Hi,

Thank you so much for your help today. The door sign decals that will be facing out measure at 24" wide and 15" in height.

The larger sign with frame measurements indicate

18X120X1.5

1.5" Black Powder coat Raised and Beveled 3D Frame

Removable 18X120X1/8' Alu-panel

Let me know if this works? Thank you again!

Business Owner, Rich Frongillo and Andrew Clark of Expose Signs and Graphics represented Downtown Sports with a sign proposal to install a new Panel in the pylon sign. Board advised the applicant that the white background should be blacked out and not shine through so writing is visible at night. Applicant asked the board if he could highlight the Lettering with White outline to have it stand out from the dark background. Board had no issues with this. Rectangle sign above main entryway to be externally illuminated at building owners direction. Two square signs to be installed on building where previous signs existed and are to be blacked out having no white shine through at night. The white lettering on these signs may change slightly in content. These two signs will be erected after the Pylon and Main entrance sign. Board asked applicant to submit the attachment methods and materials to be used to hang the building signs.

#### **4. Rhapsodys– 395 East Central Street–Wall Sign**

Due to a Misinterpretation the Commission reviewed the revised sign package that was approved at the March 20<sup>th</sup> meeting. Applicant is not moving the medallion to the left of the building but is adding and additional medallion to the side of the building and installing a PVC Business name with vertical letters down the building on the entrance side. Signs to be stud mounted. All are within limits. The DRC voted on the package, even though there was no sign maker representation, because there was no technical content that needed questioning. The DRC wishes to remind the Applicant that this is a one-time deviation from practice to benefit the Business Owner, and not the sign maker applicant.

**Motion:** To **Approve** the sign package as submitted with the stipulations. Motioned by Fitzgerald.  
Second by Silverman: Voted (4-0-2) (*Abstained: Preston, Pendleton*)

Decorative Surfaces(Pole Koalas)- The Board discussed (due to a previous applicant not complying with the Boards approvals and denials) that any signage that is for decoration purposes such as blank Koalas, that have the purpose for advertising will be counted into the total square footage.

Meeting Minutes from March 20, 2018 meeting were approved (5-0-1) (*Abstained: Pendleton*)
