## Executive Summary FY 2019 Budget

## While fiscal challenges remain, our resolve to overcome them is relentless.

The FY 19 proposed budget will be balanced with use of approximately $\$ 1,500,000$ from our Budget Stabilization Fund (Rainy Day account). While this will work for one year the FY 20 budget will require policy decisions on how to handle the budget shortfall.

We continue to face challenges in properly funding the annual operating budget, Other Post Employment Benefits (OPEB) and roads. We should continue to maintain the capital plan and debt capacity in the annual operating budget to fund capital improvements.

The Town's property tax revenue (not including debt exclusions) will increase by $21 / 2 \%$ plus new growth, or about $\$ 2.65$ million. Local receipts, which include the excise tax and permit and license fees, etc., will increase $\$ 300,000$, mostly due to increased motor vehicle commitments. Net State Aid (based on the Governor's budget) will increase by $\$ 206,000$. The FY 19 "net" revenue increase is estimated at $\$ 3.2$ million.

## Proposed FY 19 Highlights

Treasurer Collector - The budget partially funds a Deputy Treasurer Collector in preparation of the retirement of the current Deputy Treasurer Collector in 2019.

Police - We are reviewing the options to staff the police department when the Dispatch center moves in the middle of the fiscal year.

Regional Dispatch - The target date to open the new center is January 2019. The building is currently under construction.

Franklin Schools - We have provided the largest year over year increase ( $\$ 3,000,000$ ) in school funding in a decade. This will help relief much of the pressure of the school use of revolving funds but will not resolve the long term funding issues the Town/school face.

The Benjamin Franklin Classical Charter School - The school is relocating to its new location on Washington Street in 2019. This may increase busing costs for the schools when they open.

DPW - We increased the snow and ice Budget by $\$ 50,000$ for a total of $\$ 1,003,500$. This is still below the five year rolling average.

Board of Health - The Health office is merging with the Inspectional services
This will eliminate a part time clerk while providing full office coverage for the Health Department. Further we will be contracting for percolation tests and septic inspections.

Library - The opening of the renovated/addition to the library requires additional staffing. Further we are trying to close the gap between our current funding and the Minimum Appropriation Requirement (MAR) of the State Library Board. If the budget is approved we will close the gap from $.85 \%$ to $90 \%$ of the minimum. We would need an additional $\$ 100,000$ to meet the requirement. The last time we were in compliance was FY 09.

Employee Wages/ Benefits - Wages are generally increasing 3\%, Pension costs increased by about $10 \%$ or about $\$ 450,000$, OPEB is funded at $\$ 550,000$ and health insurance
continues to be a challenge. Thanks once again to the employees for working together to constrain health insurance increases. This is critical to maintaining staffing levels.

## Budget Overview

In compliance with Article Six, Sections 6-3-1 through 6-5-2 of the Franklin Town Charter, I am submitting the proposed FY 19 budget to the Town Council and Finance Committee.

## Process

Each department is required to submit a proposed budget to the Town Administrator. The Town Administrator, the Comptroller, and the individual Department Heads review their budget request.

The Town Administrator also reviews the highlights of the Town's fiscal plan with the budget subcommittee of the Town Council. Based on input and the meetings with the Department Head, the Town Administrator makes a budget recommendation to the Town Council and the Finance Committee. The Finance Committee reviews the Town Administrator's proposed budget and forwards their recommendations to the Town Council. The Town Council holds two public hearings prior to adopting the budget.

## Financial Policy Summary

While the budget process identifies issues and concerns that the Town will address on an annual basis, it also must do so based in a framework of sound financial management. The Town Council has adopted fiscal policies in the past and should continue to update and review them on a regular basis. Below is a summary of current policies:

## Balanced Budget

- Annual costs funded from current revenues.
- Do not defer current costs to future years.

Current status - Whenever possible we refrain from using one time funds to balance the budget. FY19 is an exception due to extra challenges we face.

We have not addressed our GASB 45 obligation (post-retirement health insurance) although this year we have budgeted $\$ 550,000$ to continue to fund the obligation of about $\$ 70$ million (2017 actuarial study).

