

FRANKLIN TOWN COUNCIL

Agenda & Meeting Packet

May 1, 2024

Meeting will be held at the **Municipal Building**

2nd floor, Council Chambers

355 East Central Street

7:00 PM

A NOTE TO RESIDENTS: All citizens are welcome to attend public meetings in person. To **view the live meeting remotely**, citizens are encouraged to watch the live stream on the [Franklin Town Hall TV YouTube channel](#) or the live broadcast on Comcast Channel 9 and Verizon Channel 29. Meetings are also archived by Franklin TV on the [Franklin Town Hall TV YouTube channel](#) and shown on repeat on Comcast Channel 9 and Verizon Channel 29 for those who miss the live meeting.

To **listen to the meeting remotely** citizens may call-in using this number: 1-929-205-6099. This will not permit participation in the meeting.

To **participate in the meeting remotely** citizens are able to join a [Zoom Webinar](#) using the information provided below.

- Zoom Webinar ID # 853 1169 8141
- Zoom Webinar Link [HERE](https://us02web.zoom.us/j/85311698141) (<https://us02web.zoom.us/j/85311698141>)
- **Any participants who wish to speak** during the webinar must enter their **full name and email address** when joining the webinar.
- All participants will be automatically muted upon joining the webinar. In order to speak, participants - who have entered full name and email address - will need to select the "Raise Hand" function to request to be unmuted.
- All speakers will be required to state their full name and street address before commenting.

1. ANNOUNCEMENTS FROM THE CHAIR

- a. *This meeting is being recorded by Franklin TV and shown on Comcast channel 9 and Verizon Channel 29. This meeting may be recorded by others.*
- b. *Chair to identify members participating remotely.*
- c. *Upcoming Town Sponsored Community Events*

2. CITIZEN COMMENTS

- a. *Citizens are welcome to express their views for up to three minutes on a matter that is not on the agenda. The Council will not engage in a dialogue or comment on a matter raised during Citizen Comments. The Town Council will give remarks appropriate consideration and may ask the Town Administrator to review the matter.*

3. APPROVAL OF MINUTES - None Scheduled

4. PROCLAMATIONS / RECOGNITIONS

- a. Proclamation: Chris Stearns, Franklin TV
- b. Police Department - Introduction
 - i. Mental Health Clinician Caroline Ferris

5. APPOINTMENTS

- a. [Conservation Commission - Nicole Chiaramonte](#)

6. PUBLIC HEARINGS - 7:00 PM - None Scheduled

7. LICENSE TRANSACTIONS - None Scheduled

8. PRESENTATIONS / DISCUSSION

- a. [Presentation: FY23 Financial Audit - Scott McIntire, Partner, Marcum LLP](#)

9. LEGISLATION FOR ACTION

- a. [Resolution 24-19: Override Pledge to the Citizens of Franklin](#)
(Motion to Approve Resolution 24-19 - Majority Vote)
- b. [Resolution 24-20: Setting Date of Proposition 2 ½ Override Ballot](#)
(Motion to Approve Resolution 24-20 - Majority Vote)

INDEPENDENT AUDITORS' REPORT

To the Town Council
Town of Franklin, Massachusetts

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Franklin, Massachusetts (the Town), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Franklin, Massachusetts as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the budgetary comparison for the General Fund, and certain pension and OPEB schedules be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be

an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April X, 2024 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town's internal control over financial reporting and compliance.

Andover, MA
April X, 2024

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Franklin, Massachusetts (the Town) we offer readers this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2023.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements are comprised of three components (1) government-wide financial statements, (2) fund financial statements, and (3) notes to financial statements. This report also contains required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of our finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all assets, liabilities, and deferred outflows and inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The Statement of Activities presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities include general government, public safety, education, public works, health and human services, and culture and recreation. The business-type activities include sewer, water, and solid waste activities.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. The Town's funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Town's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. Reconciliations are provided to facilitate this comparison between governmental funds and governmental activities.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. The proprietary fund category includes enterprise funds.

Enterprise funds are used to report activity for which a fee is charged to external users, and must be used when one of the following criteria are met (1) activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges, (2) laws or regulations require the activity's costs of providing services be recovered with fees and charges, and (3) the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs such as depreciation or debt service. The primary focus on these criteria is on fees charged to external users. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements, only in more detail. Specifically, enterprise funds are used to account for sewer, water, and solid waste operations. The sewer and water funds are considered to be major funds.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside of the Town. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which is required to be disclosed by accounting principles generally accepted in the United States of America.

Financial Highlights

- As of the close of the current fiscal year, net position in governmental activities was \$90,321,992 a change of \$1,595,383, and net position in business-type activities was \$68,618,623, a change of \$4,064,785.
- As of the close of the current fiscal year, governmental funds reported combined ending fund balances of \$45,795,219, a change of \$2,419,485 in comparison to the prior year.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$17,277,561, a change of \$2,007,545 in comparison to the prior year.

Government-Wide Financial Analysis

The following is a summary of condensed government-wide financial data for the current and prior fiscal year.

	NET POSITION (in thousands)					
	Governmental Activities		Business-Type Activities		Total	
	2023	2022	2023	2022	2023	2022
Assets						
Current and other assets	\$ 59,182	\$ 54,892	\$ 14,920	\$ 15,013	\$ 74,102	\$ 69,905
Capital assets	217,869	221,515	77,120	76,065	294,989	297,580
Total Assets	277,051	276,407	92,040	91,078	369,091	367,485
Deferred Outflows of Resources	10,622	5,800	127	76	10,749	5,876
Liabilities						
Current liabilities	10,532	9,263	919	1,531	11,451	10,794
Noncurrent liabilities	165,847	163,708	22,377	24,801	188,224	188,509
Total Liabilities	176,379	172,971	23,296	26,332	199,675	199,303
Deferred Inflows of Resources	20,972	20,509	252	269	21,224	20,778
Net Position						
Net investment in capital assets	160,201	163,529	56,367	53,264	216,568	216,793
Restricted	15,535	14,425	-	-	15,535	14,425
Unrestricted	(85,414)	(89,227)	12,252	11,289	(73,162)	(77,938)
Total Net Position	\$ 90,322	\$ 88,727	\$ 68,619	\$ 64,553	\$ 158,941	\$ 153,280

As noted earlier, net position may serve over time as a useful indicator of the Town’s financial position. At the close of the most recent fiscal year, total net position was \$158,940,615, a change of \$5,660,168 in comparison to the prior year.

The largest portion of net position \$216,568,359 reflects our investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of net position \$15,534,307 represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position is a deficit of \$(73,162,051) primarily resulting from unfunded pension and OPEB liabilities.

Governmental Activities

Governmental activities for the year resulted in a change in net position of \$1,595,383. Key elements of this change are as follows:

Change in pension expense from GASB 68	\$ 956,216
Change in OPEB expense from GASB 75	685,064
Other	<u>(45,897)</u>
Total	<u>\$ 1,595,383</u>

Business-Type Activities

Business-type activities for the year resulted in a change in net position of \$4,064,785. The Water Fund's net position increased \$3,246,354 primarily due to user rates raised for capital outlay in the amount of \$2,347,000 as well as the recognition of intergovernmental revenue from the American Rescue Plan Act. The Sewer Fund's net position increased \$689,977 primarily due to user rates raised for capital outlay in the amount of \$985,000.

Financial Analysis of Town’s Funds

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. In particular, unassigned fund balance may serve as a useful measure of the Town’s net resources available for spending at the end of the fiscal year.

General Fund

The General Fund is the chief operating fund. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$17,277,561, while total fund balance was \$29,197,331. Unassigned fund balance increased by \$2,007,545 primarily from the budgetary surplus of \$822,970 reported on page 58 and the \$1,000,000 added to the budget stabilization account. As a measure of the General Fund’s liquidity, it may be useful to compare both unassigned fund balance and total fund balance to General Fund expenditures. Refer to the table below.

<u>General Fund</u>	<u>6/30/23</u>	<u>6/30/22</u>	<u>Change</u>	<u>% of General Fund Expenditures*</u>
Unassigned fund balance	\$ 17,277,561	\$ 15,270,016	\$ 2,007,545	12.7%
Total fund balance	\$ 29,197,331	\$ 27,484,449	\$ 1,712,882	21.4%

* Expenditure amounts used to calculate the above percentages have been adjusted to exclude the on-behalf payment from the Commonwealth of Massachusetts to the Massachusetts Teachers Retirement System of \$11,349,729.

The total fund balance of the General Fund changed by \$1,712,882 during the current fiscal year. Key factors in this change are as follows:

Use of free cash as a funding source	\$ (4,322,269)
Revenues in excess of budget	3,202,567
Expenditures and encumbrances less than budget	1,957,672
Increase to stabilization funds	1,950,295
Other	<u>(1,075,383)</u>
Total	\$ <u>1,712,882</u>

Stabilization Accounts

The Town has made extensive efforts to maintain and increase their stabilization and other account balances. This effort allows the Town to reduce future debt requirements and stabilize Town finances. There have been many different stabilization funds that have been created and

used throughout the years based on the Town’s needs. Included in the fund balances of the General Fund are the following stabilization accounts:

	<u>6/30/23</u>	<u>6/30/22</u>	<u>Change</u>
<i><u>Included in Restricted Fund Balance:</u></i>			
Workers' compensation fund	\$ 351,292	\$ 341,115	\$ 10,177

Total	<u>\$ 16,275,903</u>	<u>\$ 14,325,608</u>	<u>\$ 1,950,295</u>

Federal Grants Fund Major Governmental Fund

The fund balance of the Federal Grants Fund major governmental fund changed by \$106,333 primarily from timing differences between the receipt and disbursement of grants.

Nonmajor Governmental Funds

The fund balance of the nonmajor governmental funds changed by \$600,270 primarily from timing differences between capital expenditures and permanent financing of capital projects.

Proprietary Funds

Proprietary funds provide the same type of information found in the business-type activities reported in the government-wide financial statements, but in more detail.

Unrestricted net position of the enterprise funds at the end of the year amounted to \$12,251,512, a change of \$961,340 in comparison to the prior year.

General Fund Budgetary Highlights

Differences between the original budget and the final amended budget resulted in an overall change in appropriations of \$11,224,686 comprised primarily of \$6,335,610 of prior year encumbrances and article carryforwards and \$4,322,269 of various capital items funded by free cash and transfers.

Revenue surplus for the current year was \$3,202,567 compared to \$3,445,832 in the prior year, primarily due to less favorable budgetary results from motor vehicle excise collections, charges for services, and intergovernmental revenue.

Capital Assets and Debt Administration

Capital Assets

Total investment in capital assets for governmental and business-type activities at year-end amounted to \$294,988,814 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, machinery, equipment and furnishings, and infrastructure.

Major capital asset events during the current fiscal year include the following acquisitions:

- \$3,800,000 for Schmidt Farm land.
- \$2,302,016 for waterline improvements.
- \$575,885 for sewer relining improvements.

Additional information on capital assets can be found in the Notes to Financial Statements.

Long-Term Debt

At the end of the current fiscal year, total bonds and loans outstanding, including unamortized premium, were \$79,913,249, all of which was backed by the full faith and credit of the Town.

During the fiscal year, the Town's Standard & Poor's credit rating increased to AAA from AA+.

Additional information on long-term debt can be found in the Notes to Financial Statements.

Requests for Information

This financial report is designed to provide a general overview of the Town of Franklin's finances for all those with an interest in the Town's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

TOWN OF FRANKLIN, MASSACHUSETTS

Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2023

Net Changes in Fund Balances - Total Governmental Funds	\$ 2,419,485																						
<ul style="list-style-type: none"> • Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense: <table border="0" style="margin-left: 40px;"> <tr> <td>Capital outlay</td> <td style="text-align: right;">6,860,180</td> </tr> <tr> <td>Depreciation</td> <td style="text-align: right;">(10,506,309)</td> </tr> </table> • The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the financial resources of governmental funds. Neither transaction, however, has any effect on net position: <table border="0" style="margin-left: 40px;"> <tr> <td>Issuance of debt</td> <td style="text-align: right;">(3,535,000)</td> </tr> <tr> <td>Repayments of debt</td> <td style="text-align: right;">4,524,000</td> </tr> <tr> <td>Additions to bond premium</td> <td style="text-align: right;">(265,000)</td> </tr> <tr> <td>Amortization of bond premium</td> <td style="text-align: right;">92,141</td> </tr> </table> • Revenues in the Statement of Activities that do not provide current financial resources are fully deferred in the Statement of Revenues, Expenditures, and Changes in Fund Balances. Therefore, the recognition of revenue for certain types of accounts receivable (i.e., real estate and personal property, motor vehicle excise, etc.) differ between the two statements. This amount represents the net change in unavailable revenue. <table border="0" style="margin-left: 40px;"> <tr> <td></td> <td style="text-align: right;">561,861</td> </tr> </table> • Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds: <table border="0" style="margin-left: 40px;"> <tr> <td>Change in pension expense from GASB 68</td> <td style="text-align: right;">956,216</td> </tr> <tr> <td>Change in OPEB expense from GASB 75</td> <td style="text-align: right;">685,064</td> </tr> <tr> <td>Change in compensated absences</td> <td style="text-align: right;">(237,510)</td> </tr> <tr> <td>Change in accrued interest</td> <td style="text-align: right;">40,255</td> </tr> </table> 		Capital outlay	6,860,180	Depreciation	(10,506,309)	Issuance of debt	(3,535,000)	Repayments of debt	4,524,000	Additions to bond premium	(265,000)	Amortization of bond premium	92,141		561,861	Change in pension expense from GASB 68	956,216	Change in OPEB expense from GASB 75	685,064	Change in compensated absences	(237,510)	Change in accrued interest	40,255
Capital outlay	6,860,180																						
Depreciation	(10,506,309)																						
Issuance of debt	(3,535,000)

TOWN OF FRANKLIN, MASSACHUSETTS

Notes to Financial Statements

1. Summary of Significant Accounting Policies

The accounting policies of the Town of Franklin, Massachusetts (the Town) conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental and financial reporting principles. The following is a summary of the significant policies of the Town:

Reporting Entity

The Town is a municipal corporation governed by an elected Town Council. As required by GAAP, these financial statements present the Town and applicable component units for which the Town is considered to be financially accountable. In fiscal year 2023, it was determined that no entities met the component unit requirements of GASB 14 (as amended).

Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Amounts reported as *program revenues* include (1) charges to customers or applicants for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes and excises.

Fund Financial Statements

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, certain expenditures such as debt service, claims and judgments, compensated absences, OPEB, and pension are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt are reported as other financing sources.

The Town reports the following major governmental funds:

- The *General Fund* is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.
- The *Federal Grants Fund* accounts for federal grant revenues and expenditures.

The proprietary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Under this method, revenues are recognized when earned and expenses are recorded when liabilities are incurred.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of enterprise funds are charges to customers for sales and services.

Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The Town reports the following major proprietary funds:

- Sewer Fund
- Water Fund

The fiduciary fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Under this method, revenues are recognized when earned and expenses are recorded when liabilities are incurred.

The Town reports the following fiduciary funds:

- The *Other Post-employment Benefit Trust Fund* is used to accumulate resources for health insurance benefits for retired employees.
- The *Private-Purpose Trust Fund* is used to account for trust arrangements, other than those properly reported in the permanent fund, under which principal and investment income exclusively benefit individuals, private organizations, or other governments.
- The *Custodial Funds* account for fiduciary assets held by the Town in a custodial capacity as an agent on behalf of others and are not required to be reported elsewhere on the financial statements. Custodial funds include firearms charges collected on behalf of the State, as well as student activity funds.

Cash and Investments

Cash balances from all funds, except those required to be segregated by law, are combined to form a consolidation of cash. Cash balances are invested to the extent available, and interest earnings are recognized in the General Fund. Certain special revenue, proprietary, and fiduciary funds segregate cash, and investment earnings become a part of those funds.

Deposits with financial institutions consist primarily of demand deposits, certificates of deposits, and savings accounts. Generally, a cash and investment pool is maintained that is available for use by all funds. Each fund's portion of this pool is reflected on the financial statements under the caption "cash and short-term investments."

For purpose of the Statement of Cash Flows, the proprietary funds consider investments with original maturities of three months or less to be short-term investments.

Investments are carried at fair value, except certificates of deposit, which are not market-linked and therefore are reported at cost. Where applicable, fair values are based on quotations from national securities exchanges, except for certain investments that are required to be presented

using net asset value (NAV). The NAV per share is the amount of net assets attributable to each share outstanding at the close of the period. Investments measured using NAV for fair value are not subject to level classification.

State and local statutes place certain limitations on the nature of deposits and investments available. Deposits in any financial institution may not exceed certain levels within the financial institution.

Property Tax Limitations

Legislation known as “Proposition 2½” has limited the amount of revenue that can be derived from property taxes. The prior fiscal year’s tax levy limit is used as a base and cannot increase by more than 2.5% (excluding new growth), unless an override is voted.

Capital Assets

Capital assets, which include buildings and improvements, machinery, equipment, and furnishings, land, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund statements. Capital assets are defined by the Town as assets with an initial individual cost of more than \$15,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40
Building improvements	20
Infrastructure	30 - 50
Machinery, equipment, and furnishings	5

The Town reviews the carrying value of its long-lived assets to ensure that any impairment issues are identified and appropriately reflected in the financial statements. Should the expected cash flows be less than the carrying value, an impairment loss would be recognized to reduce the carrying value. There was no impairment loss recorded during fiscal year 2023.

Compensated Absences

It is the Town’s policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vested sick and vacation pay is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. A liability for these amounts is reported in

governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

Fund Balance

Generally, fund balance represents the difference between current assets/deferred outflows and current liabilities/deferred inflows. The Town has implemented GASB Statement No. 54 (GASB 54), *Fund Balance Reporting and Governmental Fund Type Definitions*, which enhances the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying existing governmental fund type definitions, as follows:

- *Nonspendable* represents amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact. This fund balance classification includes General Fund prepaid expenditures and nonmajor governmental fund reserves for the principal portion of permanent trust funds.
- *Restricted* represents amounts that are restricted to specific purposes by constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation. This fund balance classification includes capital projects funded by grants and bond issuances, various special revenue funds, and the income portion of permanent trust funds.
- *Committed* represents amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Town's highest level of decision-making authority (Town Council). This fund balance classification includes General Fund non-lapsing capital appropriations approved by Town Council, capital improvement stabilization funds (now reported as part of the General Fund per GASB 54), and various special revenue and expendable trust funds.
- *Assigned* represents amounts that are constrained by the Town's intent to use these resources for a specific purpose. This fund balance classification includes General Fund encumbrances that have been established by various Town departments for the expenditure of current year budgetary financial resources upon vendor performance in the subsequent budgetary period.
- *Unassigned* represents amounts that are available to be spent in future periods, general stabilization, and deficit funds. The General Fund is the only fund that reports a positive unassigned fund balance.

When an expenditure is incurred that would qualify for payment from multiple fund balance types, the Town uses the following order to liquidate liabilities: restricted, committed, assigned, and unassigned.

Net Position

Net position represents the difference between assets/deferred outflows and liabilities/deferred inflows. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on use either through enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The remaining net position is reported as unrestricted.

Use of Estimates

The preparation of basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures for contingent assets and liabilities at the date of the basic financial statements, and the reported amounts of revenues and expenditures/expenses during the fiscal year. Actual results could vary from estimates that were used.

2. Stewardship, Compliance, and Accountability*Budgetary Information*

The Town Administrator presents, on behalf of the Finance Committee, an operating and capital budget for the proposed expenditures of the fiscal year commencing the following July 1. The budget, as enacted by Town Council, establishes the legal level of control and specifies that certain appropriations are to be funded by particular revenues. The original budget is amended during the fiscal year at Town Council meetings as required by changing conditions.

Departments are limited to the line items as voted. Certain items may exceed the line item budget as approved if it is for an emergency and for the safety of the general public. These items are limited by Massachusetts General Laws and must be raised in the next year's tax rate. It has been the practice of the Town to pay for any of these type of deficiencies by using available funds in the year incurred.

Formal budgetary integration is employed as a management control device during the year for the General Fund and proprietary funds. Effective budgetary control is achieved for all other funds through provisions of Massachusetts General Laws.

At year end, appropriation balances lapse, except for certain unexpended capital items and encumbrances which will be honored during the subsequent year.

3. Deposits and Investments - Town (Excluding the OPEB Trust Fund)

Massachusetts General Laws (MGL), Chapter 44, Section 55 place certain limitation on the nature of deposits and investments available to the Town. Deposits, including demand deposits, money markets, and certificates of deposits in any one financial institution, may not exceed 60% of the

capital and surplus of such institution unless collateralized by the institution involved. Investments may be made in unconditionally guaranteed U.S. government obligations having maturities of a year or less from the date of purchase, or through repurchase agreements with maturities of no greater than 90 days in which the underlying securities consist of such obligations. Other allowable investments include certificates of deposits having a maturity date of up to 3 years from the date of purchase, national banks, and Massachusetts Municipal Depository Trust (MMDT). MMDT, which is an external investment pool overseen by the Treasurer of the Commonwealth of Massachusetts, meets the criteria established by GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, to report its investments at amortized cost, which approximates the net asset value of \$1.00 per share. MMDT has an average maturity of less than 1 year and is not rated or subject to custodial credit risk disclosure. MGL Chapter 44, Section 54 provides additional investment options for certain special revenue, trust, and OPEB funds.

Deposits

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the Town’s deposits may not be returned. The Town’s policies related to the custodial credit risk of deposits is that the Treasurer will review the financial institution’s financial statements and the background of the Advisor. Further, all securities held by a third-party custodian will be held in the Town’s name and tax identification number.

As of June 30, 2023, none of the Town’s bank balance of \$41,347,168 was exposed to custodial credit risk as uninsured and uncollateralized. Additionally, \$402,515 was on deposit with the Massachusetts Municipal Depository Trust, which is the state investment pool as authorized by Massachusetts General Laws, Chapter 29, section 38A.

Investments

The following is a summary of the Town’s investments as of June 30, 2023:

<u>Investment Type</u>	<u>Amount</u>
Market-linked certificates of deposits	\$ 291,360
Corporate bonds	7,947,803
Corporate equities	2,275,147
Fixed income mutual funds	509,861
U.S. Treasury notes	5,617,143
Federal agencies	<u>991,380</u>
Total investments	<u>\$ 17,632,694</u>

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the Town will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Per the Town’s investment policy,

the Treasurer will review the financial institution’s financial statements and the background of the Advisor. Further, all securities held by a third-party custodian will be held in the Town’s name and tax identification number.

As of June 30, 2023, the Town did not have any investments subject to custodial credit risk exposure as all assets were held in the Town’s name.

Credit Risk – Investments in Debt Securities

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. For short-term investments that were purchased using surplus revenues, Massachusetts General Laws, Chapter 44, Section 55, limit the Town’s investments to the top rating issued by at least one nationally recognized statistical rating organization (NRSROs). The Town does not have formal investment policies related to credit risk.

United States Treasury notes have an implied rating of Aaa. As of June 30, 2023, the credit quality ratings, as rated by Moody’s Investors Service, Inc. of the Town’s remaining debt securities were as follows:

Investment Type	Amount	Rating as of Year End				
		Aaa	Aa1 - Aa3	A1 - A3	Baa1 - B3	Unrated
Market-linked certificates of deposits	\$ 291,360	\$ -	\$ -	\$ -	\$ -	\$ 291,360
Corporate bonds	7,947,803	655,658	46,975	4,380,420	2,864,750	-
Fixed income mutual funds	509,861	509,861	-	-	-	-
Federal agencies	991,380	991,380	-	-	-	-
Total	\$ 9,740,404	\$ 2,156,899	\$ 46,975	\$ 4,380,420	\$ 2,864,750	\$ 291,360

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributable to the magnitude of the Town’s investment in a single issuer. The Town places no limit on the amount that maybe invested in any one issuer. The Town does not have formal investment policies related to concentration of credit risk exposure.

Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from concentration credit disclosure.

As of June 30, 2023, the Town did not have investments in any one issuer that exceeded 5% of total investments.

Interest Rate Risk – Investments in Debt Securities

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Town’s investment policy states the Town will manage interest rate risk by managing duration in the account.

Information about the sensitivity of the fair values of the Town’s investments to market interest rate fluctuations was as follows at June 30, 2023:

<u>Investment Type</u>	<u>Amount</u>	<u>Effective Duration</u> <u>Years</u>
Market-linked certificates of deposits	\$ 291,360	1.45
Corporate bonds	7,947,803	9.45
Fixed income mutual funds	509,861	2.50
U.S. Treasury notes	5,617,143	7.06
Federal agencies	991,380	8.32
Total	\$ <u>15,357,547</u>	

Foreign Currency Risk

Foreign currency risk is the risk that changes in foreign exchange rates will adversely affect the fair value of an investment. The Town’s policy for foreign currency risk states the Town will not invest in any investment exposed to foreign currency risk.

At June 30, 2023, none of the Town’s investments were exposed to foreign currency risk.

Fair Value

The Town categorizes its fair value measurements within the fair value hierarchy established by Governmental Accounting Standards Board Statement No. 72, *Fair Value Measurement and Application* (GASB 72).

