PRESENTATIONS/DISCUSSIONS (continued): ► ***Discussion: Town Council Goals Update.*** ► Mr. Hellen stated that he hopes the goals speak for themselves. He said that provided in the meeting packet is a document regarding the goals that the Town Council and Town Administration set. He said that the message to the community is that almost all the goals got completed. He said that he cannot say enough about the entire Town staff about their dedication and work ethic. He said this is a team effort. He said the achievement of the goals showcases the difference between Franklin and other communities. He said everyone works very collaboratively together. ► Chair Mercer reviewed the process of how and when the goals are set. He noted that in January 2024, the new Town Council will sit down and create goals for the next two years. ► Councilor Jones stated that there are so many things on the list of goals that have been completed in a timely and efficient fashion. ► Councilor Cormier-Leger said that he echoed the other councilors. He said this list shows that things can get done and people can work together and make a community better. ► Councilor Chandler said that everyone is very proud of this list. He discussed that the Town received more than \$6 million in federal funding, so we were able to do a lot more for this goals session. ► Councilor Hamblen said this is her favorite time of year where she can sit back and look at what they have done; it is amazing what they can achieve. She noted that it is very good that Director of Planning and Community Development Bryan Taberner got a grant to work on the NuStyle situation. ► Councilor Frongillo said that he has pride for how much they have accomplished. LEGISLATION FOR ACTION (*continued*):

- b. Resolution 23-54: Ambulance Transfer & Appropriation (Motion to Approve Resolution 23-54 - Majority Vote).** ► Councilor Jones read the resolution. ► **MOTION to Approve Resolution 23-54: Ambulance Transfer & Appropriation by Dellorco. SECOND by Hamblen. Discussion:** ► Mr. Hellen reviewed that this resolution will appropriate \$406,223 from the Receipts Reserved for Appropriation Ambulance Fund to pay for the replacement ambulance. The order has been placed for months, but with rising costs, we need to assure the company the funds are there to not result in inflationary costs to the vehicle. He said that if an order was placed today, an ambulance would be 34 months before delivery. It is critical to get this done to save funds from going up. ► Fire Chief James McLaughlin said a year ago we penciled our name to the vehicle with no obligation and the vehicle would be ready in 18 months; one year later they say the vehicle will be ready in 22 months. He said the truck will be ready in July 2024 which will replace a truck that is three years old and has approximately 90,000 miles. He said every three years they like to do that rotation with the front-line trucks. He said if this item is passed, they can go under contract with the vendor. ► Councilor Dellorco stated that he ordered a vehicle in his job, and it will not be coming for three years. So, it is important to get this item signed. ► Councilor Jones asked if there is any additional staffing or training for this. ► Chief McLaughlin said no. ► **VOTE: Yes-9, No-0, Absent-0.**
- c. Resolution 23-55: Authorizing the Placement of a Debt Exclusion Ballot Question Relating to the Town's Allocable Share of Debt Service on Debt of the Tri-County Regional Vocational Technical School District on the Ballot for the Town Election to be Held on November 7, 2023 (Motion to Approve Resolution 23-55 - Majority Vote).** ► Councilor Jones read the resolution. ► **MOTION to Approve Resolution 23-55: Authorizing the Placement of a Debt Exclusion Ballot Question Relating to the Town's Allocable Share of Debt Service on Debt of the Tri-County Regional Vocational Technical School District on the Ballot for the Town Election to be Held on November 7, 2023 by Dellorco. SECOND by Hamblen. Discussion:** ► Mr. Hellen reviewed that he is asking the Town Council to approve Resolution 23-55 which will formally put the funding mechanism for the Tri-County School on the ballot on the November 7 local election. The district-wide authorization vote will be October 24. He stated that the MSBA approved the Tri-County building project and that \$90 million of the full cost will be paid for by the state. The October 24 vote is simply saying that we want it. Each individual community will have to finance the project themselves. He noted that of the 11 communities, there are many financing strategies. He stated that Franklin is the second largest driver of the students there and the host community of the school. He said from the financial perspective, with 30-year borrowing estimated at 4 percent, if a person's house is appraised at \$500,000, the cost on average is about \$148 per household per year. He discussed that the payments could go up or down a little every year based on the enrollments. ► Chair Mercer asked Mr. Hellen to explain that since the vote has not happened yet, why are we voting on the financing. ► Mr. Hellen said there are two reasons. He said the debt exclusion would stay in perpetuity until the project got approved. He said that he is being honest that the building is needed. He said even if the district vote was not approved this October, he would suspect that the school would come back again at another time. He stated that the community is engaged right now, and they tried to work with the state. He said why wait three years to deal with this issue. He discussed that if you do not raise the revenue to

pay for the project, then that means on an annual basis of about \$2.1 million will be spent out of the town budget to pay for the project. ► Chair Mercer explained that if the school did not pass and the funding did pass, the funding can be used for nothing but building Tri-County a new school.

► Councilor Jones asked for clarification regarding the 3 percent allocated for capital projects. ► Mr. Hellen said that this preserves that money; if it does not pass, the sum of that capital money may have to go to pay for the bond on this in three or four years. ► Councilor Jones said he is in favor of making improvements to the Tri-County School. He said that it is important to get students back into the trades. ► Councilor Dellorco said he was in agreement with Councilor Jones. ► Councilor Cormier-Leger said he wanted to show his complete support for the project. He said that people need to understand that a debt exclusion is for a specific project, and it is different than an override.

► **VOTE: Yes-9, No-0, Absent-0.**

- d. ***Resolution 23-56: A Resolution Adopting the Town of Franklin 2023 Open Space and Recreation Plan (Motion to Approve Resolution 23-56 - Majority Vote).*** ► Councilor Jones read the resolution. ► **MOTION to Approve** Resolution 23-56: A Resolution Adopting the Town of Franklin 2023 Open Space and Recreation Plan by **Dellorco. SECOND by Hamblen. Discussion:** ► Mr. Hellen reviewed that this resolution will allow the staff to forward the Open Space and Recreation Plan to the Commonwealth for their review. Similar to the Housing Production Plan, the state must approve the plan. He explained that this is one of the reasons that the conservation agent position went from part time to full time. He said that this plan takes Franklin to 2030 and beyond. ► Conservation Agent Brecka Li Goodlander narrated a slideshow presentation. She read aloud the slides including the purpose which she said is a tool through which a community plans for the future of its conservation and recreation resources. She said it is a way to connect with residents about local conservation and recreation issues. She reviewed that the process for this included focus group meetings, public comment, and citizen participation questionnaire. She said she is seeking a review letter or vote from Town Council. She reviewed the five main identified goals through this process. She said she thanked all those who worked together on this. ► Town Council members asked questions, made comments, and thanked Ms. Goodlander and the Conservation Commission for their hard work. ► In response, Ms. Goodlander said that the five goals are further broken out into many objectives. She said there were different species of trees that were planted in DelCorte in the open recreation area, and they all have different bloom times and habitat values. She explained that for Maple Hill and for all the other conservation areas, it is a professional goal of hers to put stewardship plans on all of the properties. She explained that the stewardship plans are 10-year plans that are paid for by DCR for municipalities to hire an arborist to come out to identify the health of the stand/forest, history of the stand/forest, and even history of the property to help identify goals for those properties that grant funding can be received for. She said that the open space plan and these plans coincide quite well. She provided examples of some of the forest stewardship plans and grants that she is looking at. ► **VOTE: Yes-9, No-0, Absent-0.**

TOWN ADMINISTRATOR'S REPORT: ► ***Migrant Housing Update.*** ► Mr. Hellen said that the National Guard is onsite during the daytime hours. He said their responsibilities are not public safety; their responsibility is really just helping out any way they can within their training. He said they are still frustrated that the rapid response team and other state agencies have not been onsite at all. He said that the Town of Franklin has a community that has a strong woven fabric between the Town staff, elected officials, and non-profits. He said that the situation over there is very stable. He said there are about 35 rooms occupied with about 100 people. He said there are 30 school-age children. He said that he was over there. He said the Board of Health staff have been great. He said the hotel manager and hotel staff have been great to keep the site tidy and orderly. He said that they have started weekly meetings with the groups he thinks can have an impact and address the needs and actually what people need right now. He explained that the Franklin Food Pantry has already been onsite. He said that the food that the state has provided is not really the food that is needed. He said it is generally microwaveable meals. He said that

