## MEMORANDUM

To: Town Council

From: Jeff Nutting

### Re: Fees Bylaw Changes

---

By way of background, the Council adopted a significantly revised Fees Bylaw (Chapter 82) back in 2016 after our office did a full review of all fees based on the feedback from town departments and their customer interactions. As some may recall, we eliminated dozens of old fees, increased some and consolidated some. It was the first time in almost 20 years, the entire bylaw was holistically rewritten and fee amounts were re-calculated. The goal was to make sure the fee reflected the costs associated with service, update state law and local bylaw language, as well as make sure each department did a review of the fee schedule.

Since that time, we have collected a short list of revisions that are needed and wanted to do as one proposal, as the advertising fee for this 15-page bylaw is expensive to post in the newspaper. The following is a summary of changes, with rationale, and a red-lined copy of the proposed changes is included.

- Add a "Farmer Series Brewery, Wine or Distillery" fee of \$250.00 Annually. This is to process the full application the state requires.
- Lower the Transient Vendor License fee from \$480.00 to \$100.00 so nonprofit groups can obtain a "Temporary Special Event Food Truck License".
- Add a waiver for the Beaver Street Recycling Facility annual sticker fee for the Community Assistance Program where folks of qualifying incomes can apply to get a free sticker for the year. The bylaw already gives discounts for water, sewer, trash bills and the Recreation Department offers the same discounted rates for Recreation programs.
- Downtown commuter and business parking rates:
  - We are proposing to increase parking rates \$1 per day and make the rate commensurate for commuter and business parking.
  - The Economic Development Committee voted unanimously to endorse this increase to help pay for downtown parking improvements and to provide revenue for potential land acquisitions or partnerships to expand downtown parking in the future.
  - The fee is still half of what the MBTA charges, which is \$6 per day.

- Rearrange the Residential Electrical, Gas, Plumbing and Sheet Metal Inspections fees based off customer and employee feedback.
  - We are proposing to cap the electrical fee at \$250.00, which will help applicants save money who have more than 25 fixtures.
  - We are proposing to strip out all underground inspections into one category on a per mixture basis, separate from other fixtures, which was mainly to address swimming pools. Those are more extensive inspections, relative to a typical fixture. This language brings better clarity in the bylaw
  - We are proposing to increase the prorated fee for five fixtures to \$100.00 from \$75.00 and decrease the rate for each fixture thereafter from \$15.00 to \$10.00.

Jamie and I are available for any questions. These fees would go into effect on January 1, 2019.

## TOWN OF FRANKLIN

### BYLAW AMENDMENT 18-828

#### CHAPTER 82, MUNICIPAL SERVICE FEES

#### A BYLAW TO AMEND THE CODE OF THE TOWN OF FRANKLIN AT CHAPTER 82

**BE IT ENACTED BY THE FRANKLIN TOWN COUNCIL** that Chapter 82 of the Code of the Town of Franklin is amended by striking the existing language in its entirety and replacing it as follows:

#### Chapter 82

#### MUNICIPAL SERVICE FEES

- § 82-1. **Policy on service fees.**
- § 82-2. **Late Fee.**
- § 82-3. **Enforcement action service fees.**
- § 82-4. **Community support program.**
- § 82-5. **Service fee definitions.**
- § 82-6. **Schedule of service fees.**

---

§ 82-1. **Policy on service fees.** It shall be the policy of the Town of Franklin to provide service fee rates that best estimate and reflect the cost to the Town of providing service.

§ 82-2. **Late fee.** All fees must be paid within 30 days of receipt. Late payments will be charged fourteen-percent interest per annum from the due date and the license or permit will be held in abeyance until fee and penalties are paid in full.

§ 82-3. **Fees enforcement action.** Service fees shall be charged triple the permit or license fee rate for activity begun before first obtaining a permit or license within the time required by the applicable code. Service fees are not a substitute for any other enforcement remedy available to the Town and in no way limit or preclude the Town from pursuing such other available remedies.

§ 82-4. **Community assistance program.** Under the Community Assistance Program, qualifying residents are eligible to receive discounted rates for certain town services. Participating town departments shall establish application and eligibility verification processes using tax returns as verification of income,

dependents or other information to verify eligibility. The program is available to residential households for the following town services:

A. **Water, sewer and trash discount credits.** Residential water, sewer and trash customers are eligible to receive a twenty-percent credit, per quarter, on their water, sewer and trash bills. Where a bill has been issued prior to an eligibility determination, no abatement will be made unless the amount to be abated amounts to \$10 or more. Discounts are not eligible on penalties for late payment.