## Compensation and benefits

- Budget with current revenues
- Compensate at market rates

Current status - We have nine municipal unions. All unions have collective bargaining agreements through June 30, 2019.

## Revenues

- Estimate annual revenues in detail and project for the following three years.
- Maintain full and fair market value of property assessments.
- Ensure fees charged cover costs incurred.

Current status - Future revenue projections are included in the budget. New growth and local receipts have been adjusted to reflect the trends in actual collections. Included in the projection are the enterprise funds direct and indirect charges that pay back the
general fund for costs attributable to those funds. Again this year we are charging the water and sewer enterprise accounts for their OPEB obligation.

## Financial Reserves

- Adequately fund and maintain reserves (Stabilization, Free Cash, Overlay Surplus)
- Maintain Stabilization account at $\$ 5$ million or $5 \%$ of recurring general fund revenue (less debt exclusions and SBA reimbursement).
- Short-term revenue surpluses shall fund non-recurring projects.
- Free Cash will be used to fund the capital budget and for unforeseen expenses.
- Overlay surplus will be used for capital budgets and non-recurring expenses.

Current status - the General Stabilization fund balance is just about $\$ 5.1$ million dollars which is slightly under the Town's policy of $5 \%$ of general fund revenue.

## Long-Term Debt - Proposed

- Reserved for large capital projects.
- Net general fund debt service (not including debt exclusions) shall be targeted at not more than $3.5 \%$ of recurring general fund revenue. We are currently well below that number.

Current Status - The FY 19 budget calls for a general fund debt service of $\$ 6,843,101$. According to the independent bond rating agency Standard and Poor's, our debt level is moderate and manageable. Our debt plan will help to obtain our goal of improving the infrastructure of the Town without the need for debt exclusions (except schools) while maintaining a reasonable debt level. We were recently upgraded to AA+ one grade below the highest rating of AAA.

## Capital Improvement Program

- A five-year plan updated annually shall be maintained.
- Budget operating costs associated with CIP projects.
- Delaying maintenance on existing assets results in higher costs in future years.
- Postponing improvements to buildings/infrastructure results in higher costs.
- Free Cash, Overlay Surplus, and short-term revenues shall be used for the recurring capital items and smaller one-time purchases or projects.
- Bonds will be used for large capital projects.

Current Status: The CIP subcommittee of the Council meets each fall/winter to review the requests of each department. The Town Administrator presents the CIP to the Finance Committee and Town Council for review and adoption. The Town Council adopted the FY 18 Capital plan in February. It is critical that we maintain a Capital Budget to ensure that the departments have the proper equipment and technology, etc. to perform their duties.

## Financial Resources

Proposition $2 \frac{1}{2}$, passed by the voters in 1980, caps revenue growth to the largest portion of our revenues (property tax) to $212 \%$ of the previous year's tax levy plus new tax revenues from construction/improvements of buildings.

The vast majority of revenues collected by the Town are controlled by state law or by the annual appropriation of State Aid. During difficult financial times, State Aid growth may be curtailed or reduced.

Further, fixed costs (health insurance, general insurance, energy, pensions, etc.) continue to increase and must be paid with limited growth in revenues. These forces all combine to place additional financial pressure on the overall municipal budget.

## Estimated Revenues

Property Taxes - The primary source of revenue for Franklin is the property tax. Property taxes account for approximately $65 \%$ of net revenues (excludes use of reserves and enterprise funds). State Aid accounts for approximately $27 \%$ and local receipts $7 \%$ of the overall revenues. The remaining $1 \%$ are other available funds.

The Town's Board of Assessors determines the value of all taxable real and personal property under guidelines established by the Massachusetts Department of Revenue. For the purpose of taxation, real property includes: land, buildings, and improvements erected on/or affixed to land. Personal property includes: stock, inventory, furniture, fixtures, and
machinery. The Assessors determine the full and fair market value every three years and update the values annually.