the SAFE Coalition is helping. He thanked the Library staff for providing books and some programs. He thanked the YMCA and the Interfaith Coalition. He noted that Random Smile Project does not have the capacity to assist at the level they would like to right now. He thanked the School Department for their work at the site and getting the kids to school. He stated that this community has come together to address this issue, and we should be grateful, thankful, and proud. He thanked the residents in town for paying attention to the news and updates. He said that things are stable over there, and he continues to speak to the state. ► ***Demolition Delay Bylaw Report.*** ► ***Decommission Spring Street Report.*** ► Mr. Hellen said these were two goals for this year. He said that the Historical Commission has been asking for years for a review of the Demolition Delay Bylaw. The bylaw was reviewed and all came to the consensus that the bylaw is working very well. He said the Historical Commission will have some discussions about when to start those demo delays in terms of the year. He said that the Decommission of Spring Street is very interesting. He said that Spring Street is a public way. He said that the goal was to give better access to Franklin State Forest and to the open space. He stated that they are looking at what if they could create a trail head along Spring Street through the state forest. He said there is an opportunity to connect with the YMCA at Forge Park. He said they will work with DCR and the state forest folks to see if there is any way to collaborate on enhancing the trail and the road on the public way. ► Chair Mercer clarified that that there is only one or two National Guard persons at the site for a few hours a day, not trucks and tanks. ► Town Council members asked questions and made comments. ► Mr. Hellen said that like with other emergencies, there is a lot of work to go, but they are trying week by week as a team to try to chip away at it. He thanked the hotel staff. He said they were told that by October 1, the entire hotel will be filled. He said that in response to residents wanting to drop of winter clothing, they need to evaluate the needs, and they will be able to get messaging out to the public. He explained that there are about 30 school children spread across all grades. ► Councilor Pellegri asked about birth certificates and vaccination papers. ► Mr. Hellen said that he does not know about birth certificates; he said the Superintendent of Schools is handling all of those issues just like they would for any other child who moved to Franklin. He said that if anyone has any questions regarding school-related issues, he encourages everyone to email the school administration. ► Councilor Chandler discussed the cost to educate a student is about \$15,000 per student and discussed what if there were 100 children. ► Mr. Hellen said the state has already approved \$104 a day per child for reimbursement which is about \$17,000 to \$18,000 per child for a school year. He said the questions from local officials is when will that come in and what are the requirements. He said they need to give the state some time to work through this. He noted that some other communities are dealing with more than Franklin. ► Chair Mercer discussed if one or more students need special instruction of some kind and where does that money come from. He said that number scares him more than anything as it can be a very large number. He said the only answer he has received to date is that there may be a \$1,000 adjustment to that \$104, but that is not definitive. He said one of the bigger questions is when are we going to get it and no one can give us that answer. He said we need to give the state some time to go through all of this, and at some point, hopefully, we will get the answers.

SUBCOMMITTEE REPORTS:

- a. **Capital Budget Subcommittee. None.**
- b. **Economic Development Subcommittee. None.**

- e. **Davis-Thayer Building Reuse Advisory Committee.** ► Councilor Pellegri stated they had a meeting last night. She said they had on their agenda police, recreation, and cultural. He said he will get back with Councilor Pellegri after the meeting regarding the museum. ► Councilor Pellegri asked why the cupola was taking so long. ► Mr. Hellen said there are so many other items to do in town; he said it will get done.

COUNCIL COMMENTS: ► Councilor Cormier-Leger thanked everyone from the Elks for the amazing donations. He discussed a good meeting with the SAFE Coalition. He explained they received a grant from Rockland Trust to do some preventive work to help LGBT youth in Franklin before they reach the point of substance abuse. He discussed that he thinks this evolves into their willingness to host a community of providers in that space. He stated they talked a lot about that other groups were doing work to help LGBT kids, LGBT adults, and LGBT seniors, and rather than duplicating services, let's get everyone together. He thanked everyone who is handling this migrant situation because it is not easy; everyone involved is to be commended. ► Councilor Chandler discussed that the U.S. Senate today took away their dress code; he said he does not really agree with that. ► Councilor Pellegri said she agreed with Councilor Chandler. ► Councilor Sheridan said this was a good meeting with the Elks, the open space, and coming together for the migrants. ► Councilor Frongillo said when the Elks care for the veterans and provide their donations to the veterans, that is a special moment. She noted the Harvest Festival. She said the Farmers Market is ongoing; the last Farmers Market is on October 27 and that is the great pumpkin weigh in and other activities. She thanked the town administrator for trying to get information from the state. She thanked people in Franklin for their help. ► Councilor Jones noted there may be some confusion over the ballots for the Tri-County election and Town election and that the Town Clerk said during her presentation earlier in the meeting that the envelopes would be stamped either red or green. He wanted to know if there could be a color code on the ballot. ► Councilor Pellegri stated that the ballot is not anything that you can touch. ► Councilor Jones noted Habitat for Humanities and getting that going. He thanked the Elks. ► Councilor Dellorco thanked the Elks for all their hard work. He discussed how Jen Knight of the SAFE Coalition was a great choice for that role. He gave a shout-out to whoever does the

food for the schools. He gave a shout-out to the first responders for their help in an accident of a family member. ► Chair Mercer said he wanted to reiterate what all the councilors have said. He thanked the Elks. He thanked the department heads and administrative team for their help in achieving the list of goals and for their compassion shown in the migrant situation, especially Cathy Liberty in the Board of Health. ► Mr. Hellen spoke to Town Clerk Nancy Danello on the phone. Ms. Danello said she cannot change the color of the envelopes as they come from the state, and the ballots will clearly state Tri-County and the Town of Franklin.

He said if you want to give a tax cut to people who are lower income, then we have the opportunity to. He said he brought this up two years ago. He said he urged the Town Council to work with the Board of Assessors to see if they can come up with some different options instead of having a single vote on a single option where we are not cutting people's taxes. He said he thinks they should put forward an option where people who are low income have an option to get a tax cut through a residential property tax exemption. He urged the Town Council to have a debate and discussion. PRESENTATIONS/DISCUSSIONS: ► *Discussion: A Bylaw to Amend the Code of the Town of Franklin by Inserting Chapter 147, Snow and Ice, Removal Of (Legislation for Action Item #9a).* ► Mr. Hellen stated that this was a Town Council goal for this session. The EDC has met and discussed this twice and it has been discussed during past years as well. He said this is about us hearing from the community about snow removal especially around the downtown area and the walkability of the area after a big snowstorm. He said that tonight there is legislation because the staff have been working on an appropriate bylaw given the current state of state law and also develop a map that has been talked about. He said there are passionate views over this for or against it. He said this item can be moved on by the Town Council if they choose. ► DPW Director Brutus Cantoreggi stated that we have been looking at this for over one decade regarding sidewalks to clear. He introduced Carlos Rebelo, Highway & Grounds Superintendent, and Tony Brunetta, Assistant Highway & Grounds Superintendent. Mr. Cantoreggi said sidewalks are the third priority in town. He said this is about how we can get the job done faster and quicker. He talked about the sidewalk snow removal machines. He said they have two work forces that come in who do the streets, the schools, the municipal buildings, and then the sidewalks. He said that depending on the storm, this takes time. He discussed that they had come up with a plan with the schools for extra buses for students to get picked up. He said this is a free service, and it has really helped. He said sidewalks have become more popular; they want to get them done, and they do not want to slow down the businesses. He said they came up with different plans. He reviewed the current plan that the burden of the snow removal would be on the businesses/private property owners regarding Rt. 140 and the downtown area. He said this bylaw used to be on the books but was not really enforced and was taken off in 2017. He said this is not a DPW thing, it came from a lot of different people in town. ► Councilor Hamblen of the EDC said that this bylaw was removed in 2017. She said it has been brought up many times in the past few years. ► Mr. Cantoreggi confirmed they plow at three or more inches of snow. ► Councilor Hamblen said she heard from people who were trying to get through sidewalks with less than three inches of snow. She said there may be people who cannot get to the train station with any snow at all on the sidewalk. She said it is important to think about the walkability of our community. She said this shows we have started to take this seriously. She said we want people to be able to walk to the train. She said we looked at the map and thought why do we not expand the areas of the sidewalks. She said we have two train stations. She explained the map shown on the screen. She said that she heard that people cannot afford physically or monetarily to clean the sidewalks themselves. She said that as Mr. Cantoreggi said to be creative, we can think about a neighborhood brigade that Steve Sherlock mentioned to us last meeting that we could find out who needs help if we use this. She said it is really important to reevaluate the DPW's priority list as we have extra sidewalks that have been added to the town since the priority map was made. ► Mr. Cantoreggi said that since he has been here, there have been no sidewalks added to the sidewalk priority list. He said the Town Council has been very good about adding sidewalks to the town, and the next one we want to do is Washington Street. He said the Planning Board is great about it too. ► Councilor Hamblen said that is where we came from, and we heard from people, and we

