our ongoing lot line cleanup project, 20-861 and 20-862 are lot line clean up numbers #5 and #6, respectively. Zoning bylaw amendment 20-861 focuses on the area on or near Oak Street and zoning bylaw amendment 20-862 focuses on the areas on or near Longhill Road and Pleasant Street.

Both were unanimously approved by the Economic Development Subcommittee. The Planning Board unanimously voted in favor of these zoning bylaw amendments at their November 16th meeting.

TO: FRANKLIN TOWN COUNCIL

FROM: BRYAN W. TABERNER, AICP, DIRECTOR

RE: ZONING BYLAW AMENDMENTS 20-861 AND 20-862, ZONING MAP CHANGES TO BETTER DEFINE THE TOWN OF FRANKLIN'S ZONING DISTRICTS

CC: JAMIE HELLEN, TOWN ADMINISTRATOR; MARK G. CEREL, TOWN ATTORNEY; AMY LOVE, TOWN PLANNER; CHRISSEY WHELTON, ASSISTANT TO THE TOWN ADMINISTRATOR; MAXINE KINHART ASSISTANT TO THE PLANNING DIRECTOR

DATE: OCTOBER 14, 2020

As you know the Department of Planning and Community Development (DPCD) and other Town staff are undergoing a multi-year project to better define the Town's zoning districts by following parcel lines. Where parcels are within two or more zoning districts, the Zoning District line is moved so each parcel is only in one zoning district, in most cases based on the current land use.

Attached are two proposed Zoning Map Amendments that would change the Town's existing Zoning Map (Chapter 185, Section 5, of Franklin Town Code), Zoning Map Amendments 20-861 and 20-862.

Zoning Bylaw Amendment 20-861: Zoning Map Changes from Rural Residential II and Single Family Residential III, to Rural Residential II or Single Family Residential III an area on or near Oak Street.

Zoning Bylaw Amendment 20-862: Zoning Map Changes from Single Family Residential III and Single Family Residential IV, to Single Family Residential III or Single Family Residential IV an area on or near Longhill Road and Pleasant Street.

The two attached Zoning Map Amendments include the amendment document, a list of parcels proposed for rezoning, and a diagram with two maps: one showing the current zoning, and one showing proposed Zoning Map changes.

If Council members support the proposed zoning map changes, I request the Town Council vote to refer the two Zoning Map Amendments to the Planning Board for a Public Hearing. Please let me know if you have questions or require additional information.

RE: Community Preservation Act Bylaw

The Town is required to form a new chapter in the town code establishing a Community Preservation Committee (CPC). The statute requires five (5) standing boards to have one (1) member on the CPC. Those standing boards include the Planning Board, Conservation Commission, Historical Commission, Recreation Advisory Board and the Housing Authority. The statute allows for a maximum of nine (9) seats overall on the CPC.

The bylaw proposal was amended at the November 18th Town Council meeting to include five (5) seats, which are the annual appointments from the five standing committees (required by statute) and four (4) At-Large appointments. The Agricultural Commission was removed as a standing committee.

Once a final bylaw is approved by the Town Council, I will hold a public posting of interest in serving on these at-large seats. The at-large seats will be four (4) staggered two (2) year terms. The bylaw proposes appointments are confirmed through the same process outlined in the Town Charter for town committees: nomination is from the Administrator and ratified by the Town Council. In this scenario, the five standing committees will nominate their own members to go through the rest of the process as above.

It is important to note that most of the mechanics of CPA are embedded in state law. There is little local discretion other than how the funds are allocated, which is 100% local discretion. [MGL Chapter 44B](#) governs most of Community Preservation and interested parties should read that statute. Additionally, interested residents should read www.communitypreservation.org for the latest CPA news, history and questions. Their website and staff will be a great resource for the community as Franklin begins its CPA journey.

Collections for CPA begin in FY22 (July 1, 2021). It will take a full year of collections to raise local funds, then to receive a state match (anticipated first state match would be October 2022).

TOWN OF FRANKLIN

BYLAW AMENDMENT 20-864 AS AMENDED

A BYLAW TO AMEND THE CODE OF THE TOWN OF FRANKLIN TO ADD A NEW CHAPTER 16 COMMUNITY PRESERVATION COMMITTEE

The Code of the Town of Franklin is hereby amended to add a new chapter: Chapter 16 Community Preservation Committee, as follows:

Chapter 16 Community Preservation Committee

Section 16-1 Establishment and Authority

There is hereby established a Community Preservation Committee (hereinafter: "CPC") consisting of nine (9) appointed members, as provided in G.L. Chapter 44B, Section 5. The CPC shall have the legal authority and shall perform the duties and functions specified in G.L. Chapter 44B.

