

# Take & Make Wildflower Seed Bomb!

## Materials Provided:

- air-dry clay
- soil
- wildflower seeds

## Additional Materials Needed:

- somewhere outside to launch your seed bomb and watch it grow!

## Directions:

- Spread the air-dry clay out into a small, flat disc!
- Add the soil into the center of your clay disc
- add the wildflower seeds to the center of your clay disc
- Pinch the clay together and roll it into a small ball. You may have enough clay, soil and seeds to make more than one seed bomb!
- Launch your seed bomb somewhere outside and watch your flowers grow!