have some creative ideas how to help people with the sidewalks. She said she knows if they do not do anything, it is going to stay the same. She said that the bylaw says that we have to maintain the safety of the sidewalks and awnings and signs. She thanked all for their work on this. ► Councilor Jones said that this was removed from the books in 2017. He said it has been under review several times and with various public input. He said he was not in favor of 147-1 which was the time limit for removal on sidewalks and footways. He said the issue is that the map encompasses a significant area and private property owners will be responsible for clearing public ways at their own expense or own harm. He said that is a significant burden to put on our taxpayers and on people who may not physically or monetarily be able to do so. He said it stated in the bylaw to remove and so treat which will put on taxpayers more of a burden financially to maintain that de-iced conditioned. He said this is a slippery slope to ask those who do not have the means to do so and could be fined for not meeting the requirements of this. He said regarding 147-2, he is behind requirements for property owners who have roofs and signs and also could add any means for which they add water and runoff from the buildings for getting on the sidewalks. He said he thinks the rest of the bylaw reads well. He is very concerned about asking private property owners to clean snow and ice from public ways. ► Chair Mercer said Councilor Frongillo told him he was all set for the moment. ► Councilor Chandler said Davis Thayer is closed so there are fewer walkers. He said there are fewer people going to the train station now after Covid. He said if he owned a business, he would clean out of necessity to make money. He asked Town Attorney Mark Cerel if a bylaw is put in and someone does not do it, could the town be sued. ► Mr. Cerel said it is not automatic. He explained the current standard for snow and ice is reasonable care in terms of the condition of your property. He said there had been no obligation to do anything with a natural accumulation, but the current law is one of reasonable care. He said there is a cap of \$5,000 no matter how serious the injury might be. ► Councilor Chandler said it is not broken, so why do we bring it back. He said eventually that \$180,000 piece of machinery will go down those sidewalks; so, sometimes we have to wait. He said he is having an issue pushing this on people. He said he would like to continue to look at this. ► Councilor Pellegrini discussed the bylaw in 2017. She said she thinks that it is time now that we need to help each other out. She said that she was thinking that as far as getting people to do shoveling, have people put their names into the Downtown Partnership. She said to have some names in there that we have that would be able to help some of the businesses or even some of the businesses now to begin to think of someone that might be able to help them if they are not able to do it. She said but stop and think that it is only a small amount of shoveling there and you are going to be coming by to do the plowing as soon as your other priorities, one and two, are completed, then you are able to go through the main street. She said she thinks this bylaw is good and it is time that people step up and help out the town. She said they do not want to see taxes going up, and us getting new equipment, and this and that, just to take care of a particular thing. She said let us work together, and keep it down, and go back to it, and she bets it will work just as it did before. ► Councilor Cormier-Leger said he found himself torn between comments. He said he thinks businesses have at least an appeared responsibility; it is the residents he is having a hard time with as it is basically penalizing homeowners depending on where they live in town as this bylaw is not in effect in other areas of town. He said he thinks there are efforts the Town could make to assist whether it is barrels full of sand to sprinkle in front of their business. He said he is stuck where some residents would get fined and others would get a pass. ► Councilor Frongillo said he echoed Councilor Pellegrini's comments. He said he thinks we had a system that invited people to clear the sidewalks and walk downtown. He said it is broke, that is why we are here and this was brought forward. He said particularly the lowest income residents are struggling to get to the transit and get to the basic needs that they have, so we are seeing more and more people walk on the street. ► Mr. Cantoreggi said he kind of anticipated the commercial versus private property owners. He reviewed his map as shown on the screen. He said almost 80 percent of it is commercial. He said that up until 2017, he never gave a fine. He discussed that this whole process is more about public education. He said if you go out and talk to them, they take care of it. He discussed that he really does not want to give out tickets. He discussed downtown over the hill to King Street. He said he sees people walking in that section and they have not gotten there yet because it is not really on the school priority list, and he feels bad as it is dangerous. He said those businesses could tell their landscaper who already took care of their parking lot to take care of the sidewalk too, and it is no big deal for them as it is just part of their process. ► Councilor Dellorco said he agrees with Councilor Chandler, Councilor Jones, and Councilor Cormier-Leger that he really does not want

to put the burden on the residents. He said snow is different and a six-to-twelve-inch storm is difficult and troublesome. He said you have to get the streets done because you have to keep up with it. He noted that if there are 100 volunteers, you will probably get 10 to show up. He said no one wants to volunteer anymore because everyone is so busy. Regarding the bylaw, with the residents, he does not like how it is. ► Chair Mercer said he has a couple of issues including putting a burden on a small percentage of residents. He said he likes the commercial piece and that to him makes sense. He said regarding 147-2, he is aware of a couple of buildings downtown. He discussed that there is no way those people are getting up on the roof of three stories regarding the snow that comes onto the sidewalk. He said those buildings have always been a problem and he gets that, but to put it in a resolution that requires them to get up on the roof and clear the snow off the roof of a three story building, he has a little issue with it. He said that is one of the pieces along with the resident piece that he is having trouble with. He said he likes the commercial piece. ► Councilor Jones explained that he clears his sidewalk area, but it is not that big. He noted other residents who have larger sidewalk areas. He said he would not expect other neighbors with larger areas that may not be physically able to clear the snow and or who do not have the means to hire someone to clear snow as it is not fair. He discussed that it is not an equitable way to do things depending on where you live. He stated that he agreed with the commercial businesses. He asked some of the commercial businesses such as Dean if they could extend the courtesy even a little further down the street. ► Mr. Cantoreggi said Dean does a good job with their sidewalks. He said just the commercial would be a big help. ► Councilor Pellegrini said that for 147-2, she does not think it is necessary and maybe they could take that out and it would be less of a problem for other councilors. She said the rest of it is fine for her. ► Mr. Max Morrongiello, 128 Central Park Terrace, asked if we by right had a property tax credit for people who shovel their snow, would it affect the tax levy. ► Mr. Hellen said they cannot do that; it would be impossible to enforce or referee. ► Mr. Mark Minnichelli, 31 Longfellow Drive, said he has an opinion about the need to clear the sidewalks that many people rely on at a day-to-day basis. He applauded the Town Council for the new sidewalks installed. He said he feels like we take away those sidewalks for those people. He discussed people trying to walk on the streets in the winter when the sidewalks are not good. He said he does not know if it should be done publicly or privately. He requested Chestnut Street be added to the map. He said there are a lot of people in town who need a nice clean and clear sidewalk in order to navigate in the wintertime. He said he strongly supports the idea of clearing sidewalks especially in the downtown area. ► Councilor Frongillo said the big picture here is the equity issue at hand that are we ensuring the safe and accessible mobility of all road users and that includes those who are looking to get to basic needs without a car. He said we cannot lose sight of that priority. ► Mr. Hellen said it is a great map that Mr. Cantoreggi did. He explained how the map was done. He explained that they are trying to help people, but not put a burden on people also. He said they struggled with determining the area on the map. He said the Town Council has a lot of ability to navigate the map on what is equitable and fair. He said he thinks Union Street is a pretty widely used street and during a snowstorm people would want to get up and down that street. He said that we really need a change in culture of just saying how come we are not helping each other out more. He said helping out neighbors used to be common. He said there was logic in making the map for areas that people need to walk and get around. ► Chair Mercer said they could take the commercial and add to it in future years, or they could take the existing and take away from it in future years. ► Councilor Cormier-Leger noted independent contractors and that he understands there is a shortage. He asked if it would be possible to take a section of that money to see if some private company would take on the downtown area sidewalks. He said this would help the residential concerns in the area. ► Chair Mercer said it takes special equipment to do the sidewalks and the contractors' blades would be too wide. ► Mr. Cantoreggi said they tried that in the past; they do not have the specialized sidewalk equipment, and they do hire shovelers. He said it is hard to get people. ► Councilor Jones asked about putting in sand barrels. ► Mr. Cantoreggi said they try to get away from sand, but they could do that. He said it would be tough because it is narrow, but they could put some at the corners.

LEGISLATION FOR ACTION:

Note: Two-Thirds Vote requires six votes; Majority Vote requires majority of members present and voting.

- a. ***Amendment 23-902: A Bylaw to Amend the Code of the Town of Franklin by Inserting Chapter 147, Snow and Ice, Removal Of - First Reading (Motion to Move Bylaw Amendment 23-902 to a Second Reading - Majority Vote).*** ► Councilor Jones read the resolution. ► **MOTION to Move Amendment 23-902: A Bylaw to Amend the Code of the Town of Franklin by Inserting Chapter 147, Snow and Ice, Removal Of, to a Second Reading by Hamblen. SECOND by Pellegri. Discussion:** ► Councilor Cormier-Leger said that as written, he cannot support this, but that does not mean he is not in favor of further looking at this problem and coming back with different language. ► Councilor Jones said he agrees with Councilor Cormier-Leger. He said if the motion were to be rescinded, he would put a motion in to table it. ► Councilor Pellegri said that if they wanted to take it off the floor, they could all just vote no on it, and then a new one would come forward. ► Mr. Hellen asked if section 147-2 was the section or is it the whole thing. ► Chair Mercer said he did not like 147-2 and that is a part of it. ► Councilor Frongillo said they talked through different ideas at the EDC regarding policy and implementation and how key that is going to be. He said in front of us is the opportunity to change the culture and we welcome people to walk to their basic needs and transit and not add to our traffic. He said he looks forward to the vote. ► Chair Mercer said that he does not want to throw all this work away, and they are very close to something he feels he can support. He said he has a problem with 147-2 and he would like to see if there is a way to work with that a little. ► Councilor Pellegri said maybe they need to make an amendment to delete section 147-2 and that would maybe make the rest of the councilors feel comfortable. ► **MOTION to Make an Amendment to Section 147-2 and renumber the remaining sections accordingly for Amendment 23-902: A Bylaw to Amend the Code of the Town of Franklin by Inserting Chapter 147, Snow and Ice, Removal Of, by Pellegri. NO SECOND.** ► Chair Mercer called for a vote on the original motion. ► **ROLL CALL VOTE (on the original motion): Chandler-NO; Cormier-Leger-NO; Dellorco-NO; Frongillo-YES; Hamblen-YES; Jones-NO; Mercer-NO; Pellegri-YES; Sheridan-YES. ► VOTE: Yes-4, No-5, Absent-0.**

► Mr. Hellen said that he and Town Planner Amy Love will work with each person to try to decide what tweaks are necessary. He said he likes the word encourage as it sends a different message.