Section 16-2 Composition

One member of Conservation Commission
One member of Historical Commission
One member of Planning Board
One member of Recreation Advisory Board
One member of the Housing Authority
Four (4) Citizens at Large

Section 16-3 Appointment and Term

The representative members of the five Town bodies identified in Section 16-2 shall each be nominated by the respective Town body of which he/she is a member to the Town Administrator for the Town Administrator's appointment and Town Council's ratification for a one (1) year term; the four citizens at large shall each be appointed by the Town Administrator and ratified by the Town Council for a two (2) year term, provided that two shall initially be appointed for a two year term and two for a one year term, so that the citizen at large terms will be staggered. All terms shall commence on July 1 and terminate on June 30. Each representative member must remain a member of the respective Town body of which he/she is a member during his/her term as a CPC member.

Section 16-4 CPC Officers

The CPC shall have a Chair, Vice Chair, and Clerk, to be voted by the CPC membership at its first meeting following annual appointments. The Chair shall preside at meetings and shall be responsible for calling all meetings and for timely preparation and posting of meeting agendas and otherwise complying with the notice requirements of the Open Meeting Law, G.L. Chapter 30A, Sections 18 through 25. The Vice Chair shall preside at meetings in the absence or recusal of the Chair. The Clerk shall be responsible for accurate and timely preparation of meeting minutes.

This bylaw shall become effective according to the provisions of the Town of Franklin Home Rule Charter.

RE: Resolution 20-75: Lease Purchase Agreement for DPW GPS Systems

The DPW is in need of an upgrade to the G.P.S. system it employs to track its vehicles in the form of new 4G devices. The Town intends to acquire and install new 4G devices and recommends the equipment acquisition be funded through a lease purchase financing agreement. Leasing equipment such as this (and our town phones for example) have become financially advantageous for the Town.

At this time I am asking that the Council Authorize the Town Administrator to enter into these agreements. Statute requires a vote of the Council to enter into a lease.

If you have any additional questions please feel free to ask.

WHEREAS, G.L. Chapter 44, Section 21C authorizes a municipality to enter into an equipment lease financing agreement, by a two-thirds vote of its legislative body, if recommended by its chief executive officer,

NOW, THEREFORE BE IT VOTED by the Franklin Town Council, acting on behalf of the Town of Franklin, that the Town Administrator is hereby authorized to enter into a lease purchase financing agreement to fund the acquisition of new 4G devices for DPW's G.P.S. system, and that the Town Administrator is authorized to execute any and all documents and to take any other action necessary to consummate said transaction.

RE: Resolution 20-76: Appropriation Transfer to the Water Treatment Plant Fund

I am asking the Council to consider an appropriation transfer to the water treatment plant fund for the purposes of paying the installment on the water treatment plant project that was lost due to the cyber fraud. If approved, a total of \$322,696.65 will be transferred to this fund. \$300,000 will be transferred from the Water Retained Earnings ("emergency fund") and the remaining \$22,696.65 will be transferred from the Treasurer's salary line item.

As outlined in my presentation to the Town Council, I want to note that the Finance Committee and Town Council unanimously approved updated financial policies in 2019. One of those policies is to have a "emergency fund" of \$1 million in each of the water and sewer accounts, respectively for emergencies. While this may not have been the emergency we anticipated, the definition of an emergency is "a serious, unexpected, and often dangerous situation requiring immediate action." The bottom line is the payment for the water treatment plant is required and I am working to get this resolved so the project can stay on target to open in April 2021. The Town does not want to incur any additional financial risk or liability. As outlined last week in my presentation, we cannot forget the project.

Any future financial recovery from this attack will automatically be deposited back into the emergency fund for the water enterprise account. As noted at that presentation, it is likely the treatment plant will be completed well before the police investigation is completed.

If you have any additional questions please feel free to ask.

I am asking the Council to approve the 2021 Town Council meeting schedule. This schedule outlines the proposed Town Council meeting dates for the 2021 calendar year. Ms. Spiegel

Dear Ms. Spiegel,

On behalf of all the personnel at the Franklin Police Department I wish to extend our sincere appreciation for the donation of \$100.00 you recently made to our organization. We sincerely appreciate your continued support and recognition.

Your generous donation will support the Franklin Police Department in our continued efforts to provide needed equipment to the officers as they protect and serve the Franklin community and to support the many programs the department offers. It is through donations like yours that we are afforded the opportunity to purchase equipment that the department would otherwise not be able to attain due to limited funding. Similarly, your generosity supports many community policing initiatives the department takes pride in offering.

Again, I want to thank you for the generous donation!

If you have any questions or require further information, Please feel free to contact me at anytime.

Sincerely,

Ms. Felicia Oti, Director

Dear Felicia.

This letter is to confirm the Franklin Library Association unanimously approved at its Annual meeting on December 2, 2020 to fund the request made by the library for the preservation of the Town of Franklin, List of Residents (Project # 20-017_I) by NEDCC for forty-six thousand six hundred and 24 dollars (\$46,624) based on the January 22, 2020 estimate. The association has set aside funds to cover additional costs given the age of the estimate.

The board was impressed with the Proposal put forth by Vicki in prioritizing the preservation proposals with the description and significance of the materials. The board is requesting that you provide it with an estimate for the restoration of each of the itemized projects. The board is interested in funding these projects in planning its budget over the next fiscal year.

We look forward to continuing our partnership with the library to continue with its historical preservation in service to the community.