The hierarchy is based on the valuation inputs used to measure the fair value of an asset or liability and give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The hierarchy categorizes the inputs to valuation techniques used for fair value measurement into three levels as follows:

- Level 1 – inputs that reflect quoted prices (unadjusted) in active markets for identical assets or liabilities that are accessible at the measurement date.
- Level 2 – inputs other than quoted prices that are observable for an asset or liability either directly or indirectly, including inputs in markets that are not considered to be active. Because they must often be priced on the basis of transactions involving similar but not identical securities or do not trade with sufficient frequency, certain directly held securities are categorized as Level 2.
- Level 3 – unobservable inputs based on the best information available, using assumptions in determining the fair value of investments and derivative instruments.

In instances where inputs used to measure fair value fall into different levels in the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation.

The Town had the following fair value measurements as of June 30, 2023:

<u>Investment Type</u>	<u>Amount</u>	<u>Fair Value Measurements Using:</u>	
		<u>Quoted prices in active markets for identical assets (Level 1)</u>	<u>Significant observable inputs (Level 2)</u>
Investments by fair value level:			
Market-linked certificates of deposits	\$ 291,360	\$ -	\$ 291,360
Corporate bonds	7,947,803	-	7,947,803
Corporate equities	2,275,147	2,275,147	-
Fixed income mutual funds	509,861	-	509,861
U.S. Treasury notes	5,617,143	5,617,143	-
Federal agencies	991,380	-	991,380
Total	\$ <u>17,632,694</u>	\$ <u>7,892,290</u>	\$ <u>9,740,404</u>

Equity securities classified as Level 1 are valued using prices quoted in active markets for those securities.

Debt securities classified as Level 2 are valued using either a bid evaluation or a matrix pricing technique. Bid evaluations may include market quotations, yields, maturities, call features, and ratings. Matrix pricing is used to value securities based on the security’s relationship to benchmark quote prices. Level 2 debt securities have non-proprietary information that is readily available to market participants, from multiple independent sources, which are known to be actively involved in the market.

4. Investments – OPEB Trust Fund

The OPEB Trust Fund’s investments as of June 30, 2023 were fully invested in the State Retirees Benefits Trust Fund (SRBT) managed by Pension Reserves Investment Management (PRIM) Board.

The net asset value (NAV) per share is the amount of net assets attributable to each share outstanding at the close of the period. The OPEB Trust Fund’s investment in SRBT is measured at NAV and is not subject to fair value level classification. There were no unfunded commitments at June 30, 2023, and the redemption frequency was monthly with a 30-day redemption notice period.

5. Property Taxes and Excises Receivable

The Town bills and collects its property taxes on a quarterly basis following the January 1 assessment. The due dates for those quarterly tax billings are August 1, November 1, February 1, and May 1. Property taxes that remain unpaid after the respective due dates are subject to penalties and interest charges.

Based on the Town’s experience, most property taxes are collected during the year in which they are assessed. Liening of properties on which taxes remain unpaid generally occurs annually. The Town ultimately has the right to foreclose on all properties where the taxes remain unpaid.

A statewide property tax limitation known as “Proposition 2 ½” limits the amount of increase in the property tax levy in any fiscal year. Generally, Proposition 2 ½ limits the total levy to an amount not greater than 2 ½% of the total assessed value of all taxable property within the Town. Secondly, the tax levy cannot increase by more than 2 ½ % of the prior year’s levy plus the taxes on property newly added to the tax rolls. The actual fiscal year 2023 tax levy reflected an excess capacity of \$37,376.

Motor vehicle excise taxes are assessed annually for every motor vehicle and trailer registered in the Commonwealth of Massachusetts. The Registry of Motor Vehicles annually calculates the value of all registered motor vehicles for the purpose of excise assessment. The amount of motor vehicle excise tax due is calculated using a fixed rate of \$25 per \$1,000 of value.

Boat excise taxes are assessed annually for all water vessels, including documented boats and ships, used or capable of being used for transportation on water. A boat excise is assessed by the community where the vessel is moored. July 1 is the assessing date for all vessels, and the boat excise due is calculated using a fixed rate of \$10 per \$1,000 of value.

Property taxes and excise receivables at June 30, 2023 consisted of the following:

	<u>Gross</u> <u>Amount</u>	<u>Current</u> <u>Portion</u>	<u>Long-Term</u> <u>Portion</u>
Real estate taxes	\$ 875,177	\$ 875,177	\$ -
Personal property taxes	223,748	223,748	-
Tax liens	552,390	55,239	497,151
Other	<u>84,304</u>	<u>84,304</u>	<u>-</u>
Total property taxes	<u>\$ 1,735,619</u>	<u>\$ 1,238,468</u>	<u>\$ 497,151</u>
Motor vehicle excise	\$ 903,039	\$ 903,039	\$ -
Boat excise	<u>2,414</u>	<u>2,414</u>	<u>-</u>
Total excises	<u>\$ 905,453</u>	<u>\$ 905,453</u>	<u>\$ -</u>

6. User Fees Receivables

Receivables for user charges at June 30, 2023 consisted of ambulance receivables for the governmental funds.

7. Intergovernmental Receivables

This balance represents reimbursements requested from federal and state agencies for expenditures incurred in fiscal year 2023.

8. Prepaid Expenses

Prepaid expenses reported in the General Fund includes a retirement system payment due on July 1, 2023 which was processed on June 30, 2023 to ensure timely payment. Because payment was liquidated on July 1, 2023, the Town has not recorded a corresponding nonspendable fund balance.

9. Capital Assets

Capital asset activity for the year ended June 30, 2023 was as follows (in thousands):

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities				
Capital assets, being depreciated:

Depreciation expense was charged to functions of the Town as follows:

Governmental Activities	
General government	\$ 572,099
Public safety	1,017,131
Education	5,523,747
Public works	2,353,965
Health and human services	234,113
Culture and recreation	<u>805,254</u>
Total governmental activities	<u>\$ 10,506,309</u>
Business-Type Activities	
Sewer	\$ 455,048
Water	<u>2,282,001</u>
Total business-type activities	<u>\$ 2,737,049</u>

10. Deferred Outflows of Resources

Deferred outflows of resources represent the consumption of net assets by the Town that is applicable to future reporting periods. Deferred outflows of resources have a positive effect on net position, similar to assets. Deferred outflows of resources related to pension and OPEB, in accordance with GASB Statements No. 68 and 75, are more fully discussed in the corresponding pension and OPEB notes.

11. Accrued Liabilities

Accrued liabilities in governmental funds represent accrued payroll and related benefits. Accrued liabilities in government-wide financial statements also include accrued interest on long-term debt.

12. Unearned Revenue

The balance reported in unearned revenue primarily represents the unspent portion of grant funds received by the Town from the American Rescue Plan Act (ARPA).

13. Long-Term Debt

General Obligation Bonds and Loans

The Town issues general obligation bonds and direct borrowings to provide funds for the acquisition and construction of major capital facilities. General obligation bonds and direct borrowings outstanding are as follows:

<u>Governmental Activities</u>	<u>Original Issue</u>	<u>Serial Maturities Through</u>	<u>Interest Rate(s) %</u>	<u>Amount Outstanding as of 6/30/23</u>
General Obligation Bonds				
Public offerings:				
General obligation refunding 2004	\$ 2,325,000	06/30/22	2.00 - 4.00%	\$ 127,000

14. Deferred Inflows of Resources

Deferred inflows of resources represent the acquisition of net assets by the Town that apply to future reporting periods. Deferred inflows of resources have a negative effect on net position, similar to liabilities. Deferred inflows of resources related to pension and OPEB, in accordance with GASB Statements No. 69 and 75, will be recognized as expense in future years and are more fully described in the corresponding pension and OPEB notes. Unavailable revenues are reported in the governmental funds Balance Sheet in connection with receivables for which revenues are not considered available to liquidate liabilities of the current year.

15. Governmental Funds – Fund Balances

The Town's fund balances at June 30, 2023 were comprised of the following:

	General Fund	Federal Grants Fund	Nonmajor Governmental Funds	Total Governmental Funds
Nonspendable

Total Fund Balance	\$ 29,197,331	\$ (211,942)	\$ 16,809,830	\$ 45,795,219

16. Restricted Net Position

The Town’s restricted net position at June 30, 2023 was comprised of the following:

<u>Purpose</u>	<u>Governmental Activities</u>
Affordable housing trust	\$ 996,597
Sewer lift stations trust	558,425
Ray memorial library trust	140,103
Other trusts	519,647
Extracurricular athletics	718,363
Transportation	1,344,460
Pre-kindergarten	1,126,304
Circuit breaker	3,337,382
Lifelong Learning	685,206
School lunch	1,280,014
Parking meter receipts	472,583
Wetlands protection	202,657
Ambulance receipts	406,341
40B Franklin heights infrastructure	164,000
Community preservation	2,373,944
Other special revenue funds	<u>1,208,281</u>
Total	<u>\$ 15,534,307</u>

17. Transfers

The Town reports interfund transfers between various funds. Most transfers result from budgetary or statutory actions, whereby funds are moved to accomplish various expenditure purposes. Interfund transfers for fiscal year 2023 were as follows:

<u>Governmental Funds:</u>	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ 24,239	\$ 15,000
Nonmajor Governmental Funds:		
Special revenue funds	<u>15,000</u>	<u>24,239</u>
Total	<u>\$ 39,239</u>	<u>\$ 39,239</u>

The transfer into the General Fund was transferred from the parking meter receipts reserved special revenue fund. The transfer out of the General Fund was transferred to the common art project state grant special revenue fund.

18. Norfolk County Retirement System

The Town follows the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, with respect to employees’ retirement funds.

Plan Description

Substantially all employees of the Town (except teachers and administrators under contract employed by the School Department) are members of the Norfolk County Retirement System (the System), a cost-sharing, multiple-employer public employee retirement system (PERS). Eligible employees must participate in the System. The pension plan provides pension benefits, deferred allowances, and death and disability benefits. Chapter 32 of Massachusetts General Laws establishes the authority of the System, contribution percentages and benefits paid. The System Retirement Board does not have the authority to amend benefit provisions. Additional information is disclosed in the System’s annual financial reports publicly available from the System located at 480 Neponset Street, Canton, Massachusetts 02021.

Participant Contributions

Participants contribute a set percentage of their gross regular compensation annually. Employee contribution percentages are specified in Chapter 32 of Massachusetts General Laws. The employee’s individual contribution percentage is determined by their date of entry into the System. In addition, all employees hired on or after January 1, 1979 contribute an additional 2% on all gross regular compensation over the rate of \$30,000 per year. The percentages are as follows:

Before January 1, 1975	5%
January 1, 1975 - December 31, 1983	7%
January 1, 1984 - June 30, 1996	8%
Beginning July 1, 1996	9%

Participant Retirement Benefits

A retirement allowance consists of two parts: an annuity and a pension. A member’s accumulated total deductions and a portion of the interest they generate constitute the annuity. The difference between the total retirement allowance and the annuity is the pension. The average retirement benefit is approximately 80-85% pension and 15-20% annuity.

The System provides for retirement allowance benefits up to a maximum of 80% of a member’s highest 3-year average annual rate of regular compensation for those hired prior to April 2, 2012 and the highest five-year average annual rate of regular compensation for those first becoming members of the System on or after that date. However, per Chapter 176 of the Acts of 2011, for members who retire on or after April 2, 2012, if in the 5 years of creditable service immediately preceding retirement, the difference in the annual rate of regular compensation between any 2 consecutive years exceeds 100 percent, the normal yearly amount of the retirement allowance shall be based on the average annual rate of regular compensation received by the member during

the period of 5 consecutive years preceding retirement. Benefit payments are based upon a member's age, length of creditable service, level of compensation and group classification.

There are four classes of membership in the retirement system, but one of these classes, Group 3, is made up exclusively of the Massachusetts State Police. The other three classes are as follows:

- Group 1 – General employees, including clerical, administrative, technical, and all other employees not otherwise classified.
- Group 2 – Certain specified hazardous duty positions.
- Group 4 – Police officers, firefighters, and other specified hazardous positions.

A retirement allowance may be received at any age, upon attaining 20 years of service. The plan also provides for retirement at age 55 if the participant was a member prior to January 1, 1978, with no minimum vesting requirements. If the participant was a member on or after January 1, 1978 and a member of Groups 1 or 2, then a retirement allowance may be received if the participant (1) has at least 10 years of creditable service, (2) is age 55, (3) voluntarily left Town employment on or after that date, and (4) left accumulated annuity deductions in the fund. Members of Group 4 have no minimum vesting requirements, however, must be at least age 55. Groups 2 and 4 require that participants perform the duties of the group position for at least 12 months immediately prior to retirement.

A participant who became a member on or after April 2, 2012 is eligible for a retirement allowance upon 10 years creditable service and reaching ages 60 or 55 for Groups 1 and 2, respectively. Participants in Group 4 must be at least age 55. Groups 2 and 4 require that participants perform the duties of the group position for at least 12 months immediately prior to retirement.