TOWN ADMINISTRATOR'S REPORT: ► Mr. Hellen provided a migrant housing update. He said that about 80 percent of the rooms are now full; there are around 250 individuals there. He said that by the end of the month they expect it will be a full hotel. He said there is really no other announcements or updates. He said that relative to the definition of the hotel issue that the state has revised their guidance on the hotel. He read aloud that the state is paying all local occupancy taxes for room rentals less than 90 days, the room tax is either paid directly by the state or it is factored into the contract the state has with the service providers who then pay the hotels. He said that does not help us at all. He said it does not tell us anything about where the money is being flowed. He said normally, the state collects the revenue and gives it back to us on a quarterly basis. He said the state says they are looking at options to reimburse communities. He noted some new information on the Board of Health website. He said everything has been going, relatively speaking, pretty good. He said they were given a number of 40 school-age children by Superintendent Lucas Giguere; however, he does not know if that is still the number. ► Councilor Pellegri stated they were not able to get working permits as she knows of a restaurant that two people had come in and they wanted to work and they were not able to as they did not have working papers. ► Mr. Hellen said he was at the El Paso border and that they cannot work. He said the reality is that the federal government has completely failed the country on this entire issue for 35 years. He said all 50 states are dealing with this. He said this is not new to people in Texas. He said the work visa system is so back up. He said full background checks are done on people coming into the country. He said these processes take months and years per person and per family. He said Congress can say what they want, but at the end of the day, they are choosing proactively to do nothing as opposed to something; they could fix this. He said the governor has said she is waiting for the federal government to fix this. ► Councilor Cormier-Leger discussed that the school superintendent said that the people should be called migrants not immigrants. He asked for a breakdown of the numbers of where people are coming from so people would better understand the issue. ► Mr. Hellen said he does not have the exact breakdown. He said about 50 percent are of Haitian descent and 50 percent are a mix of individuals from different walks of

life around the country or from other countries, maybe homeless. He said that is why the word migrant is used.

RE: Town Charter Presentation

The Town Administrator and Town Attorney will offer a brief presentation and overview on the Town Charter. This presentation and discussion has been a Town Council goal and we are getting it done just in the nick of time!

We have attached the Town's Charter Commission reports from 1984 and 1995, which extensively reviewed the town charter twice after the 1978 charter reform. It is worth noting that the last time the Town Charter was changed was in 2013 to request an appointed Treasurer-Collector rather than an elected Treasurer-Collector.

FINAL REPORT OF THE FRANKLIN CHARTER COMMISSION
TO THE VOTERS OF FRANKLIN

Explanation of Proposed Charter

The charter revision recommended by the charter commission represents an abandonment of the experimental form of government adopted by the town at the town election in 1978 and a reversion to a proven system more closely related to that which had been in effect in Franklin for the two hundred years from 1778 to 1978.

A majority of the charter commission members (six of nine) believe that experience has shown that the citizens have lost their representation and the radical change in structure under which we have operated for the past five years has proven to be ill-conceived, costly, and unwise and that the best interest of the town at-large has not been served by this new form.

We recognize that our former system had its flaws and that the current system was adopted in an effort to respond to the problems which then existed, the majority of the charter commission is of the opinion, however, that the changes were too sweeping in scope.

Our recommendation, in essence, is that we return to the system of government we had prior to 1978, that the board of selectmen be increased from three to five members, that the board appoint a full-time professional town manager to administer the day to day business of the town (but subject to policy guidelines established by the board of selectmen), and that a limited town meeting of approximately one hundred ninety-eight voters be established.

The majority of the members of the charter commission believe that more problems have arisen as a result of the change which has taken place than were existing under the previous form of government.

The final charter which is being published herewith reflects our best judgment of those changes in government structure which are needed and which offer more power and more opportunity for citizen's participation. This charter appears to be desirable at this time and will probably have general support in the town.

Major Differences

Under current charter the administrator is under very few restraints. He is free to do as he pleases, and the fact is-he has pleased very few. He has pleased special interest groups and responded to political interests rather than acting in the town's best interest.

Under our proposal, he will be subject to scrutiny of the board of selectmen. He will not have the freedom to do as he pleases, he will have to have the support of the board of selectmen. The charter will provide for a greater separation of powers; the town manager and the selectmen will represent the executive/administrative branch, the town meeting representatives will represent the legislative branch. The town meeting, we believe, will far more adequately express the will of the town's voters than the unresponsive town council has done.

The town will be divided into six precincts and each precinct will elect thirty-three representatives to form a town meeting representative body of one hundred ninety-eight members. The purpose of establishing district organizations is to provide for a more informed and responsive body of town representatives.

At the present time, the planning board is appointed by the town administrator and is not responsive to the needs of the citizens and lacks credibility. The planning board has not protected the resources and needs of the town and continues to demonstrate a discriminatory attitude towards its citizens. The proposed charter would provide a remedy for this situation and require that the planning board be elected, and therefore, accountable to the voters.

Under this form, the town meeting representatives vote on all appropriations, zoning, and other related matters. In the event the representative town meeting acts to adopt or reject an item in a warrant, the voters will have an opportunity to appeal that action to a special election of all the town voters. The charter requires that within seven days a petition, signed by not less than five percent of the voters, be submitted to the board of selectmen requesting that any question as voted by the representative town meeting be referred to the voters for a final determination at a special election.

Certain procedures relative to posting agendas for meetings, and the filing of copies of the minutes of meetings are provided to assure greater citizens' access to the work of their officials.

The town manager is responsible to prepare a comprehensive budget for the board of selectmen, finance committee and the town meeting which includes a long term capital expenditure program for the town.

Areas of Concern not Included in this Charter

A number of areas of government have been brought before the commission by various people. The commission concluded that it would be more appropriate for these areas to be treated with by-laws and has

provided for a special commission on transition to review all of the town's by-laws and ordinances in order to bring them into conformity with the new charter. The commission has prepared proposed by-laws which will provide for a Permanent Building Committee, a Noise Control/Pollution Committee, a Grants Committee, a Capital Planning Committee, and a Personnel Board.

Conclusion:

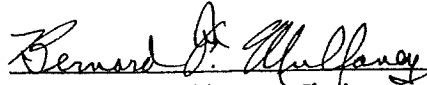

The charter commission is indeed grateful to the many members of the town's official family for the cooperation and courtesy extended to us over the past year. We recognize that not every voter will agree with every item which is contained in the proposed charter.

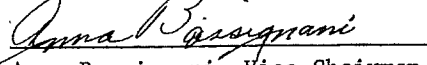

Although all members of this commission have not seen the needs of the town government structure and form in the same way, these differences of opinions have not, in any way, interfered with the final recommendation of this commission.

The commission is strong in its belief that the charter is tailor-made for the needs of our town and reflects the sentiment of a majority of our citizens. We hope that you will agree with us that the recommendation represents a proven and long range solution to the management of our government affairs. This charter will provide citizens' representation for the next several decades. We believe that the provisions of this charter balance the requirements of an accountable, efficient government with democratic principals still being maintained.

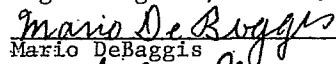

We urge you to accept our recommendations and to vote to accept this charter.

Subject: Minority Report

I am filing this report for the citizens of the Town of Franklin, regarding this drastic charter removal, with subsequent substitution of an inferior composition. Such an adoption must not be recommended for our rapidly growing community, as could only set back this town decades.

The main objective of the majority of the commission was to give back the running of the town government to the people. A concern shared by every registered voter in Franklin. Such the objective has not been accomplished by reverting back to a Selectman/Representative Town Meeting form of government. It is this commissioners opinion, that as our present charter stands, the Town Administators position has inherited excessive powers. Instead of delegating such power back to the people, this proposal merely shifts this control over to a simple majority of three selectman all elected at large. At least our present charter has built in checks and balances, none of which will exist if this composition is approved by the voters. An example of such, could be, that if this Administator sees fit to abuse his authority, a simple majority of the Council vote could remove him. However, if the same scenerio were to occur, with these three at-large Selectman, it would take a tremendous costly, time consuming effort realized by both a large number of voters and the towns budget, which still might not rectify an already embaressing situation. Though this proposal does provide for 198 precinct representatives to decide issues once maybe twice annually, with such an incredibly low quorum requirement theres no mandate even expecting their attendance.

Rather than to continue going into more specifics of this proposal you are emphatically urged to read and reread this proposed

demise of the Town Council concept which has proved to be a far more efficient, and fiscally superior government which meets our present day family situations. Once thoroughly reviewed, you will also come to the overwhelming conclusion that this proposal does lack an adequate system of checks and balances, along with a large number of built in contradictions.

I therefore submit for the people of Franklin and the Charter Commission, this strong opposition to this inferior composition and make this minority report regarding such matters.

MINORITY REPORT

To the Citizens of Franklin:

The Charter Commission has held some 24 meetings, 2 public hearings and 1 man-on-the street interview. All of our meetings were open to the public. The 2 public hearings were well publicized and the last one, held in December, received widespread notice through the distribution of a printed preliminary report to several thousand of our households via 2 daily newspapers having widespread circulation in the town. We have listened to many of our residents, including present and past town officials. The overwhelming majority of those appearing before us indicated their strong support for the present Town Council/Town Administrator form of Government. I strongly support this viewpoint for the following reasons:

1. We presently have a Government that is still relatively new and which, after a period of adjustment, is now emerging as an efficient and viable entity.
2. Our government is truly responsive to the needs of the entire community and has demonstrated its ability to work in the best interests of all our residents.
3. Our present form of government affords our citizens daily representation through our Town Administrator as well as continual representation on the legislative level through our Town Councillors. Our citizens need not wait six months or a year for the legislative branch to meet. Our Town Council meets bi-weekly and can quickly resolve problems needing immediate attention.
4. Our present government has met its fiscal responsibilities and, in spite of tight budgets, has this past year, rebuilt 5 major roads, installed sidewalks on Oak Street, stayed within the confines of Proposition 2½ and has maintained a reasonable tax rate.

