TOWN OF FRANKLIN  
TOWN CLERK

To the Zoning Board of Appeals:

I would like to express my full support for St. John's Affordable Housing Project. I have long felt that there has been way too much high end building in town and not enough truly affordable housing.

St. John's is willing to use some of its land for affordable housing rather than selling it, Traffic concerns will be addressed with the town, and land will be conserved and will include nature trails. I strongly urge you to give the green light for this project.  
Thank-you for your consieration.