With kind regards,

Scott F. Nolan

Size: ~8 ½" x 5" up to
~9" x 11"

Est. Images: 13,264

Blank Pages/Versos

We will image the original covers of the directories and the recto and verso of all leaves with content. Library-style bindings and blank flyleaves will not be imaged.

Project Scope

Following accepted best practices, the purpose of our service is to create a faithful digital surrogate of reflective and transmissive archival materials in their current condition. Loose dust will be removed with a manual air blower (not compressed air) or with a delicate brush. Minor post-processing adjustments will be performed to optimize image quality and bring all images to a common rendition.

The objects identified above will be imaged using a medium format digital camera with apochromatic macro flat field optics on our specialized workstations. The light source will be Broncolor electronic flash, providing optimal light quality at minimal total light exposure. Imaging will be done following the Federal Agencies Digitization Guidelines Initiative (FADGI) *Technical Guidelines for Digitizing Cultural Heritage Materials* (2016) and the following project specifications:

Preservation Masters

Format: TIFF

Spatial Resolution: 400 ppi at original size

Bit Depth: 16-bit

Color Profile: Adobe RGB 1998

Access Derivatives

Format: JPEG

Spatial Resolution: 400 ppi at original size

Bit Depth: 8-bit

Color Profile: Adobe RGB 1998

PDFs with Optical Character Recognition (OCR)

Moderately compressed JPEGs of the pages of each directory will be combined into one multipage PDF with OCR applied. It is understood that the ultimate accuracy of OCR depends on the characteristics and print quality of the typeface of the original materials.

Targets

An Image Science Associates (ISA) Object-Level Target will be used as a photographic reference standard during the course of imaging reflective material. ISA Object-Level Targets include: 18 color patches of varying hues, saturations, and brightnesses; 12 spectrally neutral gray patches; vertical and horizontal slant edge targets for calculating spatial frequency response (SFR); and metric- and English-based rulers for scale and calculating optical resolution.

Cropping

Images of reflective media will be cropped to include a small border around the edges of the object. Reference targets will be removed in the final deliverable files.

Metadata

Technical metadata comprising camera and software information will be embedded in the header of each TIFF master file.

File Naming

Files will be named with a descriptive prefix plus sequential numerical suffix.

Quality Control

All work will be performed under tight environmental control in the NEDCC imaging laboratory by highly-skilled professionals, and objects will remain in the NEDCC vault when not being imaged. NEDCC performs a 100% inspection of deliverables, done by Associate and Senior Photographers. All files will be backed up on NEDCC's servers for six (6) months after project completion.

Delivery Medium

The digital files will be delivered on a 4TB USB external hard drive.

Pick-up or shipping/handling of objects shall be at Client's/Owner's expense and must occur within 90 days after either notification of completion of work or notification that objects associated with unapproved proposals must be picked up (or delivery effected). All charges for contracted services, including shipping/handling and insurance, must be paid prior to NEDCC releasing objects for return. **Storage fees of \$125.00 per month shall be charged after expiration of the 90-day period. In consideration for waiver of such storage charges, failure of Client/Owner to pick up (or effect delivery) within six months of a third notification or attempted notification by NEDCC by certified mail at Client's/Owner's last known address shall constitute transfer of title of objects to NEDCC.** Long-term arrangements for storage at a fee must be made by separate agreement to avoid such transfer of title. Client/Owner must inform NEDCC of any changes of address.

CLIENT'S/OWNER'S STATEMENT OF INSURANCE VALUE: Maximum liability limited to \$_____. Unless Owner's insurance policy provides standard "all risk perils" and Owner's insurance company sends NEDCC a waiver of subrogation, all objects left at NEDCC must be insured under NEDCC's policy at a rate of \$1.00 per month per \$1,000 of value. If no valuation is provided by Owner, an assignment of \$500 will be placed on the project for insurance coverage purposes.

THE UNDERSIGNED AGREES TO INDEMNIFY AND HOLD NEDCC HARMLESS FROM ALL CLAIMS AND DEMANDS FOR LOSS OR DAMAGE TO THE ABOVE OBJECTS HOWEVER OCCASIONED UNLESS DUE TO THE WILLFUL NEGLIGENCE OF NEDCC. IN NO EVENT SHALL NEDCC BE LIABLE TO ANY PARTY FOR ANY SPECIAL, PUNITIVE, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES.

NEDCC represents that it is not the Owner of objects that will be digitized and Client/Owner agrees that NEDCC is not responsible for any potential or real copyright infringement as a result of digitizing the objects. Compliance with copyright law is the sole responsibility of Client/Owner. NEDCC hereby conveys copyright, if any, in the digital objects to Client/Owner. The undersigned hereby grants permission to NEDCC to use the record of the proposed work, including imagery, for its educational programs.

AUTHORIZATION IS HEREBY GIVEN to the NORTHEAST DOCUMENT CONSERVATION CENTER to digitize and/or treat the above object(s). It is acknowledged that the undersigned has read and understands the proposal and all terms and conditions herein.