There are three major factors affecting real and personal property taxes:

1. Automatic $\mathbf{2 . 5 \%}$ increase - Each year, a community's levy limit can increase by $2.5 \%$ over the previous year's tax levy limit. This accounts for approximately $\$ 1.75$ million for FY 19 in new tax revenues (excluding new growth estimated at $\$ 900,000)$.
2. New Growth - A community is able to increase its tax levy limit each year to reflect new growth in the tax base. Assessors are required to submit information on growth in the tax base for approval by the Department of Revenue as part of the Tax rate setting process. The estimated new growth for FY 19 is $\$ 900,000$. Below is the historical growth for the past several years:

3. Overrides/ Debt Exclusions - A community can permanently increase its tax levy limit by approving an override of a certain dollar amount by approval of the voters at the ballot. Franklin voters approved an override of Proposition $21 / 2$ in 2007, the only approval of an override question since Proposition $21 / 2$ began in 1980.

Debt Exclusions are a temporary increase in a community's levy limit for the life of the debt to pay for the project. The voters have approved four debt exclusions to construct new schools since 1995. The cost of these debt exclusions is reflected in the current tax bill and in FY19 will cost the average residence approximately $\$ 307$ per year.

## State Aid

Massachusetts General Laws provides that the Commissioner of Revenue estimate the State's funding of local assistance programs authorized by law and appropriated annually by the legislature. State Aid line items are based on pre-established formulas, but the amount of funding is subject to annual review by the Governor and the Legislature.

There are many different categories of state aid. A few of the categories (Library Aid, School Lunch, and School Choice) restrict funds for a specific purpose. All other state aid is considered a general receipt that can be used to fund the Town's overall general fund
budget as long as we meet the minimum spending requirements of the Education Reform Act. The preliminary FY 19 net school spending is $\$ 66,568,873$. Franklin currently exceeds the minimum spending requirement for FY 18 by just over $\$ 6.1$ million.

Franklin has reaped the benefit of the funding formula for Chapter 70 State Aid as the result of the tremendous growth in the student population over the years. This has resulted in a shift of support for public education from the property tax to state aid. In 2009, the Town's state aid was at a high of just over $\$ 33$ million; the projection for 2019 is $\$ 28.2$ million. In 1993, state aid paid for about $30 \%$ of the School budget. In FY 19, it will be $44.5 \%$ of the School budget.

The current revenue estimates (on which this budget is based) proposed for FY 19 Chapter 70 State Aid for education is $\$ 28.2$ million and non-school aid is $\$ 2.9$ million.
The Charter School tuition reimbursement is $\$ 450,000$, and the assessment for the Charter School is $\$ 4,1$ million.

Below is the history of Local Aid:

## Hotel / Motel Tax

The Town receives a 6\% room tax from each hotel room rented. In FY 17 the Town received just over \$650,000 in hotel tax revenue.

The Town filed special legislation, which was approved, to earmark all of the revenue from this source to be used for the purchase of open space and recreation land or the construction of recreation facilities. The Town Council may also vote to use the new revenues for any other purposes.

The current balance in the open space account is approximately $\$ 1,100,000$.

## Local Receipts

This is a broad category of revenues including motor vehicle excise tax, ambulance fees, permit fees, fines, and interest income, etc. The estimated FY 19 local receipts are $\$ 8.8$ million. The motor vehicle excise tax accounts for a little over half (51\%) or $\$ 4.49$ million. See the Historic Data Tab for a history of Local Receipts.

## Enterprise Accounts (Water, Sewer, Solid Waste)

These accounts are self-supporting and set up as enterprise accounts in accordance with Mass General Laws. Changes to these budgets do not affect the general fund budget. If there are any excess funds at the end of the fiscal year, they are automatically closed to their respective account's fund balance. The Town charges these accounts indirect costs that are transferred to the general fund to offset expenses paid for by the general fund.

## Refuse

The FY19 proposed refuse fee will increase from $\$ 204$ to $\$ 208$ for a 65 gallon totter and Further we will need to use about $\$ 140,000$ in reserves to mitigate any further increase.

## Water

A $10 \%$ water rate increase was approved by the Council effective 7/1/18 A further increase will be required in a few years to fund the water treatment plant and other improvements.