In view of the above facts, I must oppose the Charter Proposal and ask you to defeat it in April.

Let's retain our form of government that is right for this period in the history of our town, that is guiding us through a period of growth with a reasonable balance between residential and commercial expansion.

January 12, 1984

Respectfully submitted,

Nicent J. De Baggis

MINORITY REPORT

People of Franklin:

The job posed to the Charter Commission was to learn from the people of Franklin what recommendations they had to improve the current form of government, and implement these suggestions for the better of our town.

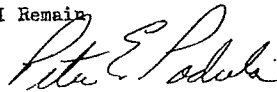

Of the townspeople who addressed our Committee during the past ten months, an overwhelming majority desired to maintain what we have now, with room for improvement. Any Governmental body needs to be updated on a periodic basis, and Franklin is no exception.

Franklin's interest would be best served by retaining our current form of Government and organizing another Charter Commission to review the existing charter to determine what further refinements are needed.

In the best sense of the word we have a progressive form of Government, that is one designed to meet and eliminate problems instead of creating them.

Lets work to keep it.

At the first annual town election held following the establishment or revision of precincts all of the town meeting representatives affected by such establishment or revision shall be elected by ballot by the voters of the several precincts.

The first third to the nearest whole number of town meeting representatives elected in the order of votes received shall serve three years; the second third to the nearest whole number shall serve two years; and the remaining third to the nearest whole number shall serve one year from the date of their election. In case of a tie vote affecting the division into thirds, the town meeting representatives elected from the precinct, not affected by such tie vote, shall determine the same by ballot. Thereafter, except as otherwise provided, at each succeeding annual election the voters of each precinct shall elect for three year terms eleven town meeting representatives and shall fill for the unexpired terms any vacancies then existing.

In the event of a tie vote for the office of town meeting representative, the town clerk shall within seven days of the election call all of the candidates for that office who are affected by such tie, together with the elected town meeting representatives from that precinct at a convenient place, and under the supervision of the town clerk any such ties shall then and there be broken by ballots cast by the elected town meeting representatives present.

Section 2.5 Compensation

The town meeting representatives shall serve without salary.

Section 2.6 Time of Meeting

(a) Regular meetings - The representative town meetings shall meet at least twice in each calendar year. The first such meeting shall be held during March, April or May, on a date fixed by by-law, and shall be primarily concerned with the determination of matters involving the expenditure and commitment of town funds, including, but not limited to, the adoption of an annual operation budget for all town agencies. The second such meeting shall be held during the last four calendar months on a date fixed by by-law.

(b) Special meetings - The board of selectmen may, in its discretion, for the purpose of acting on the legislative business of the town in an orderly and expeditious manner and shall whenever petitioned so to do in accordance with a general law, call the representative town meeting into session at other times by the issuance of warrants for that purpose.

Section 2.7 Presiding Officer

A moderator, chosen in accordance with section 3.9, shall preside at all sessions of the representative town meeting, but he shall have no vote unless the members present and voting are equally divided. He shall at the first session if the representative town meeting following each annual town election appoint, subject to the approval of the representative town meeting, from among the elected town meeting representatives a deputy moderator to serve in the event of his absence or disability. In case of the absence or disability of the moderator and the deputy moderator the representative town meeting shall elect from among its own membership a temporary moderator to act during the said absence or disability. The moderator shall perform such other duties as may from time to time be assigned to the office of moderator by by-law, rule or other vote of the representative town meeting.

Section 2.8 General Powers and Duties

All powers of the town shall be vested in the representative town meeting, except as otherwise provided by law or by this charter. The representative town meeting shall provide for the exercise of all of the powers of the town and for the performance of all duties and obligation imposed upon the town.

Section 2.9 Vacancies: Filling of Vacancies

(a) Vacancy - The office of town meeting representative shall become vacant upon death, resignation or removal from office in any manner authorized by law. No office of town meeting representative shall be considered vacant unless (1) a letter of resignation has been filed with the clerk of the meeting by the town meeting representative

(b) Filling of Vacancies - A vacancy in the office of town meeting representative shall be filled for the remainder of the unexpired term, if any, at the regular town election if such occurs within one-hundred twenty days following the date of (1) receipt of a letter of resignation, or (2) the issuance of a certificate by the town clerk, or (3) a representative town meeting vote to declare a vacancy. If no such election is to be held within one-hundred twenty days, the remaining members from the precinct shall be called together by the precinct chairman and shall by a majority vote of those present fill the vacancy, to serve until the next regular town election, at which time the remainder of the term, if any, shall be filled by official ballot. Notice of such election by the remaining members of the precinct shall forthwith be filled with the town clerk.

Section 2.10 Clerk of the Meeting

The town clerk, or a designee of the town clerk, shall serve as clerk of the representative town meeting. The clerk of the representative town meeting shall give notice of all meetings to the town representative and to the public keep the journal of the proceedings of the representative town meeting and shall perform by by-law or by other vote of the representative town meeting.

Section 2.11 Procedures

(a) Procedure for Submission of Warrant Articles - The board of selectmen shall at all times receive any petition which is addressed to it and which requests the insertion of subject on a warrant for a town meeting filed by:
(1) any individual elected town officer, including a town meeting representative; (2) any appointed multiple member body, acting by a majority of its members; (3) any ten voters; (4) any other person or agency who may be authorized by by-law. The original copy of each petition filed hereunder shall be retained by the board of selectmen until at least ninety days following the final adjournment of the representative town meeting at which the said petition is acted upon.

(b) Warrants - All matters which are received by the board of selectmen under (a) above shall be placed on warrants issued by the board of selectmen at such convenient times as it may determine and as otherwise provided by the charter or by by-law. The original copy of all warrants for town meetings shall be kept in the office of the clerk of the meeting in a record book maintained for that purpose. A copy of the warrants for each town meeting shall be posted on the town bulletin board within fifteen days following the date on which the warrant is closed and copies shall be mailed forthwith to the place of residence of the moderator, all town meeting representatives and such other persons as may be designated by by-law.

Additional copies of all warrants shall be kept available for distribution by the town clerk.

(c) Committees - The representative town meeting may, by by-law, provide for the establishment of standing committees. Except for a finance committee, on which no town representatives shall serve, other committees may consist of any combination of town meeting representatives and other voters as may be provided by said by-law. Whenever a petition is received by the board of selectmen requesting the inclusion of a subject on a warrant for a town meeting it shall forthwith refer the same to the issuance of a warrant containing the subject matter. All warrants for town meetings shall include a notation of the standing committee to which each article has been assigned by the selectmen. All articles which would require the expenditure of town funds shall, before enactment, be referred to a finance committee for its recommendation. For the purposes of this section the planning board, elected under the provisions of section 3.10, shall be considered a standing committee on planning and zoning, and all articles which relate to planning, zoning, subdivision control and any other matters relating to land use shall, before being acted upon by the representative town meeting be referred to it for a report. All standing committees shall conduct open public hearings on matters assigned to them to provide the public with the opportunity to discuss their views concerning such matters.

(d) Quorum - The first order of business at every session of the representative town meeting shall be a call of the roll for the purpose of ascertaining the number of town representatives present. The results of each such roll call shall be duly recorded by the clerk and a copy of the resulting list shall be posted on the town bulletin boards forthwith, and the same shall be published annually in the annual town report.

Quorum of town meeting representatives of five times the number of precincts shall be required before any business can be conducted.

(e) Rules and Journal - The representative town meeting shall determine its own rules and order of business unless otherwise provided by the charter or by by-law. The journal of the representative town meeting shall be a public record kept available in the town clerk's office and a certified copy available in the public library.

(f) Voting - Voting shall be by voice vote and the moderator shall declare the result of each vote taken. When the result of a voice vote is declared by the moderator, if seven or more town meeting representatives shall doubt the vote as announced by immediately standing, the moderator shall verify the voice vote by taking a standing vote. When the result of a standing vote is declared by the moderator, if fifteen or more town meeting representatives shall doubt the vote as announced by immediately standing, the moderator shall verify the standing vote by taking a roll call vote. The moderator may, in his discretion, direct that any vote be taken by a call of the roll.

(g) Citizen Participation - Any voter or taxpayer of the town shall have a right to speak at representative town meeting sessions subject to such rules as may from time to time be adopted. The representative town meeting shall not for any reason declare itself in executive session or attempt to prohibit the public from attendance at any of its proceedings.

(h) Precinct Organization - The town meeting representatives from each precinct shall, within ten days following each town election, organize by the election from among their own members of a chairman, vice-chairman and a clerk, to serve for a term of one year, and shall file a notice of such organization with the town clerk. If no notice of organization is received by the town clerk for a precinct within ten days following a town election, such clerk shall immediately call a meeting of the town meeting representatives from such precincts as have failed to organize for the purpose of such organization.

Section 2.12 By-laws

(a) Time of Taking Effect - After they are approved by the representative town meeting, proposed by-laws shall be transmitted to the attorney general of the commonwealth for his review as provided by chapter 40, section 32, and will become effective, if not denied by that officer, in accordance with the provisions of that statute.