B. **Beaver Street Recycling Center Annual Sticker waiver.** Residents may receive a waiver of the annual sticker for the Beaver Street Recycling Center. Waivers are not granted for individual items being recycled within the Recycling Center.

B.C. **Recreation Department program discount.** Residents of Franklin are eligible for up to a 100% discount on registration or program fees for qualifying residents who meet certain income eligibility guidelines.

§ 82-5. **Service fee definitions.**

A. Definitions. As used in this section, the following terms shall have the meanings indicated:

i. Sewer inflow/infiltration removal fee:

Fee charged to allow continuation of new sewer connections or increases in existing connections to the sewer system. Funds raised through this fee shall be dedicated to the sewer fund, to be used to assist in the removal of inflow and infiltration from the sewer system. Said fee shall be in addition to any applicable sewer entry, connection or main tap fees. Existing single-family residential structures or existing sewer system users, for which building permits were issued prior to October 24, 2001, shall be exempt from this sewer inflow/infiltration removal fee. Fees for users proposing to increase their flow, whether through increased discharge from the existing use or a change in use shall be calculated on the basis of the increased discharge amount, provided the existing use had not been inactive for more than two years prior to the date of the sewer permit application. Said fee shall be based on average daily flow capacity used, as calculated in accordance with Title V of the State Sanitary Code guidelines.

ii. Sewer main tap fee:

Fee charged to extend the sewer main from the Town sewer distribution system. The fee is designed to recover the Town's cost of labor to inspect sewer line installations, engineering review and the application process. The fee shall not cover materials or labor to tap the sewer main, which shall be the cost and responsibility of the owner to arrange with a private contractor; the Town will not provide such services. This fee is in

addition to the required sewer service connection fee for individual services. Such a fee shall be payable prior to the time of issuance of a building permit or application for services, if a building permit is not required.

iii. Sewer system entry fee:

Fee charged to recover the Town's share of the costs of building replacement capacity at the sewage treatment plant, as well as the lines and pump stations leading to the plant which are necessitated by the new user's connection to the system. The fee shall be placed in the Town's sewer enterprise fund for construction, operating and equipment costs to improve, maintain and develop the municipal wastewater system capacity. Such fee shall be payable for each new service at time of issuance of a building permit. Any person who is legally responsible for paying a betterment assessment for the extension of sewer to their property shall be credited the amount of the paid or to be paid assessment towards the sewer system entry fee, up to but not exceeding the full amount of this fee.

iv. Sewer service renewal fee:

Fee charged to upgrade or replace an existing service. The fee is designed to recover the expenses for the Town to process the application, perform the engineering reviews, and inspect the sewer service installation. This fee is in addition to the cost of materials or labor to install sewer lines and tap the sewer main, which shall be the cost and responsibility of the owner to arrange with a private contractor; the Town will not provide such services. The fee shall be payable at the time of issuance of renewal.

v. Sprinkler/hydrant fee:

Fee charged for availability of water capacity to sprinkler systems, standpipes and private fire hydrants within commercial or industrial properties.

vi. Water main tap fee:

Fee charged to extend the water main from the Town water distribution system. The fee is designed to recover the Town's cost of labor to inspect waterline installations, engineering review and the application process. The fee shall not cover materials or labor to tap the main, which shall be the cost and responsibility of the owner to arrange with a private contractor, the Town will not provide such services. This fee is in addition to the required water service connection fee for individual services. Such a fee shall be payable prior to the time of issuance of a building permit or application for services, if a permit is not required.

vii. Water reconnection fee:

Fee charged to reconnect after service has been disconnected for nonpayment of bill within 60 days of issue.

viii. Water service renewal fee:

Fee charged to upgrade or replace an existing service. The fee is designed to recover the expenses for the Town to process the application, perform the engineering reviews, and inspect the waterline and water meter installation. This fee is in addition to the cost of materials or labor to install waterlines and tap the water main, which shall be the cost and responsibility of the owner to arrange with a private contractor; the Town will not provide such services. The fee shall be payable at the time of issuance of renewal.

ix. Water system entry fee:

Fee charged for capital improvements necessitated by connecting a new user to the water system. The fee shall be deposited in the Town's water enterprise fund for construction, operating and equipment costs to make improvements to the municipal water supply system including water mains. Such fee shall be payable for each new service at time of issuance of a building permit.

§ 82-6. **Schedule of service fees.**