## Sewer

A 10\% sewer rate increase has been approved effective July 1, 2018 and another \$10\% increase effective July 1, 2019. This should stabilize our sewer budget until a large capital expenditure is required.

## Operating Budget

The Town Council sets annual and long-term goals for the Town and the Administrator. In turn, the Town Administrator meets with Department heads and they jointly establish goals for their department. The proposed budget attempts to meet the goals established by the Council and the Town Administrator. The fiscal constraints limit the ability of some departments to accomplish their established goals.

## Future Outlook

As demand for services rise and costs rise, there are two unpleasant solutions to the problem: reduce services and/ or increase taxes. The Town will face difficulty in funding a level services budget in FY20. There is no one single answer to the problem of sharing services, changing the way we do business, eliminating outdated State laws or increasing revenues, etc. All need to be discussed if we are to continue to provide high quality service. Budget drivers include but are not limited to,

- Employee/ retiree benefits - Wages, Health I nsurance, OPEB
- School enrollment and mandates
- Expected service levels
- A huge backlog of road work without any funding source
- Potential Storm water fee to pay for mandated cost

## Acknowledgements

The preparation of this budget would not be possible without the hard work of our Finance Director Chris Sandini, the Treasurer-Collector Kerri Bertone, the Deputy Administrator

Jamie Hellen and the Human Resource Director Karen Bratt and the cooperation of all the department heads and employees. I am proud of all of our employees. They are dedicated in their working lives and in many cases they donate their free time to make Franklin a great community to live and work. We can't solve all the problems, but each employee gives their all in an effort to provide the highest quality of life for the least amount of money. Finally thanks to the Finance Committee for their role in the budget process. The more eyes and ears that participate in our Government the stronger we become as a community.

Please feel free to call me or visit if you have any questions or suggestions.

J eff Nutting, Town Administrator

| NOTE |  |  |  |  |  |  |  |  |

Town changed from contracted legal services to part time in house counsel (employee) in January 2002
The Town Counsel works 3 days per week along with a 12 hour per week clerk- Clerk moved to TA budget in FY2010
Does not include Health Insurance of \$10,516 in FY 10
Former Town Counsel (Special) continued to represent the town on three ongoing cases until the last one was concluded in 2007.
There is additional savings from" in house" council as a result of:
Meets with chair of boards, committees, commissions prior hearings and may assist in writing decisions that will stand to court (avoided costs)
Meets with staff when drafting revisions to rules, regulations as well as updating bylaws
Is available to staff on any issue that may require advise or "wisdom"
Allows the town to be better position in disputes when the other side knows we do not pay legal fees if we have to go to court. (improves bargaining position)
Represents assessors at ATB
Represent town in all court cases not handled by insurance company
Handles land issues - easements, takings, real estate, recordings, etc
Provides additional contract language when dealing the engineers, architects, etc that protects town better than standard contracts
Is a member of the city/town solicitors association and can call on collegues with questions
Town has nine labor unions - we use outside labor council for labor matters

* In FY 02, the School Dept's Health Insurance and Medicare costs were shifted from the Town budget to the School Budget

The adjustment was equal to $6 \%$ of the budget. For purposes of analysis, the prior years ('94-'01) budget amount
has been adjusted by $6 \%$ in order to properly reflect the cost of school employees' benefits previously budgeted
in the town's budget.
** School Faciliteis budget of $\$ 5,515,758$ was transferred to Town in FY 2009
*** Medicare revenues of $\$ 300,000$ included in annual budget going forward
${ }_{* * * *}$ Retiree Health Insurance moved from School Budget to Town budget (approx $\$ 450,000$ )
In FY 18 Retiree Health insurance (non GIC) $\$ 930,000$
2 Charter School Costs are not included in budget values