(b) Codes of Technical Regulations - The representative town meeting may adopt any standard code of technical regulations in whole or in part by reference thereto in an adopting by-law; provided, however, that one or more copies of the proposed code shall be available in the office of the town clerk and published as otherwise provided by law. The adopting by-law shall not be construed as to include changes or revisions made by the drafters of the said code subsequent to the representative town meeting vote to adopt the code.

Section 2.13 Availability of Town Officials at Town Meetings

(a) Representatives of town agencies - A designated representative of each town agency shall attend all sessions of the representative town meeting for the purpose of providing the town meeting members with information pertinent to warrant articles concerning such agencies. If any such person is deterred by illness or other reasonable cause from attending, he shall designate a deputy to attend in his place. All representatives of town agencies, including any who may not be town residents, shall during the consideration of articles affecting said agencies have the same right to speak as a town meeting member, but shall have no right to make motions, or to vote.

(b) Town Officers and Employees - Any town officer or town employee, whether a town resident or not, who has information pertinent to the subject matter of any warrant article shall be entitled to speak, but shall have no right to make motions, or to vote.

Section 2.14 Referendum Procedure

(a) Effective Date of Final Votes - No final vote of the representative town meeting under any warrant article, but not including a vote to adjourn or to dissolve a town meeting, a vote appropriating money for the payment of notes or bonds of the town and interest thereon coming due, a vote authorizing the borrowing of money in anticipation of taxes or other revenue, or a vote declared by preamble to be an emergency measure, necessary for the immediate preservation of the peace, health, safety or convenience of the town, shall be operative until the expiration of seven days following the dissolution of the meeting. If a petition as hereafter provided in this section is not filed within the said seven days, the votes of the representative town meeting shall then become operative.

(b) Non-Final Votes - Any article disposed of by a vote to lay upon the table, or, to postpone indefinitely, or by other procedural device which avoids a vote upon the merits of the principal question, shall be deemed to have been rejected in the form of an affirmative main motion to accomplish the result envisioned by the framers of the article.

(c) Petition - If, within said seven days, a petition signed by not less than five per cent of the total number of voters as of the date of the most recent town election, containing their names and addresses, is filed with the board of selectmen requesting that any question as voted by the representative town meeting be referred to the voters for a final determination, then, the operation of such vote shall be further suspended pending its determination by the voters as provided in this section. The board of selectmen shall, within ten days following the filing of such petition, call a special election to be held on a date fixed by it not less than fourteen nor more than twenty-one days later for submission of such question, or questions, to the voters for a final determination.

(d) Form of Question - Questions submitted to the voters under this section shall be stated on the ballot in substantially the same language and form in which it was stated when presented to the town meeting by the moderator, as appears from the records of such meeting, provided however the question shall always be stated in the affirmative form.

(e) Election - All votes taken on questions so submitted shall be by ballot, and the conduct of such election shall be in accordance with the provisions of other laws relating to elections, generally. The questions so submitted shall be determined by majority vote, provided, however, that no vote which results in a different result than that as voted by the representative town meeting members shall be valid unless at least ten percent of the total number of persons registered to vote in the town as of the date of the most recent town election participate at such special election.

(c) Town Election - The annual election of town officers, for the election of town representatives, for the election of town representatives to regional authorities or districts and for the determination of all matters to be referred to the voters, shall be held on such date as may from time to time be provided by by-law.

(d) Compensation - Elected town officials shall receive for their services such compensation as may annually be provided for that purpose by appropriation.

(2) Multiple Member Body - If there is a vacancy in a board consisting of two or more members, other than the board of selectmen, the remaining members shall give written notice of the existence of any such vacancy to the board of selectmen, who, with the remaining members or member of such board shall, after one week's notice, fill such vacancy by ballot.

(3) Board of Selectmen - If there is a failure to elect or if a vacancy occurs in the office of the selectmen, the remaining selectmen may call a special election to fill the vacancy and shall call such special election upon the request in writing of two hundred registered voters of the town.

(b) Agendas - At least forty-eight hours before any meeting of a multiple member body is to be held, an agenda containing all items which are scheduled to come before it at the meeting shall be posted on the town bulletin boards. (c) Rules and Journal - Each multiple member body shall determine its own rules and order of business unless otherwise provided by the charter or by by-law, and shall provide for keeping a journal of its proceedings. These rules and journals shall be a public record kept available in a place convenient to the public at all reasonable times, and certified copies shall be kept available in the town library and the town clerk's office.

(d) Voting - Except on procedural matters, all votes of all multiple member bodies shall be taken by voice or roll call vote the result of which shall be recorded in the journal; provided, however, that if the vote is unanimous only that fact need be recorded.

(e) Quorum - A majority of the members of the multiple member body shall constitute a quorum, but a smaller number may adjourn from time to time and may compel the attendance of absent members in the manner and subject to the penalties prescribed by the rules of the multiple member body. No other action of the multiple member body shall be valid or binding unless ratified by the affirmative vote of the majority of the full multiple member body.

Section 7.9 Rules and Regulations

A copy of all rules and regulations adopted by any town agency shall be filed in the office of the town clerk, and made available for review by any person who requests such information. Such rules and regulations shall not become effective until ten days following the date they are so filed.

(a) Annual town election - The annual town election for the election of town officers and the determination of all other questions to be acted upon and determined by the voters shall be taken on official ballots without party or other designation on the date fixed in the by-laws of the town.

(b) Nomination of Candidates - The number of signatures of voters required to place the name of a candidate for any office other than that of town meeting representative on the official ballot for use at any town election shall be not less than fifty signatures of voters.

(c) Ballot Position - The order in which names of candidates including the office of town representative, appear on the ballot for each office in any town election shall be, incumbents first alphabetically by surname, then other candidates, alphabetically by surname.

Section 7.11 Removals and Suspensions

The appointing authority when acting to remove or to suspend any appointed officer or town employee, shall act in accordance with the following procedure:

(a) A written notice of the intent to remove or to suspend and a statement of the cause or causes therefor, shall be delivered in hand to the officer or employee, or mailed by registered or certified mail to his last known address.

(b) Within five days following delivery of the said notice, the officer or employee may request a public hearing by submitting, in writing, a request therefore to the appointing authority, and by filing a copy of said request in the office of the town clerk.

(c) The appointing authority shall hold a public hearing not less than seven nor more than fourteen days following the date of receipt of a request therefore, and shall give not less than five days written notice of such public hearing to the officer or employee affected. The officer or employee shall have the right to be represented by counsel at such hearing, to call witnesses, to examine witnesses and to introduce evidence at the public hearing.

(d) Not more than fourteen days following the public hearing, or not more than fourteen days following the delivery of the original notice of intent if no public hearing has been requested, the appointing authority shall take final action on the removal or suspension and shall, forthwith, notify the officer or employee of the removal or suspension, or that the notice of intent has been rescinded.

Section 7.12 Notice of Vacancies

Whenever a vacancy occurs in any town agency, or in town employment, or when by reason of retirement or the expiration of a fixed term a vacancy can be anticipated, the board of selectmen, or other appointing authority shall forthwith cause public notice of the vacancy or impending vacancy to be posted on the town bulletin board for not less than ten days. Such notice shall contain a description of the duties of the office or position and a listing of necessary or desirable qualifications for the position. No permanent appointment to fill a position shall be effective until at least fourteen days have elapsed following such posting, to permit reasonable consideration of all applicants. This section shall not apply to positions covered by the civil service law and rules or if in conflict with the requirements provided under the terms of a collective bargaining agreement.

ARTICLE VIII

TRANSITIONAL PROVISIONS

Section 8.1 Continuation of Existing Laws

All general laws, special laws, town by-laws, votes, rules and regulations of or pertaining to the town which are in force when this charter takes effect and which are not

specifically or by clear implication repealed hereby, shall continue in full force and effect until amended or rescinded by due course of law or expire by their own limitation.

Section 8.2 Continuation of Government

All town agencies shall continue to perform their duties until re-appointed or re-elected, or until successors to their respective positions are duly appointed or elected or their duties have been transferred.

Section 8.3 Transfer of Records and Property

All records, property and equipment whatsoever of any agency or part thereof, the powers and duties of which are assigned in whole or in part to another town agency, shall be transferred forthwith to such agency.

Section 8.4 Continuation of Personnel

Any person holding a town office or employment under the town shall retain such office or employment and shall continue to perform his duties until provision shall have been made in accordance with the charter for the performance of the said duties by another person or agency; provided, however, that no person in the permanent full-time service or employment of the town shall forfeit his pay grade or time in service. All such persons shall be retained in a capacity as similar to their former capacity as it is practical to do so.

Section 8.5 Time of Taking Effect

The charter shall become effective upon its approval by the voters and as provided in this section:

(a) A special election to re-establish the board of selectmen shall be held on the third Tuesday in June following the election at which this charter is adopted. Two of these selectmen shall be elected for terms expiring at the third annual town election following their election, two of these selectmen shall be elected for terms expiring at the second annual town election following their election and one selectmen shall be elected for a term expiring at the first annual town election following his election.

(b) The board of selectmen elected at the special election provided for in (a) above, shall assume their office on the first day of July following their election. Upon the assumption of office of the board of selectmen on the first day of July following the election at which this charter is adopted, all of the powers, duties and responsibilities assigned by this charter to the board of selectmen shall become effective.

