

Take & Make Rainbow Clouds!

Materials Provided:

- Cloud Template
- 6 Popsicle Sticks
- Cotton Balls
- Magnet

Additional Materials Needed:

- Markers or Paint
- Glue

Directions:

- Start by coloring or painting each popsicle stick a different color of the rainbow!
 - Once dried, write something that makes you happy on each of the popsicle sticks!
- Cut out the cloud from the template.
 - If you want, you can trace the cloud template onto white card stock or construction paper, then use the thicker paper for the actual craft.
- Glue the popsicle sticks onto the bottom of the cloud.
- Glue cotton balls all over cloud template, including the part of the top popsicle sticks already glued to the cloud.
- Peel off the white backing and stick the magnet onto the back of the popsicle sticks and hang.
 - The magnets in the kit are self adhesive, but you can always glue the magnet onto the back to help ensure it stays.