## ANNUAL BUDGET SUMMARY

FUNCTION:
General Gov DEPARTMENT: Treasurer-Collector
DEPT. NO.: 147
FY: 2019
DESCRIPTION: A number of years ago, the town combined the positions of Tax Collector and the Town Treasurer into the current Treasurer-Collector. This office serves two functions. The Collector is responsible for collecting all receivables. We bill and collect real estate, personal property, and motor vehicle excise taxes and water/sewer/trash bills. We also collect fines on parking tickets. The Treasurer is responsible for receiving and depositing all department receipts, state and federal payments and investing those funds in safe but liquid investments. The Treasurer is responsible for the disbursement of payments to vendors, of payroll and payroll deductions, and quarterly State and Federal income tax reporting. The Treasurer is also the custodian of all tax title accounts and serves as custodian of performance bonds set by the DPW, Planning Board, ZBA and Conservation Commission. The Treasurer prepares the towns official statement, is responsible for presentations to the bond rating agencies, and borrows all temporary notes and permanent bonds for Town of Franklin. The Treasurer also serves as the towns Parking Clerk.

|  | These funds are needed to compensate off-duty personnel who respond to augment on-duty staffing when multiple, simultaneous ambulance calls (44\%) are received. The increase usage of funds from this account in previous years was due to the ramifications of downstaffing. We anticipate down-staffing to be eliminated in the beginning of the fiscal year and thus maintain the level request. The amount requested is required to compensate for the offduty response for large-scale medical emergencies and trauma calls, as well as serious medical emergencies requiring more than 2 paramedics to manage. |  |  |  |  |  |  |

# Jfranklin 捡ublic Schools 

Office of the Superintendent
355 East Central Street; Suite 3
Franklin, Massachusetts 02038

March, 2018
Dear Franklin Community,
We are pleased to present the School Committee's FY 19 Budget to the community. This budget is the culmination of many steps in the development process, beginning with the School Committee's Budget Workshop on October 10, 2017. Since then, the Superintendent, Central Office team, building principals, and School Committee have been working collaboratively to develop a budget for the 2018-2019 school year. The School Committee's Budget includes an appropriation of $\$ 63,235,000$, which represents a 4.98\% increase over FY 18.

The main drivers of the increased budget include increases to salaries and contractual obligations, health insurance rate increases, and a reduction in the amount of revolving funds used to offset the budget.

The FY 19 budget reflects a predominantly Level Service Budget with a few additions to support Critical Needs of our students. These Critical Needs include professional development and assessment resources for Social-Emotional Learning, a program review of counseling services, and a modest increase in staffing for special education programs (1.3 FTE teaching staff and 6.0 Education Support Professionals). Additionally, the budget includes the development of two strategic programs including an additional revenue generating PreKindergarten classroom at the Francis X. O'Reagan Early Childhood Development Center (ECDC) and a partner program with the New England Center for Children (NECC) at the Parmenter Elementary School, allowing for students to remain within their home community of Franklin for their education.

The development of the FY 19 budget was a challenge, given the reduced availability to support the operating budget with funds from revolving accounts. A Level Service Budget means that there are many unmet, critical needs for students across the district - primarily but not limited to the area of socialemotional learning, including additional counseling supports. The forecast for the development of the FY 20 budget will also present challenges given the continued unmet needs across the district and continued limited revolving funds.

We are thankful for the collaboration with the Town Administrator's office in the development of this budget and the collaborative work with Town Council and the Finance Committee: We want to thank the community of Franklin for support in the public education of Franklin's children.

Sincerely,

Superintendent of Schools

Qure CCugen
Chair, Franklin School Committee

School Business Administrator

The proposed school district budget is typically driven by some key factors:

## Personnel Salaries and Contractual Obligations:

The FY2019 proposed budget includes funding for all known collective bargaining increases. The overall salary recommendation does not include costs for employees who are expected to be absent for the year due to an unpaid leave of absence. The net increase in personnel costs amounts to $\$ 1,805,469$, of which, $\$ 538,174$ is attributable to the reduction in the application of one-time revolving funds in FY18 as they are no longer available based on FY2018 projected spending.

Similar to prior years, human resources continue to be our most valuable asset as indicated by the fact that eighty-five percent of the FY2019 budget is comprised of salaries and health benefits. The remaining fifteen percent accounts for payment for students attending out-of-district placements, transportation, and other expenses, mainly supplies and contracted services.