Methods of Payment

A member may elect to receive his or her retirement allowance in one of three forms of payment as follows:

- Option A – Total annual allowance, payable in monthly installments, commencing at retirement and terminating at the member's death.
- Option B – A reduced annual allowance, payable in monthly installments, commencing at retirement and terminating at the death of the member—provided, however, that if the total amount of the annuity portion received by the member is less than the amount of his or her accumulated deductions, including interest, the difference or balance of his accumulated deductions will be paid in a lump sum to the retiree's beneficiary or beneficiaries of choice.
- Option C – A reduced annual allowance, payable in monthly installments, commencing at retirement. At the death of the retired employee, 2/3 of the allowance is payable to the member's designated beneficiary (who may be the spouse, or former spouse who has not remarried, child, parent, sister, or brother of the employee) for the life of the beneficiary. For members who

retired on or after January 12, 1988, if the beneficiary pre-deceases the retiree, the benefit payable increases (or “pops up” to Option A) based on the factor used to determine the Option C benefit at retirement. For members who retired prior to January 12, 1988, if the System has accepted Section 288 of Chapter 194 of the Acts of 1998 and the beneficiary pre-deceases the retiree, the benefit payable “pops up” to Option A in the same fashion. The Option C became available to accidental disability retirees on November 7, 1996.

Participant Refunds

Employees who resign from service and who are not eligible to receive a retirement allowance are entitled to request a refund of their accumulated total deductions. Members voluntarily withdrawing with at least 10 years of service or involuntarily withdrawing, receive 100% of the regular interest that has accrued on those accumulated total deductions. Members voluntarily withdrawing with less than 10 years of service get credited interest each year at a rate of 3%.

Employer Contributions

Employers are required to contribute at actuarially determined rates as accepted by the Public Employee Retirement Administration Commission (PERAC).

The Town’s contribution to the System for the year ended June 30, 2023 was \$7,183,210 which was equal to its annual required contribution.

Summary of Significant Accounting Policies

For purposes of measuring the net pension liability, deferred outflows of resources and deferred (inflows) of resources related to pension, and pension expense, information about the fiduciary net position of the System and additions to/deductions from the System’s fiduciary net position have been determined on the same basis as they are reported by the System. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred (Inflows) of Resources Related to Pension

At June 30, 2023, the Town reported a liability of \$45,208,550 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2022. At June 30, 2023, the Town’s proportion was 7.8176%, which was an increase of 0.0049% from its proportion measured as of December 31, 2021.

For the year ended June 30, 2023, the Town recognized pension expense of \$6,514,521. In addition, the Town reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Differences between expected and actual experience	\$ 1,488,140	\$ -
Net difference between projected and actual earnings on pension plan investments	8,632,750	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	<u>363,092</u>	<u>-</u>
Total	<u>\$ 10,483,982</u>	<u>\$ -</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized as increases (decreases) in pension expense as follows:

<u>Year Ended June 30:</u>	
2024	\$ 1,335,504
2025	2,449,927
2026	2,373,324
2027	<u>4,325,227</u>
Total	<u>\$ 10,483,982</u>

Actuarial Assumptions

The total pension liability was determined in the actuarial valuation, using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation date	January 1, 2022
Inflation	3.00%
Projected salary increases	3.5% to 5.5%
Investment rate of return	7.75%
Cost of living increases	3% of the first \$18,000 of retirement
Remaining amortization period	6 years

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with Scale MP-2014, fully generational.

Target Allocations

The long-term expected rate of return on pension plan investments was selected from a best estimate range determined using the building block approach. Under this method, an expected future real return range (expected returns, net of pension plan investment expense and inflation) is calculated separately for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return net of investment expenses by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major class are summarized in the following table.

<u>Asset Class</u>	<u>Target Asset Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Domestic equity	30.5%	7.0%
International equities	15.5%	7.7%
Fixed income	20.5%	4.3%
Real estate	9.5%	6.9%
Private equity	10.0%	9.4%
Hedge funds	11.5%	8.6%
Real assets	<u>2.5%</u>	8.9%
Total	<u>100.00%</u>	

Discount Rate

The discount rate used to measure the total pension liability as of December 31, 2022 was 7.75%. The projection of cash flows used to determine the discount rate assumed that the plan member contributions will be made at the current contribution rate and that employer contributions will be made at contractually required rates, actuarially determined. Under Chapter 32 of MGL, employers are required to make the necessary contributions such that the pension plan reaches full funding status by 2040. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Town’s proportionate share of the System’s net pension liability calculated using the discount rate of 7.75%, as well as what the Town’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current rate:

1% Decrease <u>(6.75%)</u>	Current Discount Rate <u>(7.75%)</u>	1% Increase <u>(8.75%)</u>
\$ 60,055,856	\$ 45,208,550	\$ 32,586,473

Pension Plan Fiduciary Net Position

Detailed information about the pension plan’s fiduciary net position is available in the System’s separately issued financial report.

19. Massachusetts Teachers’ Retirement System (MTRS)

Plan Description

The Massachusetts Teachers’ Retirement System (MTRS) is a public employee retirement system (PERS) that administers a cost-sharing, multi-employer defined benefit plan, as defined in Governmental Accounting Standards Board (GASB) Statement No. 67, *Financial Reporting for Pension Plans*. MTRS is managed by the Commonwealth of Massachusetts on behalf of municipal teachers and municipal teacher retirees. The Commonwealth of Massachusetts is a nonemployer contributor and is responsible for all contributions and future benefit requirements of the MTRS. The MTRS covers certified teachers in cities (except Boston), towns, regional school districts, charter schools, educational collaboratives, and Quincy College. The MTRS is part of the Commonwealth of Massachusetts’s reporting entity and does not issue a stand-alone audited financial report.

Management of MTRS is vested in the Massachusetts Teachers’ Retirement Board (MTRB), which consists of seven members—two elected by the MTRS members, one who is chosen by the six other MTRB members, the State Treasurer (or their designee), the State Auditor (or their designee), a member appointed by the Governor, and the Commissioner of Education (or their designee), who serves ex-officio as the Chairman of the MTRB.

Benefits Provided

MTRS provides retirement, disability, survivor, and death benefits to members and their beneficiaries. Massachusetts General Laws (MGL) establishes uniform benefit and contribution requirements for all contributory PERS. These requirements provide for superannuation retirement allowance benefits up to a maximum of 80% of a member’s highest 3-year average annual rate of regular compensation. For employees hired after April 1, 2012, retirement allowances are calculated on the basis of the last 5 years or any 5 consecutive years, whichever is greater in terms of compensation. Benefit payments are based upon a member’s age, length of creditable service, and

group creditable service, and group classification. The authority for amending these provisions rests with the Legislature.

Members become vested after 10 years of creditable service. A superannuation retirement allowance may be received upon the completion of 20 years of creditable service or upon reaching the age of 55 with 10 years of service. Normal retirement for most employees occurs at age 65. Most employees who joined the system after April 1, 2012 cannot retire prior to age 60.

The MTRS’ funding policies have been established by Chapter 32 of the MGL. The Legislature has the authority to amend these policies. The annuity portion of the MTRS retirement allowance is funded by employees, who contribute a percentage of their regular compensation. Costs of administering the plan are funded out of plan assets.

Contributions

Member contributions for MTRS vary depending on the most recent date of membership:

<u>Membership Date</u>	<u>% of Compensation</u>
Prior to 1975	5% of regular compensation
1975 to 1983	7% of regular compensation
1984 to 6/30/1996	8% of regular compensation
7/1/1996 to present	9% of regular compensation
7/1/2001 to present	11% of regular compensation (for teachers hired after 7/1/01 and those accepting provisions of Chapter 114 of the Acts of 2000)
1979 to present	An additional 2% of regular compensation in excess of \$30,000

In addition, members who join MTRS on or after April 2, 2012 will have their withholding rates reduced to 8% for those participating in retirement, otherwise the withholdings are reduced to 6% plus 2% on earnings over \$30,000 a year after achieving 30 years of creditable service.

Actuarial Assumptions

The net pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of January 1, 2022 rolled forward to June 30, 2022. This valuation used the following assumptions:

- (a) 2.50% inflation rate, (b) 7.00% investment rate of return, (c) 3.50% interest rate credited to the annuity savings fund and (d) 3.00% cost of living increase on the first \$13,000 per year.
- Salary increases are based on analyses of past experience but range from 4.00% to 7.50% depending on length of service.
- Experience study is dated July 21, 2014 and encompasses the period January 1, 2006 to December 31, 2011, updated to reflect post-retirement mortality from 2012 - 2020.

- Mortality rates were as follows:
 - Pre-retirement - reflects Pub-2010 Teachers Employees mortality table (headcount weighted) projected generationally with Scale MP-2020 (gender distinct).
 - Post-retirement - reflects Pub-2010 Teachers Retirees mortality table (headcount weighted) projected generationally with Scale MP-2020 (gender distinct).
 - Disability – assumed to be in accordance with Pub-2010 Teachers Retirees mortality table (headcount weighted) projected generationally with Scale MP-2020 (gender distinct).

Target Allocations

Investment assets of the MTRS are with the Pension Reserves Investment Trust (PRIT) Fund. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage. Best estimates of geometric rates of return for each major asset class included in the PRIT Fund’s target asset allocation as of June 30, 2022 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global equity	38.00%	4.20%
Core fixed income	15.00%	0.50%
Private equity	15.00%	7.30%
Portfolio completion strategies	10.00%	2.70%
Real estate	10.00%	3.30%
Value added fixed income	8.00%	3.70%
Timber/natural resources	4.00%	3.90%
Total	<u>100.00%</u>	

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rates and the Commonwealth of Massachusetts’ contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rates. Based on those assumptions, the net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity Analysis

The following illustrates the sensitivity of the collective net pension liability to changes in the discount rate. In particular, the table presents the MTRS collective net pension liability assuming it was calculated using a single discount rate that is one-percentage-point lower or one-percentage-point higher than the current discount rate (amounts in thousands):

1% Decrease <u>(6.00%)</u>	Current Discount Rate <u>(7.00%)</u>	1% Increase <u>(8.00%)</u>
\$ 32,734,080	\$ 25,888,138	\$ 20,094,302

Special Funding Situation

The Commonwealth of Massachusetts is a nonemployer contributor and is required by statute to make all actuarially determined employer contributions on behalf of the member employers. Therefore, these employers are considered to be in a special funding situation as defined by Government Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions* (GASB 68), and the Commonwealth of Massachusetts is a nonemployer contributing entity in MTRS. Since the employers do not contribute directly to MTRS, there is no net pension liability to recognize for each employer.

Town Proportions

In fiscal year 2022 (the most recent measurement period), the Town’s proportionate share of the MTRS’ collective net pension liability was \$139,609,809 based on a proportionate share of 0.539281%. As required by GASB 68, the Town has recognized its portion of the Commonwealth of Massachusetts’s contribution of \$11,349,729 as both a revenue and expenditure on the Statement of Revenues, Expenditures, and Changes in Fund Balances, and its portion of the collective pension expense of approximately \$11,484,269 as both a revenue and expense on the Statement of Activities.

20. Other Post-Employment Benefits

GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB)*, replaces the requirements of GASB Statement No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. This applies if a trust fund has been established to fund future OPEB costs. In fiscal year 2010, the Town established a single-employer defined benefit OPEB Trust Fund to provide funding for future employee health care costs. The OPEB Trust Fund does not issue a stand-alone financial report.

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, replaces the requirements of GASB Statement No. 45, *Accounting and Financial*

Reporting by Employers for Postemployment Benefits Other Than Pensions. This statement establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred (inflows) of resources, and expense/expenditures. This statement identifies the methods and assumptions that are required to be used to project benefit payments, discounted projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

All the following OPEB disclosures are based on a measurement date of June 30, 2023.

General Information about the OPEB Plan

Plan Description

The Town provides post-employment healthcare benefits for retired employees through the Town’s plan. The Town provides health insurance coverage through Tufts Health Plan. The benefits, benefit levels, employee contributions, and employer contributions are governed by Chapter 32 of Massachusetts General Laws.

Benefits Provided

The Town provides medical and prescription drug insurance to retirees and their covered dependents. All active employees who retire from the Town and meet the eligibility criteria will receive these benefits.

Funding Policy

The Town’s funding policy includes financing the implicit subsidy on a pay-as-you-go basis, as required by statute. Additional contributions are based on annual budget limitations/authorizations.

Plan Membership

At June 30, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries	
currently receiving benefit payments	714
Active employees	<u>1,057</u>
Total	<u><u>1,771</u></u>

Investments

The OPEB Trust Fund’s assets consist of investments held by the Pension Reserves Investment Trust.

