

TOWN OF FRANKLIN

BY-LAW AMENDMENT 18-817

AMENDMENT TO WATER SYSTEM MAP

A BY-LAW TO AMEND THE CODE OF THE TOWN OF FRANKLIN, CHAPTER 179 § 179-9.1 WATER MAP.

BE IT ENACTED BY THE TOWN COUNCIL OF THE TOWN OF FRANKLIN that Chapter 179 § 179-9.1. Water System Map Exhibit A (Map) be amended by adding as an eligible location the following:

§179-9.1 Water System Map.

Exhibit A:

Extending a 2” waterline from 12 Ridgeview Road for a single water service connection to the existing main on Long Hill Road.

Bylaw shall not become effective until all conditions agreed to between the developer and the DPW are satisfied.

This By-Law amendment shall become effective in accordance with the provisions of the Franklin Home Rule Charter.

RE: Ridgeview Rd – Water System Extension

Dear Jeff,

The homeowners at 12 Ridgeview Road have submitted the attached application for a Water System Extension Permit. The application is for a single water service connection to the existing main on Long Hill Road due to problems with their existing well.

Ridgeview Road is a private road with six existing homes that are on private wells. It has been brought to our attention that several of the other neighbors on Ridgeview Road have also been experiencing issues with their wells.

Whereas the existing homes sit at such a high elevation, a traditional water main would require a neighborhood booster pump station that would need to be privately and jointly maintained by the residents of Ridgeview Road. Given the situation, we recommend that each of the six homes be allowed to connect to Town water with individual services and the need for separate booster pumps would then be the responsibility of each individual homeowner.

We believe due to the circumstances, a water map amendment is warranted to provide a reliable source of drinking water to the existing homes on Ridgeview Road. If the Council decides to approve the extension, we recommend the following conditions be attached to the approval:

1. The applicant will need to file all required permits and pay the required fees to the DPW prior to construction/installation of their water service.
2. The applicant shall construct their proposed water service in accordance with DPW standards.

Sincerely,

Michael Maglio, PE
Town Engineer

Robert A. Cantoreggi