## Health Care Benefits:

For FY2019, health care premiums are expected to increase. Preliminary renewal rates approached a $14 \%$ increase, however, the Town and School administration and the Insurance Advisory Committee continue to explore ways to reduce health care costs while at the same time improve overall health and wellness of employees. With plan design changes currently being considered, we remain hopeful that premium increases will be minimal. At this time Franklin's Insurance Advisory Committee continues to work towards this goal and recognizes the significant cost savings that the Town and its employees have realized over the past several years. We are encouraged by this level of collaboration and we continue to explore additional cost containment measures.

## Reduction in the use of Revolving Funds:

Revolving funds are used to separately account for actual receipts from particular fees or charges that are earmarked to support the activity, program or service that generated the receipts. The FY2019 budget includes the offset of $\$ 4,563,629$ in revolving funds, of which, 801,000 are non-recurring. This represents a decrease of $\$ 1,760,306$ from the FY2018 budget. The trend of using one-time funds to support the operating budget is one that cannot be sustained over time since it creates a structural deficit. Other sources of funding will need to be secured in upcoming years or reductions to expenses will need to occur.

The FY2019 budget can be further summarized by the eleven categories of spending reported in the DESE Expenditure per Pupil calculations, which follow the order of the DESE chart of accounts. The chart below indicates the amount budgeted for FY2019 as well as the change from the FY2018 budget.

## FY2019 Proposed Franklin School District Budget

| DESE Function | Description | Amount | Increase/Decrease |
| :---: | :---: | :---: | :---: |
| 1000 | Administration | 1,430,899 | $(21,740)$ |
| 2100-2200 | Instructional leadership | 5,332,082 | 220,433 |
| 2305, 2310 | Classroom and specialist teachers | 31,630,317 | 806,527 |
| 2315-2340 | Other teaching services | 5,045,029 | 734,246 |
| 2350 | Professional development | 1,907,465 | $(31,046)$ |

| 3000 | Pupil services | 3,870,315 | 885,178 |
| 4000 | Maintenance | 811,745 | 28,118 |
| 5000 | Employee benefits and fixed charges | 5,791,279 | 69,166 |
| 9000 | Programs with other school districts (tuition) | 4,261,591 | 263,070 |
|  | Total | 63,235,000 | 3,000,000 |

## Administration

Total: \$1,430,899
Accounts for salaries and expenses for central office departments such as Superintendent, Assistant Superintendent, human resource, finance and data processing. Legal fees are also included here as well as any expenses incurred by or for the school committee. This budget category reflects a decrease of $\$ 21,740$ due to a reduction of one-time data processing expenses as well as changes to the DESE chart of accounts

## Instructional leadership

Total: \$5,332,082
Accounts for salaries and expenses for building and district level leaders such as principals, assistant principals, curriculum leaders and expenses for the Office of Pupil Services. This budget category reflects an increase of $\$ 220,433$ primarily due contractual obligations for instructional leaders. It should be noted that this increase includes costs department heads, team chairs which were previously accounted for in DESE function 2305.

## Classroom and Specialist Teachers

Total: \$31,630,317
Accounts for salaries for all certified teachers with primary responsibility for teaching designated curriculum to established classes or students in a group instruction setting. This account also includes expenses for providing individualized instruction to students to supplement the services delivered by the student's classroom teachers. This budget category reflects an increase of $\$ 806,527$ due to projected contractual obligations. Additionally, the use of one-time school choice revolving funds in FY19 is reduced by $\$ 527,000$ over FY19 producing a larger increase in this category.

Other teaching services (library, therapeutic, substitutes, paraprofessionals)
Total: $\mathbf{\$ 5 , 0 4 5 , 0 2 9}$
Accounts for salaries for all certified and non-certified professionals who provide services as a substitute teacher,
paraprofessional, or therapist. Such individuals are responsible for providing assistance to teachers/specialists in the preparation of instructional materials or classroom instruction. This budget category reflects an increase of $\$ 734,246$ due to added costs for therapeutic services for students in out-of-district placements. Additionally, this category includes an addition of 6.0 FTE Educational Support Paraprofessionals throughout the district to support student needs. There were also changes to the DESE chart of accounts which impacted this increase.