Rate of Return

For the year ended June 30, 2023, the annual money-weighted rate of return on investments, net of investment expense, was 6.04%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Actuarial Assumptions and Other Inputs

The net OPEB liability was determined by an actuarial valuation as of July 1, 2023, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Investment rate of return	7.50%, net of OPEB plan investment expense
Discount rate	7.50%
Healthcare cost trend rates	4.5% for 2023 and future periods
Participation rate	95% of future retiree teachers are assumed to participate in the retiree medical plan, 70% of future non-teacher retirees are expected to participate in the retiree medical plan, and 75% of future retirees are expected to elect life insurance.
Funding assumption	Starting in year 2032, the Town will utilize funds (approximately \$8 million) that were previously utilized for funding the net pension liability to fund the net OPEB liability, annually.
Retirees' share of benefit-related costs	32%

Mortality rates were based on the SOA Pub-2010 Public Retirement Plans Mortality Tables specific to the Group, Pre-retirement versus Post, Disabled and Beneficiaries, with Scale MP-2019 improvements until 2025.

Target Allocations

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimate of arithmetic real rate of return as of June 30, 2023 is 7.50%.

Contributions

In addition to the implicit subsidy contribution, the Town’s policy is to contribute the amounts provided annually by the budget.

Discount Rate

The discount rate used to measure the net OPEB liability was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate.

Based on those assumptions, the OPEB plan fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Net OPEB Liability

The components of the net OPEB liability, measured as of June 30, 2023, were as follows:

Total OPEB liability	\$	73,516,932
Plan fiduciary net position		<u>12,349,002</u>
Net OPEB liability	\$	<u>61,167,930</u>
Plan fiduciary net position as a percentage of the total OPEB liability		16.80%

The fiduciary net position has been determined on the same basis used by the OPEB plan. For this purpose, the plan recognizes benefit payments when due and payable.

Changes in the Net OPEB Liability

The following summarizes the changes in the net OPEB liability for the past year:

	Increase (Decrease)		
	Total OPEB Liability <u>(a)</u>	Plan Fiduciary Net Position <u>(b)</u>	Net OPEB Liability <u>(a) - (b)</u>
Balance, beginning of year	\$ 85,452,216	\$ 10,505,734	\$ 74,946,482
Changes for the year:			
Service cost	2,962,384	-	2,962,384
Interest	6,523,786	-	6,523,786
Experience	(18,507,183)	-	(18,507,183)
Contributions - employer	-	3,888,754	(3,888,754)
Net investment income	-	694,331	(694,331)
Benefit payments	(2,914,271)	(2,684,754)	(229,517)
Administrative expense	-	(55,063)	55,063
Net Changes	<u>(11,935,284)</u>	<u>1,843,268</u>	<u>(13,778,552)</u>
Balance, end of year	\$ <u>73,516,932</u>	\$ <u>12,349,002</u>	\$ <u>61,167,930</u>

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate:

1% Decrease <u>(6.5%)</u>	Current Discount Rate <u>(7.5%)</u>	1% Increase <u>(8.5%)</u>
\$ 71,409,120	\$ 61,167,930	\$ 57,590,324

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the net OPEB liability, as well as what the net OPEB liability would be if it as calculated using healthcare cost trend rates that are one percentage-point lower or one percentage-point higher than the current healthcare cost trend rates:

1% <u>Decrease</u>	Current Healthcare Cost Trend Rates	1% <u>Increase</u>
\$ 54,804,380	\$ 61,167,930	\$ 81,206,756

OPEB Expense and Deferred Outflows of Resources and Deferred (Inflows) of Resources Related to OPEB

For the year ended June 30, 2023, the Town recognized an OPEB expense of \$3,334,485. At June 30, 2023, the Town reported deferred outflows and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of <u>Resources</u>	Deferred Inflows of <u>Resources</u>
Difference between expected and actual experience	\$ -	\$ 20,715,795
Difference between projected and actual investments earnings	265,679	-
Change in assumptions	<u>-</u>	<u>508,106</u>
Total	<u>\$ 265,679</u>	<u>\$ 21,223,901</u>

Amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized as a change in OPEB expense as follows:

<u>Year Ended June 30:</u>	
2024	\$ (5,394,688)
2025	(4,769,275)
2026	(3,645,568)
2027	(3,590,768)
2028	(2,989,852)
Thereafter	<u>(568,071)</u>
Total	\$ <u>(20,958,222)</u>

21. Commitments and Contingencies

Outstanding Legal Issues

On an ongoing basis, there are typically pending legal issues in which the Town is involved. The Town’s management is of the opinion that the potential future settlement of these issues would not materially affect its financial statements taken as a whole.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount of expenditures which may be disallowed by the grantor cannot be determined at this time, although the Town expects such amounts, if any, to be immaterial.

Encumbrances

At year-end the Town’s General Fund had \$1,123,615 in encumbrances that will be honored in the next fiscal year.

22. Subsequent Events

Management has evaluated subsequent events through **April X, 2024**, which is the date the financial statements were available to be issued.

23. New Pronouncement

The Governmental Accounting Standards Board (GASB) has issued GASB Statement No. 101, *Compensated Absences*, effective for the Town beginning with its fiscal year ending June 30, 2025. Management is currently evaluating the impact of implementing this pronouncement.

**Notes to Required Supplementary Information
for General Fund Budget**

Budgetary Basis

The General Fund final appropriation appearing on the previous page represents the final amended budget after all reserve fund transfers and supplemental appropriations.

Budget/GAAP Reconciliation

The budgetary data for the General Fund is based upon accounting principles that differ from GAAP. Therefore, in addition to the GAAP basis financial statements, the results of operations of the General Fund are presented in accordance with budgetary accounting principles to provide a meaningful comparison to budgetary data.

The following is a summary of adjustments made to the actual revenues, expenditures, and other financing sources (uses), to conform to the budgetary basis of accounting.

	<u>Revenues</u>	<u>Expenditures</u>	<u>Other Financing Sources (Uses)</u>
GAAP Basis	\$ 149,465,528	\$ 147,761,885	\$ 9,239
Add end-of-year appropriation carryforwards to expenditures	-	5,278,100	-
To record use of prior year assigned fund balance (encumbrances)	-	-	6,335,610
To reverse MTRS on behalf payment	(11,349,729)	(11,349,729)	-
Reclassification of indirect costs	-	1,255,000	1,255,000
Reverse effect of combining stabilization funds with General Fund per GASB 54	(475,438)	(9,500)	(1,480,857)
Other items	<u>(627)</u>	<u>(201,143)</u>	<u>(201,143)</u>
Budgetary Basis	\$ <u>137,639,734</u>	\$ <u>142,734,613</u>	\$ <u>5,917,849</u>

OFFICE OF THE TOWN ADMINISTRATOR

Memorandum

April 26, 2024

To: Town Council
From: Jamie Hellen, Town Administrator
Amy Frigulietti, Deputy Town Administrator

Re: **Resolution 24-19: Adoption of Override Pledge**
Resolution 24-20: Setting Date of Proposition 2 ½ Override Ballot
Resolution 24-21: Proposition 2 ½ Override Ballot Question

Before the Council this evening are three resolutions relative to an override.

The first document is an Override Pledge that is proposed between the Town Council, School Committee and Finance Committee. We are using a similar model the Town of Norwood used in 2019 on a similar override for their community. Link to the Norwood documents are [here](#). This MOU will set the terms of the override for the public to clearly see.

We anticipate the Finance Committee taking this up on May 6th at the beginning of the budget hearings as a formal vote. We anticipate a discussion on this agreement at the April 30, 2024 School Committee meeting as part of the discussion on the Comprehensive Facilities Plan and expect a formal vote by the School Committee on the Override Pledge and the Comprehensive Facilities Plan on the May 14th meeting.

The second resolution is establishing the date of an override for June 11th.

The third resolution is setting the exact question that will be on the ballot.

Finally, in working with the School Business Administrator, we believe this override amount will help establish a new foundation for a sustainable budget for the Franklin Public Schools and Municipal operations. The Town will see a minimum infusion of an additional round of local aid at \$200,000, which will be allotted to the Schools for FY25. Furthermore, both the Town and Schools believe some additional modest savings will arrive in the health care accounts when a final health insurance contract is settled next month (the Schools anticipate decent savings).

Finally, the MOU has a provision to commit both the Town and Schools to establish a greater level of communication, strategic planning and collaboration through the year to examine further economies of scale and partnerships to ensure sustainability of the Town and Schools budget in FY26 and beyond.

We want to thank the Franklin School Committee, Superintendent Giguere, SBA Bob Dutch, the entire town and school staff and all of our residents for their engagement, patience and hard work to produce the proposals this evening.

**TOWN OF FRANKLIN
RESOLUTION 24-19**

WHEREAS, the Town Council has reviewed the document entitled “An override pledge to the citizens of Franklin”, attached hereto as “Exhibit 1” and wishes to formally adopt the contents thereof to guide its future financial decisions.

NOW THEREFORE, BE IT RESOLVED THAT the Town Council hereby adopts “An override pledge to the citizens of Franklin”, attached hereto as “Exhibit 1”.

This resolution shall become effective according to the provisions of the Town of Franklin Home Rule Charter.

OFFICE OF THE TOWN ADMINISTRATOR

Exhibit 1 - April 26, 2024

An override pledge to the citizens of Franklin

This document shall be adhered to by the Franklin Town Council, Finance Committee, School Committee, and municipal and school professional staff (“parties”) in the preparation and administration of the Town’s budgets in Fiscal Year 2025 (FY25) and subsequent years in an effort to maintain the level of services currently available to residents in Franklin, including offering a competitive education program through the Franklin School Department and to manage taxpayer investments in a fiscally prudent manner.

1. This document is intended to create a unified framework to present to the community for the purposes of an operational override this Spring. It is intended to present to the public a unified strategy toward budget management for the parties for the remainder of the decade. All parties recognize the shifting global political and economic dynamics will require further audibles; however, at this time, all parties agree this strategy presents the best outlook moving forward to begin to bring greater solvency to the operational budget.
2. The Town will hold a special one-day election on Tuesday, June 11, 2024 for an operational override ballot question in the amount of \$6.8 million for the purposes of the general obligation costs for both municipal and school operations.
3. Override funds will be made to last at least five fiscal years, from FY2026 through FY2030. If an operational override is approved on June 11, 2024, the Town or Schools will not seek additional operational overrides during the above stated period of time. Project specific “debt exclusions” related to town and school facilities projects will remain eligible for ballot initiatives.
4. The Town will not seek reimbursement of one-time monies reallocated to assist in balancing the FY25 budget with the passage of an override; however all parties are aware that \$2 million in one-time revenues also reflects a deeper structural budget deficit in FY26 with the use of one-time revenue sources.
5. If approved on June 11, 2024, the full operational override allotment would be raised and appropriated to the following accounts for FY25:
 - a. Account 300 Franklin Public Schools in the amount of \$6.3 million for contractual obligations, special education, school transportation, health insurance costs and to assist in making up for lost revenue from dissolving grants and federal revenues, as well as restore many services cut in FY23 and FY24.
 - b. Account 177 Expenses Facilities in the amount of \$500,000 for increases to general town and school facility operating expenses.
6. Beginning in FY26 and ending in FY30, the override amount will be applied to the general fund with the following stipulations:

- a. No less than 60% (\$4.08 million) of the full operational override amount shall be allocated to the School Department.
 - b. The remaining 40% (\$2.720 million) of the full operational override amount shall be reserved for discretionary spending to allow for flexibility in order to navigate the competing costs drivers in town and will be subject to appropriation as a part of future deliberation during the annual budget process. All parties recognize that the competition of future costs include, but are not limited to, collective bargaining, recurring capital costs, debt and interest for the Remington-Jefferson and Horace Mann projects, public infrastructure, employee health care and school operating accounts that see annual increases over 5%, including but not limited to special education and technology, as well as underfunded school and municipal departments.
 - c. The parties agree to improve strategy, communication and coordination relative to collective bargaining, facilities management, policy decisions and other ways to create efficiencies to ensure additional fiscal cliffs and escalation of costs are mitigated in FY26 and subsequent years.
 - d. With this general operational override, the parties pledge to begin to establish new expectations on spending to ensure the Town is able to live within its means through the end of the decade.
7. The Franklin School Committee agrees to vote on recommendations towards a School Comprehensive Plan on school consolidations and closures on May 14, 2024, which shall include closing the operations of the Gerald D. Parmenter Elementary School effective July 1, 2025 to provide savings to the Municipal and School budgets in FY26. The future use of the Parmenter site will be for the purposes of building a new Police Station, as well as for future municipal and/or school purposes, including a potential new school in the future. As the Police Station design project begins this year, the Town pledges to begin the overall design and layout of the 20.5 acre parcel with those facility considerations in mind.
 8. The Town and Schools agree to protect reserves as much as possible in an effort to shield the Town's AAA bond rating. If there is a budget deficit within these five years, the Schools agree to use surplus revolving funds as a mechanism to patch any budget deficit prior to making a request for funds to be expended from the Budget Stabilization Fund, which assists the Town in maintaining its AAA Bond Rating.
 9. The Town Council recognizes its responsibility to fund unfunded mandates and other capital infrastructure in town. The Council will be required to raise water, trash and recycling and stormwater rates this legislative session in order to fund the projects that are being required via regulatory requirements from the state and federal governments, such as water and stormwater, or for inflation based increases, such as trash and recycling.
 10. This agreement will be reviewed by the parties if substantial changes are made to state funding, unfunded mandates increase to a level of having a financial impact on the Town's operating budget, or other extraordinary or unforeseen events occur.