(c) The incumbent in the office of town administrator at the time the board of selectmen assume their office shall continue in office at the discretion of the board of selectmen. The powers, duties and responsibilities of the incumbent of that office shall become those as defined in this charter for the office of town manager. The board of selectmen may continue the incumbent in office, or they may begin a search for other candidates to fill the office as they deem to be in the best interests of the town. Nothing contained in this charter shall be deemed to grant to the said incumbent town administrator any right or privilege to be continued as town manager, or in any other office or position under the town.

(d) Upon the assumption of office by the board of selectmen, the town council shall be deemed to have the powers of a representative town meeting, as provided in article 2 of this charter, and shall meet only by the issuance of warrants by the board of selectmen containing the subjects for their consideration.

(e) Forthwith following their assumption of office, the board of selectmen shall, in the manner provided in section 2-3, begin to prepare for a re-division of the town into six voting precincts. These precincts shall be used for the purpose of electing town representatives at the annual town election held in the year following the year in which this charter is adopted and may be used for the purpose of other elections as may otherwise be deemed appropriate.

At the annual town election held in the year following the year in which this charter is adopted, one hundred and ninety-eight town representatives shall be elected in accordance with the provisions of section 2-4, thirty-three such representatives to be elected from each of the six precincts.

(f) In the year following the year in which this charter is adopted, the annual town election shall be held on the third Tuesday in March. In addition to the election of town representatives, a candidate shall be elected to the board of selectmen for the term of three years, a candidate shall be elected to the planning board for the term of five years, a candidate shall be elected to the Franklin Housing Authority for a term of five years and the terms of all other officers chosen by election shall be chosen as provided in article 3 of this charter.

(g) Forthwith following their assumption of office, the members of the board of selectmen shall appoint, and shall provide funding for, a special commission on transition. Said special commission shall consist of five members, at least three of whom shall have been members of the charter commission elected at the 1983 annual town election. Forthwith following the adoption of this charter, the incumbent of the office of town administrator shall file with the town council an appropriation order to be adopted as part of the budget for the ensuing fiscal year which shall include funding for said special commission and for such other budgetary amendments as may be necessary as a result of the adoption of this charter, including provision for funding for the office of the board of selectmen. The powers of the special commission on transition shall include, but are not intended to be limited to, a review of all existing town by-laws and ordinances in order to bring them into conformity with the new charter. The town council shall not unreasonably refuse to adopt such measures as are recommended to it by this special commission as being necessary for the purpose of such transition.

[NOTE: The charter commission has prepared drafts of a number of by-laws it deems to be necessary or desirable as part of the new government. These include provision for a permanent building committee, a noise control/pollution committee, a grants committee, a capital planning committee, a personnel board, a by-laws committee and a finance committee. The charter commission would submit these for consideration by the special commission provided for in this sub-paragraph (g).]

(h) Except as provided above, all of the other provisions of this charter shall become fully effective following the annual town election in the year following the year in which this charter is adopted.

FINAL REPORT

Franklin Charter Commission

Final Report

**Presented to the Town Council
January 18, 1995**

Introduction

The Franklin Charter Commission was elected at the annual town election on April 5, 1994, by an overwhelming 4:1 vote of the people. Specifically, the voters were asked: "Shall a Commission be elected to revise the Charter of the Town of Franklin?" The Commission's purpose has been to review and examine the structure and organization of our town government.

The initiative for a charter review for the most part focused on the perceived need for a more representative, accountable, and well functioning town council. In order to clearly identify the true concerns and issues of the citizenry with respect to the workings of our local government, the Commission sought as much public input as possible in the charter study process. To identify these issues of concern, the Commission conducted a preliminary public hearing on May 16, 1994, invited numerous past and current local officials to present their issues, consistently invited the public to attend meetings and participate in the citizen comment segment of the meetings, the Commission conducted a cable TV telephone call in show for the public, and held a final public hearing on December 6, 1994.

The public participation process of our study identified many issues with respect to our local government. These included the size of the council, the effectiveness of the council in policy making, the term of the council, the perceived need for an elected executive/mayor, conflicts of interest, the need for increased citizen participation in our local government, the need for increased participation on election day, the need for a library board of trustees with greater budget and personnel authority, and the desire to check and balance the power of the administrator.

The Commission then evaluated all of these issues in depth during the late summer and early autumn. During the month of October the Commission sought to achieve a consensus on a new government structure. On several aspects of change the Commission is in agreement; on others the Commission is divided owing to very different philosophies of government and to the basic structural principles of government that should prevail.

The Commission has listened to the concerns, ideas and issues of the citizenry and has conducted its own research of local government structure. Many commissioners have applied sound principles of government -- including accountability, checks and balances, clear division of responsibilities, independence of the legislature, and others to recommend a government structure that meets the demands of as many of the citizens as possible while conforming with principles of good government.

The Commission has completed its work after twenty-five public meetings and will spend the next months presenting its recommendations to the people of Franklin. The following sections of our final report present the recommendations of the majority commissioners and their reasons for these most important and needed changes for an effective government. The final report also includes the report of the minority commissioners and their issues with the recommended changes to the current government.

Majority Report

The work of the Charter Commission has been an important effort for our town and the majority commissioners believe that they have structured a sound, open, and accountable government. No change to Franklin government will be made without the endorsement of the majority of the voters on April 4, 1995. We encourage all residents and registered voters to closely review our recommendations for change.

Recommendations

The People/The Voters

The individual Franklin resident casting a ballot for those who will represent them is the most essential action in the workings of an effective, responsive, and democratic local government. On election day each voter is equal and each has an equal voice in the election process. This important civic privilege serves as the most fundamental means for the citizen to direct and control those who will represent the people.

First and foremost, the majority of the Franklin Charter Commission has sought to enhance the role of the most important player in town government -- the voter. To this end, the Charter Commission has recommended that the town election be held on the first Tuesday after the first Monday in November, in the odd-numbered year. This is known nationally as Election Day, not only for state and federal elections, but also for local elections in the vast majority of states and localities throughout the United States.

Conducting local elections according to the national standard for local elections is intended to welcome as many people as possible, into the local government decision making process. The election will be a biennial election (every two years) with no state or federal candidates/issues on the ballot. The majority believes that it is most important to focus the voter on local candidates and local issues in the odd year and on federal and state candidates and issues in the even-numbered year. The majority commissioners firmly believe that the biennial election will also enhance voter turnout, as residents will only be called upon once every two years (versus every year); and they will have more of an incentive to vote for the representatives/officials who will serve them for the next two years.

The Legislature/The Town Council

The Franklin town council, the local legislature and representatives of the people, is the second most important player in town government after the people. To this end, the Franklin Charter Commission has focused the most significant portion of its research, debate, and deliberations to strengthening the legislative body; while at the same time making it accountable to the people. The Commission has striven to structure an independent, representative, accountable, and functional legislature. Accordingly, this charter recommends major structural changes to the size, basis of representation, and the term of the council.

Council - Size

The size of the town council is clearly a critical factor in its effectiveness in formulating town policies and bylaws. We believe that a council of nine members will allow more individual participation by councilors in debate and also will enhance the importance of membership on the town council. The majority sees a smaller council as crucial, not only to effective policy making, but also to enhanced direction to and control of the appointed executive: the town administrator.

Council - Term

Another crucial structural change is the term of service of the council. Since the beginning of council government in Franklin in 1978, all councilors have been elected for two-year staggered terms; as such the individual councilors serve for two years but the town has a one-year legislature, with only brief time to accomplish policy change as a legislative body. This problem is heightened by the fact that the council is elected at the worst possible time of the year (the spring), which is the waning weeks of the annual budget and public policy cycle. Newly elected councilors are weakened, or ineffective players, in representing their constituents during the budget hearings. Alternatively, long standing councilors who may resign or do not run for election, do so only weeks before they would have been able to vote on important budget and policy decisions that they participated in all year.

In order to improve the important policy making function of the council, the majority has recommended that the council be strengthened by allowing them to serve as a nine-member body for a two-year concurrent term. In this manner, all nine councilors will work together for two years through two complete budget cycles to accomplish the mandate of the people on Election Day.

It is important to point out that continuity in the administration of town affairs will never be at risk as Franklin has a full-time professional administrator, department heads and staff that oversee the day-to-day business affairs of the town much like boards of selectmen do in other towns. As in any town government, the legislature -- the representative town meeting or town council -- are the policy makers and representatives of the people; and they make the policy decisions, while the administrative staff carry out their decisions for the residents. If the voters wish to continue policies favored by certain councilors, then the councilors will continue in office. Continuity of policy should be decided when the people vote for nine town councilors; it should not be automatically built in by staggered terms.

The two-year concurrent town council will be composed of councilors who will continue in office as long as they are responsive to the people. A good legislator will continue in office for several terms, as is the case today. Most importantly, the two-year concurrent council will place greater responsibility with the people of Franklin to continue quality representation; or, when necessary to regenerate the membership of the town council when it needs change.

Council - Basis of Representation

Since 1978, the Franklin town council has had a combination of at-large and precinct councilors to represent the people. The proposed charter recommends at-large representation only. The majority believes that councilors should serve and vote for the interests of the town as a whole. Virtually all councilors who appeared before the Commission firmly stated that they vote for the interests of the town, not the precinct. As importantly, the Commission does not see any distinct or unique interest in any one precinct that is not common to the town as a whole and which, therefore cannot be represented by at-large councilors. If there were unique demographic, social, or cultural interests specific to a precinct, there would be merits to preserving precinct representation. In the absence of this situation, the Commission believes that all legislators should be elected by the town as a whole, and that they should serve the town as a whole.