## Professional development

Total: \$1,907,465
Accounts for professional development expenses for professional staff as directed by the Office of Teaching and Learning. Expenses include teachers being trained to implement new curriculum or instructional practices, teachers targeted for training and support to remedy performance weaknesses, mentor teachers, curriculum coaches, peer coaches, and others who provide in-district professional development. Also includes contractual obligations for course reimbursement. This budget category reflects a decrease of $\$ 31,046$ primarily due to changes to the DESE chart of accounts .

## Instructional materials, technology and equipment

Total: \$915,354
Expenses include technology and related software/media/materials, workbooks, materials, and accessories, such as CD-ROMs and videos, provided as an integrated package as well as printed manuals used to support direct instructional activities. Also included are reference materials for use in school libraries, lease/purchase of equipment used to produce instructional material, and general supplies and materials such as paper, pens, pencils, crayons, chalk, paint, toner, calculators etc. This budget category reflects a decrease of $\$ 33,018$ due to reductions in principals' discretionary accounts and the use of technology revolving funds to offset the budget.

## Guidance and psychological services

Total: \$2,238,924
Accounts for salaries and expenses for guidance counselors, school adjustment counselors, psychologists and school adjustment counselors as well as any psychological evaluation, counseling and other services provided by licensed mental health professionals. Also includes any clerical staff as well as related supplies and materials. This budget category reflects an increase of $\$ 79,066$ due to contractual obligations and additional psychological testing materials.

## Pupil services

Total: \$3,870,315
Accounts for salaries of school nurses and related supplies as well as expenses for the school physician. All salaries, stipends, and expenses for transportation of students, extracurricular activities and athletics are included as well This budget category reflects an increase of $\$ 885,178$ due to the reduction of revolving funds offsetting the transportation services, athletics, and student activities accounts.

## Maintenance (technology only)

Total: \$811,745
Includes salaries and expenses of technology specialists and technicians to support the school district's networking and telecommunications infrastructure. This budget category reflects an increase of $\$ 28,118$ due to contractual obligations.

## Employee benefits and fixed charges

Total: \$5,791,279
Accounts for all employer contributions to Medicare based on payroll expenses. Also includes all employer share cost for healthcare and life insurance premiums for active school employees. This budget category reflects an increase of $\$ 69,166$ as a result of an anticipated increase in healthcare premiums and medicare expenses over current projected expenses.

## Programs with other school districts (tuition)

Total: \$4,261,591
Includes costs for tuitions for students with special needs to access the curriculum through other public school districts in Massachusetts, out-of-state schools, and non-public schools. Also includes any payments of assessments to member collaboratives for administrative and instructional services in accordance with collaborative agreements. This budget category reflects an increase of $\$ 263,070$ with the application of $\$ 2.34 \mathrm{M}$ in Circuit Breaker funds. In FY 18, the Circuit Breaker offset was $\$ 2.9 \mathrm{M}$, so the reduction of approximately $\$ 560,000$, coupled with a decrease in out-of-district tuition costs projected at this time net to the category's increase.

## Explanation of increases:

Contractual Services
The County Director and I had a discussion about budgets and he advised me that he wants to increase the service agreement amoun. We will be asking for an increase from Avon as well. The amount of increase in Avon is smaller, but the percent increase is much larger. I can provide additional insight about this request.
Office Supplies:
The VSO currently shares some supplies with the Senior Center. After the completion of the renovation, it is unclear what the supply needs will be. Supplies are also used to support veteran events: Veterans' Day and Memorial Day.

## ANNUAL BUDGET SUMMARY

DESCRIPTION: This Commission is concerned with the preservation of the Town of Franklin's History and its primary purpose is to identify, describe and locate buildings, structures, objects, areas, burial grounds, landscape features, and sites that are of historical, architectural or archaeological importance to the community, state or nation. A comprehensive inventory of the town's historical assets serves as the basis for all future preservation activities
The new museum is located on 80 West Central Street (the former senior center).
The Commission also works with the Building Commissioner to manage the Demolition Delay Bylaw and the Director of Planning \& Community Development to monitor the Town's National Register Districts and Buildings.