OFFICE OF THE TOWN ADMINISTRATOR

Memorandum

April 26, 2024

To: Town Council
From: Jamie Hellen, Town Administrator
Amy Frigulietti, Deputy Town Administrator

Re: Resolution 24-22: Adoption of Fiscal Policies

The action before the Council tonight is to approve the latest version of financial policies for the Town. The Town's fiscal policies should be reviewed every two years in order to maintain a competitive policy framework for good financial practices, and they were last reviewed in 2022. The items in red reflect changes in policy.

It is important to note that these are only policies and guidelines; they are not bylaws or laws. We try to develop good policies to maintain a strong bond rating, receive competitive interest rates, have successful financial audits and be sure we are managing the Town's money well.

The Finance Committee approved the current draft unanimously at their April 17, 2024 meeting. The Finance Committee has been getting more involved and knowledgeable in municipal finance matters and offered substantial feedback, which is fantastic!

We have included the Policies document with proposed updates in the agenda packet for the May 1, 2024 Town Council meeting.

My last note is to make sure everyone knows the policies are not perfect and will continue to adapt. With a Budget & Fiscal Analyst position coming on board soon, one of the projects they will be charged with is to research and develop a better series of policies and evaluate our internal and external financial policies.

If you have any questions, please feel free to let us know.

**TOWN OF FRANKLIN
RESOLUTION 24-22**

ADOPTION OF FISCAL POLICIES

WHEREAS, the Town Council has reviewed the document entitled “Town of Franklin Fiscal Policies 2024”, attached hereto as “Exhibit 1” and wishes to formally adopt the contents thereof to guide its future financial decisions.

NOW THEREFORE, BE IT RESOLVED THAT the Town Council hereby adopts “Town of Franklin Fiscal Policies 2024”, attached hereto as “Exhibit 1”.

This resolution shall become effective according to the provisions of the Town of Franklin Home Rule Charter.

Franklin Town Council**

Town of Franklin Fiscal Policies 2024

Town of Franklin Fiscal policies should be reviewed at least every two years in order to maintain a competitive policy framework for good financial practices.

1. **Balanced Annual Operating Budget**

- Annual costs are funded from current revenue projections **within the tax levy, local receipts and state aid.**
- Do not defer current annual operating costs to future years by using one-time revenue sources.

2. **Compensation and Benefits**

- Budget with current revenues.
- Compensation of employees should **be based on the compensation and classification plan and employee performance.**
- **Benefits include health insurance, leave, disability and life insurance and/or other offerings by the Town.**

3. **Revenues & Expenses**

- Annually estimate revenues and expenses through a five year fiscal forecast.
- Maintain full and fair market value of property assessments through the Board of Assessors.
- Assure fees charged cover costs in accordance with the Chapter 82 of the Town Code.

4. **Financial Reserves (adequately fund and maintain reserves)**

- **The policy recognizes that adequate financial reserves are an important element in mitigating current and future risks, ensuring a stable tax rate, and maintaining an AAA Bond Rating. Maintaining this rating is an important goal of the community to reduce interest costs on borrowing.**
- Short-term revenue surpluses shall fund non-recurring projects.
- Free Cash will be used to fund the capital budget and for unforeseen expenses.
- Overlay surplus will be used for capital budgets or non-recurring expenses.
- General Stabilization account - A Stabilization account of 5% of recurring general fund revenue (less debt exclusions and MSBA reimbursement).
- Budget Stabilization Fund –
 - i. Used to overcome short term operating budget shortfalls.
 - ii. **Where legal, School revolving fund surpluses should be used for school budget shortfalls prior to authorization of a Budget Stabilization fund transfer to ensure the Town maintains a AAA Bond Rating. The School Department should maintain a minimum target of at least \$1 million in surpluses for unforeseen emergencies.**
- Field Stabilization Account – Add \$150,000 each year.
- Fire Engine Stabilization Account – Add \$100,000 each year.
- **Establish a Property Acquisition Stabilization Account for the purposes of non-Community Preservation Act related property acquisitions.**

5. **Budget Stabilization Fund**

- a. Maintain a target floor of 2% of prior year fiscal operating revenue.
- b. This account is for one-time revenue sources of operating budget shortfalls.
- c. No more than 50% of fund balance can be spent in any fiscal year.

6. Long Term Debt

- Reserved for large capital projects over \$1,000,000.
- Net general fund debt service (non-debt excluded or funded from enterprise. revenue) should be up to **3% (target)** of recurring general fund revenue.

7. Capital Improvement Program (CIP)

- A five-year plan updated annually shall be maintained.
- Budget operating costs associated with CIP projects.
- Delaying maintenance on existing assets results in higher costs in future years.
- Postponing improvements to buildings/infrastructure results in higher costs.
- Free Cash, Overlay Surplus, and short-term revenues shall be used for the recurring capital items and smaller one time purchases or projects.
- Bonds will be used for large capital projects (over \$1,000,000) unless it can be paid off in under 5 years.

8. Enterprise Accounts for Water, Sewer, Stormwater and Refuse

The water, sewer, stormwater and refuse budgets are supported entirely by fees. Changes to these budgets do not affect the general fund operating budget. At the end of the fiscal year excess funds are automatically closed to their respective account's fund balance. These funds also pay for indirect costs that are carried in the general fund for accounting, pensions, health insurance, and other related costs.

- a. **Water Fees** will fund the annual operating budget, maintain a fund balance of approximately \$1,000,000 +/- and invest \$1,500,000 per year into water system improvements.
- b. **Sewer Fees** will fund the annual operating budget, maintain a fund balance of \$1,000,000 and invest at least \$400,000 per year into sewer system improvements.
- c. **Stormwater Fees** will support the requirements in the MS4 Stormwater permit as issued by the federal Environmental Protection Agency (EPA).
- d. **Refuse Fees** will fund annual operating costs, and funds in excess of \$100,000 will be used to smooth rate increases over time and purchase replacement bins.

9. Snow and Ice Budget

- The Town will use a five year rolling average to budget for snow and ice removal.
- **Excess Snow & Ice revenues will be deposited into a Snow & Ice Stabilization Account with a maximum cap of \$1 million**

10. OPEB – Unfunded retiree Health Insurance Obligation

- Commencing in the FY19 budget allocate \$550,000 in the annual budget
- Increase by \$50,000 per year.

- Transfer 10% of Free Cash to the OPEB Trust Fund annually.

11. Hotel/Motel Tax

- The Town receives a 6% room tax from each hotel room rented. The amount of funds collected each year is directly related to the number of rooms rented.
- These funds should be captured and reflected in the Town's local receipts revenues and continue to be used for public infrastructure.

12. Marijuana Excise Tax Policy

- These funds are the excise tax on the sales of recreational marijuana only.
- Funds from the collection of excise taxes on the sales of marijuana in the Town of Franklin shall be used for ongoing operating budget expenditures and will be reflected and captured in the Town's local receipts totals.

13. Ambulance Receipts Reserved

- The Town Council will look at the ambulance fees annually and adjust as needed to maintain a mid range market position when compared to other local hospital communities.
- The Town shall reserve **\$150,000** annually from ambulance receipts to be used for the replacement of Ambulances.

14. Roads/Sidewalks/Infrastructure

- Starting in FY24 appropriate \$600,000 in the annual operating budget.
- Increase this appropriation by \$50,000 per year.
- Use Free Cash (\$500,000) for roads unless there is another capital need.

OFFICE OF THE TOWN ADMINISTRATOR

Memorandum

April 26, 2024

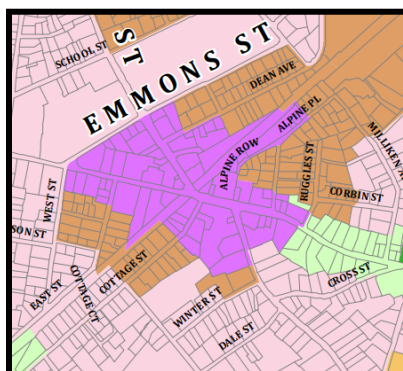

To: Town Council
From: Jamie Hellen, Town Administrator
Amy Frigulietti, Deputy Town Administrator

Re: **Downtown Commercial Parking**

As always, Bryan Taberner has provided an in depth memorandum on the zoning bylaws the Council is considering tonight. **All three bylaws are referrals to the Planning Board.**

Some additional points for clarity:

- The original purpose of these bylaws is to comply with the MBTA Communities law that has been widely in the news re: the Attorney General lawsuits against the Town of Milton.
- To comply with the law, the Town needs to make one change: eliminate the need for commercial business to have on site parking requirements within ONLY Downtown/Commercial Zoning district. The permitting staff unanimously believe this one change is worth it to comply with the law. No additional density of housing will be required. This one change will result in compliance with the law, which is a major victory for the community and will ensure we remain very competitive for state grant funding. The current zoning requires one parking space per 500 sq feet of commercial space. Given the incredibly small parcel sizes of the downtown district, required parking is a waste of space. Furthermore, the Town just opened up two of its downtown parking lots for all day use without restrictions. The municipal lots would be perfect for downtown businesses to allow their employees and customers to use our underutilized lots. The D/C District is here:

- The EDC altered the original bylaw proposal by also eliminating the parking requirement for residential within the Downtown Commercial (DC) district. In other words, zero parking spaces will be required for any residential units constructed within the DC district. The EDC voted 3-1 in favor of this change. The current parking ration is 1.5 spaces per unit, which the staff has always believed is too high. The staff believes that 1 space per unit is reasonable. It is important to note that the residential component of this bylaw proposal is NOT required in order to comply with the MBTA communities law.
- How would zero parking in the D/C district affect the town? 19 Dean Avenue offers an excellent example. The 19 Dean Avenue parcel has been approved by the ZBA to have 16 units of housing on a four story complex with zero dedicated parking spaces. Hence, those units will be sold with no dedicated parking for those units. So if a tenant needs a car or wants one, they will be relegated to parking on the street in zones that do not have street parking regulations (or they will need to make other accomodations). Or, those who would buy those units will not have a car (which is certainly feasible). It is noteworthy that after getting approved for 16 units through the ZBA, the developer sold the parcel and project due to the unknown market for housing with no dedicated parking.
- The staff suggest, as always, to refer the bylaws form the EDC to the Planning Board of review to have them weigh in. It is within the purview of the Council to amend the bylaw proposals before referring those bylaws to the Planning Board.

As always, staff are available to answer any questions you may have.

FRANKLIN PLANNING & COMMUNITY DEVELOPMENT

MEMORANDUM

TO: JAMIE HELLEN, TOWN ADMINISTRATOR
FROM: BRYAN W. TABERNER, AICP, DIRECTOR
RE: MBTA COMMUNITIES COMPLIANCE UPDATE, & RECOMMENDED ZONING BYLAW AMENDMENTS
**CC: AMY FRIGULIETTI, DEPUTY TOWN ADMINISTRATOR; MARK CEREL, TOWN ATTORNEY;
GUS BROWN, ZONING ENFORCEMENT OFFICER; AMY LOVE, TOWN PLANNER**
DATE: APRIL 25, 2024

As requested by the Town Council's Economic Development Subcommittee, the Department of Planning & Community Development (DPCD) is submitting three Zoning Bylaw Amendments related to the Town of Franklin's Section 3A District/MBTA Communities multifamily zoning requirements, and recommendations from the "Franklin For All" project performed by the Metropolitan Area Planning Council (MAPC).

An April 4, 2024 memo that was submitted to the Economic Development Subcommittee is included as Attachment A. The memo provides details about the Town's MBTA Communities multifamily zoning requirements, an assessment of the Town's compliance, and recommended Zoning Bylaw Amendments.

To be compliant with Section 3A District/MBTA Communities multifamily zoning requirements, the Town needs to make a change to the Zoning Bylaw which would eliminate minimum parking space requirements for non-residential development in the Downtown Commercial (DC) Zoning District. The reasons are detailed in Attachment A.

At their April 10, 2024 meeting the Economic Development Subcommittee reviewed three proposed Zoning Bylaw Amendments and recommended a change to one, which will eliminate minimum parking space requirements for all uses in the DC Zoning District, both non-residential and residential development. The Town Administration and DPCD staff support this change.

The following amendments are attached for consideration:

Zoning Bylaw Amendment 24-906, Changes to §185-3. Definitions, Mixed Use Development Definition, adds a definition for Mixed Use Development.

Zoning Bylaw Amendment 24-907, Changes to §185-21 Parking, Loading and Driveway Requirements, Elimination of Minimum Parking Requirements in Downtown Commercial Zoning District, removes minimum parking space requirements for nonresidential and residential uses in the DC Zoning District.