Council - Prohibitions/Conflicts of Interest

The majority of the Charter Commission believes that our local government should be free from conflicts of interest, or the appearance of conflicts of interest, in decision making for our town. Accordingly, the proposed charter provides that no active town employee may serve on the town council unless they were to take a leave of absence from their position in the administration. The Charter Commission believes that this is the most basic initiative in setting a standard to eliminate real or perceived conflicts of interests by any individual serving on the town council so that their private interests do not conflict with their important public obligation.

School Committee

The second policy making body in town government is the school committee. They have responsibility for all management policy decisions relating to the school system. The majority of the Charter Commission recommends that the school committee continue to have seven members elected at-large but recommends that they serve in the future for a two-year concurrent term. This is consistent with the recommendation for a two-year concurrent term for the town council. The term structure for the school committee is intended to facilitate and strengthen their role as policy makers, to enhance their accountability to the voters, and to promote their direction to the superintendent of schools.

Other Local Officials

The Charter Commission has retained some of the historic aspects of town government in Franklin -- the election of many boards and officials. The Commission recommends the retention of an elected planning board, an elected board of assessors, and an elected board of health. As these are all administrative boards, the Commission has recommended that they serve for a four-year term, with half of their membership elected on a staggered basis every two years.

Two administrative officials who serve at the level of department head will continue to be elected: the treasurer-collector and the clerk. The Commission has recommended four-year terms for these officials as this will increase the continuity of the administrative functions and responsibilities of these offices.

The Commission recommends that the appointed finance committee be appointed on at-large basis, versus the current precinct basis. This change is consistent with the decision to choose our town council on an at-large basis. The opportunity to appoint finance committee members from across the whole town

is intended to facilitate the appointment of the most qualified and interested residents to this important advisory committee.

Recall of Local Officials

The proposed charter retains the same percentage requirements for petition signatures and for recall votes to remove any elected official from office. The significant change that the majority has recommended in the proposed charter is to combine the recall election of the first official with the replacement candidate. The purpose of this change is to prevent vacancies in office and to prevent a second special election.

Transition

If a majority of the voters approve this charter, the town would transfer to the new government on Election Day, November 7, 1995. On that date, the terms of local officials would expire, and the electorate would vote for the new council and other local officials. The majority of the Commission agreed that if it is the will of the voters to adopt the new charter, then the transition should take place in an efficient and orderly manner that would provide the voters and the candidates with a clear understanding of the process.

Summary

In brief, the majority of the Commission has recommended the following changes in comparison to our current government:

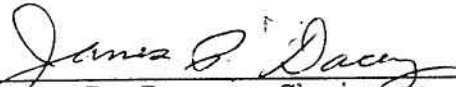

Council Size:	9 members instead of 17
Council Representation:	All at-large instead of 2 from each of 6 precincts and 5 at-large
Council Term:	2 years concurrent instead of 2 years staggered
Council Prohibitions/ Conflict of Interest:	No active town employee may serve on the town council in the future whereas currently they can serve
Date of Election:	Election Day in November of the odd-numbered year instead of the first Tuesday in April of every year
School Committee Terms:	2 years concurrent instead of three years staggered
Terms of Elected Boards:	4 years staggered instead of 3 years staggered
Terms of Elected Officials: (Treasurer-Collector, Clerk and Constables)	4 years instead of 3 years
Representation of Finance Committee:	All at-large instead of by precincts
Recall:	Combined recall of official and the possible election of a replacement into one election instead of two separate elections

Conclusion

The Town of Franklin will face more complex -- and an increasing number of public safety, public works, education, human services, public health, land use control, housing and resource allocation -- issues as the town enters the twenty-first century. The major structural changes to our government as proposed by the Charter Commission are done for the purpose of the creation of an independent council accountable to the voters. This structure is intended to promote the council's ability to legislate for

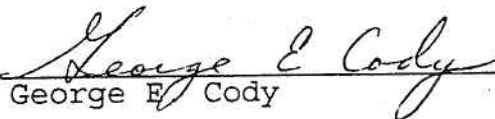

the common good, to allow the people to more easily measure and monitor their legislature, and most importantly, to position the nine legislators to **lead the way** for the town in the years ahead.

The majority of the Charter Commission asks you, the voter, for your serious consideration of these proposed enhancements to our town government and for your vote in favor of the proposed charter on April 4, 1995.

MINORITY REPORT

This report is brief (since by law it is limited) and is endorsed by four of nine members of the Commission, because we firmly believe the majority of five does not propose a realistic, practical and workable revision of our present charter.

Events over the past sixteen years clearly indicate that Franklin has a government which, as administered, is far superior to most governments in Massachusetts. It has worked well; it is efficient, despite reports to the contrary; it responds effectively to its citizens; and it needs some improvements. In particular, the membership and make-up of the Town Council must be revised.

In addition, our approach to revising the charter was to completely ignore personalities and not consider specific individuals who presently occupy positions in our local government, thereby keeping the process free of politics.

We sincerely believe the overwhelming mandate of the voters was to propose changes to the membership of the Town Council and no other elected office. While we have considered virtually every aspect of our present charter, our approach was to propose a few changes acceptable to the voters and not to offer radical, wide-sweeping revisions, which can only serve to

create unnecessary turmoil and chaos, adversely affecting the efficiency of our local government.

We support a reduction of the Town Council to a constant and smaller number, perhaps nine or eleven, which may also include precinct councillors. Councillors would be elected on a staggered basis, as present, like all other elected town boards. We do not propose any other material changes, certainly not elections in odd-numbered years, certainly not electing a council and school committee every two years, and certainly not providing for elections for every elected position in November, 1995.

The major criticism of the Council is that it is unwieldy because of its size. Unless changes are made, the Council could increase to twenty-one members by the end of the century. The minority believes that the legislative business of the town could be more effectively conducted by a smaller number, perhaps nine persons, all elected at large. As a matter of compromise, since many persons appearing before the Commission favored retention of precinct representation, we could be persuaded to propose an eleven-member body, with one precinct councillor for each of the six precincts and five at large, with a provision for reducing at-large members as additional precincts are added, thereby retaining an eleven member body.

It is our firm belief that Council positions must be staggered on a two or three-year basis. It serves no useful purpose and it is counter-productive to propose that such an important body be elected every two years. There must be stability and continuity. The experience and understanding of members must pass on to future Councils elected annually. There is no sound reason to elect a seven-member school committee every two years. That body is more than a policy-making one and responsible for nearly sixty percent of the annual budget.

Contrary to the majority's submission, continuity in administration will certainly be at risk. The Council hires and fires the Administrator. The role of the councillor will be unnecessarily politicized. The entire Council, or a substantial majority, could change every two years, not an enviable situation.

While we have no specific proposal for the timing of elections, and for purposes of budget considerations we would certainly consider elections other than in April, it is naive and irresponsible to propose November elections every two years in odd numbered years. There is no evidence that this arrangement would result in an increase in voter participation.

The first Monday in November in odd-numbered years is not known in Massachusetts as "Election Day". Statistics show quite clearly to the contrary. There are forty cities in Massachusetts, all have mayors, and most vote in November in odd-numbered years. However, 304 of 311 towns hold annual elections in the months of February through June. Two towns (Westwood and Wales) hold annual elections in September and November, respectively. Only five towns hold elections in odd-numbered years (Agawam, Barnstable, Methuen, Watertown and Saugus).

We are not concerned with how elections are held outside of the Commonwealth. Spring elections have been traditional throughout the Commonwealth. Voter turnout increases with the importance of the issues before the voters, i.e. school construction, and not necessarily the time of the year. Our experience is that Franklinites want to vote every year.

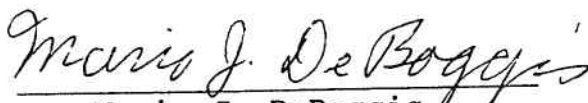

We asked the majority of five to consider giving the voters the choice of voting on alternative Charter revisions. The response was negative and insulting to the voters--stated by the majority to be "the most important player in the town government". The voter either accepts or rejects their proposal. If it is rejected, revisions can only be made by the election of another Charter Commission in 1996 (and placed on the ballot in 1997), an inexcusable delay. If the voters had

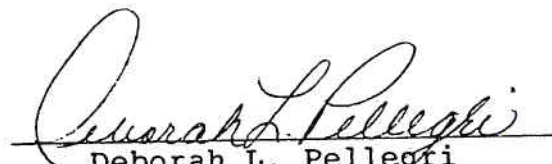

an alternative, which has been the case in several towns, our proposal could very well be accepted and the business of efficient government could be conducted without this delay.

We also vigorously oppose the transition position of the majority. Although barely legal, but completely unwise and unfair, if the proposed Charter revision is accepted, every elected position will be placed on the ballot in November, 1995. All persons elected in 1994 for more than a one-year term and all persons elected in April, 1995 will have their terms abbreviated.

Another item advanced by the majority is an unnecessary conflict of interest provision. General Laws, Chapter 268A has been on the books since 1963 and has been effective. To exclude every town employee from serving on the Council on this basis is not in the true spirit of democracy.

We thank all persons who assisted us in our deliberations. For the foregoing reasons, we earnestly ask the voters to reject the majority proposal.