Zoning Bylaw Amendment 24-908, §185 Attachment 7. Part VI, Addition of Mixed Use Development to Use Regulation Schedule, adds Mixed Use Development to the use regulations schedule.

If Town Council supports the attached Zoning Bylaw Amendments, I request it sends the Amendments to the Planning Board for a public hearing. Please let me know if you have questions or require additional information.

MEMORANDUM

TO: JAMIE HELLEN, TOWN ADMINISTRATOR
FROM: BRYAN W. TABERNER, AICP, DIRECTOR
RE: MBTA COMMUNITIES COMPLIANCE UPDATE, & RECOMMENDED ZONING BYLAW AMENDMENTS
**CC: AMY Frigulietti, DEPUTY TOWN ADMINISTRATOR; MARK CEREL, TOWN ATTORNEY;
GUS BROWN, ZONING ENFORCEMENT OFFICER; AMY LOVE, TOWN PLANNER**
DATE: APRIL 4, 2024

As you know, in 2021 the Massachusetts Legislature adopted an Economic Development Bond Bill that made changes to the State’s Zoning Act. The Housing Choices sections of the bill included adding a new Section 3A that requires each municipality in the MBTA district to zone for by-right multifamily housing. In general, Section 3A includes the following guidelines:

- MBTA communities will have a zoning by-law that provides for at least one (1) district of “reasonable size” in which multi-family housing is permitted as of right.
- Zoning allowing by-right multi-family housing within these so-called 3A Districts cannot have age restrictions and must be suitable for families with children.
- MBTA communities that fail to comply with Section 3A requirements are not eligible for funds from the Housing Choice Initiative, the Local Capital Projects Fund, or the Massworks infrastructure program (and other grant programs that were added more recently).
- In general, 3A Districts of reasonable size will have a minimum gross density of 15 housing units per acre, and be located within 0.5 miles of a commuter rail station.

In consultation with the MBTA and Mass DOT, the Executive Office of Housing and Livable Communities (formerly DHCD) created guidelines to determine if an MBTA community is in compliance with Section 3A. Released in August 2022 and updated twice since, the regulations are contained in “Compliance Guidelines for Multi-family Zoning Districts” (<https://www.mass.gov/info-details/multi-family-zoning-requirement-for-mbta-communities>). As part of that work a “compliance model” to assess if a communities zoning meets the 3A requirements was created.

Below is a table outlining the Town of Franklin’s Section 3A requirements taken from the Compliance Guidelines.

Community: Franklin Community Category: Commuter Rail

Minimum multi-family unit capacity ¹	Minimum land area of District	Percent of district to be located in station area ²
1,883 Units	50 acres	At least 75 percent

1.) Minimum multi-family unit capacity equals 15 percent of the number of housing units in Franklin at time of the 2020 U.S. Census.

2. The Station area is a half-mile circle around the MBTA commuter rail station.

To summarize the Town of Franklin's Section 3A District/MBTA Communities multifamily zoning requirements, the Town is required to amend its Zoning Bylaw to assure it has one or more zoning districts that in total would allow a minimum multi-family unit capacity of 1,883 housing units by-right, seventy-five percent of which must be located not more than 0.5 miles of the MBTA station.

MBTA Communities Compliance Assessment

This section of the memorandum provides a summary of the reasons the Town of Franklin is not in compliance with Section 3A District/MBTA Communities multifamily zoning requirements, as well as a description of related Zoning Bylaw Amendments passed by Town Council in recent years. A description of Zoning Bylaw amendment recommendations begin on the next page.

The Department of Planning & Community Development (DPCD) requested the assistance of Metropolitan Area Planning Council (MAPC) staff to assess the Town's zoning regulations as it relates to the Section 3A District/MBTA Communities requirements. MAPC used the required compliance model to evaluate the Town of Franklin's Downtown Commercial (DC), General Residential V (GRV) and Commercial I (CI) zoning districts. When the compliance regulations came out in August 2022 the Town of Franklin did not have any zoning districts that met Section 3A District/MBTA Communities multifamily zoning requirements. There are three main reasons:

- By-right multifamily housing in CI and GRV zoning districts were not allowed. A special permit from the Planning Board was required. This needed to change or CI and GRV zoning districts could not be included in the MBTA Communities multifamily district. DPCD staff believed by making this change the Town should be able to meet the minimum multi-family unit capacity of 1,883 housing units.
- The MBTA Communities compliance model uses data based on assumptions about a community's zoning, resulting in a lower minimum multi-family unit capacity than what DPCD staff believe is possible. These assumptions relate to parking requirements, open space and setback requirements, lot size nonconformance, and maximum impervious coverage requirements. The maximum impervious coverage allowed in GRV was seen as one of the biggest problems identified by the compliance model.
- The Town's DC zoning district does allow multifamily housing by-right, up to one housing unit per 2,000 square feet of lot area, which must be located on floors above the street level floor. The original Section 3A District/MBTA Communities multifamily zoning requirements did not allow communities to require housing be only in the upper floors, therefore the multifamily housing in DC could not be counted towards MBTA Communities compliance. In one of the updates to the "Compliance Guidelines for Multi-family Zoning Districts" the upper level multifamily housing could be counted as long as the zoning regulations do not require a specific number of onsite parking for nonresidential uses. Franklin's Zoning Bylaw does require onsite parking for nonresidential uses, so we still cannot count by-right multifamily housing in DC towards MBTA Communities compliance.

Since 2022 the Town Council has approved a variety of Zoning Bylaw Amendments related to housing density, affordable housing and related regulations. Two Zoning Bylaw Amendments directly relate to the MBTA requirements:

Zoning Bylaw Amendment 23-889 made changes to §185, Attachment 7, Part VI, Use Regulation Schedule: Residential Uses, Multifamily or Apartment, allowing multifamily housing in the CI and GRV zoning districts by-right, up to 1 unit per 2,250 SF of lot area.

Once Zoning Bylaw Amendment 23-889 was approved, DPCD asked MAPC to provide an update on the Town's MBTA Communities status. MAPC used the compliance model to evaluate the Town of Franklin's

GRV and CI zoning districts. According to the evaluation, the Town could only reach 1,346 of our required 1,883 Minimum multi-family unit capacity.

Zoning Bylaw Amendment 23-898R made changes to §185, Attachment 9, Schedule of Lot, Area, Frontage, Yard and Height Requirements, increasing the Maximum Impervious Coverage in GRV.

Once the Zoning Bylaw was approved by Town Council, DPCD again asked MAPC to run the compliance model to evaluate the Town of Franklins GRV and CI zoning districts. According to the evaluation from October 2023 the Town could only reach roughly 1,400 of our required 1,883 minimum multi-family unit capacity. DPCD worked with MAPC on suggested changes to data inputs for the compliance model and as of February 2024 the Town has reached 1,515 of our required 1,883 Minimum multi-family unit capacity.

More recently DPCD performed its own assessment using the Town of Franklin's process for calculating potential multifamily housing units; this assessment would give us 1,903 potential multifamily housing units (543 in CI & 1,363 GRV), which is just a few housing units more than required. Given the large difference between the State's compliance model and what DPCD believes is the accurate number, DPCD does not believe it can comply without including the DC zoning district to our total, which requires additional zoning changes.

Recommended Zoning Bylaw Amendments

DPCD recommends eliminating the requirement for onsite parking for nonresidential uses for mixed use developments in the DC zoning district. Given Franklin's Zoning Bylaw does not include regulation specific to mixed use developments, Zoning Bylaw changes should include adding a definition for Mixed Use Development, which is a task that DPCD would be working on anyway in the near future. Recommendation #3 from the Franklin For All project is Create a new definition in the zoning bylaw for "mixed-use development".

DPCD recommends the following amendments:

Zoning Bylaw Amendment 24-A, Changes to §185-3. Definitions, adds a definition for Mixed Use Development.

Zoning Bylaw Amendment 24-B, Changes to §185-21 Parking, Loading and Driveway Requirements, removes minimum parking space requirements for nonresidential uses within Mixed Use Developments in the DC Zoning District.

Zoning Bylaw Amendment 24-C, §185 Attachment 7. Part VI, Use Regulation Schedule: Residential Uses, adds Mixed Use Development to the use regulations schedule.

Attached are the three proposed zoning bylaw amendments for consideration. If the Economic Development Subcommittee supports the attached Zoning Bylaw Amendments I request it sends to the Town Council for review and consideration. Please let me know if you have questions or require additional information on any of the above issues.

**TOWN OF FRANKLIN
ZONING BY-LAW AMENDMENT 24-907**

Changes to §185-21 Parking, Loading and Driveway Requirements.

**A ZONING BY-LAW TO AMEND CHAPTER 185 SECTION 21
OF THE CODE OF THE TOWN OF FRANKLIN**

BE IT ENACTED BY THE FRANKLIN TOWN COUNCIL THAT:

Chapter 185 of the Code of the Town of Franklin is hereby amended by the following **deletions** and **additions** to §185-21. Parking, Loading and Driveway Requirements, sub-section B:

B. Parking schedule. The number of parking spaces required for a particular use shall be as follows:

~~(1) — In the Downtown Commercial Zoning District:~~

~~(a) — Residential dwelling units: 1.5 parking spaces per residential unit in a mixed use development.~~

~~(b) — Non-residential uses: one space per 500 square feet of gross floor area.~~

(1) The Downtown Commercial Zoning District is exempt from this Section (§185-21B).

(2) In the Commercial I Zoning District:

(a) Residential dwelling units: 1.5 parking spaces per residential unit.

(b) Non-residential uses: one space per 500 square feet of gross floor area.

(3) All Other Zoning Districts:

(a) Residential buildings:

i. Dwelling units, regardless of the number of bedrooms: two spaces.

ii. Guest houses, lodging houses and other group accommodations: one space per guest unit.

iii. Hotels and motels: 1 1/8 spaces per guest unit.

(b) Nonresidential buildings: (Gross floor area is measured to the outside of the building, with no deductions for hallways, stairs, closets, thickness of walls, columns or other features.)

i. Industrial buildings: except warehouses: one space per 400 square feet of gross floor area.

ii. Retailing, medical, legal and real estate offices: one space per 200 square feet of gross floor area, plus one space per separate enterprise.

- iii. Other offices and banks: one space per 250 square feet of gross floor area.
- iv. Restaurants, theaters and assembly halls:
 - a) One space per 2.5 fixed seats.
 - b) One space per 60 square feet of gross floor area, if seats are not fixed.
- v. Recreation facilities: 0.8 space per occupant at design capacity.
- vi. Warehouses: one space per 1,000 square feet of gross floor area.

The foregoing Zoning By-law Amendment shall take effect in accordance with the Franklin Home Rule Charter and Massachusetts General Law Chapter 40A, Section 5.

ZONING BY-LAW AMENDMENT 24-908**

**A ZONING BY-LAW TO AMEND THE FRANKLIN TOWN CODE AT
CHAPTER 185, ATTACHMENT 7. PART VI, USE REGULATION SCHEDULE:
RESIDENTIAL USES**

BE IT ENACTED BY THE FRANKLIN TOWN COUNCIL THAT:

Chapter 185 of the Code of the Town of Franklin is hereby amended by the following **additions** to §185, Attachment 7, Part VI, Use Regulation Schedule: Residential Uses, Multifamily or Apartment:

185 Attachment 7
USE REGULATION SCHEDULE
PART VI

Symbols in the Use Regulations Schedule shall mean the following:

Y = A permitted use.

N = An excluded or prohibited use.

BA = A use authorized under special permit from the Board of Appeals.

PB = A use authorized under special permit from the Planning Board.

P/SP = Permitted as of right. A special permit from the Board of Appeals is required if the proposed project results in an increase in estimated water consumption of more than 15,000 gallons per day.

Re: Resolution 24-23: Acceptance of Gift of Playground

The Town of Franklin has received an exceptionally generous gift of \$300,000 to be applied to the cost of a playground to be installed at King Street Memorial Park. This donation comes from the [Where Angels Play Foundation](#), a non-profit organization that constructs legacy playgrounds to honor young lives taken too soon. To learn more about the incredible work they do and their upcoming [project in Franklin](#), please visit their website:

<https://whereangelsplayfoundation.org/upcoming/>.

Where Angels Play is partnering with the Venables Family, to honor the life of Jersey Mike's Subs' Brian Venables, to build a state of the art, ADA accessible playground at Memorial Park. The playground includes a poured in place, accessible surface and is ramped from ground level-4 feet. A design rendering is included in the agenda packet for the May 1, 2024 Town Council meeting.

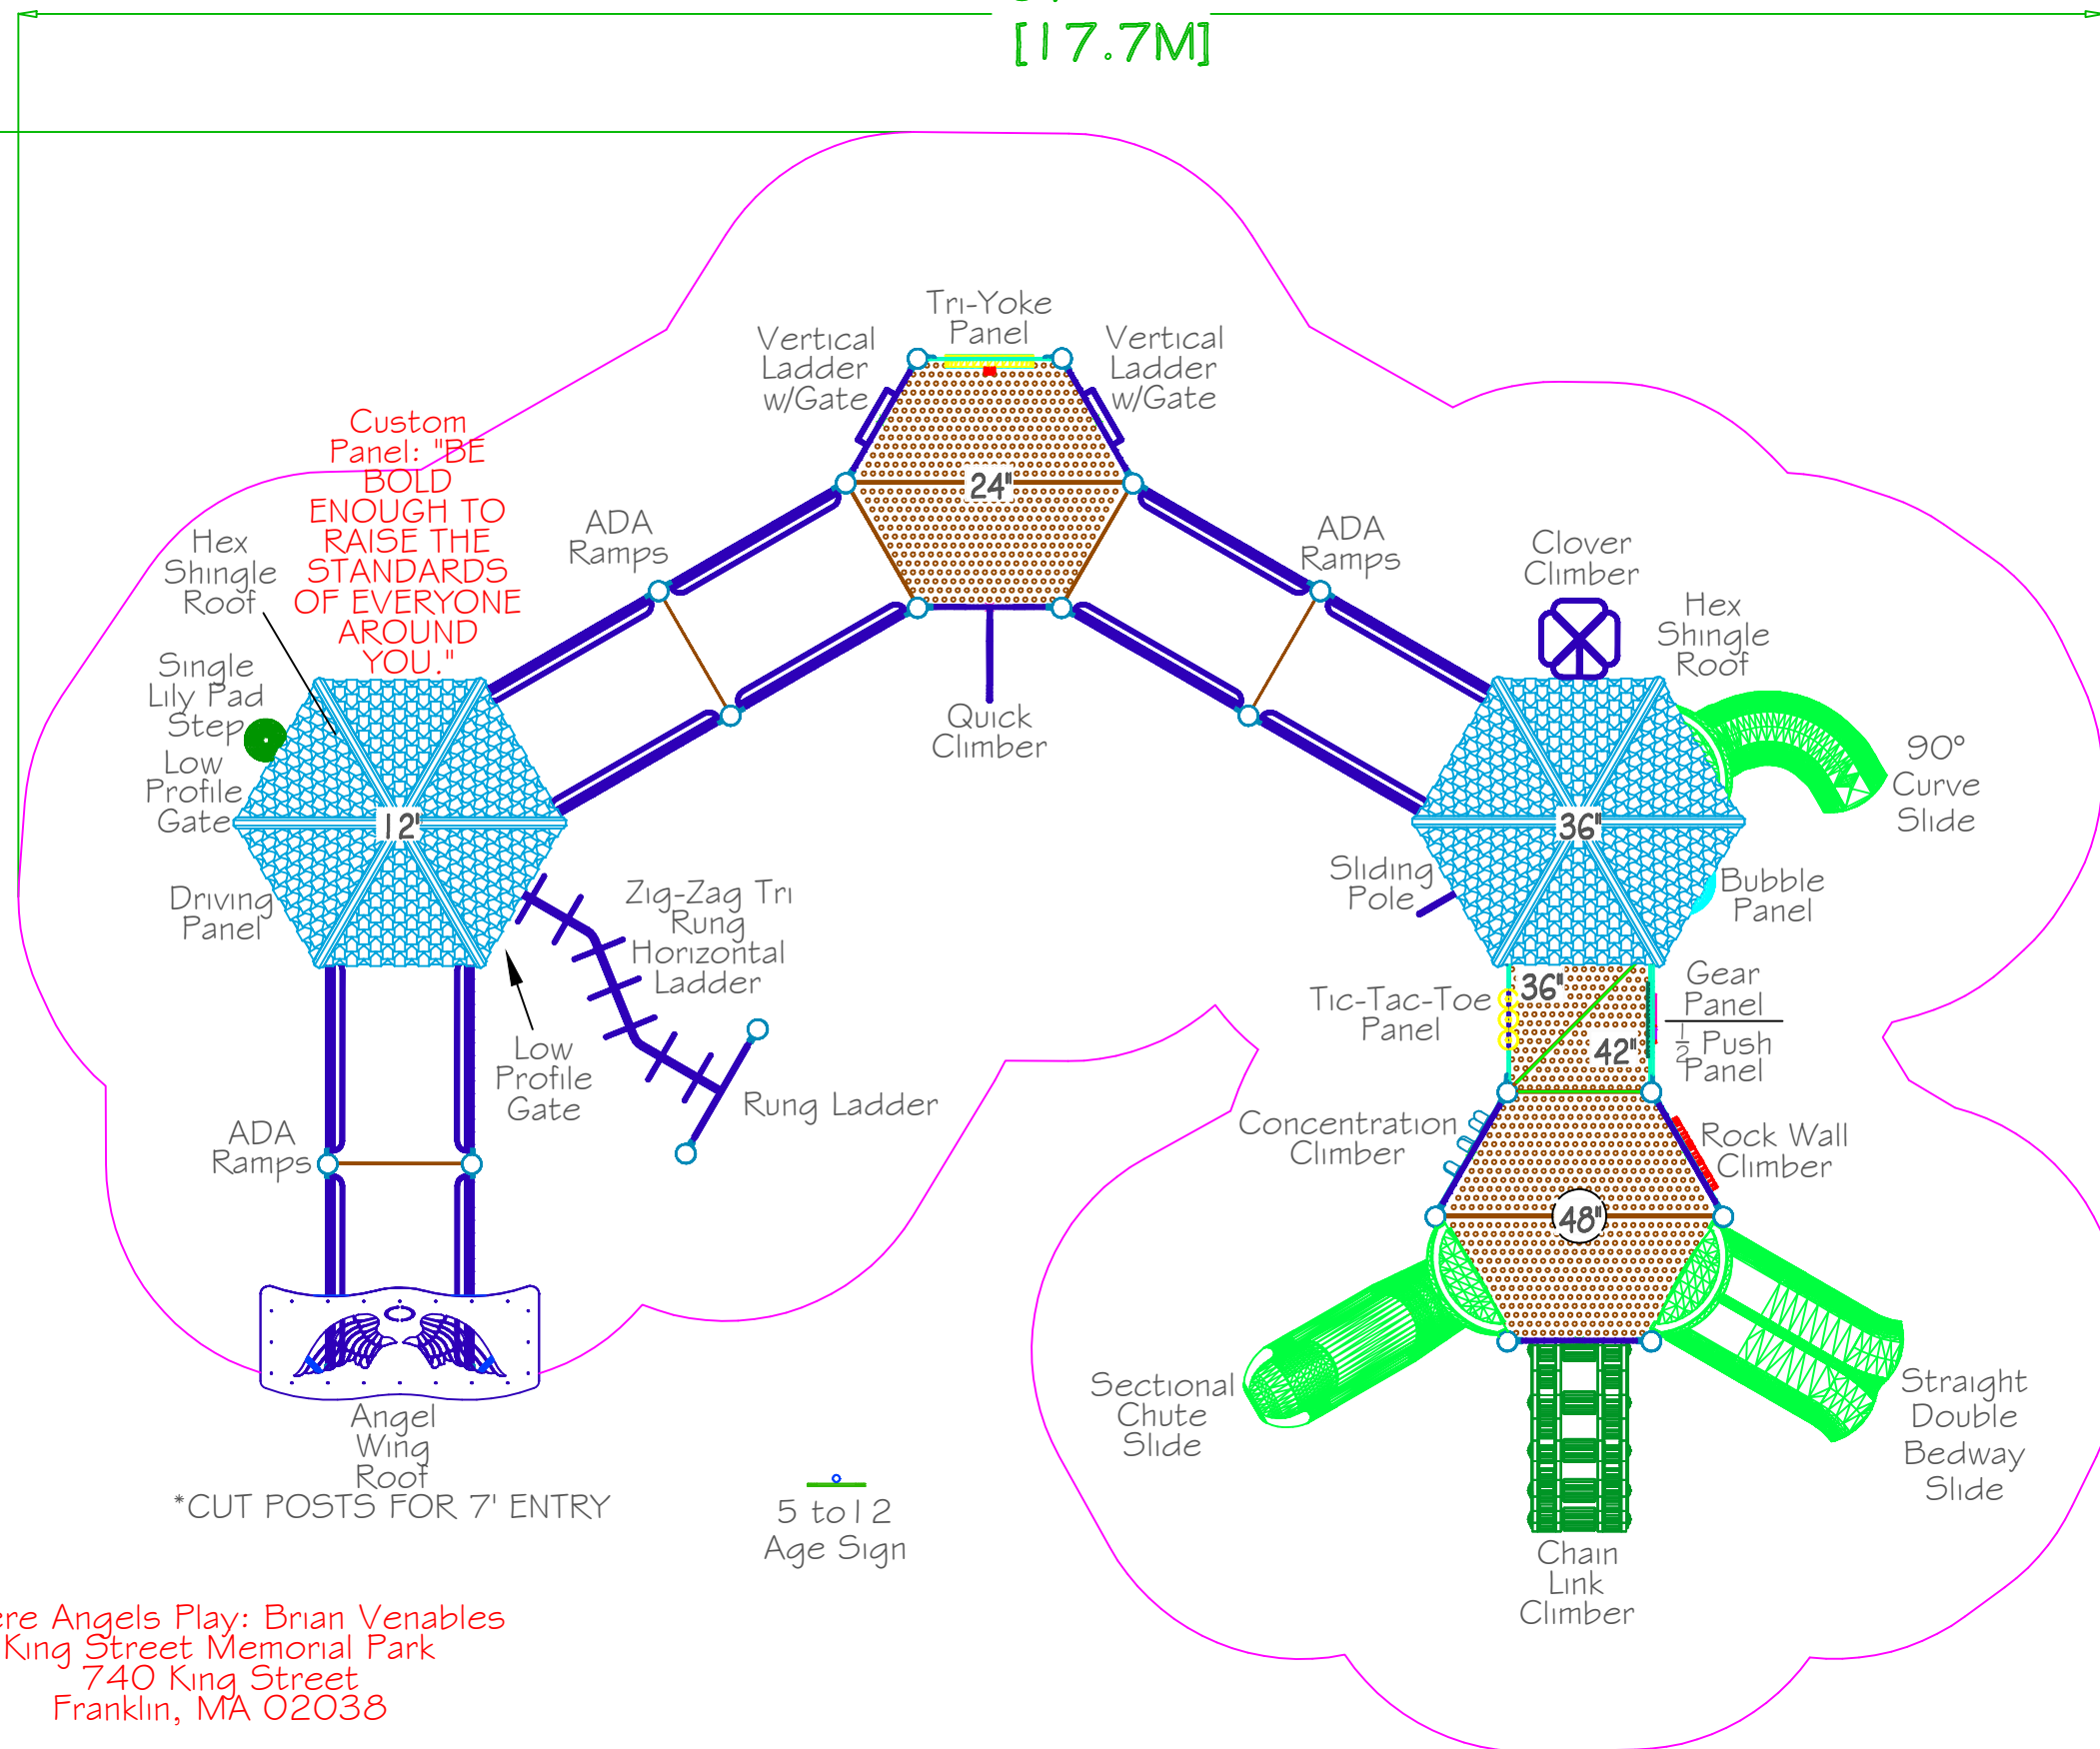

The playground will not have any naming rights to it. However, we have worked with the charitable foundation and agreed to have a simple sign up on a temporary basis to acknowledge the donation, the memory of the family and so forth after the construction of the playground is complete.

We extend our sincere appreciation to Where Angels Play Foundation and the Venables Family for this extremely generous gift.

Re: Resolution 24-24: Gift Acceptance - Town of Franklin (Donation of 100 Trees)

The Town of Franklin has received an extremely generous gift of 100 trees from TruGreen as a part of their "TruNeighbor" program, in partnership with the National Arbor Day Foundation. This gift consists of four varieties of trees including Black Gum, October Morning Glory, Kousa Dogwood, and Genspire Linden trees. All of these trees come from a local nursery and are common in the Boston Suburbs.

We want to thank State Representative Jeff Roy for assisting the town on this donation!

We extend our sincere appreciation to TruGreen for this extremely generous gift.

**TOWN OF FRANKLIN
RESOLUTION 24-24**

Acceptance of Gift of Trees – Town of Franklin

WHEREAS, The Town of Franklin has received a generous gift of 100 trees from TruGreen through their “TruNeighbor” Program.

Donation Summary: 100 Trees for the Town of Franklin

Donated by TruGreen.

- 25 Black Gum Trees
- 25 October Morning Glory Trees
- 25 Kousa Dogwood Trees
- 25 Greenspire Linden Trees

NOW THEREFORE, BE IT RESOLVED THAT:

The Town Council of the Town of Franklin on behalf of the Town of Franklin gratefully accepts this generous gift of 100 trees.

This resolution shall become effective according to the provisions of the Town of Franklin Home Rule Charter.
